D. G. Yuengling & Son, Inc.
401(k) Savings & Profit Sharing Plan
Pottsville, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of D.G. Yuengling & Son, Inc., 401(k) Savings & Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statements of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Item 4i - Schedule of Assets Held for Investment Purposes as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated August 2, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

SAVINGS & PROFIT SHARING PLAN**

NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description

The following description of D. G. Yuengling & Son, Inc., 401(k) Savings & Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General: The Plan is a defined contribution employee benefit plan which was established January 1, 1985. The Plan is available to all eligible employees of Yuengling Beer Co. Inc., Yuengling Brewery Museum & Gift Shop, Yuengling Brewing Company of Tampa, Inc., and D. G. Yuengling & Son, Inc., (the Corporation). To participate in salary deferral and employer match, an employee must attain age 21 and complete 60 days of service. To participate in the employer discretionary profit-sharing contribution, an employee must attain age 21, complete one year of service and be employed at year end. Bargaining and hourly rate non-bargaining employees of D. G. Yuengling & Son, Inc. are not eligible for the employer discretionary profit-sharing amount because the Corporation also sponsors a qualified defined-benefit plan for these employees, unless they have elected to cease additional benefit accruals under the defined benefit plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Amendments: Effective January 1, 2017, the Plan was amended to exclude union and part-time employees from plan participation.

Effective July 1, 2021, the Plan added an automatic enrollment provision whereby participants will automatically have five percent of their compensation deferred into the Plan as a pre-tax 401 (k) deferral unless they elect otherwise. The automatic deferral provision applies to all participants who become a participant in the Plan on or after July 1, 2021. Additionally, as of October 1, 2021, the automatic deferral provisions will apply to all existing participants except for those who have a salary deferral agreement in effect as of October 1, 2021, provided that the deferral amount under the agreement is at least equal to automatic enrollment provision.

Contributions: Each year, participants may elect to contribute up to the maximum allowable per IRC Section 415 deferral limitations. Employees may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the plan. At its discretion, the Corporation may make a matching contribution equal to a uniform percentage of salary deferral. An additional discretionary profit-sharing amount may be contributed at the option of the Corporation allocated to participants in proportion to each participant's compensation to the compensation of all participants eligible to share in the contribution for each designated classification among the participating companies. Contributions are subject to certain limitations.

Participant's Accounts: Each participant's account is credited with the participant's contributions, allocations of the Corporation's contribution and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**D. G. YUENGLING & SON, INC. 401(k)
SAVINGS & PROFIT SHARING PLAN**

NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description (Continued)

Vesting: Participants are vested immediately in their contributions and actual earnings thereon. Vesting in the Corporation's contribution is based upon years of service. After two years of service, participants become vested at twenty percent (20%). Vesting increases twenty percent (20%) per year thereafter, until fully vested at six years of service.

Payment of Benefits: A participant shall be entitled to receive the balance held in his or her account upon retirement, reaching age 59 ½, upon death or disability or upon termination of employment. Participant benefits are paid in a lump sum. There is an option of taking an annuity payment on the portion of the participant's balance attributable to the D.G. Yuengling & Son, Inc., Money Purchase Pension Plan that was merged into this Plan. Effective April 1, 2018, the Plan was amended to permit hardship distributions.

Administrative Expenses: Expenses incurred for administration of the Plan are paid by the Plan through revenue sharing amounts and by the Corporation.

Forfeitures: Forfeitures represent the non-vested portion of a participant's account upon termination and shall be used to reduce future employer contributions or pay plan expenses. At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$40,073 and \$53,413, respectively. During 2021, forfeitures of \$53,413, were used to reduce employer contributions.

