Independent Auditors' Report

To the Plan Administrator of
Okay Industries, Inc. Profit Sharing/401(k) Retirement Plan

Opinion

We have audited the accompanying financial statements of Okay Industries, Inc. Profit Sharing/401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Okay Industries, Inc. Profit Sharing/401(k) Retirement Plan as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the year ended December 31, 2021, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Independent Auditors' Report (continued)

Responsibilities of Management for the Financial Statements (continued)

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Independent Auditors' Report (continued)

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Schedule of Assets (Held at End of Year) and Schedule of Reportable Transactions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Okay Industries, Inc. Profit Sharing/401(k) Retirement Plan

Notes to Financial Statements

Year Ended December 31, 2021

1. Description of Plan

The following description of Okay Industries, Inc. Profit Sharing/401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document, and any amendments thereto, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan with a safe harbor 401(k) component covering all eligible employees of OKAY Industries, Inc. (the Company). Employees are eligible to participate in the Plan on the first of the month following 90 days of service. They are eligible for employer safe harbor non-elective contributions after six months of service and for profit sharing contributions after one year of service, with entry dates on January 1st and July 1st of each year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The trustees are responsible for oversight of the Plan, determining the appropriateness of the investment offerings and monitoring investment performance.

Effective December 15, 2021, all assets of the Plan were transferred to a new trustee, Empower Retirement. In conjunction with this transfer, all profit sharing plan assets which were formerly non participant-directed were transferred to participant-directed investment options.

Contributions

Each year, participants may make salary deferral contributions to the Plan based on a percentage of their annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company has elected to make employer safe harbor nonelective contributions equal to 3% of each participant's eligible compensation, as defined by the Plan. For the year ended December 31, 2021, the employer safe harbor nonelective contribution totaled \$507,072. Participants direct the investment of certain contributions into various investment options offered by the Plan. The Plan offered a variety of pooled separate accounts as investment options for participant salary deferral contributions and employer safe harbor nonelective contributions, and effective December 15, 2021, offers a variety of mutual funds, collective trust funds, and a fixed annuity as investment options for participant salary deferral contributions and employer contributions.

Okay Industries, Inc. Profit Sharing/401(k) Retirement Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Contributions (continued)

The Company may also make a profit sharing contribution equal to the lesser of 12½% of its operating profits (inclusive of the safe harbor contributions described above) or 12% of all employees' aggregate eligible compensation, as defined by the Plan. In order to receive an allocation of the profit sharing contribution, participants must be employed on the last day of the Plan year and have completed 1,000 hours of service during the Plan year. The Company's profit sharing contributions were nonparticipant-directed and are invested at the discretion of the Plan's trustees. Effective December 15, 2021, the profit sharing contributions are allocated to the same participant-directed investment options as the participant salary deferral contributions and employer safe harbor nonelective contributions. For the year ended December 31, 2021, there was a profit sharing contribution of \$14,590. In addition, the Company may make additional contributions to the Plan at the discretion of the Board of Directors. During 2021, no additional contributions were made. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and Plan earnings. Allocations are based on participant earnings, account balances or specific participant transactions, as defined by the Plan.

Administrative and investment advisory charges are paid directly by the Plan. Investment expenses charged by the investment options in which the Plan invests are paid directly from the underlying assets of the respective investment and are included in net appreciation in fair value of investments in the statement of changes in net assets available for benefits. All other charges related to the administration of the Plan are paid by the Company.

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Okay Industries, Inc. Profit Sharing/401(k) Retirement Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Vesting

Participants are vested immediately in their salary deferral contributions and employer safe harbor nonelective contributions, plus actual earnings thereon. In the event of termination due to death, total and permanent disability or normal retirement (defined by the Plan as age 62), participants shall become 100% vested in the Company profit sharing contribution portion of their account. For all other participants, vesting in the Company profit sharing contribution portion of their account is based on credited years of service, as defined by the Plan, according to the following schedule:

Years of Service	Vested Percentage
Less than 3	0%
3 or more	100%

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account or a direct rollover to another retirement account. In the event the total value of a terminated participant's account is less than \$1,000, the Company may make an involuntary distribution of the participant's vested account balance.

