Grand Rapids, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of US Signal Company, LLC 401(k) Savings and Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). These financial statements comprise the statements of net assets available for benefits as of December 31, 2021, and 2020, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audits). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2021 and 2020, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures, in accordance with GAAS. For information included in the supplemental schedule that

agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Plan Description

The following description of the US Signal Company, LLC 401(k) Savings and Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a multiple-employer, defined-contribution 401(k) plan available to qualifying employees of US Signal Company, LLC (the Company) and the following affiliated entities: Arcadia Bluffs, LLC; Fiber Optic Management, LLC dba TurnKey Network Solutions, Inc.; R.T. London Company; and AB II. Employees become eligible to participate in the Plan on the first of the month following attainment of age 21 and upon completion of 30 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to make contributions to the Plan through payroll deductions of up to 90% of the participant's compensation, as defined, subject to certain limitations. Participants also may elect to make Roth deferral contributions.

The Company will match up to 50% of the participant's contributions for each Plan year, up to a maximum of 3% of the participant's total compensation. The Company also may make discretionary contributions to the Plan as determined by its Board of Directors. No such discretionary contributions were approved for the years ended December 31, 2021 and 2020.

Participants may direct the investment of their account balances into various investment options offered by the Plan. During 2021, the Company changed most of the Plan's investment options from mutual funds to pooled separate accounts.

Participant Accounts

Individual accounts are maintained for each participant, with benefits limited to the amount contributed to the participant's account plus or minus any allocation of income, expenses, gains, or losses. Allocations to participant accounts are based on compensation or account balances, as specified by the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company contribution accounts is based on years of continuous service. Participants' vesting percentages increase 20% for each year of service. After five years, participants are fully vested.

Payment of Benefits

Upon death, disability, retirement, termination of service, or attainment of age 59½, the participants or their beneficiaries are entitled to receive a lump-sum distribution. Hardship withdrawals may be made by participants under certain conditions and subject to certain restrictions.

Forfeited Accounts

Forfeitures are used to pay administrative expenses and to reduce employer contributions. Forfeitures in the amount of \$4 and \$1 were used to pay administrative expenses for the years ended December 31, 2021 and 2020, respectively. Forfeitures in the amount of \$58,323 and \$33,151 were used to offset employer contributions for the years ended December 31, 2021 and 2020, respectively. Unused forfeitures totaled \$203 and \$255 at December 31, 2021 and 2020, respectively.

Administrative Expenses

Certain administrative expenses are paid by the employer. Other professional expenses such as legal and audit fees are paid by the Plan as allowed by the Plan Agreement. Certain participant-specific member requested service fees are paid by the Plan and charged to the respective participants' accounts.

CARES Act

On March 27, 2020, President Trump signed into law the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act). The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions:

- Special coronavirus distributions up to \$100,000 allowed through December 31, 2020.
- Suspended required minimum distributions for 2020.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared under the accrual method of accounting.

Subsequent Events

Subsequent events have been evaluated by management through July 19, 2022, the date these financial statements were available to be issued.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets and changes therein. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment

US Signal Company, LLC

401(k) Savings and Retirement Plan

Notes to Financial Statements

securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Investment Valuation and Income Recognition

Certain of the Plan's investments are stated at fair value, except for the guaranteed investment contract noted below. Fair value is the price that would be received to sell an asset (an exit price) in the principal or most advantageous market for the asset in an orderly transaction between market participants on the measurement date. See Note 3 for discussion of fair value measurements.

Guaranteed investment contracts held by a defined contribution plan that are fully benefit responsive are reported at contract value. Contract value is the relevant measurement because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the contract. Contract value represents net contributions plus interest at the contract rate. See Note 5 for discussion of guaranteed investment contracts.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Payment of Benefits

Benefits are recorded when paid.

3. Investments

In accordance with Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, the Plan utilizes a fair value hierarchy for valuation inputs that gives the highest priority to quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in inactive markets, and other inputs that are observable or can be corroborated by observable market data.

Level 3 - Inputs to the valuation methodology are both significant to the fair value measurement and unobservable.

The following valuation methodologies were used to measure the fair value of the Plan's investments:

Pooled Separate Accounts (PSAs) - Units held in PSAs are valued based on the underlying investments (i.e., common stock, mutual funds, short-term securities). While the majority of the underlying asset values are based on quoted prices, the net asset value (NAV) of PSAs are not publicly quoted. The NAV is reported by the fund managers as of the financial statement date based on recent transaction prices, and is used as a practical expedient to estimate fair value. This practical

US Signal Company, LLC

401(k) Savings and Retirement Plan

Notes to Financial Statements

expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The PSAs held by the Plan provide for daily redemptions by the Plan at the reported NAV with no advance notice requirement. The Plan is permitted to redeem investment units at the NAV on the measurement date.

Mutual Funds - These are valued at quoted market prices in an exchange and active market, which represent the NAV of shares held by the Plan.

The Plan's valuation methods may result in a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Although Plan management believes the valuation methods are appropriate and consistent with the market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The tables below set forth the Plan's investments by level within the fair value hierarchy. There have been no significant transfers into or out of Levels 1, 2, or 3.

	Fair Value Measurements			Total
	Level 1	Level 2	Level 3

Mutual funds	\$ 24,792,593	\$ -	\$ -	\$ 24,792,593
Investments, at fair value	\$ 24,792,593	\$ -	\$ -	\$ 24,792,593

* The investments in the PSAs are measured at fair value using the NAV per share (or its equivalent) as a practical expedient and have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

4. Information Certified by the Plan's Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA as of December 31, 2021 and 2020, and for the years then ended. Accordingly, Principal Trust Company and Principal Life Insurance Company, qualified institutions, have certified that the following data included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments as shown in the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020.
- Investment income as shown in the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2021 and 2020.
- Investment information included in the Schedule of Assets (Held at End of Year) as of December 31, 2021, as shown on the ERISA-required supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

5. Guaranteed Investment Contract

The Plan invests in a benefit-responsive investment contract with Principal Life Insurance Company, the Principal Fixed Income Option Fund (PFIO). Principal Life Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the contract. Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract has a 5% surrender fee should the Plan discontinue without proper notification, as prescribed in the contract. Currently, Plan management believes that the occurrence of an event that would cause the Plan to transact at less than contract value is not probable. Therefore, contract value approximates fair value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is a blended rate determined using a dollar-weighted average of all the guaranteed interest rates of the guaranteed interest funds under this contract. Under the terms of the existing contract, the crediting rate is currently reset on a semi-annual basis. The PFIO is a single group annuity contract with a fixed rate of interest. Changes in future crediting interest rates will not affect the amount reported as an adjustment from fair value to contract value on the statements of net assets available for benefits.

6. Related Party Transactions

Certain Plan investments are units of a guaranteed investment contract, PSAs, and shares of mutual funds managed by Principal Life Insurance Company and Principal Trust Company (Principal). Principal is the custodian, as defined by the Plan. Therefore, these transactions qualify as party-in-interest transactions. Fees paid to Principal were \$27,620 and \$3,700 for the years ended December 31, 2021 and 2020, respectively.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

8. Tax Status

The Plan obtained its latest determination letter dated June 11, 2012 in which the Internal Revenue Service (IRS) stated that the Plan, as designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since the determination letter was obtained. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
