INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and
Those Charged with Governance of
Wiley & Wilson, Inc. Employee Stock Ownership and Savings Plan
Lynchburg, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Wiley & Wilson, Inc. Employee Stock Ownership and Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of Wiley & Wilson, Inc. Employee Stock Ownership and Savings Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Opinion on the 2021 Financial Statements (Continued)

- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Wiley & Wilson, Inc. Employee Stock Ownership and Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Wiley & Wilson, Inc. Employee Stock Ownership and Savings Plan's ability to continue as a going concern for the year ended December 31, 2021.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements (Continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Wiley & Wilson, Inc. Employee Stock Ownership and Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Wiley & Wilson, Inc. Employee Stock Ownership and Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Other Matters (Continued)

2021 Supplemental Schedules Required by ERISA (Continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Wiley & Wilson, Inc. Employee Stock Ownership and Savings Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated July 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1. Plan Description

The following description of Wiley & Wilson, Inc. Employee Stock Ownership and Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

Wiley & Wilson, Inc. (“Plan Sponsor”) established the Plan effective as of November 1, 1967 as a defined contribution plan covering substantially all employees of the Company, as defined. Effective October 1, 1998, the Plan was amended and restated to incorporate employee stock ownership provisions. The Plan operates, in relevant part, as a leveraged employee stock ownership plan (“ESOP”), and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the *Internal Revenue Code* (“IRC”) of 1986, as amended and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Employees are eligible to participate with respect to elective deferrals, employer matching and qualified non-elective contributions, and employee rollover contributions immediately upon attaining age eighteen. Employees are eligible to participate with respect to employer discretionary contributions if they are age eighteen or older, have completed one year of service (defined as 1,000 hours worked in the plan year), and are employed on the last day of the Plan year.

Administration

John Hancock Trust Company, LLC, invests participant directed accounts and provides certain administrative services to the Plan. Blue Ridge ESOP Associates administers the ESOP portion of the Plan.

ESOP

The Plan purchased Wiley & Wilson, Inc. common stock using borrowings from the Plan Sponsor (see Note 7), and holds the stock in a trust established under the Plan. The borrowings are to be repaid over defined periods by fully deductible contributions to the trust fund. As the Plan makes each payment of principal and interest, an appropriate percentage of stock is allocated to eligible employees’ accounts in accordance with applicable regulations under the *IRC*.

The borrowings are collateralized by the unallocated shares of stock. The lender has no rights against shares once they are allocated under the ESOP. Accordingly, the financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to:

- a) The accounts of employees with vested rights in allocated stock (Allocated) and
- b) Common stock not yet allocated to employees (Unallocated).

Note 1. Plan Description (Continued)

ESOP (Continued)

Unallocated shares of Company stock owned by the Plan shall be voted by the Trustees in such manner as it shall determine. With respect to any corporate matter which involves the voting of such shares at a shareholder meeting and which constitutes a merger, consolidation, recapitalization, reclassification, liquidation, dissolution, or sale of substantially all assets of a trade or business or a similar transaction specified in the regulations under Section 409(e)(3) of the *Code*, then each participant will be entitled to give confidential instructions to the Trustees as to the voting rights attributable to the shares allocated to his or her account. In that event, any allocated Company stock with respect to which voting directions are not given by the participant may be voted by the Trustee as the Trustee, in its sole discretion as deemed appropriate.

Contributions

Each year, participants may contribute from 1% up to 100% of annual compensation as pre-tax or Roth contributions, as defined by the Plan, up to the maximum allowed by the *IRC*. Participants may also contribute amounts representing distributions from other qualified plans.

The Company may make either an annual 3% non-elective safe harbor contribution or a quarterly safe harbor matching contribution. The safe harbor matching contribution is 100% of the participant's elective deferral, not to exceed 3% of the participant's compensation, and 50% of the elective deferrals that exceed 3% of compensation, up to a maximum of 5% of compensation. Safe harbor contributions are fully vested when made and are made to all eligible employees regardless of whether they have completed a year of service or are employed on the last day of the Plan year.

In addition to the safe harbor contribution, the Company may contribute a discretionary contribution or a discretionary matching contribution of up to 6% of eligible compensation that a participant contributes to the Plan. These amounts may be contributed at the option of the Company's Board of Directors. Company contributions are made in cash or common stock of the Company, as defined. The Company may also make a qualified non-elective contribution for non-highly compensated employees in order to pass required annual compliance testing.

