INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of
Tellurian Services 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Tellurian Services 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the investment information is prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that certified investment information, as described in Note 4 to the financial statements is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — 2021 Supplemental Schedules Required by ERISA

The 2021 supplemental schedule of Schedule H, line 4i – Schedule of Assets Held at End of Year is presented for the purposes of additional analysis and is not a required part of the 2021 financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compare such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter — Report on the 2020 Financial Statements

We were engaged to audit the statement of net assets available for benefits and the statement of changes in net assets available for benefits of the Plan as of and for the year ended December 31, 2020. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Our audit report, dated July 14, 2021, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Tellurian Services 401(k) Retirement Plan

Notes to Financial Statements

December 31, 2021

Note 1 - Description of the Plan

The following brief description of the Tellurian Services 401(k) Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the *Plan Document* for more information, which is available from the Plan administrator.

General

The Plan, adopted effective January 1, 2015, with its latest amendment effective August 5, 2021, is a defined contribution and profit sharing plan covering substantially all employees of Tellurian Services LLC (the "Company") and Tellurian Management Services LLC as a participant employer. All employees are eligible to participate, subject to certain restrictions as defined in the *Plan Document*, and there is no service requirement to be eligible. Effective May 3, 2020, the Company suspended employer matching contributions. The Plan was amended effective May 10, 2020 to remove the safe harbor provisions and make employer matching contributions discretionary which are immediately vested. Effective August 7, 2020, the Company reinstated employer matching contributions equal to 100% of the first 6% of eligible compensation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Fidelity Management Trust Company ("Fidelity" or "Trustee") is the trustee of the Plan.

Contributions

Participants may make pre-tax contributions to the Plan equal to the lesser of 90% of their annual compensation or the maximum amount permitted by Internal Revenue Code ("IRC") Section 402. Participants may also make voluntary contributions to the Plan on an after-tax basis, subject to certain limitations. Employees are automatically enrolled in the Plan at 6% of the employee's eligible compensation upon meeting the eligibility requirements. Employees may elect a different percentage or elect not to participate by notifying the Company or Trustee. During 2021 **and 2020**, for the payroll periods in which the Company matching contributions were in effect, participants' contributions were matched by the Company at 100% of the first 6% of eligible compensation deferred by a participant. The Company may also make discretionary contributions, which are determined annually. There were no discretionary profit sharing contributions made for the 2021 and 2020 Plan years. The participants may elect to invest all contributions in any combination of investment choices offered by the Plan.

Participant accounts

Each participant's account is credited with the participant's contribution, the Company's matching and discretionary contributions, if any, an allocation of Plan earnings/losses, and administrative expenses. Allocations are based on participant compensation and account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Tellurian Services 401(k) Retirement Plan

Notes to Financial Statements

December 31, 2021

Note 1 - Description of the Plan (Continued)Notes receivable from participants

Participants are permitted to borrow funds from the balance in their respective accounts subject to a minimum loan of \$1,000 and limited to the lesser of 50% of the participant's vested balance or \$50,000. Participants may only have one loan outstanding at any given time. All loans must be repaid over a five year period unless it is for the purchase of a principal residence. During 2020, the Company made the election available under the Coronavirus Aid Relief and Economic Security Act ("CARES Act") to allow participants to defer loan repayments due from April to December of 2020 for up to one year. These loans were re-amortized in January 2021. Participant loans bear terms as deemed appropriate by the Plan administrator subject to certain provisions of the Plan.

Participant withdrawals

A participant may withdraw all or a portion of his/her vested account balance in the event of retirement, hardship, termination of employment, death or disability. Upon termination of service, if the vested account balance exceeds \$5,000, the participant may elect to receive a lump-sum payment or may defer the payment of his/her benefit until the participant attains the age of 65. If the value of the participant's account is less than \$1,000, the payment will be made in cash in a single lump sum. If the participant's account balance is between \$1,000 and \$5,000 and the participant does not affirmatively consent to receive a distribution, the balance will be rolled into an individual retirement account established on behalf of the participant. Any taxable distribution paid directly to the participant will be subject to mandatory federal income tax withholding of 20% of the requested distribution. During 2020, the Company made the election to allow participants to take Coronavirus-related distributions ("CRDs") under the CARES Act. CRDs were permitted to qualified individuals during 2020 not to exceed \$100,000 and are not subject to tax withholding or withdrawal penalties. Tax repayment on CRDs is permitted over a three-year period or the withdrawn amount may be recontributed to the Plan without regard to annual caps on contributions within a three-year period following the withdrawal.

