Independent Auditor's Report

Plan Administrator
South Bend Medical Foundation, Inc. 403(b) Retirement Plan
South Bend, Indiana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We were engaged to perform an audit of the financial statements of South Bend Medical Foundation, Inc. 403(b) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from qualified institutions as of and for the year ended December 31, 2021 stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Disclaimer of Opinion on the 2021 Financial Statements

We do not express an opinion on the accompanying 2021 financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion on the 2021 Financial Statements section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion on the 2021 Financial Statements

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion on the 2021 Financial Statements section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of Assets Held at Year End is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion on the 2021 Financial Statements section of our report, it is inappropriate to and we do not express an opinion on these supplemental schedules.

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. Further, the Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

In our report dated July 21, 2021, we indicated that because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements.

South Bend Medical Foundation, Inc. 403(b) Retirement Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of the South Bend Medical Foundation, Inc. (the Foundation or Employer) 403(b) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of the Foundation. The Plan was initially adopted effective January 2009 as a plan not subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Effective July 15, 2010, the Plan became an ERISA plan.

Contributions: Participants may make pre-tax or post-tax ROTH contributions up to 100% of their eligible compensation, as defined by the Plan, limited to the maximum amount established by the Internal Revenue Code Section 402(g). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants who have attained age 50 by the end of the year may contribute catch-up contributions in accordance with the Internal Revenue Code Section 414(v). The Foundation contributes 25% of the first 4% of base compensation that a participant contributes to the Plan. Additional discretionary contributions may be contributed at the option of the Foundation to each employee who completes 1,000 hours of service during the Plan year and is employed at the end of the Plan year or terminates during the Plan year after attaining the age of 55 and completion of 3 years of vesting service. No additional discretionary contributions were made during the year ended December 31, 2021. Plan participants direct the investment of their contributions and the Employer matching contributions and discretionary contributions into the various investment options offered by the Plan. Contributions are subject to certain limitations.

Participant accounts: Each participant's account is credited with the participant's contribution and allocation of (a) the Foundation's contribution and (b) plan earnings, net of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Retirement, death and disability: A participant is entitled to 100% of his or her account balance upon retirement, death or disability.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the remainder of their accounts, plus earnings thereon, is based on obtaining more than 3 years of credited service.

Payment of benefits: On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a ten-year period. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates as determined quarterly by the Plan Administrator. Principal and interest are paid through payroll deductions.

South Bend Medical Foundation, Inc. 403(b) Retirement Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Forfeitures: Forfeitures of Employer matching contributions are used to offset future Employer matching contributions or administrative expenses of the Plan. During the year ended December 31, 2021, the Plan used approximately \$19,600 of forfeitures to offset Employer matching contributions. The Plan had approximately \$130 and \$15,200 in unused forfeitures as of December 31, 2021 and 2020, respectively.

Administrative and investment management expenses: Loan origination fees associated with notes receivable from participants and the Plan's record keeping and custodian fees are paid by the Plan and are reflected in the financial statements as administrative expenses of the Plan. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income reported by the Plan. All other expenses of the Plan are paid by the Foundation.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment valuation and income recognition: The Plan's investments, other than fully benefit-responsive investment contracts, are reported at fair value. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Contract value is the relevant measure for the Plan's fully benefit-responsive investment contracts, because contract value is the amount Plan participants generally receive when executing transactions under the terms of the contract and Plan provisions. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Payment of benefits: Benefits are recorded when paid.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Reclassifications: Certain prior-year amounts have been reclassified to conform to the current-year presentation. Such reclassifications had no effect on previously reported net assets available for benefits.

Subsequent events: Plan management has evaluated subsequent events for recognition and disclosure through July 18, 2022, the date the financial statements were available to be issued.

Note 3. Rights Upon Plan Termination

Although it has not expressed any intent to do so, the Foundation has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Participants will become fully vested upon termination of the Plan.

South Bend Medical Foundation, Inc. 403(b) Retirement Plan

Notes to Financial Statements

Note 4. Tax Status

Since the Plan is maintained under Internal Revenue Code Section 403(b), rather than Section 401(a), there is no Internal Revenue Service program pursuant to which an individual determination letter may be obtained for the Plan. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax years in progress. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state or local tax authorities for the years prior to 2018.

Note 5. Information Certified by State Street Bank and Trust Company, Metropolitan Life Insurance Company, Equitable Financial Life Insurance Company, and Voya Retirement Insurance and Annuity Company (Custodians)

The following is a summary of the Plan's asset information as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included in the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by the custodians. The Plan Administrator has obtained certifications from the custodians that information provided to the Plan Administrator by the custodians related to the following assets are complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed by the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

The following table presents the Plan's assets, as certified by the custodians as of December 31, 2021 and 2020:

	2021	2020
Investments, at fair value:		
Mutual funds	\$ 16,098,835	\$ 16,320,658
Variable annuity contracts	934,354	824,996
Investments, at contract value:		
Investment contracts	2,539,608	2,600,995
	<u>\$ 19,572,797</u>	<u>\$ 19,746,649</u>

The custodians also certified to the completeness and accuracy of \$1,882,941 of net appreciation in fair value of investments, \$258,920 of interest and dividends and \$2,415 of interest income related to notes receivable from participants for the year ended December 31, 2021.

