INDEPENDENT AUDITORS' REPORT

To the Retirement Plan Committee
Foss Performance Materials Savings Plan
Hampton, New Hampshire

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Foss Performance Materials Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by6 and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Foss Performance Materials Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Foss Performance Materials Savings Plan's ability to continue as a going concern for one year after the financial statement report date.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Foss Performance Materials Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Foss Performance Materials Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule of Assets Held, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by9 and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Foss Performance Materials Savings Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated July 6, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information

included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

FOSS PERFORMANCE MATERIALS SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

1. DESCRIPTION OF THE PLAN

The following description of the Foss Performance Materials Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Document and Summary Plan Description for more complete information.

General—The Plan is a defined contribution plan covering substantially all employees, excluding nonresident aliens and leased employees, of Foss Performance Materials, LLC (the “Company”) who have attained age 21 and have completed 6 months of qualified service. The Retirement Committee of the Company controls and manages the operation and administration of the Plan. Fidelity Management Trust Company (“Fidelity”) serves as the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Plan Merger—Eagle Nonwovens, Inc (Eagle) is under common control of Foss Performance Materials, LLC. The Plan sponsored by Eagle was amended effective December 31, 2020 to freeze participation and to cease contributions to the Plan. Eligible employees of Eagle became participants of the plan effective January 1, 2021 and established new accounts. The transfer of investments, note receivable from participants, and ending net assets available for benefits for the underlying trust previously held with the Eagle Plan were transferred to the Plan as of April 1, 2021, which is the date legal control of the trust was transferred to the Plan. The Plan adopted the Eagle as a participating employer for the benefit of the eligible employees. On April 1, 2021, the Plan combined all investments and notes receivable from participants into one trust and transferred participant account balances from the Eagle plan to the Plan.

Contributions—Participants are auto enrolled at 3% once they become eligible and may contribute between 1% and 90% of their pretax or after tax eligible annual compensation, limited to \$19,500 for 2021 and 2020, respectively. Participants who are age 50 or older by the end of the calendar year may make an additional catch up contribution up to \$6,500 for 2021 and 2020. Eligible compensation is defined as most salaries and wages, including overtime, bonuses and commissions, and excluding severance and auto allowances. Eligible compensation is limited to \$290,000 and \$285,000 for the year 2021 and 2020. Contributions are subject to certain other Internal Revenue Code (“IRC”) limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company may elect to contribute to the Plan amounts in the form of discretionary employer match and nonelective contributions. Such discretionary contributions, if any, are decided by the Company’s management and are allocated to the participants as defined in the Plan document. During the years ended December 31, 2021 and 2020, the employer matched 50% and 40% of the first 6% of employee deferrals, respectively.

The Company contributes amounts to union participants according to their respective collective bargaining unit agreements. Additional amounts may be contributed at the discretion of the Company’s Board of Directors. No additional amounts were contributed during 2021.

Participant Accounts—Individual accounts are maintained for each plan participant. Each participant’s account is credited with the participant’s contribution, the Company’s contributions, and an allocation of plan earnings, and charged with withdrawals and allocations of plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Investments—Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan currently offers mutual funds and common collection trust funds as investment options for participants.

Vesting and Forfeitures—Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their account, and actual earnings thereon, is based on years of continuous service. Employer contributions and any earnings thereon will be vested in accordance with the following schedule:

Years of Service for Vesting	Vesting Percentage
0-1 years	0%
2 years	20%
3 years	40%
4 years	60%
5 or more years	100%

Recipients of top-heavy employer contributions and any earnings thereon will be vested in accordance with the following schedule:

Years of Service for Vesting	Vesting Percentage
0-1 years	0%
2 years	20%
3 years	40%
4 years	60%
5 or more years	100%

Forfeitures in the Plan are used to offset future employer contributions. During the year ended December 31, 2021, forfeitures in the amount of \$46,435 were added to the forfeiture account, \$3,902 of forfeitures were used to offset employer contributions, \$9,039 in forfeitures balances were transferred from the Eagle plan and the account earned \$1,010. The balance of the forfeiture account as of December 31, 2021 was \$128,255. During the year ended December 31, 2020, forfeitures in the amount of \$30,784 were added to the forfeiture account and the account earned \$239. The balance of the forfeiture account as of December 31, 2020 was \$75,673.