Salary Deferral and Employer Safe Harbor Nonelective Contributions

Payments of a participant's salary deferral and employer safe harbor nonelective contributions (and earnings thereon) are generally available for distribution upon normal retirement or shortly after the participant terminates employment with the Company. Withdrawals from the salary deferral portion of a participant's vested account balance (including catch-up contributions and earnings) may also be made in the event of a financial hardship, in accordance with provisions specified in the Plan. Upon a hardship withdrawal, there is no suspension period placed on future employee deferrals. Participants may make retroactive withdrawal requests related to certain events of financial hardship as early as January 1, 2018. The types of events that qualify for retroactive hardship withdrawals include all federally declared disasters identified by the Federal Emergency Management Agency (FEMA), regardless of IRS consent, and casualty losses effective January 1, 2018.

Okay Industries, Inc. Profit Sharing/401(k) Retirement Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Payment of Benefits (continued)

Profit Sharing Contributions

Payments of a participant's vested profit sharing contributions (and earnings thereon) are available as soon as practicable following termination of employment. Vested participants received such proceeds via single lump sum payments.

Forfeited Accounts

Forfeited nonvested accounts of terminated participants will be reallocated to the accounts of other participants or used to offset plan expenses. At December 31, 2021 and 2020 there was \$5,275 and \$802 of forfeited nonvested accounts which will be used to offset future expenses or reduce employer contributions. During 2021, there were no forfeitures reallocated to participants or used to reduce expenses or contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the basis of United States Generally Accepted Accounting Principles.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The trustees determine the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note 4 for a discussion of fair value measurements.

The Plan's investments in collective trust funds are accounted for in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 962, *Plan Accounting – Defined Contribution Pension Plans* (ASC 962). The collective trust funds have been reported using the net asset value (NAV) as a practical expedient which is a representation of the fair value of the funds.

Okay Industries, Inc. Profit Sharing/401(k) Retirement Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year and is net of applicable investment expenses.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to Plan administration and investment advisory services are charged directly to the participant's account and are included in administrative expenses.

3. Nonparticipant-Directed Investments

Information about the net assets and the significant components of the changes in net assets relating to the nonparticipant-directed investments is as follows at:

Total	<u>\$ (16,545,403)</u>

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3- Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

4. Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds

Valued at the closing NAV reported on the active market on which the individual funds are traded.

Fixed Annuities

The reported values for the fixed annuity options are reported daily based on the valuation method disclosed in the annuity contract, as calculated by the annuity provider.

Collective Trust Funds

NAV's reported for these funds are generally obtained directly from the fund house or other investment provider.

Common Stock

Valued at the closing price reported on the active market on which the individual securities are traded.

Exchange Traded Fund

Valued at the closing price reported on the active market on which the individual securities are traded.

Certificates of Deposit

Valued by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

Corporate and Government Bonds and Notes

Valued based on yields currently available on comparable securities of issuers with similar credit ratings.

Money Market Fund

Valued using significant observable inputs, particularly dealer market prices for comparable investments as of the valuation date.

*Investments measured at fair value using the NAV as a practical expedient have not been classified within the fair value hierarchy.

5. Certificates of Deposit

Certificates of deposit at December 31, 2020 consist of amounts on deposit at banks or savings and loans associations, with interest rates ranging from 2.0% to 2.7%, with maturities that range from January 2021 through March 2021.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer profit sharing contributions.

7. Tax Status

The IRS has determined and informed the Company by a letter dated June 29, 2017, that the Plan and related trust, as designed, are in accordance with applicable sections of the Internal Revenue Code (the IRC). The Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

During 2020, the Company did not remit participant deferral contributions to the Plan for certain pay periods in a timely manner, as defined by ERISA. The Company has made corrective contributions to affected participants' accounts 2020 to compensate them for potential lost income due to the delayed remittance. The Plan administrator believes that this nonexempt transaction will not impact the Plan's qualified tax status.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

8. Related Party and Party-in-Interest Transactions

Certain Plan investments are managed by the custodians and, therefore, are considered party-in-interest transactions. Expenses paid by the Plan for administrative and investment advisory expenses amounted to \$159,912 for the year ended December 31, 2021.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. Risks and Uncertainties (continued)

In early March 2020, there was a global outbreak of COVID-19 that has resulted in significant changes in the global economy. The economic downturn as a result of the outbreak will likely have a direct impact to domestic and international equity markets, which may impact the Plan's investments and returns.

10. Subsequent Events

The Plan has evaluated events occurring between December 31, 2021 and July 21, 2022, the date the financial statements were available to be issued.