Note 2. Significant Accounting Policies

Basis of Accounting: The accounting records of the Plan are maintained on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

**D. G. YUENGLING & SON, INC. 401(k)
SAVINGS & PROFIT SHARING PLAN**

NOTES TO FINANCIAL STATEMENTS

Note 2. Significant Accounting Policies (Continued)

Investment Contracts: Investment contracts held by a defined-contribution plan are required to be reported at fair value if not benefit responsive. The Plan invests in investment contracts through an insurance company group annuity contract with an investment option available in a guaranteed interest account. The Plan's guaranteed interest contract is not fully benefit responsive as the contract does not meet the basic criteria to be considered a benefit responsive contract under accounting standards. Transfers from the guaranteed interest account to other investments options may be subject to a market value adjustment (i.e., valued at the lesser of contract or market). However, the Plan Administrator has determined that the contract value of the guaranteed interest account approximates fair value as of December 31, 2021 and 2020, and any adjustment from contract value to fair value is not material to the financial statements.

Payment of Benefits: Benefit payments are recorded when paid.

Subsequent Events: In preparing these financial statements, the Plan Administrator has evaluated events and transactions for potential recognition or disclosure through July 20, 2022, the date the financial statements were available to be issued.

Note 3. Information Certified by the Custodian

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends, for the year ended December 31, 2021, was obtained by management and agreed to information certified as complete and accurate by John Hancock Life Insurance Company (U.S.A.), (the custodian of the Plan).

Note 4. Investments and Fair Value Measurements

The Plan measures on a recurring basis its investments at fair value in accordance with Financial Accounting Standards Board (FASB) codification *Fair Value Measurement*, which provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy are as follows:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that are accessible to the Plan. These generally provide the most reliable evidence and are used to measure fair value whenever available. |
|---------|--|

**D. G. YUENGLING & SON, INC. 401(k)
SAVINGS & PROFIT SHARING PLAN**

NOTES TO FINANCIAL STATEMENTS

Note 4. Investments and Fair Value Measurements (Continued)

- | | |
|---------|---|
| Level 2 | Inputs to the valuation methodology include significant inputs, other than Level 1 inputs, that are observable either directly or indirectly for substantially the full term of the asset through corroboration with observable market data. Level 2 inputs include quoted prices for similar assets in active markets, quoted market prices in markets that are not active for identical or similar assets, and other observable inputs. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The inputs or methodology used for valuing investments are not an indication of the risk associated with investing in those securities.

The Plan's investments are held by John Hancock Life Insurance Company (U.S.A.) in pooled separate accounts and in a guaranteed interest account. The following is a description of valuation methodologies used for assets at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Pooled separate accounts: Units of participation in pooled separate accounts are reported at the accumulated value of units held by the Plan at year-end, as reported to the Plan by the insurance company. The accumulated unit value is determined by John Hancock Life Insurance Company (U.S.A.) and is based on the net asset value of shares in the underlying fund, the fund's dividends and the contract's separate account charges. Pooled separate accounts are stated at fair value as determined by observable Level 1 inputs. While some pooled separate accounts may have publicly quoted pricing inputs (Level 1), the account values of separate accounts are not publicly quoted and are therefore classified as Level 2 investments.

Guaranteed interest account: The insurance Company's guaranteed interest account consists of an investment in the general assets of John Hancock Life Insurance Company and is stated at contract value, which approximates fair value. Contract value represents contributions made under the contract plus earnings, less participant withdrawals and administrative expenses. Fair value is based on a formula that incorporates prevailing interest rates. Inputs used to determine the fair value of the general account are considered to be Level 2.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain investments or financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Investments and Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Investments at Fair Value as of December 31, 2021

	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 57,437,630	\$ -	\$ 57,437,630
Guaranteed interest account	-	213,388	-	213,388
Total investments, at fair value	\$ -	\$ 57,651,018	\$ -	\$ 57,651,018

Investments at Fair Value as of December 31, 2020

	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 48,889,750	\$ -	\$ 48,889,750