Vesting

Participants are immediately vested in their contributions and the actual earnings thereon. Participants are also immediately vested in the Company's matching contributions, profit sharing contributions, and earnings thereon. After two years of service, participants are 100% vested in other employer contributions as defined in the *Plan Document*. Participants are 100% vested upon normal retirement age regardless of their years of service.

Forfeitures

The Plan provides that nonvested portions of Company contributions that are forfeited by terminated participants are used to reduce the Company's employer contributions for the Plan year in which such forfeitures occur or to pay administrative expenses of the Plan. Forfeitures of \$7,087 and \$0, respectively, were used during 2021 and 2020 to offset the Company's matching contributions for the 2021 and 2020 Plan years.

Note 2 - Summary of Significant Accounting PoliciesBasis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates that may affect the amounts reported in the financial statements and accompanying notes and schedules. Actual results could differ from those estimates.

Investment valuation and income recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 regarding fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Unrealized appreciation or depreciation in the fair value of investments held at year-end is determined using the fair value at the beginning of the year or the purchase price if the investment is acquired during the year. The realized gain or loss on the sale of investments is determined using historical cost. Upon the sale of an investment, the current year unrealized appreciation or depreciation is adjusted for unrealized gains and losses recognized in prior years. Unrealized appreciation or depreciation and realized gains and losses are reported as net appreciation or depreciation in fair value of investments in the statements of changes in net assets available for benefits.

Participant withdrawals

Participant withdrawals are recorded upon distribution.

Administrative expenses

All administrative expenses, unless paid by the Company, are paid by the Plan.

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. Upon such termination, all participants would be 100% vested in their accounts.

Tellurian Services 401(k) Retirement Plan

Notes to Financial Statements

December 31, 2021

Note 2 - Summary of Significant Accounting Policies (Continued)Risks and uncertainties

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participant account balances. Plan participants bear the risk of any investment losses.

Note 3 - Fair Value Measurements

The Plan uses a hierarchy for grouping assets and liabilities, based on the significance of inputs. The hierarchy of fair value measurements is described below:

- Level 1 – quoted prices in active markets for identical assets or liabilities;
- Level 2 – inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of these assets or liabilities; or
- Level 3 – unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

- Mutual funds – these investments are valued daily using quoted market prices.
- Collective trust – these investments are valued daily using its net asset value ("NAV") as a practical expedient which represents the fair value of the fund.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the valuation methods are considered appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's mutual fund investments are measured at Level 1 as of December 31, 2021 and 2020. The collective trust investment has not been classified within the fair value hierarchy as it is measured at fair value using the NAV as a practical expedient.

Tellurian Services 401(k) Retirement Plan

Notes to Financial Statements

December 31, 2021

Note 3 - Fair Value Measurements (Continued)

The collective trust investment consists of the Fidelity Managed Income Portfolio, Class 1 which has redemption restrictions that limit the timing of withdrawals. Participant-directed withdrawals may be made on any business day, provided that the exchange is not directed into a competing fund. Transferred amounts must hold a non-competing investment option for 90 days before funds may be transferred to a competing fund. In addition, redemptions of the investment directed by the Plan sponsor must be preceded by twelve months written notice to Fidelity. There were no unfunded commitments on the investment as of December 31, 2021.

Note 4 - Information Certified by the Trustee (Unaudited)

For Plan years 2021 **and 2020**, the financial information included in the Plan financial statements and Schedule H, line 4i, except for contributions, participant withdrawals, and administrative expenses has been derived from information certified as complete and accurate by the Trustee, in accordance with Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 5 - Income Tax Status

The volume submitter plan adopted by the Company received its latest favorable advisory letter dated June 30, 2020, in which the Internal Revenue Service (the "IRS") stated that the plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax provisions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 - Party-in-Interest Transactions

Certain Plan investments are managed by the Trustee of the Plan. Transactions with these investments qualify as party-in-interest transactions.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of
Tellurian Services 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Tellurian Services 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the investment information is prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that certified investment information, as described in Note 4 to the financial statements is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Member of PKF International Limited,
a network of legally independent firms.

