REPORT OF INDEPENDENT AUDITORS

To the Plan Administrator and Participants
South Oxford Management LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of South Oxford Management LLC 401(k) Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year ended, and the related notes to the financial statements (collectively, the “2021 Financial Statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan’s 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Principal Trust Company as of December 31, 2021 and for the year then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the 2021 Financial Statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the 2021 Financial Statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the 2021 Financial Statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the 2021 Financial Statements.

In preparing the 2021 Financial Statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the 2021 Financial Statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the Financial Statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the 2021 Financial Statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the 2021 Financial Statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the 2021 Financial Statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of Form 5500 - Schedule H, Line 4i Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 Financial Statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated July 19, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 Financial Statements, and (b) the form and content of the information included in the 2020 Financial Statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

SOUTH OXFORD MANAGEMENT LLC 401(K) PLAN

Notes to Financial Statements

Note 1 - Description of the Plan

The following description of the South Oxford Management LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement or Summary Plan Description for a more comprehensive description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of South Oxford Management (Plan Sponsor or Employer) and was formed on February 15, 2017. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). In addition, the financial statements have been prepared in compliance with ERISA and the Internal Revenue Code (IRC).

The Plan is administered by the Plan Sponsor and the Plan's assets are held in trust pursuant to a trust agreement with Principal Trust Company (Principal), (the Trustee). See Note 5.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act, also known as the CARES Act, was signed into law. The CARES Act contains several provisions that temporarily impact 401(k) plans, such as the waiver of required minimum distributions, a new hardship withdrawal option, and increased loan limits. The Company has incorporated these provisions into the Plan.

Eligibility

To participate in the Plan, employees must be at least 18 years of age and have completed sixty days of service. Participants may commence salary deferrals once the service requirements are met.

Contributions

The Plan is a Qualified Automatic Contribution Arrangement (QACA) safe harbor plan. Each year, participants may contribute between 1 and 100 percent of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The maximum catch-up contribution is \$6,500. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. If the participant does not choose a different percentage, including zero, the percentage will be automatically increased each January 1 by 1 percent up to a maximum of 10 percent.

SOUTH OXFORD MANAGEMENT LLC 401(K) PLAN

Notes to Financial Statements

Note 1 - Description of the Plan – (Continued)

Contributions – continued

Company contributions can be made in the form of QACA matching contributions, discretionary contributions and qualified non-elective contributions. The matching contribution is equal to 100 percent of the participant elective deferral contributions which are not over 1 percent of the participant's pay plus 50 percent of the participant elective deferral contributions which are over 1 percent of the participant's pay, but not over 6 percent of the participant's pay. Discretionary contributions are allocated to participants based upon total compensation for all participants. Participants are required to be an active participant to receive an allocation of discretionary contributions. There were no discretionary or qualified non-elective contributions for the year ended December 31, 2021.

Participant accounts

Each participant's account is credited with the participant's contributions and an allocation of the matching contributions and plan earnings and losses, and charged with an allocation of administrative expenses. Allocations of plan earnings and losses are based on a participant's account balance in each investment option as a percentage of the total of all participants' account balances.

Vesting

Participants are vested immediately in their contributions as well as all forms of employer matching contributions, and any income or loss thereon.

Payment of benefits

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. Upon death, disability, or retirement, a participant is eligible to receive a lump-sum distribution. The cash out provision of the Plan allows the Plan, upon termination of employment, to distribute vested account balances of less than \$5,000 without the participant's consent as a lump-sum distribution or by direct rollover to an IRA or other eligible retirement plan. Account balances exceeding \$1,000 may be distributed to an Individual Retirement Account or Annuity (IRA) or other eligible retirement plan with the written consent of the participant. In addition, the Plan allows for in-service distributions of up to \$1,000 provided the participant has attained the age of 65.

SOUTH OXFORD MANAGEMENT LLC 401(K) PLAN

Notes to Financial Statements

Note 1 - Description of the Plan – (Continued)

Payment of benefits – continued

A participant may receive a hardship distribution from their vested account if the distribution is an “immediate and heavy financial need” related to: (i) medical expenses incurred by the participant, their spouse or dependents; (ii) the purchase of (excluding mortgage payments) a principal residence of the participant; (iii) the payment of post-secondary tuition expenses incurred by the participant, their spouse or dependents; (iv) the need to prevent eviction of the participant from his or her principal residence or foreclosure upon the mortgage of the participant’s principal residence; or (v) any other distribution which is deemed by the Commissioner of Internal Revenue to be necessary to satisfy an immediate and heavy financial need of a participant, as provided in Treasury regulations.

