Independent Auditor's Report

Plan Administrator
LMI 401(k) Plan
McLean, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements

We have performed audits of the financial statements of LMI 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our reports:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of **Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021** is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

LMI 401(k) Plan

Notes to the Financial Statements

1. Description of the Plan

The following description of the LMI 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established by LMI (the Company or Employer) in 1962 under the name of Logistics Management Institute Defined Contribution Retirement Plan as a defined contribution plan with 401(a) Employer contribution provisions covering substantially all employees of the Company. Effective March 31, 2020, the LMI 401(a) Plan was amended and restated as the LMI 401(k) Plan.

On April 1, 2020, LMI established LMI Consulting LLC, a single-member limited liability company of LMI, the not-for-profit parent. For employment tax reporting purposes, substantially all employees were transferred from LMI to LMI Consulting LLC, effective January 1, 2021. The Retirement Program Investment Committee is responsible for oversight of the Plan. The Retirement Program Investment Committee determines the appropriateness of the Plan's investment options and monitors investment performance and reports. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees are eligible to participate in the Plan on their date of hire.

Effective August 31, 2021, the Plan changed the third party administrator and recordkeeper from Transamerica to Fidelity Workplace Services LLC (Fidelity). Fidelity Management Trust Company is the custodian for the investments administered by Fidelity. TIAA and CREF is also a service provider for investments. Participants with assets at TIAA and CREF have the option of transferring their investments to Fidelity Management Trust Company, provided they were not subject to the extended withdrawal limitation of the TIAA Traditional Annuity fund. Therefore, as of December 31, 2021, benefits were funded by dollar annuities issued by TIAA, the TIAA Real Estate account, the various variable annuities offered by CREF and the registered investment companies offered by Fidelity Management Trust Company.

In addition to the mutual fund investment options offered by Fidelity Management Trust Company, participants can elect to invest using a self-directed brokerage account within the Plan administered by Fidelity Brokerage Services LLC. Through the self-directed brokerage account, participants have access to individual securities and numerous mutual funds including institutional class funds not available to individual investors.

Contributions

The Company contributes to each eligible employee an amount equal to 100% of the first 3% of each employee's contributed elective deferrals, up to the maximum of 3% of employee's compensation, as defined in the plan documents.

The Company also makes additional nonelective employer contributions equal to 4% of each eligible employee's compensation, allocated in the same ratio that such employee's compensation bears to the total compensation for all employees.

The plan has an automatic enrollment provision applicable to eligible employees of the Plan, unless employees affirmatively elect otherwise. The Company will automatically withhold 3% of the

LMI 401(k) Plan

Notes to the Financial Statements

eligible employee's pre-tax compensation. Employees can make elective deferral contributions up to 90% of his or her base compensation at the time of hire. Participants can defer additional base earnings on a pre-tax basis or Roth contributions. Participants may change the amount deferred at their discretion. Pre-tax and/or Roth rollovers from a previous employer's plan or rollover Individual Retirement Account (IRA) are permitted. Employer contributions are subject to the nondiscrimination requirements and salary cap limitations of the IRC. The Plan's contributions for 2021 met the minimum funding requirements of ERISA.

Participant Accounts

Each participant's account is credited with the participant's contributions, an allocation of the employer's contribution and Plan earnings, if any, based on the investments that participants select. Participant accounts are charged with a per capita fee for administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and employer contributions, plus actual earnings thereon.

Payment of Benefits

On termination of service due to death, disability, retirement or any other reason, a participant or beneficiary may elect a single sum payment or choose from one of seven optional forms of distribution, to receive an amount equal to the value of participant's vested account balances. Optional forms of distribution are as follows:

- 1) A straight life annuity;
- 2) Single life annuities with certain periods of 5, 10, 15 or 20 years;
- 3) A single life annuity with installment refund (for participants with entry dates prior to December 30, 2010);
- 4) Survivorship life annuities with installment refund and survivorship percentages of 50%, 66 2/3%, 75%, or 100%;
- 5) Fixed period annuities for any period of whole months that is not less than 60;
- 6) A fixed period installment option; or
- 7) A fixed payment installment option.