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — 2021 Supplemental Schedules Required by ERISA

The 2021 supplemental schedule of Schedule H, line 4i – Schedule of Assets Held at End of Year is presented for the purposes of additional analysis and is not a required part of the 2021 financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compare such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter — Report on the 2020 Financial Statements

We were engaged to audit the statement of net assets available for benefits and the statement of changes in net assets available for benefits of the Plan as of and for the year ended December 31, 2020. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Our audit report, dated July 14, 2021, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Tellurian Services 401(k) Retirement Plan

Notes to Financial Statements

December 31, 2021

Note 1 - Description of the Plan

The following brief description of the Tellurian Services 401(k) Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the *Plan Document* for more information, which is available from the Plan administrator.

General

The Plan, adopted effective January 1, 2015, with its latest amendment effective August 5, 2021, is a defined contribution and profit sharing plan covering substantially all employees of Tellurian Services LLC (the "Company") and Tellurian Management Services LLC as a participant employer. All employees are eligible to participate, subject to certain restrictions as defined in the *Plan Document*, and there is no service requirement to be eligible. Effective May 3, 2020, the Company suspended employer matching contributions. The Plan was amended effective May 10, 2020 to remove the safe harbor provisions and make employer matching contributions discretionary which are immediately vested. Effective August 7, 2020, the Company reinstated employer matching contributions equal to 100% of the first 6% of eligible compensation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Fidelity Management Trust Company ("Fidelity" or "Trustee") is the trustee of the Plan.

Contributions

Participants may make pre-tax contributions to the Plan equal to the lesser of 90% of their annual compensation or the maximum amount permitted by Internal Revenue Code ("IRC") Section 402. Participants may also make voluntary contributions to the Plan on an after-tax basis, subject to certain limitations. Employees are automatically enrolled in the Plan at 6% of the employee's eligible compensation upon meeting the eligibility requirements. Employees may elect a different percentage or elect not to participate by notifying the Company or Trustee. During 2021 **and 2020**, for the payroll periods in which the Company matching contributions were in effect, participants' contributions were matched by the Company at 100% of the first 6% of eligible compensation deferred by a participant. The Company may also make discretionary contributions, which are determined annually. There were no discretionary profit sharing contributions made for the 2021 and 2020 Plan years. The participants may elect to invest all contributions in any combination of investment choices offered by the Plan.

Participant accounts

Each participant's account is credited with the participant's contribution, the Company's matching and discretionary contributions, if any, an allocation of Plan earnings/losses, and administrative expenses. Allocations are based on participant compensation and account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Note 1 - Description of the Plan (Continued)Notes receivable from participants

Participants are permitted to borrow funds from the balance in their respective accounts subject to a minimum loan of \$1,000 and limited to the lesser of 50% of the participant's vested balance or \$50,000. Participants may only have one loan outstanding at any given time. All loans must be repaid over a five year period unless it is for the purchase of a principal residence. During 2020, the Company made the election available under the Coronavirus Aid Relief and Economic Security Act ("CARES Act") to allow participants to defer loan repayments due from April to December of 2020 for up to one year. These loans were re-amortized in January 2021. Participant loans bear terms as deemed appropriate by the Plan administrator subject to certain provisions of the Plan.

Participant withdrawals

A participant may withdraw all or a portion of his/her vested account balance in the event of retirement, hardship, termination of employment, death or disability. Upon termination of service, if the vested account balance exceeds \$5,000, the participant may elect to receive a lump-sum payment or may defer the payment of his/her benefit until the participant attains the age of 65. If the value of the participant's account is less than \$1,000, the payment will be made in cash in a single lump sum. If the participant's account balance is between \$1,000 and \$5,000 and the participant does not affirmatively consent to receive a distribution, the balance will be rolled into an individual retirement account established on behalf of the participant. Any taxable distribution paid directly to the participant will be subject to mandatory federal income tax withholding of 20% of the requested distribution. During 2020, the Company made the election to allow participants to take Coronavirus-related distributions ("CRDs") under the CARES Act. CRDs were permitted to qualified individuals during 2020 not to exceed \$100,000 and are not subject to tax withholding or withdrawal penalties. Tax repayment on CRDs is permitted over a three-year period or the withdrawn amount may be recontributed to the Plan without regard to annual caps on contributions within a three-year period following the withdrawal.

