INDEPENDENT AUDITOR'S REPORT

To the Audit Committee, Retirement Plan Committee,
and participants of the Zoo Atlanta Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of the Zoo Atlanta Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) which comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (the 2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institutions in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of the report,

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying 2021 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – 2021 Supplemental Schedule Required by ERISA

The 2021 supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the 2021 financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Report on the 2020 Financial Statements

We were engaged to audit the statement of net assets available for benefits of the Plan as of December 31, 2020. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institutions. Our audit report, dated July 26, 2021, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the information certified by the qualified institutions was presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Zoo Atlanta Retirement Savings Plan

Notes to Financial Statements

December 31, 2021 and 2020

1. Description of the Plan

The following description of the Zoo Atlanta Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document, copies of which are available from the plan administrator, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Atlanta-Fulton County Zoo, Inc. (the Sponsor). Employees who have attained age 21 are eligible to participate in the Plan on their first day of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to make pre-tax or Roth contributions of up to 100% of eligible compensation up to a maximum of \$19,500 in 2021, plus catch-up contributions of \$6,500 for those qualifying participants who are at least 50 years of age. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution sources (rollovers).

The Sponsor may make discretionary matching contributions as they deem appropriate. For the period from January 1, 2021 to April 16, 2021, the Sponsor suspended the discretionary matching contributions. Effective April 17, 2021, the Sponsor elected to contribute discretionary matching contributions of 50% of participants' contributions up to 4% of eligible compensation. Participants eligible to receive matching contributions include those who have completed one year of service or 1,000 hours. Participants who work less than 1,000 hours of service during a Plan year are excluded from receiving the discretionary matching contribution. Effective January 1, 2022, the Sponsor elected to contribute discretionary matching contributions of 50% of participants' contributions up to 6% of eligible compensation.

The Sponsor may make an additional discretionary contribution to participants who have at least 1,000 hours of service during the Plan year and are actively employed on the last day of the Plan year. The Sponsor did not make any additional discretionary contributions during the year ended December 31, 2021.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, the Sponsor's contributions, and earnings on the investments in their account, and is charged with administrative expenses. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may change their investment options on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Zoo Atlanta Retirement Savings Plan

Notes to Financial Statements December 31, 2021 and 2020

Vesting

Participants are immediately vested in all contributions plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the vested balance of their account. A participant may have only one loan outstanding at any time. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest as defined in the Plan document. During 2021, loans had fixed rates ranging from 4.25% to 6.25% for the term of the loan, not to exceed 5 years, or 15 years if used for the purchase of a residence. Principal and interest are paid through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, termination of employment or retirement, a participant, or their beneficiary, whose vested balance exceeds \$5,000, may elect to receive payment of the vested interest in their account in a lump-sum distribution, installment payments, or annuity payments. If a participant terminates employment and has a balance of less than \$5,000, the participant will automatically receive a lump-sum distribution equal to the value of their account. In-service withdrawals are also permitted for participants who have attained age 59½ or for certain hardships situations.

Forfeited Accounts

At December 31, 2021 and 2020, forfeited non-vested accounts relating to Sponsor contributions totaled \$857 and \$4,334, respectively. These accounts will be used to reduce future Sponsor contributions or pay Plan administrative expenses. In 2021, the Sponsor used forfeitures of \$3,508 to pay Plan administrative expenses. There were no forfeitures used to reduce employer contributions in 2021.

Administrative Expenses

The Plan document permits certain administrative expenses to be paid by the Plan. All other expenses are paid by the Sponsor. Administrative fees paid by participants include loan initiation fees and distribution fees. Additionally, standard asset-based fees are charged directly against participant accounts and are included in administrative expenses reported in the statement of changes in net assets available for benefits. These standard asset-based fees are allocated to the participants' accounts based on the market value of the funds in which they are invested. These expenses are paid to a service provider of the Plan and, therefore, qualify as party-in-interest transactions.

Zoo Atlanta Retirement Savings Plan

Notes to Financial Statements December 31, 2021 and 2020

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Contributions

Participant contributions are considered payable to the Plan upon the withholding of contributions from the participant's paycheck. The Sponsor's discretionary matching contributions are considered payable to the Plan when the related participant's contributions are payable to the Plan. The Sponsor's additional discretionary contributions, if any, are considered payable to the Plan when they are approved by the Sponsor.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value, except for the fixed account and guaranteed interest account, which are stated at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Net change in fair value of investments includes realized and unrealized gains and losses on those investments. Interest income is recorded when received. See Note 4 for a discussion of fair value and contract value measurements.

Notes Receivable from Participants

Notes receivable from participants are carried at their outstanding balance. Interest income is recognized when received. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default the participant loan balance is reduced and a deemed distribution is recorded. Notes receivable from participants qualify as party-in-interest transactions.

Payment of Benefits

Benefits are recorded when paid.

Zoo Atlanta Retirement Savings Plan

Notes to Financial Statements December 31, 2021 and 2020

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through July 21, 2022, which is the date the financial statements were available to be issued.

