To the Plan Administrative Committee
Micron Technology Inc. Retirement at Micron (RAM) Plan

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Micron Technology Inc. Retirement at Micron (RAM) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standard generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Micron Technology Inc. Retirement at Micron (RAM) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered to the aggregate, that raise substantial doubt about Micron Technology Inc. Retirement at Micron (RAM) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatements, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for purpose of expressing an opinion on the effectiveness of Micron Technology Inc. Retirement at Micron (RAM) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluated the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about of Micron Technology Inc. Retirement at Micron (RAM) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express and opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, line 4(i) – schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management as was derived from and related directly to the underlying accounting and other records used to prepare the financials statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to the prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplement schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.
- The information in the supplement schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Micron Technology Inc. Retirement at Micron (RAM) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated June 15, 2021, we indicated that (a) because of the significance of information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

MICRON TECHNOLOGY INC.
RETIREMENT AT MICRON ("RAM") PLAN

Notes to Financial Statements

December 31, 2021 and 2020

(1) Description of the Plan

The following is a brief description of the Micron Technology Inc. (the Employer) Retirement at Micron ("RAM") Plan (the Plan) and provides general information only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Effective January 1, 2011, the Plan adopted a Qualified Automatic Contribution Arrangement (QACA) and is intended to satisfy the requirements of Code Section 401(k) and constitute a safe harbor 401(k) plan. All eligible employees can participate in the Plan as of their date of hire (Participants).

The Plan was restated effective January 1, 2021 on an Internal Revenue Service pre-approved plan.

(b) Contributions

- **Employee** – Participants are automatically enrolled at 6% (unless they choose to opt-out), but may elect to defer up to 75% of their eligible compensation through payroll deductions subject to Internal Revenue Code (IRC) limitations. Effective January 1, 2021, the employee contribution for any active participant who was automatically enrolled will increase 1% each year until the contribution is 15% of the participant's eligible compensation or a different election is made by the participant. Contributions can be made on a pre-tax, Roth, or after-tax basis. Such contributions are remitted by the Employer to the Plan. Employees who were age 50 or more during the Plan year were allowed to make additional catch-up contributions subject to IRC limitations.
- **Rollover** – Participants may transfer balances from other qualified plans and certain eligible retirement plans and accounts to the Plan.
- **Employer Matching** – Consistent with the QACA, the Employer makes matching contributions to the Plan. For the year ended December 31, 2021, employer matching contributions were equal to 100% of the Participants' contributions up to 5% of eligible compensation.

  Matching contributions are allocated to the Participants' account when received from the Employer.

  Contributions are subject to regulatory limitations.

(c) Participant Accounts

The Plan provides for two separate accounts for each participant:

- An employee account in which Participant contributions and rollover contributions, and earnings thereon are accumulated and allocated among the investment funds selected by the Participant, and

- An employer account in which the Employer's contributions and earnings thereon are accumulated and allocated among the investment funds selected by the Participant.

(d) Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the Participant's account and are included in administrative expenses. These include loan initiation and administration fees. Investment related expenses are included in net appreciation of fair value of investments.

(e) Vesting

Participants are, at all times, fully vested in their employee account balance.

Participants become fully vested in their Employer account balance after a two-year period based upon their years of service with the Employer as follows:

Years of service	Vesting percentage
1	0%
2	100%

In the event a Participant, that is a current employee of the Employer, reaches age 65, becomes disabled, or dies while participating in the Plan, his or her employer account becomes fully vested.

(f) Notes Receivable from Participants

The Plan allows participants to borrow against their vested account balances. The minimum amount that may be borrowed is $1,000. Loans are limited to 50% of the vested Participant's account balance, with a maximum outstanding loan balance of $50,000. The Participant loans are collateralized by the balance in the Participant account and the interest rate is equal to the prime rate plus 1% on the date the loan is requested. Interest rates ranged from 4.25% to 8.75% at December 31, 2021, for loans maturing through December 2041. The maximum term of a general loan is five years and the maximum term of a primary residence loan is 20 years.

(g) Payment of Benefits

A Participant's vested benefits are generally payable upon reaching retirement age, separation from service with the Employer, disability, or death. Participants may apply for an in-service withdrawal of their vested participant account if they are over 59-½ years of age. Participants younger than 59-½ may withdraw a portion of their account if they show an immediate financial hardship. All benefits are payable in a lump sum distribution. Timing of distributions due to separation from service with the Employer is at the election of the Participant if the vested account balance is in excess of $1,000. Vested balances that are less than $1,000 are issued in a lump sum as soon as practical.