Total investments, at fair value	\$ -	\$ 49,299,016	\$ -	\$ 49,299,016

Note 5. Investment Contract with Insurance Company

The Plan has entered into a group annuity contract with John Hancock which provides for investments in various pooled separate accounts and a guaranteed interest account. The pooled separate accounts consist of multiple investment funds with diverse investment objectives. The guaranteed interest account guarantees the return of principal plus compound interest earned over the selected term of three years. New contributions each year earn the current interest rate published at the beginning of the month of contribution. A dollar-weighted composite rate of interest is computed at the end of each contribution year, which is used to compute earnings for the remainder of the guaranteed term. Withdrawals from the guaranteed interest account prior to end of the guarantee period are subject to a market value adjustment. Contract value represents the aggregate of all contributions, interest earned, less administrative fees and participant withdrawals. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

As described in Note 2, the guaranteed interest account is not fully benefit-responsive. Transfers from a participant's guaranteed accounts to pooled separate accounts are subject to certain restrictions.

NOTES TO FINANCIAL STATEMENTS

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Corporation had the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their entire account.

Note 7. Tax Status

The Plan has adopted a defined contribution volume submitter profit sharing plan with CODA sponsored by the Paragon Alliance Group, LLC. The volume submitter plan received a favorable opinion letter dated June 30, 2020, from the Internal Revenue Service indicating the Plan is designed in accordance with the applicable sections of the Internal Revenue Code (IRC). The volume submitter plan opinion letter has been relied upon by this Plan. The volume submitter plan has been amended since receiving the opinion letter; however, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America, require plan management to evaluate tax positions taken by the Plan and recognize a tax liability, if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Related Party Transactions

Plan investments include shares of pooled separate accounts and a guaranteed interest account managed by John Hancock Life Insurance Company (U.S.A.). John Hancock Life Insurance Company (U.S.A.) is the Custodian of the Plan, and therefore, these transactions qualify as party-in-interest transactions.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks could occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits.

401(k) Savings & Profit Sharing Plan
Pottsville, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of D.G. Yuengling & Son, Inc., 401(k) Savings & Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statements of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Item 4i - Schedule of Assets Held for Investment Purposes as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated August 2, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

SAVINGS & PROFIT SHARING PLAN**

NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description

The following description of D. G. Yuengling & Son, Inc., 401(k) Savings & Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General: The Plan is a defined contribution employee benefit plan which was established January 1, 1985. The Plan is available to all eligible employees of Yuengling Beer Co. Inc., Yuengling Brewery Museum & Gift Shop, Yuengling Brewing Company of Tampa, Inc., and D. G. Yuengling & Son, Inc., (the Corporation). To participate in salary deferral and employer match, an employee must attain age 21 and complete 60 days of service. To participate in the employer discretionary profit-sharing contribution, an employee must attain age 21, complete one year of service and be employed at year end. Bargaining and hourly rate non-bargaining employees of D. G. Yuengling & Son, Inc. are not eligible for the employer discretionary profit-sharing amount because the Corporation also sponsors a qualified defined-benefit plan for these employees, unless they have elected to cease additional benefit accruals under the defined benefit plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Amendments: Effective January 1, 2017, the Plan was amended to exclude union and part-time employees from plan participation.

Effective July 1, 2021, the Plan added an automatic enrollment provision whereby participants will automatically have five percent of their compensation deferred into the Plan as a pre-tax 401 (k) deferral unless they elect otherwise. The automatic deferral provision applies to all participants who become a participant in the Plan on or after July 1, 2021. Additionally, as of October 1, 2021, the automatic deferral provisions will apply to all existing participants except for those who have a salary deferral agreement in effect as of October 1, 2021, provided that the deferral amount under the agreement is at least equal to automatic enrollment provision.

Contributions: Each year, participants may elect to contribute up to the maximum allowable per IRC Section 415 deferral limitations. Employees may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the plan. At its discretion, the Corporation may make a matching contribution equal to a uniform percentage of salary deferral. An additional discretionary profit-sharing amount may be contributed at the option of the Corporation allocated to participants in proportion to each participant's compensation to the compensation of all participants eligible to share in the contribution for each designated classification among the participating companies. Contributions are subject to certain limitations.