Unless directed by the participant, payments cannot be deferred beyond the latest of the following:

- 1) Normal retirement date under the Plan or age 65, if earlier;
- 2) Termination of employment; or

The normal retirement date of each participant is the last day of the fiscal year in which the participant attains age 59 ½. Retirement may be deferred past age 59 ½.

Upon termination of service, if the vested value of a participant's account is less than \$1,000, his or her account will be distributed in a single lump-sum payment.

LMI 401(k) Plan

Notes to the Financial Statements

Notes Receivable

Effective April 1, 2020, participants are allowed to enter into two loans per calendar year, with a maximum of two outstanding loans. The minimum loan amount is \$1,000. Repayment must be made within five years (ten years if the loan is used to purchase a primary residence). The notes are secured by the vested account balance in the participant's account, and bear interest at rates ranging from 4.25% to 6.50%. Principal and interest are paid directly by the participant to Fidelity via certified funds. As of December 31, 2021 and 2020, notes receivable from participants totaled \$1,458,485 and \$1,207,580, respectively.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account. Accounts of participants are charged an annual fee of \$65, which is assessed on a quarterly basis at \$16.25 for the period from January 1, 2021 to August 30, 2021. Effective August 31, 2021, an annual fee of \$15.75 is charged to participant accounts. Investment related expenses are included in net appreciation of fair value of investments.

2. Summary of Accounting Policies

Basis of Accounting

The Plan's financial statements and supplemental schedule are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from estimated amounts.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). See Notes 4 and 5 for further information related to fair value measurements.

Purchases and sales of securities are recognized principally on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

LMI 401(k) Plan

Notes to the Financial Statements

Administrative Expenses

Administrative expenses are paid directly by the Company, or by the Plan and/or plan participants, as defined in the Plan. Expenses paid by the Company are excluded from these financial statements. Investment management fees are presented in net appreciation in fair value of investments on the statements of changes available for benefits.

3. Certified Investments

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity and TIAA and CREF, qualified institutions, have certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Investment income, net and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021.
- Investment information included in the schedule of assets (held at end of year) as of December 31, 2021, as shown on the ERISA-required supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

LMI 401(k) Plan

Notes to the Financial Statements

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies and inputs used for assets and liabilities measured at fair value.

Registered Investments

Mutual Funds:

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission (SEC). These funds are required to publish their net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

CREF Registered Investments:

These investment accounts are variable annuity separate accounts which are registered investments that invest principally in equity securities, fixed-income instruments and short-term investments in accordance with each portfolio's investment objectives. Account investments and fund holdings are primarily valued using market quotations or prices obtained from independent pricing sources that may employ various pricing methods to value the investments including matrix pricing. Money market account holdings are generally valued at amortized cost. On a daily basis, units in these investments are revalued to reflect performance of the underlying investments minus any fees and charges. The unit value is published on NASDAQ. However, these investments are not publicly traded.

Pooled Separate Account

The TIAA Real Estate Fund, a pooled separate account, invests in real estate properties and related estate-related investments. As such the value of this account is principally derived from the market value of the underlying real estate holdings or other real estate-related investments. Real estate holdings are valued principally using external appraisers, which are estimates of property values based on a professional's opinion. The account sometimes holds securities as well. These securities are generally priced using values obtained from independent pricing sources. The pooled separate account is stated at fair value as determined in accordance with the policies and procedures reviewed by the Investment Committee of Trustees. The unit value of the pooled separate account is published on NASDAQ. However, the pooled separate account is not publicly traded.

The value of the units held in the pooled separate account is based on the market value of the underlying real estate holdings with TIAA which are valued principally utilizing external appraisals and involve significant judgment. Appraisals can be subjective in certain respects and rely on a

LMI 401(k) Plan

Notes to the Financial Statements

variety of assumptions and conditions at the respective property or in the market in which the property is located, which may change materially after the appraisal is conducted.

The pooled separate account provides participants with a liquidity guarantee enabling the account to have funds available to meet participant redemption, transfers, or cash withdrawals. TIAA guarantees that participants can redeem their accumulated unit value determined after their transfer or cash withdrawal request is received in good order.

