Independent Auditor's Report

To the Trustees and Plan Administrator of the Manned Space Flight Education Foundation 403(b) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Manned Space Flight Education Foundation 403(b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of Manned Space Flight Education Foundation 403(b) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section -

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Manned Space Flight Education Foundation 403(b) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Manned Space Flight Education Foundation 403(b) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Manned Space Flight Education Foundation 403(b) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Manned Space Flight Education Foundation 403(b) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

ROBERTSON & ROBERTSON PLLC

CERTIFIED PUBLIC ACCOUNTANTS. AUDIT & ASSURANCE SPECIALISTS.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Manned Space Flight Education Foundation 403(b) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated July 12, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to the Financial Statements
Manned Space Flight Education Foundation 403(b) Plan
December 31, 2021 and 2020

Note A – Description of the plan

The following brief description of the Manned Space Flight Education Foundation 403(b) Plan (“the Plan”) is provided for general information purposes only. The Plan is sponsored by the Manned Space Flight Education Foundation, Inc. dba Space Center Houston (the “Plan Sponsor” or “Organization”). Participants should refer to the Plan Document for a more complete description of the Plan’s provisions.

General

The Plan is a 403(b) defined contribution plan that provides retirement savings benefits to eligible employees of the Manned Space Flight Education Foundation, Inc. dba Space Center Houston (“Organization”) through tax deferred voluntary contributions by employees and employer discretionary matching and nonelective contributions by the Organization. The Plan has an effective date of January 1, 2009 and was amended and restated effective January 1, 2020. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and the Internal Revenue Code (“IRC”). The Organization is the designated administrator of the Plan and Reliance Trust Company, Variable Annuity Life Insurance Company (“VALIC”), and UMB Bank, n.a. (“UMB”) (collectively, the “Custodians”) are the Custodians of the Plan responsible for the management and control of the Plan’s assets which are held in individual participant investment accounts.

Eligibility

Employees are eligible to participate in the Plan on the first day of employment and can make employee contributions to the Plan immediately after satisfying eligibility requirements. Employees are eligible to receive employer discretionary matching and nonelective contributions after the completion of one (1) year of service and after the attainment of the age of twenty-one (21). Excluded from the class of eligible employees are part-time, leased employees and certain union employees and non-resident aliens who have no earned income from sources within the United States .

Plan amendments

The plan was amended and restated effective January 1, 2020 to revise the nonelective contribution definition from a fixed rate to discretionary.

On March 27, 2020 the Coronavirus Aid, Relief and Economic Security (“CARES”) Act was enacted and signed into law as part of the response to the novel coronavirus (“COVID-19”) global pandemic. As permitted by the CARES Act, the Plan adopted a provision that allows employees impacted by the COVID-19 pandemic (qualified individuals) to delay loan repayments due from March 27, 2020 to December 31, 2020 for up to one year. General loan payment relief was also available on new and existing participant loans through July 15, 2020. In addition, the Plan adopted the distribution provision of the CARES Act which allows Plan participants to take a COVID-19 related distribution up to \$100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. As of the date of the financial statements, the Plan has not adopted any other provision as permitted by the CARES Act.

Notes to the Financial Statements

Manned Space Flight Education Foundation 403(b) Plan

December 31, 2021 and 2020

Participant accounts

Each participant's account is credited with the participant's contributions and allocations of (a) employer discretionary matching and nonelective contributions and (b) Plan earnings (losses) and is charged with an allocation of administrative expenses. Allocations are based on the percentage which the participant's contributions, account balance, and compensation, as defined, bear to the total of all participants' contributions, account balances, and compensation, respectively. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Employee contributions

Participants may elect to defer a percentage or dollar amount of their salary at each pay period up to the maximum amount allowed for deferral under the IRC. The amount deferred is not subject to federal taxation to the participants until distributions are made from the Plan. Participants may discontinue their election to contribute at any time. Participants may also contribute eligible rollovers from other qualified defined benefit or defined contribution plans and individual retirement accounts. Additional after-tax voluntary contributions are not allowed.

