INDEPENDENT AUDITOR'S REPORT

To the Member
AscensionPoint Recovery Services, LLC

Opinion

We have audited the accompanying financial statements of Ascensionpoint Recovery Services, LLC (a Delaware LLC) which comprise the balance sheets as of December 31, 2021 and 2020, and the related statements of earnings, changes in members' equity, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Ascensionpoint Recovery Services, LLC as of December 31, 2021 and 2020, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Ascensionpoint Recovery Services, LLC and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Ascensionpoint Recovery Services, LLC's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Ascensionpoint Recovery Services, LLC's internal control. Accordingly, no opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Ascensionpoint Recovery Services, LLC's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

AscensionPoint Recovery Services, LLC

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE A - NATURE OF BUSINESS AND SIGNIFICANT ACCOUNTING POLICIES

Nature of Business

AscensionPoint Recovery Services, LLC (the Company) is a nationally licensed collection agency recovery entity that specializes in decedent debt recovery. The Company is a wholly-owned subsidiary of Teton Asset Management, LLC (the Member). The Member develops and creates subsidiaries to capitalize on key business opportunities within the financial industry.

Summary of Significant Accounting Policies

1. Use of Estimates

In preparing financial statements in conformity with accounting principles generally accepted in the United States of America, management makes estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the financial statements as well as the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

2. Cash Held in Trust on Behalf of Others

The Company has established trust accounts as required by each client. The utilization, access and distribution of monies from the respective trust accounts are determined by each client.

3. Commissions Receivable

Commissions receivable are recorded at cost when commissions are earned and presented in the balance sheet net of the allowance for doubtful accounts. Commissions receivable are written off when they are determined to be uncollectable. The Company collects on debts from various major financial institutions. The allowance for doubtful accounts is estimated based upon the Company's historical collections and the financial stability of its customers.

As of December 31, 2021 and 2020 the Company deemed all commissions receivable fully collectable; accordingly, no allowance is estimated.

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE A - NATURE OF BUSINESS AND SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

4. Fixed Assets

Equipment, furniture and fixtures, and software are stated at cost. Depreciation is provided principally on the straight-line method for financial reporting purposes at rates based on the following estimated useful lives:

	Years
Equipment	5 – 7
Furniture and fixtures	7
Software	3

For federal income tax purposes, depreciation is computed using the modified accelerated cost recovery system.

The cost of assets sold or otherwise disposed of and the accumulated depreciation thereon are eliminated from the accounts and the resulting gain or loss is reflected in net earnings, except for gains on assets traded where no cash is received. Expenditures for maintenance and repairs are charged to net earnings as incurred; replacements and betterments that extend the useful lives are capitalized.

Long-lived assets held and used by the Company are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. In the event that facts and circumstances indicate that the cost of any long-lived assets may be impaired, an evaluation of recoverability would be performed following generally accepted accounting principles.

5. Paycheck Protection Program Loan

During May 2020, the Company received loan proceeds of \$1,522,500 under the Paycheck Protection Program ("PPP") under a promissory note from a bank (the "PPP Loan"). The PPP, established as part of the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act"), provides for loans to qualifying businesses for amounts up to 2.5 times the average monthly payroll expenses of the qualifying business. As amended, the CARES Act provides that the loans and accrued interest are forgivable after twenty-four weeks as long as the borrower uses the loan proceeds for eligible purposes, including payroll, benefits, rent and utilities, and maintains its payroll levels. The loan was initially recorded in long-term obligations. In March 2021, the governing authority granted forgiveness of \$1,522,500 in principal and \$12,764 in accrued interest. The loan and interest were derecognized through other income during the year ended December 31, 2021.

NOTE A - NATURE OF BUSINESS AND SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

6. Fair Value of Instruments

The Company's financial instruments are cash, accounts receivable and accounts payable. The recorded values of cash, accounts receivable and accounts payable approximate their fair value based on their short-term nature.