For the 2021 year, the Company made quarterly safe harbor matching contributions of \$784,187, an additional discretionary matching contribution of \$358,047 to eligible participants, an employer stock contribution of \$1,200,000, and a contribution of \$1,487,343 to fund distributions. Contributions are subject to certain limitations. The Company is obligated to make sufficient annual contributions to enable the Plan to repay principal and interest as it comes due on Plan loans. For the 2021 year, the Company contributed \$575,635 to repay principal and interest on Plan loans.

Note 1. Plan Description (Continued)

Participant accounts

Each participant's account is credited with the participant's pre-tax or Roth contribution, the Company's safe harbor or matching contribution, and any additional discretionary or non-elective Company contribution, Plan earnings, and charged with an allocation of Plan expenses. Allocations are based on participant units, earnings, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their deferrals and rollover contributions and the Company's safe harbor and qualified non-elective contributions, plus earnings thereon. Vesting in the participant's frozen profit sharing account and the Company's matching and discretionary contributions, plus earnings thereon, is based on years of continuous service as defined by the Plan. Participants commencing employment prior to October 1, 1999 are fully vested after five years of credited service. Participants commencing employment on or after October 1, 1999 are fully vested after six years of credited service. Participants also vest upon reaching retirement age, as defined, death or total and permanent disability prior to retirement.

Put option

Under Federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The Company can pay for the purchase with interest over a period of up to five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account over a six-year period, as defined.

Forfeitures

Forfeitures of terminated nonvested account balances, including cash and shares of stock, are used to restore forfeited amounts to eligible rehired employees and reduce employer contributions in the year immediately following the Plan year in which the forfeiture occurred, as defined. At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$1 and \$5,398, respectively. Forfeitures of \$7,265 were used to reduce employer contributions for 2021. Forfeitures of \$1,169 in cash and 554.2288 shares of Company stock were reallocated to remaining participants at December 31, 2021.

NOTES TO FINANCIAL STATEMENTS
December 31, 2021

Note 1. Plan Description (Continued)

Notes from participants

Participants may borrow from their elective deferral and rollover accounts a minimum of \$1,000 up to a maximum of \$50,000, limited to 50% of their vested account balance built up from employee contributions, as defined by the Plan. Note terms range from one to five years unless the note is for purchase of a primary residence, in which case the term may exceed five years. Notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. The interest rate at December 31, 2021 ranged from 4.75% to 7.00%. Principal and interest are paid ratably through payroll deductions.

Administrative costs

Administrative expenses incurred by the Plan may be paid by either the Company or the Plan on a discretionary basis.

Payment of benefits

Upon retirement or total and permanent disability, a participant can elect, subject to Plan limitations and approval by the employer, to receive benefits in a lump sum payment or installment payments, as defined. If a participant is separated from service for any other reason, their vested interest in their individual account will be distributed in accordance with Plan provisions. The Plan may make involuntary cash-out distributions of former participants' vested account balances of \$1,000 or less. The Plan may make automatic direct rollovers to an individual retirement account of vested account balances greater than \$1,000, but not more than \$5,000.

Participants who have attained age 60 are permitted to make an in-service withdrawal, as defined by the Plan.

Participants separated from service, whose accounts were at least partially invested in Wiley & Wilson, Inc. stock, had vested account balances totaling \$5,890,709.

Participants' investment options

Participants direct their salary deferral contributions to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options any time.

Note 2. Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

Note 2. Significant Accounting Policies (Continued)

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Interest bearing cash

The Plan's interest bearing cash consists of funds held in a bank deposit account maintained by Merrill Lynch. This account is insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000. At times, cash may exceed federally insured limits.

Valuation of investments and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Notes from participants

Notes from participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Payment of benefits

Benefit payments are recorded when paid.

Subsequent events

Subsequent events have been evaluated through June 13, 2022, the date the financial statements were available to be issued.

Fair Value	\$ 26,140,989	\$ 9,210,802	\$ 35,351,791

Note 4. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of observable inputs other than quoted prices for identical assets; and Level 3 consists of unobservable inputs and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 inputs were not available.