Participants who have attained age fifty (50) or older before the end of the tax year are eligible to make catch-up contributions up to the maximum amount allowed for deferral under the IRC.

Employer contributions

The Organization may, at its discretion, make matching contributions to the Plan in a specified amount equal to a percentage of the participant's compensation or dollar amount determined by the Plan Sponsor. No discretionary matching contributions were made during the years ended December 31, 2021 and 2020.

Additionally, each Plan year, the Organization may make discretionary nonelective contributions equal to a uniform percentage or dollar amount of participant contributions. Eligible participants who are employed on the last day of the Plan year and have received credit for 1,000 hours of service during the plan year share in any discretionary nonelective contributions. The Organization made nonelective contributions of \$214,379 and \$149,979 during the years ended December 31, 2021 and 2020, respectively.

Contract Exchanges

Participants within the Plan are permitted to transfer all or a portion of their account to or from another Custodian under the same plan or investment option as frequently as permitted by the Custodians involved in the transfer, commonly referred to as contract exchanges by the IRS. These transfers are reported as "Other Contributions" in the Statement of Changes in Net Assets Available for Benefits.

Vesting

Participants are immediately and fully vested in their voluntary contributions plus actual earnings (losses) thereon. Vesting in the Organization's discretionary matching and nonelective contributions and earnings thereon is based upon the elapsed time method and computed by period of service. A period of service is determined based on the time a participant works for the Organization for each twelve-month period. Additionally, a participant will become fully vested in the Organization's contribution portion of their account upon reaching normal retirement age or in the event of death or total and permanent disability.

Notes to the Financial Statements

Manned Space Flight Education Foundation 403(b) Plan

December 31, 2021 and 2020

The vesting schedule for Organization's discretionary matching and nonelective contributions and earnings is determined as follows:

<u>Period of Service:</u>	<u>Percentage</u>
Less than 3	0%
3	100%

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers investments in shares of registered investment companies (mutual funds), pooled separate accounts, and guaranteed investment contracts. Participants may change their investment mix during the year and such changes are subject to the restrictions made by the Plan.

Forfeited accounts

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeited amounts are retained in the Plan and will be used to pay administrative expenses of the Plan or to reduce future employer discretionary matching and nonelective contributions for the Plan year. During 2021 and 2020, the Organization applied \$5,337 and \$0, respectively, from the forfeiture balance to reduce employer matching contributions and \$18 and \$18, respectively, to pay administrative expenses. As of December 31, 2021 and 2020, the unallocated forfeiture balance was \$10,501 and \$4,782, respectively.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to \$50,000 or 50% of their account balance, whichever is less. The maximum of \$50,000 is reduced by the highest outstanding loan balance the participant had under the Plan during the previous twelve-month period. No more than one (1) loan can be outstanding at any one time. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 2% which is consistent with local prevailing rates at the time the loans were initiated as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions. All loans must be repaid within five (5) years. At December 31, 2021 and 2020, participants had outstanding notes receivable of \$38,885 and \$16,877, respectively.

Loans are available to participants through VALIC, subject to certain limitations. Policy loans are issued directly from the funds owned by VALIC and loan proceeds are not removed from a participant's account balance. However, a portion of a participant's account balance is reserved, or held in collateral, to cover the outstanding loan amount for the period of time the loan is outstanding. Issuance of these policy loans has no impact on the statement of net assets available for benefits. At December 31, 2021 and 2020, participants had outstanding policy loan balances due to VALIC of \$44,862 and \$65,379, respectively.

Payment of Benefits

On termination of employment, disability, death, or normal retirement, a participant or designated beneficiary may elect to receive a lump-sum cash distribution or periodic payments equal to the value of the participant's vested account balance. If withdrawing participants are not entitled to their entire account balance, the amounts not received are forfeited. Participants may defer receipt of distribution until a later date unless their account balance is \$5,000 or less. If the vested account balance is \$5,000 or less, the Organization will direct

Notes to the Financial Statements
Manned Space Flight Education Foundation 403(b) Plan
December 31, 2021 and 2020

the Custodian(s) that any amount exceeding \$1,000 be distributed to the participant, without consent, into an IRA for their benefit.

