Independent Auditor's Report

To the Plan Administrator
Littleton Coin Company, Inc. Employee Retirement Plan
Littleton, New Hampshire

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Littleton Coin Company, Inc. Employee Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Littleton Coin Company, Inc. Employee Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Littleton Coin Company, Inc. Employee Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Littleton Coin Company, Inc. Employee Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Littleton Coin Company, Inc. Employee Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Littleton Coin Company, Inc. Employee Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Littleton Coin Company, Inc. Employee Retirement Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated July 16, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

Note 1: Description of Plan

The information contained in these footnotes is intended to provide general information only. Participants should refer to the Plan documents for a complete description of the Plan's provisions.

General

The Littleton Coin Company, Inc. Employee Retirement Plan (the Plan) is a defined contribution plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) as amended.

The Plan covers all full-time employees of Littleton Coin Company, Inc. who have completed one year of service and have reached age 21.

Contributions

Participating employees are allowed to make salary savings contributions up to the maximum deferral amount allowed by law. Participants may also contribute funds from another qualified plan (rollover contributions) subject to certain requirements. Littleton Coin Company, Inc. (the employer) will make safe harbor matching contributions equal to 100% of employee deferrals up to 6% of compensation. In addition, the employer may make discretionary matching or profit sharing contributions to the Plan. Profit sharing contributions would be allocated to participants in accordance with the Plan document. The employer did not make any discretionary contributions in 2021.

Participants must direct both employee and employer contributions to be invested among various investment options, as made available and determined by the Plan Administrator. Participants may change their investment options at any time throughout the year via direct telephone or internet access. As of December 31, 2021, the Plan had twenty-four separate investment fund options which are listed on the supplemental schedule of assets (held at end of year) and more fully described in the Plan literature.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the employer's contribution and Plan earnings and charged with withdrawals and an allocation of administrative expenses and Plan losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their voluntary contributions and employer safe harbor contributions, plus actual earnings thereon. Discretionary employer matching and profit sharing contributions vest at the rate of 20% per year and a participant is 100% vested after five years of service.

Littleton Coin Company, Inc. Employee Retirement Plan

Notes to Financial Statements

Note 1: Description of Plan (Continued)

Notes Receivable From Participants

Plan participants and beneficiaries are allowed to borrow up to the lesser of \$50,000 or one-half of the vested value of the participant's account with a minimum loan amount of \$1,000. Loans must be repaid within five years, unless the loan is used to acquire a dwelling to be used as the principal residence of the participant, in which case the repayment period may exceed five years. Loans are repaid in level payments, primarily on a weekly basis, in amounts sufficient to fully amortize the loan within the repayment period. Loans issued bear interest based upon market rates set at the time of borrowing and ranged from 5.25% to 7.50% at December 31, 2021.

Payment of Benefits

Benefits under the Plan are distributable as follows:

- (1) Upon normal retirement, at or after age 65;
- (2) Upon early retirement, for employees hired prior to July 1, 1992 and who became participants of the Plan prior to July 1, 1992, at or after age 55; for employees hired after July 1, 1992 and who became participants of the Plan after July 1, 1992, at or after age 55 and after completion of five (5) years of service;
- (3) Upon death or total and permanent disability;
- (4) For reasons of proven financial hardship;
- (5) Upon termination of employment.

Unless a former participant elects to defer the receipt of benefits, the participant will begin to receive payment of benefits no later than 60 days after the close of the Plan year which includes the latest of the following events: 1) the participant's normal retirement date; 2) the participant's date of termination of employment; or 3) the tenth anniversary of the year in which the participant commenced participation in the Plan.

Forfeitures

The amount of forfeitures attributable to employer contributions, if any, which have not become vested, is applied to reduce the employer's contribution to the Plan. The Plan had no unapplied forfeitures at December 31, 2021 and 2020 available for the future reduction of employer contributions.

