Report of Independent Auditors

To the Administrator of Janus 401(k) and Employee Stock Ownership Plan

Opinion

We have audited the accompanying financial statements of Janus 401(k) and Employee Stock Ownership Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, including the related notes (collectively referred to as the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2021 and 2020 and the changes in its net assets available for benefits for the year ended December 31, 2021, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional

omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. Schedule H, line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

JANUS 401(k) AND EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS AS OF DECEMBER 31, 2021 AND 2020, AND FOR THE YEAR ENDED DECEMBER 31, 2021

1. DESCRIPTION OF THE PLAN

Janus 401(k) and Employee Stock Ownership Plan (the “Plan”) is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The following brief description of the Plan is for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

Eligibility — Substantially all U.S. based employees of Janus Henderson Group plc (“JHG”, the “Company” or the “Sponsor”) and affiliated employers who have adopted the Plan are eligible to participate in the Plan beginning on their date of employment.

Contributions — The Plan consists of a Roth 401(k) and a 401(k) component. Participants may contribute up to 75% of their annual compensation, as defined in the Plan, subject to certain limitations as set forth by the IRS. Participants may also contribute up to 25% of their annual base salary in after-tax contributions. Participants direct the investment of their contributions into various registered mutual funds offered by the Plan. Participants may also direct their investments through a trustee sponsored brokerage account.

The Sponsor contributes to the 401(k) portion of the Plan a matching contribution equal to 100% of each participant’s eligible contribution up to 5% of the participant’s compensation. Employees that work at least 1,000 hours during the year and remain employed on the last day of the Plan year are also eligible for an annual discretionary contribution to the Plan. The Sponsor contributions to the profit sharing portion are invested based on the direction of the participant. Contributions to the Employee Stock Ownership Plan (“ESOP”) are invested directly in JHG common stock. After three years of service, employees may transfer 100% of their ESOP balance and any future contributions to participant-directed investments. Contributions are subject to certain limitations.

Participants can reinvest dividends earned on JHG common stock to purchase additional shares of JHG common stock or elect to receive dividends in cash.

A participant who is age 50 or older may make catch-up deferral contributions of \$6,500 in 2021.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Contributions are subject to certain Internal Revenue Code (“IRC”) limitations.

Participant Accounts — Individual accounts are maintained for each Plan participant. Each participant’s account is credited with the participant’s contributions, the Sponsor’s contributions and may also include an allocation of Plan earnings and participant forfeitures. Plan losses, withdrawal fees and administrative expenses may be charged to participant’s accounts. Allocations are based on account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s account.

Vesting — Participants are always 100% vested in their own contributions. Vesting in discretionary employer contributions, discretionary ESOP stock bonus contributions and in employer matching contributions are based on years of service with JHG or a subsidiary of JHG. Participants earn one year of service for each calendar year that they work at least 1,000 hours and the vesting percentage for the majority of participants is calculated as follows:

<u>Years of Service</u>	<u>Cumulative Percentage Vested</u>
After 1	20%
2	40%
3	60%
4	80%
5	100%

A participant becomes 100% vested in all contributions if employed when the participant reaches normal retirement date (age 65), loses his or her job due to job elimination (as defined by the Plan), or leaves employment due to disability (as defined by the Plan) or death, even if the participant has not yet completed five years of service.

Distribution of Benefits — Distributions generally will be made in the event of retirement, death, disability, resignation, or dismissal. The Plan also provides for early distribution at age 59 1/2 in specific circumstances.

Distributions after termination of employment are made in a lump-sum payment in an amount equal to the value of the participant's vested interest in his or her account. Terminated participants with an account balance of \$1,000 or less are paid a lump-sum distribution without the request or approval of the participant. Balances exceeding \$1,000 are paid upon the distribution date elected by the participant, but no later than April 1 of the calendar year following the calendar year in which the age of 70 1/2 is attained.

Distributions may also be made in the event of the financial hardship of the participant, as defined in the Plan.

Notes Receivable from Participants — Participants may only have one loan outstanding at any given time and may borrow an aggregate amount of \$50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. Principal and interest are paid ratably through payroll deductions.

Trustee and Recordkeeper — Fidelity Management Trust Company ("Fidelity") holds and administers all assets of the Plan in accordance with the provisions of the Plan agreement.

Administration of the Plan — The Sponsor has appointed an Advisory Committee to serve as fiduciary with the authority and responsibility to administer the Plan.

Plan Termination — Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination or partial termination, participants will become 100% vested.

Forfeitures — When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account, as defined by the Plan, represents a forfeiture. Nonvested profit sharing, ESOP and employer matching contributions amounts forfeited by employees are first applied against Plan administration expenses. Any forfeiture amounts remaining after Plan expenses have been paid will be applied against any employer contribution obligation. Should the forfeiture amounts exceed Plan expenses and the Sponsor's contribution obligations, the excess amount will be allocated to the other participants as a part of and in the same manner as the Sponsor's contributions for the Plan year in which the forfeitures occurred. During 2021, forfeited amounts applied against Plan expenses totaled \$176,064. There were no forfeitures applied against employer contributions for the year ended December 31, 2021. As of December 31, 2021 and 2020, forfeited nonvested accounts totaled \$84,178 and \$22,336, respectively.

2. SIGNIFICANT ACCOUNTING POLICES

Basis of Accounting — The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates — The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes in net assets available for benefits. Actual results could differ from those estimates.

Risks and Uncertainties — The Plan provides for various investment options as set forth in the Plan agreement. Investment securities are exposed to various risks such as interest rate, market, concentration and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits. Approximately 4% of net assets available for benefits as of December 31, 2021 and 2020 were invested in JHG common stock, representing the ESOP portion of the Plan.

Investment Valuation and Income Recognition — The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of mutual funds and money market funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. Common stock is valued at quoted market prices. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants — Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan agreement. Notes receivable from participants have various maturity dates and interest rates ranging from 2022 to 2036 and 4.25% to 6.50%, respectively.

Administrative Expenses — Plan expenses include loan, distribution and administration fees paid to Fidelity. Other plan expenses include audit, legal and advisory fees. Nonvested profit sharing and ESOP amounts forfeited by employees are used to pay administration fees. Loan and distribution fees are

charged against individual participant accounts. The Plan Sponsor may pay Plan expenses at its sole discretion, but is not obligated to pay Plan expenses. Unless paid by the Plan Sponsor, such costs and expenses are charged against Plan assets at the participant account level and deducted by the trustee. Administrative fees paid to Fidelity may be reduced to the extent Plan assets are invested in certain Fidelity and non-Fidelity investment products. Plan expenses were reduced by \$51,137 and \$39,364 during the years ended December 31, 2021 and 2020, respectively, as a result of such investment.

Payment of Benefits — Benefit payments to participants are recorded upon distribution. There were no participants who have elected to withdraw from the Plan, but have not yet been paid, as of December 31, 2021 and 2020.

Contributions — Contributions are recognized in the year to which they relate.

Income Tax Status — The IRS has determined and informed the Company by a letter dated October 14, 2014, that the Plan was designed in accordance with the applicable regulations of the IRC requirements. The Plan Sponsor believes the Plan has maintained its tax-exempt status. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan was last amended on December 28, 2017 for an administrative matter. The amendment was not impactful to the Plan's tax-exempt status.

Subsequent Events — Subsequent events were evaluated through the date the financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS

Measurements of fair value are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan classifies its investments into Level 1, which refers to securities valued using quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. The Plan's policy is to recognize significant transfers between levels at the end of the reporting period. The following tables set forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis as of December 31, 2021 and 2020.