If an active participant has attained age fifty-nine and one-half (59½), he/she may elect to withdraw all or a portion of their account while still employed by the Organization. Hardship distributions are available to participants who demonstrate an immediate and heavy financial need.

Administrative Expenses

The Plan permits the payment of expenses incurred in connection with the recordkeeping and administration of the Plan to be made from the Plan's assets. Expenses will generally be allocated among the accounts of all participants in the plan proportionately based on the value of the participant's account balances. Specific fees such as loan processing fees may also be charged directly to a participant's account in response to transactions requested under the Plan. Administrative expenses totaled \$22,234 and \$14,034 for the years ended December 31, 2021 and 2020, respectively.

Note B - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting and include all adjustments necessary to present fairly the financial statements of the Plan in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying disclosures. Accordingly, actual results may differ from those estimates.

Contributions

Contributions from the Organization and participants are accrued as they become obligations of the Organization, as determined by the plan administrator and in the period in which they are deducted, in accordance with salary deferral agreements. Contributions receivable represent amounts not yet deposited into the participants' individual accounts.

Investment valuation and income recognition

Investments are reported at fair value and are measured in accordance with ASC 820, "*Fair Value Measurements and Disclosures*" except for fully-benefit-responsive investment contracts, which are reported at contract value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market for the asset or liability. See Note D for discussion of fair value measurements.

Notes to the Financial Statements

Manned Space Flight Education Foundation 403(b) Plan

December 31, 2021 and 2020

As described in Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic No. 962, *Plan Accounting – Defined Contribution Pension Plans* (ASC 962), ASU 2015-12, fully benefit-responsive investment contracts held by a defined-contribution plan are required to be reported at contract value as contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As such, the Plan accounts for its fully-benefit responsive investments in guaranteed investment contracts in accordance with FASB ASC Topic No. 962. See Note E for further discussion of the guaranteed investment contracts.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in value of investments includes realized gains and losses on investments bought and sold during the year and unrealized appreciation (depreciation) of investments held at year-end. Net realized and unrealized appreciation (depreciation) is recorded in the accompanying Statement of Changes in Net Assets Available for Benefits as net appreciation (depreciation) in fair value of investments. Management fees and operating expenses charged to the Plan for investments in registered investment companies are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Payment of Benefits

Benefits paid to participants are recorded when paid. As of December 31, 2021, there were no amounts allocated to participants who elected to withdraw from the Plan but have not been paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan Document.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note C - Information Certified by the Custodian (Unaudited) or Investments

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Reliance Trust Company, Variable Annuity Life Insurance Company ("VALIC"), and UMB Bank, n.a. ("UMB"), collectively the Custodians of the Plan, except for comparing such information certified by the Custodian to information included in the Plan's financial statements and supplemental schedule.

Notes to the Financial Statements

Manned Space Flight Education Foundation 403(b) Plan

December 31, 2021 and 2020

The following information was certified as complete and accurate by the Custodian:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020.
- Net appreciation in fair value of investments, interest on guaranteed interest accounts, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2021.
- Investments reflected on Schedule H, Line 4i – Schedule of Assets (Held at End of Year).

Note D – Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, defines fair value, establishes a consistent framework for measuring fair value and expands disclosure requirements for fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date. Valuation of these instruments does not require a significant degree of judgment since valuations are based on quoted prices that are readily available in an active market.

Level 2: Significant observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the financial instrument.

Level 3: Significant unobservable inputs that reflect modifications to observable related market data or our assumptions about pricing by market participants.

Following is a description of the valuation methodologies used for assets and liabilities measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are classified with Level 1 of the fair value hierarchy.

