Independent Auditors' Report

To the Participants and Plan Administrator of
Twin Cities Public Television 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Twin Cities Public Television 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 10 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the report date.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedules Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year), for the year ended December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated June 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Twin Cities Public Television 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

1. Description of the Plan

The Twin Cities Public Television 401(k) Plan (the Plan) is a defined contribution plan sponsored by Twin Cities Public Television, Inc. (the Company) to provide retirement benefits to substantially all employees of the Company who meet certain participation requirements. The following description of the Plan provides only general information. Participants should refer to the Plan's summary plan description and plan document for a more complete description of the Plan's provisions.

General

The Company is the administrator and sponsor of the Plan and has appointed Principal Trust Company and Teacher's Insurance and Annuity Association - College Retirement Equities Fund (TIAA and CREF) to be the custodian and insurance company, respectively and record-keepers and provide reporting services for the Plan. The custodian and insurance company are responsible for holding the investment assets of the Plan and making distributions according to the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees who are not classified as "Talent" are eligible to contribute to the Plan pursuant to a salary reduction election with the Company. Eligible employees are required to have completed thirty days of service and be 21 years of age. Participants can enter the Plan on the first day of the month coinciding with or immediately following satisfaction of the Plan eligibility requirements.

Contributions

Participants may contribute up to \$19,500 of their pretax Plan compensation (salary reduction election contributions) for the year ended December 31, 2021. If the participant is 50 years of age or older, they may elect to defer additional amounts not to exceed \$6,500 (catch up contribution) for the year ended December 31, 2021. Participants may also contribute post-tax contributions (Roth contributions) and amounts representing distributions from other qualified plans (rollover contributions). Qualified automatic contribution arrangement (QACA) matching contributions are made for all persons who are active at any time during that payroll period. The Company will match 100% of elective deferral contributions that are not over 1% of pay, plus 50% of elective deferral contributions which are over 1% but are not over 6% of pay. For the year ended December 31, 2021, the Company's non-discretionary matching contributions were \$533,958. Contributions are subject to certain limitations.

Participant Accounts

Participants may direct the balance of their account into any of the investment options offered by the Plan. Company match contributions are directed to the Plan's investment options based on the participant's investment elections.

Each participant account is credited with the participant's elective deferral contributions (salary reduction, catch up and Roth), rollover contributions and an allocation of the Company's match contribution and plan earnings (net of administrative expenses). Allocations are based on either the participant's eligible compensation or the earnings on participant's account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Twin Cities Public Television 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

Vesting and Forfeited Accounts

Participants are immediately vested in all contributions plus actual related earnings thereon, as such no forfeitures accumulate in the Plan.

Benefit Distributions to Participants

Distributions to terminated, disabled or retired participants are made in the form of a single lump-sum payment, installments or an annuity to the participant (or in the case of death, the participant's beneficiary) equal to the value of the participant's vested account. A participant may withdraw any part of their vested balance at any time after they attain the age of 59½. Participants experiencing financial hardship may withdraw a portion of their account balance as defined in the Plan.

Notes Receivable from Participants

The Plan allows for notes receivable from participants. Participants may borrow from their Principal Life Insurance Company fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The participant notes receivable reduce the balance of a participant's account and are maintained by the Plan as participant notes receivable. Notes receivable terms range from one to five years or up to 10 years for the purchase of a principal residence. These notes are secured by the balance in the participant's account. Participants pay principal and interest ratably through payroll deductions over the life of the note. The notes receivable bear interest at a rate equal to the Prime Rate (as published in the Wall Street Journal) plus 2% as of the date of the loan. The notes receivable outstanding as of December 31, 2021 have interest rates ranging from 5.25% to 7.50%.

Plan Loans

TIAA and CREF allows for plan loans. Plan loans allow participants to borrow from TIAA and CREF using the assets of their account balance as collateral for the loan, subject to the terms of the funding vehicle. General guidelines are that the minimum loan amount be \$1,000 while the maximum is the lesser of \$50,000 or 50% of their vested account balance. Interest rates will vary depending upon the terms of the funding vehicle. These loans do not reduce the balance of participants' accounts unless the loan goes into default at a time when the benefits are distributable. Plan loans require the participant to maintain at least 110% of the loan collateral within their TIAA Traditional Annuity GSRA. Principal and interest is paid directly to TIAA and CREF and participants may elect to make principal and interest payments quarterly or monthly. Plan loans from TIAA and CREF at December 31, 2021 and 2020, totaled \$9,846 and \$9,435, respectively. The loans bear interest at rates between 6.35% to 6.85% as of December 31, 2021. As of December 31, 2021 and 2020, there were no loans in default.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and change therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors, custodian and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividends are recorded on the cash basis, which approximates U.S. GAAP. Net appreciation includes the gains and losses on investments bought and sold as well as held during the year

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Notes to Financial Statements

December 31, 2021 and 2020

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset, either directly or indirectly, such as:

- quoted prices for similar assets in active markets;
- quoted prices for identical or similar assets in inactive markets;
- inputs other than quoted prices that are observable for the asset; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

The money market fund is valued at the quoted net asset value (NAV) of shares held by the Plan at year end.

The mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The interest in variable annuity contracts are valued at NAV of shares, which are valued by TIAA and CREF at accumulation unit value based on the estimated value of the underlying investments, held by the Plan at year-end. NAV is a readily determinable fair value and is the basis for current transactions. There are no unfunded commitments as of December 31, 2021 and 2020.

Pooled separate accounts are valued based upon the unit values of such pooled accounts held by the Plan at year end. Unit values are based on the fair value of the underlying assets of the fund derived from inputs principally from or corroborated by observable market data by correlation or other means, although are not based upon quoted market prices in an active market. The underlying investments of the pooled separate accounts consist of mutual funds, each of which follows a separate investment strategy. Due to the nature of these pooled accounts, there are no unfunded commitments or redemption restrictions as of December 31, 2021 and 2020.

December 31, 2021 and 2020

Investments in the fixed annuity contract is valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issues (see Note 5). In determining the reasonableness of the methodology, the plan administrator evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms (for example, duration of payout date) while others are substantiated utilizing available market data (for example, swap curve rate).

The plan sponsor is responsible for the determination of fair value. Accordingly, they perform periodic analysis on the prices received from the pricing services used to determine whether the prices are reasonable estimates of fair value. As a result of these reviews, the plan sponsor has not historically adjusted the prices obtained from the pricing services. The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan sponsor believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

The tables below present the balances of assets measured at fair value on a recurring basis by level within the hierarchy.

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Benefits.

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2021:

	Level 3 Assets Year Ended December 31, 2021
Purchases	\$ 254,917
Issuances	368,734
Transfers in and/or out of Level 3	-

In estimating fair value of the investments in Level 3, the Investment Committee (or equivalent) may use third-party pricing sources or appraisers.

The following tables represent the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs as of December 31:

4. Investment Contract with Teachers Insurance and Annuity Association of America

The Plan holds a portfolio of investment contracts that comprises a traditional investment contract. Each participant maintains an individual annuity contract with the Insurance Company. As part of the contracts, the Insurance Company maintains a portion of the contributions in a "guaranteed account," which is called the Traditional Annuity. The account is credited with earnings on the underlying investments and charged for withdrawals and administrative expenses charged by the Insurance Company. The guaranteed minimum rate of interest is based on a formula established by the Insurance Company and is between 1% and 3%. Any additional interest is not guaranteed. The Traditional Annuity does not permit the Insurance Company to terminate the agreement prior to the scheduled maturity date.

The TIAA Traditional Annuity investment held by the plan is considered to be non-benefit responsive. These contracts are included in the financial statements at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering credit worthiness of the issuer. These contracts are subject to a 10-year withdrawal period. Upon termination of the contracts, the amount of each transfer payout annuity payment will be determined as of the annuity starting date for the transfer payout annuity by the amount of the Traditional Fixed Account accumulation and the interest rates in the rate schedules under which any premiums, additional amounts and internal transfers were applied to the account.

Twin Cities Public Television 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at the specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer and is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

5. Administration of Plan Assets

The Plan's assets are administered under a contract with Principal Life Insurance Company and TIAA and CREF, the custodian and insurance company of the Plan, respectively. The custodian and insurance company invests funds received from contributions, investment sales, interest and dividend income and makes distribution payments to participants.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination all account balances will be distributed in accordance with the terms of the Plan.

7. Related Party and Party-in-Interest Transactions

Certain Plan investments are shares of funds managed by Principal Trust Company or TIAA and CREF. Principal Trust Company and TIAA and CREF are the custodian and insurance company as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment manager services are included in the net appreciation in the fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

8. Income Tax Status

The IRS has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

As of December 31, 2021 and 2020, the Plan had investments of \$7,205,807 and \$6,430,670, respectively that were concentrated in two funds.

10. Information Certified by Custodian and Insurance Company

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2021 and 2020. Accordingly, Principal Trust Company and TIAA and CREF, the custodian and insurance company of the Plan, respectively, have certified to the completeness and accuracy of all investments reported in the accompanying Statement of Net Assets Available for Benefits as of December 31, 2021 and 2020 and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2021 and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021.

11. Subsequent Events

The Plan has evaluated subsequent events occurring through July 20, 2022, the date that the financial statements were available to be issued, for events requiring recording or disclosure in the Plan's financial statements.