Investment options

Participants direct the investment of their contributions into several investment options including collective investment trusts, separate account investments, mutual funds, and insurance investment contracts offered by the Plan.

Notes receivable from participants

Under provisions of the Plan, participants are allowed to borrow from their plan accounts. The maximum amount that a participant may borrow is the lesser of (i) 50% of their total vested account balance or (ii) \$50,000. The minimum amount of a note is \$1,000. Participants may only be granted two loans during any one-year period. The notes are secured by the balance in the participant’s account and bear interest at a rate similar to loans from commercial lending institutions. Interest rates were from 5.25% to 7.50% as of December 31, 2021 and 2020. Notes receivable are to be repaid within five years. Principal and interest are paid ratably through periodic payroll deductions.

Administrative expenses

Administrative expenses are generally paid by the Employer. However, the Plan may pay transaction fees which are allocated to the specific participant initiating the transaction.

Basis of accounting

The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

SOUTH OXFORD MANAGEMENT LLC 401(K) PLAN

Notes to Financial Statements

Note 2 - Summary of Significant Accounting Policies – (Continued)

Use of estimates

The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates. See Note 3 for discussion of significant estimates used to measure fair value of investments.

Investment valuation and income recognition

Investments held by the Plan, excluding those held in fully benefit-responsive investment contracts, are stated at fair value. See Note 3 for further discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of benefits

Benefits paid to participants are recorded as a reduction of net assets available for benefits when paid.

Notes receivable from participants

Notes receivable from participants are recorded at their unpaid principal balance plus any accrued but unpaid interest. An allowance for credit losses is not necessary as the notes are collateralized by the participants' account balance. Delinquent notes from participants are reclassified as distributions based upon provisions of the Plan document.

Risks and uncertainties

The Plan and its participants invest in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities, it is possible that changes in the value of investment securities will occur at any given time, and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Asset management fees

Plan participants are charged for asset management fees based on fund balances. Asset management fees are accrued daily by the Trustee based on participant balances in each fund and are included in net appreciation (depreciation).

SOUTH OXFORD MANAGEMENT LLC 401(K) PLAN

Notes to Financial Statements

Note 2 - Summary of Significant Accounting Policies – (Continued)

Subsequent events

The Plan's Trustee has evaluated events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure in the notes to the financial statements. The accompanying financial statements consider events through July 11, 2022, the date which the financial statements were available to be issued.

Note 3 - Fair Value Measurements

Fair value is defined as the price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. GAAP also establishes a fair value hierarchy, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value.

The standard describes three levels of inputs that may be used to measure fair value:

Level 1: Quoted prices in active markets for identical assets or liabilities.

Level 2: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or that can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

An asset or liability's classification within the fair value hierarchy is based on the lowest level of significant input to its valuation.

Following is a description of the valuation methodologies used for assets measured at fair value.

Collective investment trusts and separate accounts: Valued at net asset value of units held by the Plan at year end based on the net asset value of the underlying investment.

Mutual funds: Valued at the closing price reported on the active market on which the Fund is traded.

SOUTH OXFORD MANAGEMENT LLC 401(K) PLAN

Notes to Financial Statements

Note 3 - Fair Value Measurements – (Continued)

The valuation methods described above may produce a fair value measurement that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes the valuation methods are appropriate and consistent with other market participants, the use of differing methodologies or assumptions to determine the fair value of the Plan's investments could result in different fair value measurements at the reporting dates.

The Plan's fair value hierarchy for those assets measured at fair value is as follows:

Description	December 31, 2021			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 1,599,630	\$ -	\$ -	\$ 1,599,630
Investments measured at NAV (a)				10,734,851
				<u>\$ 12,334,481</u>

Description	December 31, 2020			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 1,104,815	\$ -	\$ -	\$ 1,104,815
Investments measured at NAV (a)				6,987,182
				<u>\$ 8,091,997</u>

- (a) In accordance with accounting standards, certain investments that were at net asset value per share have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of their fair value hierarchy to the Statement of Net Assets Available for Benefits.

SOUTH OXFORD MANAGEMENT LLC 401(K) PLAN

Notes to Financial Statements

Note 4 - Investment in Insurance Contract

The Plan maintains one GIC related investment option, the Principal Life Insurance Company Fixed Income Guaranteed Option, which is a traditional investment contract. The underlying investment options of this contract are considered to be fully benefit-responsive as described in FASB ASC 946, Plan-Accounting-Defined Contribution Pension Plans, and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses.

The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed by the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0%. The crediting rate is reviewed on a semi-annual and annual basis for resetting.