Notes Receivable from Participants—Participants may borrow from their fund accounts up to a maximum of \$50,000 or 50 percent of their account balances, whichever is less. The source of the loaned funds is restricted to the portion of the account balance related to participant deferrals. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined appropriate by the plan administrator. Principal and interest is paid ratably through weekly payroll deductions. Participants may also submit loan payments directly to the Trustee on at least a quarterly basis outside of payroll deductions. Participants may have two loans outstanding at a time.

Payment of Benefit and Withdrawals—On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments as provided in the plan document. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Participants may also request a withdrawal due to financial hardship. The Company may elect to distribute funds to terminated participants through the automatic mandatory involuntary cash-out provision for any balances less than \$5,000 as an individual retirement account rollover and amounts less than \$1,000 directly to the participant.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting—The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates—The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment, Valuation and Income Recognition—The Plan's investments in mutual funds and common/collective trust funds are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in the mutual funds and common/collective trust funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of net appreciation in fair market value of investments for such investments.

Notes Receivable from Participants —Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses have been recorded as of December 31, 2021 and 2020.

Payment of Benefits —Benefits are recorded when paid.

Administrative Expenses—Administrative expenses of the Plan are paid by either the Plan or the Company, as provided in the plan document.

Subsequent Events—The Plan has evaluated subsequent events through the report date the date the financial statements were available to be issued.

3. INVESTMENT INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

The following is a summary of the unaudited information included in the Plan's financial statements and supplemental schedule prepared by or derived from information provided by the Fidelity Management Trust Company, the trustee of the Plan, and furnished to the plan administrator. The information included in Note 4 as well as that included in the supplemental Schedule of Assets (Held at End of Year), is also unaudited. The plan administrator has obtained certification from the trustee that such information is complete and accurate.

	2021	2020
Investments:		
Mutual funds	\$ 22,011,042	\$ 19,005,123
Common/collective trust funds	1,805,316	1,783,087
Total	<u>\$ 23,816,358</u>	<u>\$ 20,788,210</u>

Investment income - interest and dividends	<u>\$ 2,097,064</u>	
Interest income for participant loans	<u>\$ 37,347</u>	
Net appreciation in the fair value of investments	<u>\$ 512,844</u>	

4. FAIR VALUE MEASUREMENTS

The fair value of financial instruments is the amount at which the instrument could be exchanged in a current transaction between willing parties. Authoritative guidance issued by the FASB regarding fair value measurements and disclosures establishes a three-level valuation hierarchy based upon observable and unobservable inputs for fair value measurement of financial instruments:

Level 1 – Valuations based on unadjusted quoted prices for identical instruments in active markets that are available as of the measurement date

Level 2 – Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly

Level 3 – Valuations based on inputs that are unobservable and significant to the overall fair value measurement

Fair value measurements are classified within the valuation hierarchy based on the lowest level of any input that is significant to the fair value measurement.

The valuation methodology for the Plan's assets are as follows at December 31, 2021 and 2020:

Mutual Funds – Mutual funds are registered investment companies that pool the funds of multiple investors into a portfolio comprised of stocks, bonds, short-term money market funds and other investment instruments. The fund offers shares of the portfolio, which an investor may redeem for current value (NAV, or net asset value) of the fund's assets through a public market.

Common collective trust funds – The value of a fund unit will be based on the net asset value as a practical expedient ("NAV") per unit of each of the portfolios in which assets of a fund are invested. The NAV per unit is determined by the portfolio and equals the total value of its assets, less its liabilities, divided by the number of its outstanding units. Units are only valued as of the close of regular trading on the New York Stock Exchange ("NYSE") each day and the exchange is open for trading.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation

methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020.