Participant's Accounts: Each participant's account is credited with the participant's contributions, allocations of the Corporation's contribution and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**D. G. YUENGLING & SON, INC. 401(k)
SAVINGS & PROFIT SHARING PLAN**

NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description (Continued)

Vesting: Participants are vested immediately in their contributions and actual earnings thereon. Vesting in the Corporation's contribution is based upon years of service. After two years of service, participants become vested at twenty percent (20%). Vesting increases twenty percent (20%) per year thereafter, until fully vested at six years of service.

Payment of Benefits: A participant shall be entitled to receive the balance held in his or her account upon retirement, reaching age 59 ½, upon death or disability or upon termination of employment. Participant benefits are paid in a lump sum. There is an option of taking an annuity payment on the portion of the participant's balance attributable to the D.G. Yuengling & Son, Inc., Money Purchase Pension Plan that was merged into this Plan. Effective April 1, 2018, the Plan was amended to permit hardship distributions.

Administrative Expenses: Expenses incurred for administration of the Plan are paid by the Plan through revenue sharing amounts and by the Corporation.

Forfeitures: Forfeitures represent the non-vested portion of a participant's account upon termination and shall be used to reduce future employer contributions or pay plan expenses. At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$40,073 and \$53,413, respectively. During 2021, forfeitures of \$53,413, were used to reduce employer contributions.

Note 2. Significant Accounting Policies

Basis of Accounting: The accounting records of the Plan are maintained on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

**D. G. YUENGLING & SON, INC. 401(k)
SAVINGS & PROFIT SHARING PLAN**

NOTES TO FINANCIAL STATEMENTS

Note 2. Significant Accounting Policies (Continued)

Investment Contracts: Investment contracts held by a defined-contribution plan are required to be reported at fair value if not benefit responsive. The Plan invests in investment contracts through an insurance company group annuity contract with an investment option available in a guaranteed interest account. The Plan's guaranteed interest contract is not fully benefit responsive as the contract does not meet the basic criteria to be considered a benefit responsive contract under accounting standards. Transfers from the guaranteed interest account to other investments options may be subject to a market value adjustment (i.e., valued at the lesser of contract or market). However, the Plan Administrator has determined that the contract value of the guaranteed interest account approximates fair value as of December 31, 2021 and 2020, and any adjustment from contract value to fair value is not material to the financial statements.

Payment of Benefits: Benefit payments are recorded when paid.

Subsequent Events: In preparing these financial statements, the Plan Administrator has evaluated events and transactions for potential recognition or disclosure through July 20, 2022, the date the financial statements were available to be issued.

Note 3. Information Certified by the Custodian

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends, for the year ended December 31, 2021, was obtained by management and agreed to information certified as complete and accurate by John Hancock Life Insurance Company (U.S.A.), (the custodian of the Plan).

Note 4. Investments and Fair Value Measurements

The Plan measures on a recurring basis its investments at fair value in accordance with Financial Accounting Standards Board (FASB) codification *Fair Value Measurement*, which provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy are as follows:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that are accessible to the Plan. These generally provide the most reliable evidence and are used to measure fair value whenever available. |

Note 4. Investments and Fair Value Measurements (Continued)

- | | |
|---------|---|
| Level 2 | Inputs to the valuation methodology include significant inputs, other than Level 1 inputs, that are observable either directly or indirectly for substantially the full term of the asset through corroboration with observable market data. Level 2 inputs include quoted prices for similar assets in active markets, quoted market prices in markets that are not active for identical or similar assets, and other observable inputs. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The inputs or methodology used for valuing investments are not an indication of the risk associated with investing in those securities.

The Plan's investments are held by John Hancock Life Insurance Company (U.S.A.) in pooled separate accounts and in a guaranteed interest account. The following is a description of valuation methodologies used for assets at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Pooled separate accounts: Units of participation in pooled separate accounts are reported at the accumulated value of units held by the Plan at year-end, as reported to the Plan by the insurance company. The accumulated unit value is determined by John Hancock Life Insurance Company (U.S.A.) and is based on the net asset value of shares in the underlying fund, the fund's dividends and the contract's separate account charges. Pooled separate accounts are stated at fair value as determined by observable Level 1 inputs. While some pooled separate accounts may have publicly quoted pricing inputs (Level 1), the account values of separate accounts are not publicly quoted and are therefore classified as Level 2 investments.