The determination of credited interest rates, as determined by the service provider, reflects a number of factors, including mortality and expense risks, interest rate guarantees, the investment income earned on invested assets and the amortization of any capital gains and/or losses realized on the sale of invested assets. A market value adjustment may apply to amounts withdrawn at the request of the contract holder.

The underlying contract has no restrictions on the use of Plan assets and there are no valuation reserves recorded to adjust contract amounts.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (i) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, or (iii) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Note 5 - Information Certified by the Trustee (Unaudited)

The plan administrator has elected the method of annual reporting permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the Trustee, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental schedule.

The Trustee has certified that the following data included in the financial statements and supplemental schedule is complete and accurate at December 31:

	2021	2020
Collective investment trust accounts	\$ 10,042,699	\$ 6,518,505
Mutual funds	1,599,630	1,104,815
Separate accounts	692,152	468,677
Fixed income guaranteed option	97,211	60,982

The Trustee also certified to the completeness and accuracy of the following data for the year ended December 31, 2021:

Net appreciation of investments	\$ 1,465,427
Dividends and interest	17,048

Note 6 - Income Tax Status

The prototype Plan received a favorable determination letter from the IRS dated March 31, 2014, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been restated since receiving the determination letter, the plan administrator believes that the Plan currently is designed and being operated in compliance with the applicable requirements of the IRC and therefore, the Plan qualifies under Section 401(a) and the related trust is tax-exempt as of December 31, 2021. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Party-in-Interest Transactions

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering services to the Plan, the Employer, and certain others. Certain plan investments bear the name sake of Principal Trust Company, the third party Trustee of the Plan, and as such, transactions conducted by Principal Financial Group qualify as party-in-interest transactions.

Note 8 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

*The fair values of the investments have been estimated using the net asset value of the investment.

- (a) The investment seeks a total return consisting of long-term growth of capital and current income. The fund invests in underlying Principal domestic and foreign equity, real estate investments, and fixed-income funds according to an asset allocation strategy designed for investors having an investment time horizon comparable to that of the fund. It allocates the assets more conservatively over time.
- (b) The investment option normally invests the majority of assets in common stocks of companies that compose the S&P 500 Index. Management attempts to mirror the investment performance of the index by allocating assets in approximately the same weightings as the S&P 500 Index. Over the long-term, management seeks a very close correlation between the performance of the Separate Account before expenses and that of the S&P 500 Index.

Note 9 - Net Asset Value (NAV) Per Share – (Continued)

- (c) The investment seeks long-term growth of capital and normally invests the majority of assets in common stocks of companies that compose the S&P SmallCap 600 Index. Management attempts to mirror the investment performance of the index by allocating assets in approximately the same weightings as the S&P 600 Index. Over the long-term, management seeks a very close correlation between the performance of the Separate Account before expenses and that of the S&P 600 Index.
- (d) The investment option normally invests the majority of assets in common stocks of companies that compose the S&P MidCap 400 Index. Management attempts to mirror the investment performance of the index by allocating assets in approximately the same weightings as the S&P MidCap 400 Index. Over the long-term, management seeks a very close correlation between the performance of the Separate Account before expenses and that of the S&P MidCap 400 Index.
- (e) The investment invests the majority of assets in commercial real estate holdings. It focuses on properties that return both lease income and appreciation of the buildings' marketable value. The property holdings usually contain real estate from the multi-family, office, warehouse/manufacturing, and retail sectors. This investment option is subject to investment and liquidity risk and other risks inherent in real estate such as those associated with general and local economic conditions. You may not be able to immediately withdraw funds contributed to this Separate Account. A contractual limitation in the group annuity contract that provides access to this Separate Account may be implemented, which will allow management of this Separate Account, and satisfy withdrawal requests over time and fairly amongst all those who request a withdrawal.
- (f) The investment seeks long-term growth of capital by investing primarily in stocks of non-US companies with relatively small capitalizations. It invests in securities of companies with their principal place of business or principal office outside the US; companies for which the principal securities market is outside the US; or companies, regardless of where their securities are traded, that derive 50% of their total revenue outside of the US. Under normal market conditions, it invests at least 80% in companies similar in size to companies included in the Citigroup Extended Market Index (EMI) World ex US.

Note 10 - Prohibited Transactions

During 2021, the Plan Sponsor failed to remit to the Plan's trustee certain employee contributions totaling approximately \$940. Delays in remitting contributions to the Trustee were due to administrative errors. These delayed employee contributions were remitted to the Plan by the Plan Sponsor in 2021.