Fixed Annuity Contracts - Non-Fully Benefit-Responsive

The non-fully benefit-responsive (NFBR) fixed annuity contracts, composed entirely of TIAA Traditional Annuity Contracts, are reported at fair value, as approximated by contract value. The contract value equals accumulated cash contributions and interest credited to the Plan's contracts, less withdrawals. The TIAA Traditional Annuity is not available for sale or transfer on any securities exchange, and is subject to various restrictions - see Note 5.

Self-Directed Brokerage Account

The Plan value's the investments in the self-directed brokerage account at fair value. Common stock, mutual funds, and fixed income securities, which are held in the self-directed brokerage account and traded in active markets on national and international securities exchanges are valued at closing prices on the last business day of each period presented. Generally, corporate bonds are valued using pricing models maximizing the use of observable inputs for similar securities. Securities traded in markets that are not considered active are valued based on quoted market prices, broker or dealer quotations, or alternative pricing sources with reasonable levels of price transparency.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

	Assets at Fair Value as of December 31, 2021

5. Fixed Annuity Contracts-NFBR with TIAA

Fixed annuity contracts-NFBR consist of an investment option available to participants known as the TIAA Traditional Annuity (Annuity). Annuity contracts are established between the participants and TIAA, an insurance company registered in the state of New York. This investment option is offered in a variety of formats, including Retirement Annuities (RA), Supplemental Retirement Annuities

LMI 401(k) Plan

Notes to the Financial Statements

(SRA), and Group Supplemental Retirement Annuities (GSRA). The return of Annuity contributions plus interest to participants is subject to TIAA's claims-paying ability.

Annuity accounts are credited with a guaranteed minimum rate of interest that is determined annually. Participants may also earn interest in addition to the guaranteed rate at the discretion of TIAA. Such discretionary interest, if any, is declared by TIAA on a year-by-year basis and remains in effect for the subsequent twelve-month "declaration year".

Contributions to the Annuity accounts are grouped by TIAA into "vintages" comprised of premiums received over defined time periods of one or more continuous calendar months. The interest crediting rate for each vintage is determined, in part, by the net investment earnings rate of the TIAA assets supporting that vintage, minus a charge for administrative expenses and an amount set aside for contingency reserves. Crediting rates are also determined by the performance of investments contained in TIAA's general account.

RA account balances may only be withdrawn via periodic payments over several years. Because this provision is considered to restrict participants' "reasonable access" to their contract balances, RA's are not considered to be fully benefit-responsive investment contracts as defined by ASC 962, *Plan Accounting - Defined Contribution Pension Plans*.

SRA's and GSRA's are considered fully benefit-responsive investment contracts, because they are fully liquid and immediately cashable once a participant terminates employment (unless they are pledged as collateral on a Plan Loan).

6. Related Party Transactions and Party-in-Interest Transactions

The Plan invests in shares of funds managed by Fidelity Management Trust Company and TIAA and CREF. Fidelity Management Trust Company and TIAA and CREF act as custodians for those investments as defined by the Plan, and TIAA and CREF offers fixed annuity contracts as investments for the Plan. Transactions in such investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rules of ERISA. Notes receivable from participants are also considered exempt party-in-interest transactions.

7. Income Tax Status

The Plan has obtained a favorable determination letter from the Internal Revenue Service (the IRS) dated March 31, 2014, that the Volume Submitter Profit Sharing Plan with CODA is qualified under the IRC section 401(c).

The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan Administrator is required to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS and the DOL. The Plan is subject to routine audits by taxing jurisdictions for tax years for which the applicable statutes of limitations have not expired; however, there are currently no audits for any open tax periods in progress.

LMI 401(k) Plan

Notes to the Financial Statements

8. Risks and Uncertainties

On January 30, 2020, the World Health Organization (WHO) announced a global health emergency because of a new strain of coronavirus (COVID-19). The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and contributed to volatility in financial markets. Since the values of the Plan's investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined.

9. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to reduce or discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would remain 100% vested in their employer contributions.

10. Subsequent Events

The Plan Administrator evaluated subsequent events through July 15, 2022, which is the date the financial statements were available to be issued. The Plan Administrator is not aware of any subsequent events which would require recognition or disclosure in the financial statements.

Independent Auditor's Report

Plan Administrator
LMI 401(k) Plan
McLean, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements

We have performed audits of the financial statements of LMI 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our reports:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of **Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021** is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).