State Street Bank and Trust Company also certified to the completeness and accuracy of \$34,197 and \$49,969 of notes receivable from participants as of December 31, 2021 and 2020, respectively.

South Bend Medical Foundation, Inc. 403(b) Retirement Plan

Notes to Financial Statements

Note 6. Fair Value Measurements

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs when measuring fair value. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1) and gives the lowest priority to unobservable inputs (Level 3). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: The fair value of mutual fund investments are based upon the closing net asset value (NAV) per share of the mutual fund on the day of the valuation as reflected on a national securities exchange (Level 1) inputs.

Variable annuity contracts: The fair value of participation units held in the variable annuity contracts are based on the NAV reported by the fund managers as of the financial statement dates and recent transaction prices. Each of the sub-accounts of the AXA Equitable Pooled Separate Account 65 and the Metropolitan Life Separate Account E invests in a single, open-ended mutual fund, which is generally identified in the name of the sub-account. Each sub-account of the variable annuity contracts provides for daily redemptions by the Plan with no advance notice requirements, and has redemption prices that are determined by the fund's net asset value per unit. The AXA Equitable Pooled Separate Account 65 and the Metropolitan Life Separate Account E are unit investment trusts registered with the Securities and Exchange Commission.

There have been no changes in the methodologies used at December 31, 2021 and 2020.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

South Bend Medical Foundation, Inc. 403(b) Retirement Plan

Notes to Financial Statements

Note 6. Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

	December 31, 2021				
	Level 1	Level 2	Level 3	NAV*	Total
Mutual fund investments	\$ 16,098,835	\$ -	\$ -	\$ -	\$ 16,098,835
Variable annuity contracts	-	-	-	934,354	934,354
	<u>\$ 16,098,835</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 934,354</u>	<u>\$ 17,033,189</u>

	December 31, 2020				
	Level 1	Level 2	Level 3	NAV*	Total
Mutual fund investments	\$ 16,320,658	\$ -	\$ -	\$ -	\$ 16,320,658
Variable annuity contracts	-	-	-	824,996	824,996
	<u>\$ 16,320,658</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 824,996</u>	<u>\$ 17,145,654</u>

* Investments measured at fair value using NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statements of net assets available for benefits.

Change in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2021, there were no transfers in or out of Level 3.

Note 7. Investment Contracts with Insurance Companies

The Plan holds a fully benefit-responsive group annuity contract with both State Street Bank and Trust Company and Voya Retirement Insurance and Annuity Company, and fully benefit-responsive individual fixed annuity contracts with Metropolitan Life Insurance Company and AXA Equitable Life Insurance Company (all four collectively referred to as the Insurance Companies) that are reported at contract value and are traditional guaranteed investment contracts. Contract value represents contributions made to the contract, plus earnings, less participant withdrawals and administrative expenses.

The Insurance Companies each maintain the contributions in their general accounts. The interest crediting rates are updated quarterly or monthly based upon contract provisions, and it may not be less than 3.0% for the MetLife Fixed Interest Account and the AXA Equitable Guaranteed Interest Accounts, may not be less than 1.05% for the Voya Fixed Plus Account III, and may not be less than 1.00% for the Standard Stable Asset Fund II. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the Insurance Companies or otherwise.

South Bend Medical Foundation, Inc. 403(b) Retirement Plan

Notes to Financial Statements

Note 7. Investment Contracts with Insurance Companies (Continued)

The contract value of the Plan's fully benefit-responsive investment contracts were \$2,539,608 and \$2,600,995 as of December 31, 2021 and 2020, respectively.

Certain events such as premature termination of the contract by the Plan or the Insurance Companies, or the termination of the Plan, would limit the Plan's ability to transact at contract value with the Insurance Companies. The Plan Administrator believes the occurrence of such events that would limit the Plan's ability to transact at contract value with Plan participants is not probable.

Note 8. Parties-in-Interest Transactions

Parties in interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. Investment management fees are paid by the Plan to investment managers which are parties in interest and these expenses are reflected in the financial statements as a reduction of the return on the Plan's investments. Fees paid by the plan to the custodians were approximately \$34,000 for the year ended December 31, 2021. The Plan held certain party-in-interest investments, including investments issued by State Street Bank and Trust, Voya Retirement Insurance and Annuity Company (an affiliate of Voya Institutional Trust Company), Metropolitan Life Insurance Company, and AXA Equitable Life Insurance Company and mutual fund investments issued by Voya Series Funds, Inc., an affiliate of Voya Institutional Trust. Notes receivables from participants also reflect party-in-interest transactions.
