To the Trustees of
Lomont Molding LLC 401k Savings Plan
Mt. Pleasant, Iowa

Scope and Nature of the ERISA Section 103(a)(3)(c) Audit

We have performed audits of the financial statements of Lomont Molding, LLC 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(c) (ERISA Section 103(a)(3)(c) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Lomont Molding, LLC 401(k) Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(c) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(c), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021 and 2020, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(c).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Lomont Molding, LLC 401(k) Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(c) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(c) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Lomont Molding LLC 401(k) Savings Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(c) audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatements of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on Lomont Molding, LLC 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Lomont Molding, LLC 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(c) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule relates to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(c).

Lomont Molding, LLC 401(k) Savings Plan
Notes to Financial Statements
December 31, 2021 and 2020

Note 1 - Description of Plan

The following description of the Lomont Molding, LLC (the “Company”) 401(k) Savings Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General - The Plan is a defined contribution 401(k) plan covering substantially all employees of the Company who have completed one year of service and are at least 21 years of age. A year of service is defined as 1,000 hours of service in the first 12 months of employment with the Company. Nonresident aliens and leased employees are not eligible to participate in the Plan. Employees who are eligible to participate in the Plan are automatically enrolled at a deferral rate of 3%, unless otherwise elected by the participant. Employees can enter the Plan at the start of any quarter coinciding with or following the next date on which eligibility requirements are satisfied. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Participants may make salary deferral contributions up to the limits allowable for such plans. The Company may contribute to the Plan a discretionary amount as a matching contribution as well as additional discretionary contributions. The Company matches 50% of the first 6% of participant contributions. The Company made no discretionary contributions for the years ended December 31, 2021 and 2020.

Participant Accounts - Each participant’s account is credited with the participant’s contributions and an allocation of (a) the Company’s contribution and (b) Plan earnings (expenses). Allocations are based on participants’ earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account balance.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company’s contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service in which they have at least 1,000 hours of service each year.

Investment Options - Upon enrollment in the Plan, a participant may direct employee contributions and Company matching and discretionary contributions into investment options offered by the Plan. The Plan allows telephone and internet-based transactions, and participants may change their investment options at any time.

Participant Loans - Participants may borrow from their fund account to a maximum of the lesser of (a) \$50,000, reduced by the excess of the participant’s highest outstanding loan balance during the prior year over the participant’s current outstanding loan balance, and (b) the greater of 50% of their vested account balance or \$10,000. The maximum term of any loan is five years, unless the participant is using the loan to purchase a principal residence, and then the term can be up to 15 years.

Forfeitures - Forfeitures of nonvested participants’ accounts are used to offset employer’s future contributions to the Plan. For the years ended December 31, 2021 and 2020, forfeitures totaled \$8,635 and \$11,059, respectively. At December 31, 2021 and 2020, the Plan carried balances of unapplied forfeitures of \$45 and \$1,835, respectively.

Lomont Molding, LLC 401(k) Savings Plan
Notes to Financial Statements
December 31, 2021 and 2020

Note 1 - Description of Plan (Continued)

Payment of Benefits - Active participants may take a withdrawal from the Plan in the event of financial hardship. A hardship withdrawal is limited to elective deferrals. A hardship withdrawal will result in a six-month suspension of contributions to the Plan. On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive an amount equal to the value of the participant's vested interest in their account in either a lump sum, as a direct rollover to another qualified plan, or annual installments over a period not to exceed the life expectancy of the participant or survivor. In addition, the Plan will make a mandatory distribution following severance from employment for balances less than \$5,000. The Company records benefits when paid.

Expenses - Certain administrative expenses are paid directly by the Sponsor, while other expenses are paid by the Plan.

Note 2 - Summary of Accounting Policies

Basis of Accounting - Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Changes in fair value of investments are recognized when the investments appreciate or depreciate in value.

Investment Valuation and Income Recognition - The Plan's investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect reported amounts and disclosures. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits.

Notes Receivable from Participants - Loans to participants are reported at their unpaid principal balance plus any accrued but unpaid interest.

Date of Management Review - Management has evaluated subsequent events through July 15, 2022, the date which the financial statements were available to be issued.

Note 2 - Summary of Accounting Policies (Continued)

CARES Act - The CARES Act is an approximately \$2 trillion emergency economic stimulus package in response to the coronavirus outbreak, which among other things contains numerous tax, emergency funding and other provisions that affect certain retirement plan provisions. During the year ended December 31, 2020, the Plan authorized changing distribution and loan administrative provisions as allowed by the CARES Act. The Plan is currently evaluating the impact of the CARES Act on its plan provisions, operations, and cash flows.

Note 3 - Information Certified by Plan Custodian

The following information has been certified by the custodian:

	2021	2020
Total investments	\$ 5,793,734	5,706,321
Notes receivable from participants	114,374	129,336
Net appreciation in fair value of investments	623,074	772,423
Notes receivable interest income from participants	6,667	7,543

Note 4 - Fair Value Measurement

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Basis of Fair Value Measurement

- Level 1 Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;
- Level 2 Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;
- Level 3 Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. In addition to quoted market prices in active markets, valuation techniques for Level 2 inputs included:

- Stable value option based upon the average yield earned by the plan adjusted to reflect the actual interest rate credited to participants. The effective interest rate is established every six months and is based on performance of the underlying investments.
- Pooled separate accounts (Level 2) are measured based on pricing data provided by outside valuation service providers who in turn generally use the mean of bid and ask prices but may also use alternative observable pricing inputs for certain securities included in the account.

	<u>\$ 5,706,321</u>	<u>4,073,995</u>	<u>1,632,326</u>	<u>-</u>

Note 5 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 6 - Income Tax Status

The Internal Revenue Service has determined and informed the Company by letter, dated March 31, 2014, that the prototype standardized plan document adopted by the employer was acceptable for the benefit of their employees. The Plan has been amended since receiving the determination letter; however, the plan administrator believes that the Plan, as amended, continues to qualify and to operate as designed. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Related Party Transactions

Certain Plan investments are mutual funds managed by Transamerica Life Insurance Company. Transamerica Life Insurance Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Note 8 - Administrative Expenses

Substantially all administrative expenses associated with the Plan are paid directly by the Plan.

Note 9 – Subsequent Events

Management has evaluated subsequent events through July 15, 2022, the date which the financial statements were available to be issued. Beginning January 1, 2022, Lomont Molding, LLC 401(k) Savings Plan transitioned to a Safe Harbor Plan. The employer match is 100% on the first 1% of employee contributions and 50% of contributions between 2% and 6%. In addition, the automatic enrollment percentage changed from 3% to 6%.
