Independent Auditor's Report

Plan Administrative Committee
Hecla Mining Company Capital Accumulation Plan
Coeur d'Alene, Idaho

Opinion

We have audited the financial statements of the Hecla Mining Company Capital Accumulation Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America (GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

BDO USA, LLP, a Delaware limited liability partnership, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4i Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

Notes to Financial Statements

1. Description of Plan

The following descriptions and disclosures about the Hecla Mining Company Capital Accumulation Plan (“Plan”) provide only general information. Participants should refer to the most recent version of the summary Plan description and the Plan document for a more complete description of its provisions.

General

The Plan is a defined contribution plan, which originally became effective on January 1, 1986. The Plan provides for incentive savings through investments, which qualify under the Internal Revenue Service of the United States of America (“IRS”) code section 401(a) for tax deferral status. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

CARES Act

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”) was enacted, which included provisions, among others, that provided temporary relief for those retirement plan participants affected by COVID-19. Participants who met certain criteria could take a penalty-free hardship withdrawal, borrow from their accounts at higher limits and suspend making payments on their participant loans until 2021.

During the period between March 27, 2020 and September 22, 2020, participants impacted by COVID-19 (as defined in the Plan document) could borrow from their account up to the lesser of \$100,000 or the vested account balance and could suspend loan repayments due during that period until January 2021. The CARES Act also removed the 10% early withdrawal penalty for a COVID-19 related distribution up to \$100,000 made during 2020. Participants who took a COVID-19 related distribution could spread the income over a three-year period for income tax purposes or avoid income taxes if the distribution is repaid within the three-year period following the distribution.

Eligible Employees

All salaried and substantially all non-union hourly employees of Hecla Mining Company (the “Company”), and its subsidiaries, who are residents of the United States are immediately eligible to enroll in the plan upon employment. Non-resident aliens that have no earned income from the Company within the U.S., hourly employees at the Company’s Lucky Friday Mine who are included in the United Steelworkers of America Local 5114, and employees engaged through lease arrangements are not allowed to participate in the Plan.

Contributions

The Plan allows eligible employees to contribute from 1% to 50% of their compensation. Employees who do not affirmatively specify their instructions with regard to participation in the Plan will automatically have 3% of their compensation reduced for contribution. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Contributions may be suspended at any time upon thirty days written notice by the participant, with reinstatement and changes in suspended contributions effective for the following payroll period. Participants may also contribute amounts to the Plan previously contributed to another qualified plan. Contributions are subject to certain IRS limitations.

Notes to Financial Statements

The Company makes matching contributions equal to 100% of deferred contributions, up to 6% of the participant's compensation. Upon payment of matching contributions in common stock by the Company, the common stock is converted to shares of the Hecla Common Stock Fund in each eligible participant's account having value equal to their matching contribution. The number of shares of the Company's common stock paid for matching contributions and the conversion to shares of Hecla Common Stock Fund are each based on the closing prices on a day during the first week following the quarter end. The specific day used for each depends on the timing of processing. Upon receipt, participants may reallocate their investment in the Hecla Common Stock Fund into the other investment options offered by the Plan, subject to customary blackout restrictions as applicable. The Company made \$4,331,419 and \$4,533,914 of non-cash employer matching contributions during the years ended December 31, 2021 and 2020, respectively.

The Company may also make a discretionary profit-sharing contribution for any plan year. For the years ended December 31, 2021 and 2020, the Company did not make any discretionary profit-sharing contributions.

Participant Accounts

Individual accounts are maintained for each participant. Each participant's account is credited with the participant's contribution, employer's matching contribution, earnings within the Plan and an allocation of the Company's discretionary profit-sharing contribution, if any. Allocations of the Company's contribution and plan earnings are based on participant account balances, as defined in the Plan document. The participant's benefit is limited to the benefit that has accumulated in the participant's account. Participants may direct the investment of their account balances into the investment options offered by the Plan. Participants may elect to change the amounts invested in any one or all of the individual options at any time.

All of the Plan's assets are managed and held by Vanguard Fiduciary Trust Company, the Trustee, which operates under the direction of certain officers of the Company. Participants may invest in one or more of the various mutual funds, money market funds, and the Hecla Mining Company common stock fund sponsored by the Trustee.

Vesting

Participant contributions and the Company's matching and discretionary contributions are 100% vested at all times.