Note 1: Description of Plan (Continued)

CARES Act

In March 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was enacted and signed into law. The CARES Act includes various provisions that temporarily ease rules around distributions and loans in 2020 for eligible plan participants in reaction to the economic conditions during the COVID-19 pandemic. Certain design changes were made to the Plan during 2020 as permitted pursuant to the CARES Act. These changes include allowing certain eligible individuals to suspend required minimum distributions for 2020, and allowing Plan participants to take a Coronavirus-related distribution up to \$100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable laws and Internal Revenue Service (IRS) guidance.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States ("GAAP").

Accounting Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions in net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value as certified by Charles Schwab Trust Bank. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants. The measurement of fair value is made using the fair value hierarchy established under current accounting standards (see Note 4).

Purchases and sales of investments are reported on the trade-date basis. The cost of investments sold is determined based on the average cost method for financial reporting purposes. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2: Summary of Significant Accounting Policies (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Benefit Payments

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the employer and are excluded from these financial statements. Fees related to the administration of distributions and notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses that are paid by the Plan are included in the statement of changes in net assets available for benefits.

Note 3: Derivatives

Certain investments may use derivative financial instruments to hedge against their exposure to the stock market, foreign currency markets and fluctuations in interest rates. These financial instruments may include futures contracts, swap agreements and forward currency contracts. As these instruments are owned within the funds, the amounts associated with the Plan's holdings in these funds cannot be readily determined but are estimated by the Plan's management to be immaterial to the Plan's overall investments.

Note 4: Fair Value Measurements

Various inputs may be used to determine the fair value of investments. These inputs are summarized into three broad levels for financial statement purposes. Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of quoted prices for similar assets in active markets, quoted prices for identical or similar assets in inactive markets, inputs that are derived principally from or corroborated by observable market data by correlation or other means, or observable inputs other than quoted prices; and Level 3 inputs consist of inputs to the valuation methodology that are unobservable and significant to the fair value measurement and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

An asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 4: Fair Value Measurements (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market fund: Valued at \$1 as the NAV, which approximates fair value. The fund is required to publish their daily net asset value (NAV) and to transact at that price. The fund held by the Plan is deemed to be actively traded.

The following tables set forth the levels, within the fair value hierarchy, of the valuation techniques used to determine the fair value of the Plan's assets as of December 31, 2021 and 2020:

2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 28,940,261	\$ -	\$ -	\$ 28,940,261
Money market fund	3,519,865	-	-	3,519,865
Investments at fair value	\$ 32,460,126	\$ -	\$ -	\$ 32,460,126
2020				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 24,960,840	\$ -	\$ -	\$ 24,960,840
Money market fund	4,445,421	-	-	4,445,421
Investments at fair value	\$ 29,406,261	\$ -	\$ -	\$ 29,406,261

The inputs or methodology used for valuing securities are not necessarily indicative of the risk associated with investing in those securities.

Note 5: Information Prepared and Certified by Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2021 and 2020, and net appreciation in fair value of investments and dividend income for the year ended December 31, 2021, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Charles Schwab Trust Bank, the Trustee of the Plan.

Note 6: Tax Status

The employer adopted a nonstandard prototype document with an IRS notification letter which states the prototype plan document is in compliance with the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter; however, the Plan Administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 7: Plan Termination

Although it has not expressed any intent to do so, the employer has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 8: Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are managed by Charles Schwab Trust Bank. Charles Schwab Trust Bank is the Trustee of the Plan, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are paid through revenue sharing, rather than a direct payment. The Plan also has arrangements with various service providers. Fees paid to these service providers for recordkeeping and asset management were approximately \$94,000 and \$82,000 in 2021 and 2020, respectively. These transactions qualify as party-in-interest transactions under ERISA.

Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

Note 9: Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10: Subsequent Events

Effective January 1, 2022, the Plan was amended and restated to bring the plan into compliance with legislative and regulatory changes set for in IRS Notice 2017-37.

Management has evaluated subsequent events through July 12, 2022, the date when the financial statements were available to be issued.