Guaranteed interest account: The insurance Company's guaranteed interest account consists of an investment in the general assets of John Hancock Life Insurance Company and is stated at contract value, which approximates fair value. Contract value represents contributions made under the contract plus earnings, less participant withdrawals and administrative expenses. Fair value is based on a formula that incorporates prevailing interest rates. Inputs used to determine the fair value of the general account are considered to be Level 2.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain investments or financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Investments and Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Investments at Fair Value as of December 31, 2021

	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 57,437,630	\$ -	\$ 57,437,630
Guaranteed interest account	-	213,388	-	213,388
Total investments, at fair value	\$ -	\$ 57,651,018	\$ -	\$ 57,651,018

Investments at Fair Value as of December 31, 2020

	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 48,889,750	\$ -	\$ 48,889,750
Guaranteed interest account	-	409,266	-	409,266
Total investments, at fair value	\$ -	\$ 49,299,016	\$ -	\$ 49,299,016

Note 5. Investment Contract with Insurance Company

The Plan has entered into a group annuity contract with John Hancock which provides for investments in various pooled separate accounts and a guaranteed interest account. The pooled separate accounts consist of multiple investment funds with diverse investment objectives. The guaranteed interest account guarantees the return of principal plus compound interest earned over the selected term of three years. New contributions each year earn the current interest rate published at the beginning of the month of contribution. A dollar-weighted composite rate of interest is computed at the end of each contribution year, which is used to compute earnings for the remainder of the guaranteed term. Withdrawals from the guaranteed interest account prior to end of the guarantee period are subject to a market value adjustment. Contract value represents the aggregate of all contributions, interest earned, less administrative fees and participant withdrawals. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

As described in Note 2, the guaranteed interest account is not fully benefit-responsive. Transfers from a participant's guaranteed accounts to pooled separate accounts are subject to certain restrictions.

NOTES TO FINANCIAL STATEMENTS

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Corporation had the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their entire account.

Note 7. Tax Status

The Plan has adopted a defined contribution volume submitter profit sharing plan with CODA sponsored by the Paragon Alliance Group, LLC. The volume submitter plan received a favorable opinion letter dated June 30, 2020, from the Internal Revenue Service indicating the Plan is designed in accordance with the applicable sections of the Internal Revenue Code (IRC). The volume submitter plan opinion letter has been relied upon by this Plan. The volume submitter plan has been amended since receiving the opinion letter; however, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America, require plan management to evaluate tax positions taken by the Plan and recognize a tax liability, if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Related Party Transactions

Plan investments include shares of pooled separate accounts and a guaranteed interest account managed by John Hancock Life Insurance Company (U.S.A.). John Hancock Life Insurance Company (U.S.A.) is the Custodian of the Plan, and therefore, these transactions qualify as party-in-interest transactions.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks could occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits.

401(k) Savings & Profit Sharing Plan
Pottsville, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of D.G. Yuengling & Son, Inc., 401(k) Savings & Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statements of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Item 4i - Schedule of Assets Held for Investment Purposes as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated August 2, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

SAVINGS & PROFIT SHARING PLAN**

NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description

The following description of D. G. Yuengling & Son, Inc., 401(k) Savings & Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General: The Plan is a defined contribution employee benefit plan which was established January 1, 1985. The Plan is available to all eligible employees of Yuengling Beer Co. Inc., Yuengling Brewery Museum & Gift Shop, Yuengling Brewing Company of Tampa, Inc., and D. G. Yuengling & Son, Inc., (the Corporation). To participate in salary deferral and employer match, an employee must attain age 21 and complete 60 days of service. To participate in the employer discretionary profit-sharing contribution, an employee must attain age 21, complete one year of service and be employed at year end. Bargaining and hourly rate non-bargaining employees of D. G. Yuengling & Son, Inc. are not eligible for the employer discretionary profit-sharing amount because the Corporation also sponsors a qualified defined-benefit plan for these employees, unless they have elected to cease additional benefit accruals under the defined benefit plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Amendments: Effective January 1, 2017, the Plan was amended to exclude union and part-time employees from plan participation.