7. Revenue Recognition

The Company recognizes fee based income in accordance with the authoritative guidance for revenue recognition, specifically principal agent considerations. The revenue recognition guidance requires an analysis to be completed to determine if certain revenues should be reported gross or reported net of their related operating expense. This analysis includes an assessment of who establishes pricing and remains the primary obligor on the transaction. The Company considers each of these factors to determine the correct method of recognizing fee-based income. Fee-based income is included in "Probate Commissions" in the Company's statements of earnings.

The Company earns fee-based income by providing collection services to credit originators for decedent related debt. Performance obligations for this revenue stream under the standard primarily arise from debt collection and management activities. These performance obligations are typically satisfied when services are performed and debt is collected. Consideration is typically a percentage of the amount collected. Under this accounting standard, revenue is recognized over time as a series of single performance obligations when the Company is entitled to a percentage of collections received, since the customer simultaneously receives and consumes the benefits provided by the performance of debt collection and management. The method for measuring progress toward satisfying a performance obligation is based on the debt collected, as the contract is based on commissions. Costs to fulfill a contract are expensed when incurred.

8. Operating Leases

For operating leases, minimum lease payments, including minimum scheduled rent increases, are recognized as rent expense on a straight-line basis (Straight-Line Rent) over the applicable lease terms. The term used for Straight-Line Rent is calculated initially from the date of possession of the leased premises through the expected lease termination date.

AscensionPoint Recovery Services, LLC

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE A - NATURE OF BUSINESS AND SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

8. Operating Leases - Continued

For leases that contain rent escalations, the Company records the rent payable during the lease term, as determined above, on the straight-line basis over the term of the lease and records the excess of the Straight-Line Rent over the minimum rents paid as a long-term liability labeled "Deferred Rent."

9. Income Taxes

The Company is considered a disregarded entity for federal income tax purposes, and no provision for or benefit from income taxes is recorded in the financial statements of the Company. The Company's income and subsequent taxes are passed through to and reported by the Member. For state income tax purposes, the minimum fee, if applicable, is recorded as an operating expense of the Company.

The Member and the Company are responsible for evaluating the likelihood that its uncertain tax positions will prevail upon examination based on the extent to which those positions have substantial support within the Internal Revenue Code and Regulations, Revenue Rulings, court decisions and other evidence. It is the opinion of management and the Member that the Company has no significant uncertain tax positions that would be subject to change upon examination. Federal and state income tax returns are subject to examination by the income taxing authorities, generally for three years after they were filed. Interest and penalties, if any, assessed by income taxing authorities, will be recorded in general and administrative expenses.

10. New Pronouncements

In February 2016, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2016-02, Leases (Topic 842). This ASU modifies lease accounting to increase transparency and comparability by recognizing lease assets and lease liabilities on the balance sheet and disclosing key information about leasing arrangements. The most significant changes for lessees will be the recognition of both a liability to make lease payments (the lease liability) and a right-of-use asset representing its right to use the underlying asset for the lease term for those leases classified as operating leases under current GAAP. Leases will be classified as either finance or operating, with classification affecting the pattern of expense recognition in the income statement. Under the new standard, disclosures are required to meet the objective of enabling users of financial statements to assess the amount, timing and uncertainty of cash flows arising from leases. Certain accounting policy elections are permitted for leases with terms of 12 months or less.

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE A - NATURE OF BUSINESS AND SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

10. New Pronouncements - Continued

FASB Accounting Standards Codification (ASC) Topic 842, Leases ("ASC 842"), supersedes current lease requirements in FASB ASC Topic 840, Leases. When adopted, the amendments in the ASU must be applied using a modified retrospective approach, with certain practical expedients available. The new standard is effective for nonpublic companies for annual periods beginning after December 15, 2021. As part of the overall evaluation of the standard, the Company will assess changes to its accounting policies and practices to support the standard. The Company has not determined the impact of this standard on its financial statements.

NOTE B - CONTRACT BALANCES

NOTE C - INTERNALLY DEVELOPED SOFTWARE

The Company capitalizes qualified computer software costs incurred during the application development stage and amortizes them over their estimated useful life of three years on a straight-line basis beginning when the project is completed.