Total	<u>\$ 80,228,119</u>	<u>\$ 44,876,328</u>	<u>\$ 35,351,791</u>

Level 1 Fair Value Measurements

The fair values of mutual funds are based on the closing price reported on the active market on which the individual funds and securities are traded.

Level 3 Fair Value Measurements

The fair value of Wiley & Wilson, Inc. common stock is determined annually by independent appraisal. For the 2020 and 2019 valuations, the independent appraiser utilized the capitalized cash flow method, guideline public company method, and merger & acquisition method to arrive at a weighted enterprise value, calculated the value attributable to equity per outstanding share, and then discounting for lack of marketability. The appraiser took into account the estimated fair value of Company assets and liabilities. The significant unobservable inputs used to measure fair value include the Company's projected cash flows, cost of equity and debt, determination of appropriate capital structure, weighted average cost of capital, long-term growth rate, and discounts for lack of marketability of the stock. Significant changes to these inputs could have resulted in significantly higher or lower fair value measurement for the Company common stock.

Note 6. Investment Contract with Insurance Company

The Plan invests in the New York Life Guaranteed Interest Account, a fully benefit-responsive group annuity investment contract. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made to the contract, plus credited interest and dividends, less expenses and participant withdrawals. This contract maintains the participants' contributions plus a specified rate of interest and is guaranteed by New York Life Insurance Company's claims paying ability. The guaranteed minimum interest rate is 1.00%. The expected rate of return in the fully benefit-responsive account was 2.30% and 2.40% for the years ended December 31, 2021 and 2020, respectively. The actual average yield earned by the Plan was 2.29% and 2.33% for the years ended December 31, 2021 and 2020, respectively. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The following represents the total contract value of this investment contract held by the Plan.

	<u>2021</u>	<u>2020</u>
Group annuity investment contract	<u>\$ 3,569,980</u>	<u>\$ 4,109,578</u>

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the *IRC* or the failure of the trust to be tax-exempt under Section 501(a) of the *IRC*
- Premature termination of the contracts
- Plan termination or merger
- Changes to the Plan's prohibition on competing investment options
- Other Plan Sponsor events that significantly affect the Plan's normal operations

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

Note 6. Investment Contract with Insurance Company (Continued)

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines
- A breach of material obligation under the contract
- A material misrepresentation
- A material amendment to the agreements without the consent of the issuer

Note 8. Parties in Interest

Certain administrative functions are performed by officers or employees of the Company. These employees are also Plan participants. No such officer or employee receives compensation from the Plan.

John Hancock Retirement Plan Services, LLC. ("JHRPS") is the recordkeeper for participant-directed investments of the Plan and, therefore, these transactions qualify as party-in-interest transactions. JHRPS provides certain administrative services to the Plan pursuant to a fee schedule defined in the agreement. Service credits generally represent the return of excess revenue generated by the Plan based upon the terms of the fee schedule. Excess revenue occurs when the charges for services rendered by John Hancock is less than amounts generated based on basis points per fund. Service credits are deposited to the Plan's revenue credit account and may be used to pay Plan operating expenses. The Plan Sponsor may make a payment to JHRPS for administrative expenses not covered by service credits. During 2021, service credits of \$66,987, which includes some prior year credits, were used to pay Plan expenses.

Fees paid by the Plan and Plan participants to John Hancock Trust Company, LLC, and Blue Ridge ESOP Associates for administrative services are considered party-in-interest transactions and amounted to \$127,738, for the year ended December 31, 2021.

Note 9. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 10. Tax Status

The Internal Revenue Service has determined and informed the Plan Sponsor by a letter dated May 12, 2015, that the Plan and related trust is designed in accordance with applicable sections of the *IRC* and is therefore exempt from income taxes. The Plan has been amended and restated; however, the Plan Sponsor and Administrator believe that the Plan is currently being operated in compliance with the applicable requirements of the *IRC*.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

Note 11. Custodian's Certification

Certain information was certified as complete and accurate by the Plan's Custodian. That information is as follows:

In March of 2020, the World Health Organization classified the COVID-19 outbreak as a global pandemic, adversely affecting global economic activity and financial markets. As the COVID-19 outbreak continues to evolve, the extent of the impact on the Plan Sponsor's operations, Plan activity, and Plan investments is uncertain and cannot be predicted.