Pooled separate accounts: Valued at net asset value (“NAV”) of shares held by the Plan at year-end. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and is therefore classified with Level 1 of the fair value hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to the Financial Statements
Manned Space Flight Education Foundation 403(b) Plan
December 31, 2021 and 2020

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2021 and 2020:

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Total assets in fair value hierarchy	\$ 5,890,120	\$ -	\$ -	\$ 5,890,120
	<u>\$ 5,890,120</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 5,890,120</u>

Investments measured at net asset value ^(a)				-
				<u>\$ 5,890,120</u>

Assets at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Total assets in fair value hierarchy	\$ 4,952,657	\$ -	\$ -	\$ 4,952,657
	<u>\$ 4,952,657</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 4,952,657</u>

Investments measured at net asset value ^(a)				-
				<u>\$ 4,952,657</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note E – Guaranteed Investment Contracts

The Plan has a fully-benefit responsive guaranteed investment contract through a group annuity contract with Massachusetts Mutual Life Insurance Company ("MassMutual") that invests contributions in the Guaranteed Interest Account. The Guaranteed Interest Account is a general account product that is backed by MassMutual's general assets and designed to provide a stable, guaranteed rate of return and guarantee of principal.

The Plan also invests in fully benefit-responsive fixed annuity contracts through the group unallocated fixed annuity contract with VALIC, the VALIC Fixed Account Plus and the Short Term Fixed Account. The accounts are supported by the VALIC general account and have no maturity date. The Guaranteed Interest Account and the fixed annuity contracts are included in the financial statements at contract value as reported by the Custodians in accordance with ASU 2015-12.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contracts are included in the financial

statements at contract value as reported by the Custodians. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The guaranteed investment contracts do not specify any events that would limit the ability of the Plan to transact at contract value with the issuer or any events that would allow the issuer to terminate the contract and settle for an amount different from contract value. The contracts provide payment options of the contract value for surrendering the contract; however, the Plan Sponsor does not intend to surrender the contracts.

Note F – Related party transactions

Certain Plan investments are shares of registered investment companies (mutual funds), pooled separate accounts, and guaranteed investment contracts managed by Reliance Trust Company, Variable Annuity Life Insurance Company (“VALIC”), and UMB Bank, n.a. (“UMB”) (collectively, the “Custodians”) who have been designated as the Custodians as well as provide administration and recordkeeping services to the Plan. These specific investments managed by the Custodians qualify as party-in-interest transactions. Any purchases and sales of these investments are open market transactions at fair market value. Consequently, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA. There have been no known prohibited transactions with parties-in-interest.

The Plan has notes receivables from certain of its participants. These transactions qualify as party-in-interest transactions, as defined by ERISA. However, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

Note G - Plan termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to provisions of ERISA. In the event of Plan termination, participants will become 100% vested in the employer contributions allocated to their accounts.

Note H - Tax status

The underlying volume submitter 403(b) plan has received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2017, stating that the form of the Plan is qualified under Section 403(b) of the Code, and therefore, the related trust is tax-exempt. The Plan Sponsor has determined that it is eligible to and has chosen to rely on the current IRS volume submitter 403(b) plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

Note I - Reconciliation of Plan financial statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits as reported in the financial statements to the assets reported on Schedule H of the Form 5500 as of December 31, 2021 and 2020:

	<u>12/31/2021</u>	<u>12/31/2020</u>
Net assets available for benefits per the financial statements	\$ 6,647,708	\$ 5,397,297
Deemed distributions	(36,515)	(53,121)
Net assets available for benefits per Schedule H of Form 5500	<u>\$ 6,611,193</u>	<u>\$ 5,344,176</u>

The following is a reconciliation of the net change in net assets available for benefits as reported in the financial statements to the net change as reported on Schedule H of the Form 5500 as of December 31, 2021 and 2020:

	<u>12/31/2021</u>	<u>12/31/2020</u>
Net increase (decrease) in net assets available for benefits per the financial statements	\$ 1,250,411	\$ 1,534,061
Deemed distributions	16,606	(4,129)
Net increase (decrease) in net assets available for benefits per Schedule H of Form 5500	<u>\$ 1,267,017</u>	<u>\$ 1,529,932</u>

Note J – Subsequent Events

The Company performed an evaluation of events that have occurred subsequent to the end of the Plan year through the date that the financial statements were available to be issued. As of July 6, 2022, there have been no subsequent events that occurred during such period that would require recognition in the financial statements or would require disclosure in the financial statements.