Payment of Benefits

Distributions are made upon termination of employment, death, disability or retirement. When terminated, participants receive a notice of options with regards to their account approximately 30 days from the date of termination. Participants or their beneficiaries receive payment of benefits as follows: (a) balances of less than \$1,000 in cases in which the participant or beneficiary did not take alternative action are distributed as a cash payment, (b) balances of between \$1,000 and \$5,000 in cases in which the participant or beneficiary did not take alternative action are automatically rolled over into an Individual Retirement Account, or (c) balances greater than \$5,000 may be kept in the Plan until a determined distribution date, rolled over, or distributed in installments, as opted by the participant or beneficiary. Withdrawals from the Plan may also be made upon circumstances of financial hardship or termination of the Plan, in accordance with provisions specified in the Plan.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of (a) \$50,000, minus the highest outstanding loan balance or balances, if any, the participant had at any one time during the one-year period ending immediately before the date of the new loan, or (b) 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with prevailing rates as determined by the Plan administrator, which currently range from 4.25% to 6.50%. Principal and interest are repaid ratably through payroll deductions over periods ranging up to 5 years, unless the loan is for the purchase of the participant's principal residence, in which case the Plan Administrator may permit a longer repayment term up to 15 years. Each participant may have up to, but no more than, two notes outstanding at any one time.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Certain administrative expenses are paid from Plan assets and include loan, distribution, withdrawal and other fees. Investment related expenses paid to investment advisors and others described in each fund prospectus or other published documents are deducted by the investment funds or accounts prior to the allocation of the Plan's investment earnings activity; these expenses are therefore included in net appreciation (depreciation) in fair value of investments in the statements of changes in net assets available for benefits.

Reclassifications

Certain amounts in the prior year have been reclassified to conform with the 2021 presentation.

Subsequent Events

The Plan has evaluated subsequent events through June 29, 2022, which is the date that the financial statements were available to be issued and determined that no significant events have occurred requiring disclosure in the financial statements.

2. Summary of Accounting Policies

Basis of Accounting

The Plan financial statements are presented on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Net appreciation (depreciation) in fair value of investments consists of realized gains and losses and unrealized appreciation and depreciation on investments. Realized and unrealized appreciation (depreciation) in the fair value of investments is based on the difference between the fair value of the assets at the beginning of the year, or at the time of purchase for assets purchased during the year, and the related fair value on the day investments are sold with respect to realized appreciation (depreciation), or on the last day of the year for unrealized appreciation (depreciation). Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes to Financial Statements

Notes Receivable from Participants

Notes Receivable from participants are valued at their unpaid principal balance plus accrued interest. The Plan considers all notes receivable from participants at the end of a calendar quarter, following a calendar quarter for which there is any outstanding payment due, as in default. Defaulted notes receivable from participants are deemed distributed and recorded as benefits paid to participants in the statements of changes in net assets available for benefit.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ materially from those estimates.

Risks and Uncertainties

The Plan invests in funds that invest in a combination of stocks, bonds, fixed income securities and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

The fair value of the Plan's investment in the Hecla Mining Company common stock fund (or "Hecla Common Stock Fund") amounted to \$17,531,288 and \$27,123,946, of Hecla Mining Company common stock and money market funds of \$73,645 and \$100, as of December 31, 2021 and 2020, respectively. Such investments represented 10.7% and 17.3% of the Plan's total net assets available for Plan benefits as of December 31, 2021 and 2020, respectively. For risks and uncertainties regarding the Company, participants should refer to the December 31, 2021, Form 10-K of Hecla Mining Company filed with the Securities and Exchange Commission ("SEC").

On March 11, 2020, the World Health Organization classified the COVID-19 outbreak as a global pandemic, adversely affecting global economic activity and financial markets. As the COVID-19 outbreak continues to evolve, the full financial impact that will be recognized in subsequent periods cannot be determined at this time.

3. Plan Termination

Although it has not expressed intent to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. All assets remaining in the Plan after payment of any expenses properly chargeable against the Plan shall be paid to participants in such a manner as the Plan Administrator shall determine.

4. Related Party and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Vanguard Fiduciary Trust Company, the trustee, and therefore, these transactions qualify as party-in-interest transactions. Certain Plan investments are shares of Hecla Mining Company common stock; therefore, these transactions also qualify as party-in-interest transactions.

5. Income Tax Status

The Plan uses a prototype plan and trust document created by the Vanguard Group. The Vanguard Group received a Determination Letter from the IRS dated June 30, 2020, informing it that the prototype plan and trust document are qualified and exempt under Section 401(a) of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the Vanguard Group determination letter, management of the Company and the Plan Administrator believe the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, the Company and the Plan Administrator believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted net assets and liabilities;

Level 2: Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3: Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for Plan assets, as well as the general classification of such items pursuant to the fair value hierarchy:

Mutual Funds and Money Market Fund – Valued at the daily closing price as reported by the fund. Mutual funds and money market fund held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds and money market fund held by the Plan are deemed to be actively traded.

Notes to Financial Statements

Common Stock —The Company's common stock held in the Hecla Common Stock Fund is stated at fair value as quoted on a recognized exchange and valued at the last reported sales price on the last business day of the Plan year.

There have been no changes in the methodology used at December 31, 2021 and 2020. The Plan held no assets as of December 31, 2021 and 2020 included in Level 3 of the fair value hierarchy.

The tables below set forth the Plan's assets that were accounted for at fair value as of December 31, 2021 and 2020, and the fair value calculation input hierarchy level that applies to each asset category.