3. Information Certified by the Qualified Institutions

All information in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2021 and 2020 and the net change in fair value and contract value of investments and interest income for the year ended December 31, 2021, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by The Lincoln National Life Insurance Company (Lincoln), Massachusetts Mutual Life Insurance Company by: Great-West Life & Annuity Insurance Company and Massachusetts Mutual Life Insurance Company (collectively, MassMutual), Reliance Trust Company, and Great-West Trust Company LLC, Great-West Life & Annuity Insurance Company, and Great-West Life & Annuity Insurance Company of New York (collectively, Great-West).

4. Investments

Certain Plan investments include shares of pooled separate accounts, a money market fund, a guaranteed interest account, and a fixed account managed by service providers of the Plan. Accordingly, transactions in these investments qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net change in fair value and contract value of investments, as they are paid through revenue sharing rather than direct payment.

Investments are exposed to various risks, such as market, currency, interest rate and credit risks. Market risks include U.S. and global events which could impact the value of Plan investments. Such events would include a healthcare crisis, such as a pandemic, international conflicts, supply chain disruptions, global monetary policy decisions, significant exogenous economic influences, significant cyber security attack, or other similar events. It is at least reasonably possible that changes in their fair value will occur in the near term and that such changes could materially affect participants' account balances.

Notes to Financial Statements December 31, 2021 and 2020

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 – other observable data, including quoted prices for identical assets in inactive markets

Level 3 – unobservable inputs

Observable inputs are those based on market data obtained from sources independent of the Plan, and unobservable inputs reflect the Plan's own assumptions based on the best information available. The input levels are not necessarily an indication of the risk or liquidity associated with financial instruments at that level but rather the degree of judgment used in determining those values.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Investments in mutual funds and the money market fund are stated at quoted market prices for the identical security in an active market (Level 1).

The Plan's interest in pooled separate accounts are valued daily using net asset value (NAV). The NAVs are based on the fair value of the stocks, debt instruments, mutual funds, and other securities in the accounts. Participants may trade the pooled separate accounts daily at their NAV (Level 1).

The Plan invests in a Lincoln fixed account. The fixed account is considered to be fully-benefit responsive fixed annuity contract issued by Lincoln. The fixed account is backed by the general account assets of the issuing company, which are general obligations of the insurance companies that issue the contracts. The Plan's investment in the fixed account is stated at contract value. Contract value is the relevant measure for fully-benefit responsive contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the contracts. Investment income of the fixed accounts is presented on a contract value basis. The fixed account has restrictions on withdrawals up to one year in the event the Sponsor eliminates this investment option.

Notes to Financial Statements

December 31, 2021 and 2020

The Plan holds an investment in a fully benefit-responsive guaranteed interest account (GIA) with MassMutual, which is managed by Great-West. The GIA is a stable value investment with a guaranteed rate of return and a guarantee of principal that is backed by the MassMutual general investment account. The GIA is provided through a group annuity contract issued by MassMutual to the Plan. MassMutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Under the contract, MassMutual is contractually obligated to repay the principal and interest that is calculated on a quarterly basis, based on the agreement with the Plan. The average rate for the investment in the Plan for 2021 was 1.53%. MassMutual assumes market, credit, and interest rate risk for the assets supporting the GIA. Contract value is the relevant measure for fully-benefit responsive contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the contracts. Contract value, as reported to the Plan by MassMutual, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The net asset value of the fund is determined daily. Units are issued and redeemed at the latest net asset value. Contract value approximates fair value. The GIA has restrictions on withdrawals up to one year in the event the Sponsor eliminated the investment option.

The following table summarizes the Plan's investments based on the inputs used to determine their fair values as of December 31, 2021 and 2020:

	Level 1	
	2021	2020
Mutual funds	\$ 9,391,664	\$ 7,838,008
Pooled separate accounts	538,317	527,451
Money market fund	2,931	4,436
Total	\$ 9,932,912	\$ 8,369,895

There has been significant volatility in the investment markets both nationally and globally since December 31, 2021, which has resulted in a substantial decline in the value of the Plan's investment portfolio. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

5. Plan Termination

Although it has not expressed any intent to do so, the Sponsor has a right under the Plan to discontinue contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

6. Income Tax Status

The Plan is operating under a volume submitter 403(b) plan offered by MassMutual. The Internal Revenue Service has determined and informed MassMutual by a letter dated March 31, 2017 that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has not obtained an individual determination letter and has been amended since the opinion letter was issued, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC. The plan administrator believes the Plan has no income subject to unrelated business income tax. The Plan's income tax returns for the past three years are subject to examination by taxing authorities and may change upon examination.

Schedule C Soft Dollar Compensation Eligible Indirect Compensation (“EIC”) Statement

Mutual fund investments with a retirement plan (whether held directly or indirectly through a separate investment account) can have soft dollar arrangements pursuant to which the investment advisor or sub-advisor of the mutual fund (and/or its affiliates) may direct trades to certain brokers in exchange for research and other services. The Securities and Exchange Act of 1934 contains guidance regarding the use of soft dollar arrangements.

For plans that invest directly or indirectly in the MassMutual Funds, soft dollar compensation is disclosed on the Schedule C and the Schedule C Formula Description and/or EIC Statement Description Attachment. For all other mutual funds, a Schedule C Soft Dollar Compensation Disclosure Attachment is provided and should be filed along with the Form 5500.

For additional information regarding soft dollar compensation, refer to the respective mutual fund’s Statement of Additional Information (“SAI”) for details regarding brokerage allocation and other practices.