(h) Plan Termination

The Employer has the right under the Plan, subject to the provisions of ERISA, to discontinue contributions to the Plan and to terminate the Plan. In the event of Plan termination, all Participants will become fully vested in all accounts maintained for their benefit. There is no current intent to terminate the Plan.

(i) Forfeitures

Participants who separate from service with the Employer prior to becoming fully vested in their Employer account, are entitled to a distribution of their vested Participant account balance. The Participant nonvested Employer account balance is forfeited. Under certain circumstances, the forfeited amount will be restored to a Participant account if the Participant is later reemployed. As allowed by the Plan, forfeitures of approximately $1,043,000 were used in 2021 to reduce Employer contributions. At December 31, 2021 and 2020, the Plan had approximately $1,900,000 and $933,000 respectively, of forfeitures available to reduce Employer contributions and to pay Plan administrative expenses in future periods.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements are prepared in accordance with accounting principles generally accepted in the United States of America using the accrual basis of accounting. Benefits are recorded when paid.

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make significant estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

(c) Risks and Uncertainties

The Plan provides for various investment options in investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in interest rates, market conditions, and credit in the near term would materially affect the values of such investments.

(d) Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 3 for discussion of fair value measurements.

The Plan presents in the statement of changes in net assets available for benefits the net appreciation in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation and depreciation on those investments. Purchases and sales of securities are recorded on a trade date basis and interest income is recorded on the accrual basis of accounting. Dividends are accrued on the ex-dividend date.

(e) Notes Receivable from Participants

Loans made to Plan Participants are secured by the underlying assets in the Participants' account. The loans are recorded at principal balance plus accrued interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan Agreement. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

(3) Fair Value Measurements

U.S. GAAP establishes a framework for measuring fair value, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for the Plan's assets measured at fair value.

Mutual Funds and Unitized Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan at year-end, based on quoted market prices.

Individually Directed Accounts: Accounts primarily consist of mutual funds, interest bearing cash, common stock, corporate bonds, and exchange traded funds that are valued on the basis of readily determinable market prices.

Collective Trusts: Units held in collective trusts (CTs) are valued using NAV practical expedient of the CTs as reported by the CT managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CTs, minus its liabilities, and then divided by the number of units outstanding.

CTs may be redeemed at NAV daily without restriction or notice requirements.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021:

	Investments at Fair Value			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 486,290,026	$ —	$ —	$ 486,290,026
Individually directed accounts	52,014,651	—	—	52,014,651
Total	$ 538,304,677	$ —	$ —	$ 538,304,677
Investment measured at net asset value, practical expedient				$ 2,743,888,489
Total investments at fair value				$ $3,282,193,166

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020:

	Investments at Fair Value			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 469,828,908	$ —	$ —	$ 469,828,908
Individually directed accounts	37,063,698	—	—	37,063,698
Total	$ 506,892,606	$ —	$ —	$ 506,892,606
Investment measured at net asset value, practical expedient				$ 2,480,968,284
Total investments at fair value				$ 2,987,860,890

(4) Tax Status

The Plan is set forth on an Internal Revenue Services (IRS) pre-approved plan document. The pre-approved plan document obtained its latest opinion letter from the IRS on March 31, 2014. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions.

(5) Information Certified by the Plan's Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly Fidelity Management Trust Company, the trustee of the Plan, has certified the completeness and accuracy of the following:

- Investments, at fair value as of December 31, 2021 and 2020
- Notes receivable from participants as of December 31, 2021 and 2020
- Net appreciation in fair value of investments for the year ended December 31, 2021
- Dividend and interest income for the year ended December 31, 2021

- Interest income on notes receivable from participants for the year ended December 31, 2021
- Schedule of assets (held at end of year)

(6) Parties in Interest

Certain Plan investments are shares of mutual funds or collective trusts, managed by Fidelity Investments Institutional Services Company, which is an affiliate of Fidelity. Therefore, transactions between Fidelity Investments Institutional Services Company and the Plan qualify as exempt party-in-interest transactions.

(7) Form 5500 Reconciliations

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31:

	2021	2020
Net assets available for benefits per the financial statements	$ 3,300,422,311	$ 3,009,965,807
Deemed distribution of participant loans	(911,804)	(826,837)
Net assets available for benefits per the Form 5500	$ 3,299,510,507	$ 3,009,138,970

The following is a reconciliation of certain activity in the statement of changes in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31:

	2021
Net increase in assets available for benefits per the financial statements	$ 290,456,504
Change in deemed distributions	(84,967)
Net income per the Form 5500	$ 290,371,537

(8) Subsequent Events

The plan was amended and restated effective January 1, 2022, to comply with IRS regulations.

Management has evaluated subsequent events through the date the financial statements were available to be issued on June 15, 2022.