December 31, 2021				
	Level 1	Level 2	Level 3	Fair Value
Mutual funds	\$ 22,011,042	\$ -	\$ -	\$ 22,011,042
Investments at fair value	22,011,042	-	-	22,011,042
Investments measured using net asset value per share				
practical expedient - common/collective trust				1,805,316 *
Total Investments				\$ 23,816,358

December 31, 2020				
	Level 1	Level 2	Level 3	Fair Value
Mutual funds	\$ 19,005,123	\$ -	\$ -	\$ 19,005,123
Investments at fair value	19,005,123	-	-	19,005,123
Investments measured using net asset value per share				
practical expedient - common/collective trust				1,783,087 *
Total Investments				\$ 20,788,210

* The plan invests in common/collective trust funds which trade at the net asset value (NAV) per share as a practical expedient of the fund. These funds are not categorized within the fair value hierarchy.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

5. FAIR VALUE OF INVESTMENTS IN CERTAIN ENTITIES THAT CALCULATE NET ASSET VALUE PER SHARE (OR ITS EQUIVALENT)

The following table sets forth additional disclosures of the Plan as of December 31, 2021 and 2020:

2021				
Investment	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Managed Income Portfolio – CCT	\$1,805,316	\$-0-	Daily	None

2020				
Investment	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Managed Income Portfolio – CCT	\$1,783,087	\$-0-	Daily	None

6. CONCENTRATIONS OF CREDIT RISK

Substantially all Plan assets are invested with one investment management company. Such investments are subject to credit and market risk associated with (1) the credit worthiness of the investment management company, (2) the credit worthiness of underlying issues and (3) fluctuations in market value inherent with changes in economic conditions.

7. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by an affiliate of the Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Fees for recordkeeping of \$8,887 were paid for the plan year ended December 31, 2021, respectively.

8. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100 percent vested in their accounts.

9. INCOME TAX STATUS

The Plan has timely adopted a restated, via a non-standardized pre-approved profit-sharing plan. The pre-approved plan has received an opinion letter from the IRS dated June 30, 2020, whereby the IRS stated that the pre-approved plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). While the Plan cannot rely on the pre-approved opinion letter, the Plan administrator believes that the Plan has been operated in compliance with the applicable requirements of the IRC and, therefore, believes that the plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be substantiated upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

As a result of the spread of the COVID-19 coronavirus, economic uncertainties have arisen which are likely to negatively impact investment income and other plan transactions. Other financial impact could occur though such potential impact is unknown at this time.

In January 2020, Congress passed the Setting Every Community Up for Retirement Enhancement Act of 2019 that contained the largest package of retirement system reform in over a decade. Many of the provisions of the SECURE Act are effective on January 1, 2020 and will require significant changes to plan administration and recordkeeping.

The COVID-19 outbreak in the United States has caused business disruption through mandated and voluntary closings of businesses in numerous industries. As of March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") that included numerous employee benefit plan provisions to assist plan sponsors and participants.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was enacted and signed into law. The CARES Act provides emergency economic relief in response to the COVID-19 pandemic. There are several key provisions of the CARES Act that affect retirement plans related to hardship distributions, participant loans, and required minimum distributions. In April 2020, the Plan adopted the provision of the CARES Act which increases the amount that Plan participants may borrow; participants may borrow the lesser of \$100,000 (increase from \$50,000) or 100% (increase from 50%) of their vested account balance until 180 days after the enactment date of the CARES Act. In addition, the Plan adopted the CARES Act provision that waives all 2020 required minimum distributions.

11. PLAN RESTATEMENT

The plan was restated on November 18, 2021, for the Cycle 3 qualified pre-approved profit-sharing plan as required by the Internal Revenue Service.
