NOTE 1 DESCRIPTION OF PLAN

The following description of Benicia Arsenal 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, including an employer profit sharing component and an employee salary deferral component, originally effective July 1, 1973. The Plan has been amended throughout the years to comply with tax legislation and most recently amended effective March 22, 2021. The Plan covers all employees of Unico Mechanical Corp. ("the Company") and related employers: Bender CCP, Inc., California Centrifugal Pump, and Johansing Iron Works, who have completed one month of service. All employees are eligible to participate except for nonresident aliens, leased employees, and employees covered by collective bargaining agreements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to make plan contributions by means of salary reduction, as defined in the Plan Adoption Agreement, contributed to the Plan subject to annual limitations imposed by the Internal Revenue Code. The Plan allows Roth 401(k) employee deferral contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans or individual retirement accounts.

The Company and related employers may make discretionary matching contributions. For the years ended December 31, 2020 and 2019, the Company and all related employers made matching contributions of $158,000.

The Company and related employers may also make qualified matching contributions and discretionary profit sharing contributions. There were no qualified matching or discretionary profit sharing contributions for the years ended December 31, 2020 and 2019.

Participant Accounts

The Plan administrator maintains a separate account for each participant and each type of contribution. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Certain fees are charged to the funds and are offset against plan investment income and losses as presented on the statement of changes in the net assets available for benefits. Participants should refer to the prospectuses of these funds for details on the various types and amounts of investment fees charged to the Plan and their individual accounts.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Vesting

Plan participants are immediately 100% vested in salary reduction contributions, rollover contributions, qualified employer matching contributions and actual earnings or losses thereon. Vesting in the Company's discretionary matching and profit sharing contribution portion of their accounts is based on years of continuous service as follows:

Years of Service	Percentage
Less than 2 Years	0%
2 Years	20%
3 Years	40%
4 Years	60%
5 Years	80%
6 or more Years	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The loans, which are secured by the balance in the participant's account, are repaid by payroll deductions in equal installments, and bear interest at rates determined when the loan is disbursed. All notes must be repaid within a five year period unless it is for the purchase of a principal residence which may not be extended beyond 10 years from date of loan.

Benefit Payments

Upon termination of service due to death, disability, or retirement, a participant may elect to receive the value of the vested interest in his or her account in the form of a lump sum distributions. The Plan allows for in-service distributions if a participant reaches age 59½ and hardship distributions subject to Plan provisions. If a participant terminates employment and the participant's account balance does not exceed $1,000, the Plan administrator will authorize the benefit payment without the participant's consent. If the balance of the terminated participant's account is between $1,000 and $5,000, the Plan Sponsor may authorize that the benefit payment be rolled into an individual retirement account in the participant's name.

Forfeited Accounts

Forfeited nonvested accounts are first used to reduce administrative expenses and then are used to reduce future Company contributions. At December 31, 2020 and 2019 forfeited nonvested accounts totaled $784 and $4,122, respectively. Forfeitures of $6,200 and $12,562 were used to offset plan expenses for the years ended December 31, 2020 and 2019, respectively.

CARES Act

In April 2020, certain provisions under the CARES Act relating to distributions and participant loans were enacted. The CARES Act allows for utilization of these provisions immediately but requires formal adoption of the amendment no later than the last day of the plan year beginning on or after January 1, 2022.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. Delinquent notes receivable are recorded as distributions on the basis of the terms of the Plan document.

Benefit Payments

Benefits are recorded when paid.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Interna; Revenue Service (IRS) are recorded as a liability with a corresponding deduction to contributions. The Plan distributed the 2020 excess contributions to the applicable participants prior to March 15, 2021.

Administrative Expenses

Certain administrative expenses are paid by the Plan, including loan setup and maintenance fees, which are deducted from the participant accounts, if applicable.

Subsequent Events

The Plan has evaluated subsequent events through June 21, 2022, the date the financial statements were available to be issued.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

Fidelity Management Trust Company, the trustee of the Plan, has supplied the Plan administrator with a certification as to the completeness and accuracy of all investment information and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019, the statements of changes in net assets available for benefits for the years then ended, and the supplemental schedule of assets (held at end of year) as of December 31, 2020.

NOTE 4 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2020 and 2019.

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

Money Market and Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2020			
	Level 1	Level 2	Level 3	Total
Money Market Funds	$ 2,102,098	$ -	$ -	$ 2,102,098
Mutual Funds	8,207,735	-	-	8,207,735
Total Investments at Fair Value	$ 10,309,833	$ -	$ -	$ 10,309,833

	2019			
	Level 1	Level 2	Level 3	Total
Money Market Funds	$ 1,415,848	$ -	$ -	$ 1,415,848
Mutual Funds	7,689,053	-	-	7,689,053
Total Investments at Fair Value	$ 9,104,901	$ -	$ -	$ 9,104,901

NOTE 5 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 6 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants would become 100% vested in their Company discretionary matching and profit sharing contributions.

NOTE 7 PLAN TAX STATUS

The Plan is placing reliance on an opinion letter dated June 30, 2020, received from the IRS on the volume submitter plan indicating that the Plan is qualified under Section 401 of the Internal Revenue Code (IRC) and is therefore not subject to tax under current income tax law. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company (Fidelity). Fidelity is the trustee as defined by the Plan and, therefore, the investment transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.