Vesting

Participants are immediately vested in their contributions and the actual earnings thereon. Participants are also immediately vested in the Company's matching contributions, profit sharing contributions, and earnings thereon. After two years of service, participants are 100% vested in other employer contributions as defined in the *Plan Document*. Participants are 100% vested upon normal retirement age regardless of their years of service.

Forfeitures

The Plan provides that nonvested portions of Company contributions that are forfeited by terminated participants are used to reduce the Company's employer contributions for the Plan year in which such forfeitures occur or to pay administrative expenses of the Plan. Forfeitures of \$7,087 and \$0, respectively, were used during 2021 and 2020 to offset the Company's matching contributions for the 2021 and 2020 Plan years.

Note 2 - Summary of Significant Accounting PoliciesBasis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates that may affect the amounts reported in the financial statements and accompanying notes and schedules. Actual results could differ from those estimates.

Investment valuation and income recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 regarding fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Unrealized appreciation or depreciation in the fair value of investments held at year-end is determined using the fair value at the beginning of the year or the purchase price if the investment is acquired during the year. The realized gain or loss on the sale of investments is determined using historical cost. Upon the sale of an investment, the current year unrealized appreciation or depreciation is adjusted for unrealized gains and losses recognized in prior years. Unrealized appreciation or depreciation and realized gains and losses are reported as net appreciation or depreciation in fair value of investments in the statements of changes in net assets available for benefits.

Participant withdrawals

Participant withdrawals are recorded upon distribution.

Administrative expenses

All administrative expenses, unless paid by the Company, are paid by the Plan.

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. Upon such termination, all participants would be 100% vested in their accounts.

Note 2 - Summary of Significant Accounting Policies (Continued)Risks and uncertainties

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participant account balances. Plan participants bear the risk of any investment losses.

Note 3 - Fair Value Measurements

The Plan uses a hierarchy for grouping assets and liabilities, based on the significance of inputs. The hierarchy of fair value measurements is described below:

- Level 1 – quoted prices in active markets for identical assets or liabilities;
- Level 2 – inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of these assets or liabilities; or
- Level 3 – unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

- Mutual funds – these investments are valued daily using quoted market prices.
- Collective trust – these investments are valued daily using its net asset value ("NAV") as a practical expedient which represents the fair value of the fund.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the valuation methods are considered appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's mutual fund investments are measured at Level 1 as of December 31, 2021 and 2020. The collective trust investment has not been classified within the fair value hierarchy as it is measured at fair value using the NAV as a practical expedient.

Notes to Financial Statements

December 31, 2021

Note 3 - Fair Value Measurements (Continued)

The collective trust investment consists of the Fidelity Managed Income Portfolio, Class 1 which has redemption restrictions that limit the timing of withdrawals. Participant-directed withdrawals may be made on any business day, provided that the exchange is not directed into a competing fund. Transferred amounts must hold a non-competing investment option for 90 days before funds may be transferred to a competing fund. In addition, redemptions of the investment directed by the Plan sponsor must be preceded by twelve months written notice to Fidelity. There were no unfunded commitments on the investment as of December 31, 2021.

Note 4 - Information Certified by the Trustee (Unaudited)

For Plan years 2021 and 2020, the financial information included in the Plan financial statements and Schedule H, line 4i, except for contributions, participant withdrawals, and administrative expenses has been derived from information certified as complete and accurate by the Trustee, in accordance with Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 5 - Income Tax Status

The volume submitter plan adopted by the Company received its latest favorable advisory letter dated June 30, 2020, in which the Internal Revenue Service (the "IRS") stated that the plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax provisions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 - Party-in-Interest Transactions

Certain Plan investments are managed by the Trustee of the Plan. Transactions with these investments qualify as party-in-interest transactions.