Effective July 1, 2021, the Plan added an automatic enrollment provision whereby participants will automatically have five percent of their compensation deferred into the Plan as a pre-tax 401 (k) deferral unless they elect otherwise. The automatic deferral provision applies to all participants who become a participant in the Plan on or after July 1, 2021. Additionally, as of October 1, 2021, the automatic deferral provisions will apply to all existing participants except for those who have a salary deferral agreement in effect as of October 1, 2021, provided that the deferral amount under the agreement is at least equal to automatic enrollment provision.

Contributions: Each year, participants may elect to contribute up to the maximum allowable per IRC Section 415 deferral limitations. Employees may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the plan. At its discretion, the Corporation may make a matching contribution equal to a uniform percentage of salary deferral. An additional discretionary profit-sharing amount may be contributed at the option of the Corporation allocated to participants in proportion to each participant's compensation to the compensation of all participants eligible to share in the contribution for each designated classification among the participating companies. Contributions are subject to certain limitations.

Participant's Accounts: Each participant's account is credited with the participant's contributions, allocations of the Corporation's contribution and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**D. G. YUENGLING & SON, INC. 401(k)
SAVINGS & PROFIT SHARING PLAN**

NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description (Continued)

Vesting: Participants are vested immediately in their contributions and actual earnings thereon. Vesting in the Corporation's contribution is based upon years of service. After two years of service, participants become vested at twenty percent (20%). Vesting increases twenty percent (20%) per year thereafter, until fully vested at six years of service.

Payment of Benefits: A participant shall be entitled to receive the balance held in his or her account upon retirement, reaching age 59 ½, upon death or disability or upon termination of employment. Participant benefits are paid in a lump sum. There is an option of taking an annuity payment on the portion of the participant's balance attributable to the D.G. Yuengling & Son, Inc., Money Purchase Pension Plan that was merged into this Plan. Effective April 1, 2018, the Plan was amended to permit hardship distributions.

Administrative Expenses: Expenses incurred for administration of the Plan are paid by the Plan through revenue sharing amounts and by the Corporation.

Forfeitures: Forfeitures represent the non-vested portion of a participant's account upon termination and shall be used to reduce future employer contributions or pay plan expenses. At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$40,073 and \$53,413, respectively. During 2021, forfeitures of \$53,413, were used to reduce employer contributions.

Note 2. Significant Accounting Policies

Basis of Accounting: The accounting records of the Plan are maintained on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

**D. G. YUENGLING & SON, INC. 401(k)
SAVINGS & PROFIT SHARING PLAN**

NOTES TO FINANCIAL STATEMENTS

Note 2. Significant Accounting Policies (Continued)

Investment Contracts: Investment contracts held by a defined-contribution plan are required to be reported at fair value if not benefit responsive. The Plan invests in investment contracts through an insurance company group annuity contract with an investment option available in a guaranteed interest account. The Plan's guaranteed interest contract is not fully benefit responsive as the contract does not meet the basic criteria to be considered a benefit responsive contract under accounting standards. Transfers from the guaranteed interest account to other investments options may be subject to a market value adjustment (i.e., valued at the lesser of contract or market). However, the Plan Administrator has determined that the contract value of the guaranteed interest account approximates fair value as of December 31, 2021 and 2020, and any adjustment from contract value to fair value is not material to the financial statements.

Payment of Benefits: Benefit payments are recorded when paid.

Subsequent Events: In preparing these financial statements, the Plan Administrator has evaluated events and transactions for potential recognition or disclosure through July 20, 2022, the date the financial statements were available to be issued.

Note 3. Information Certified by the Custodian

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends, for the year ended December 31, 2021, was obtained by management and agreed to information certified as complete and accurate by John Hancock Life Insurance Company (U.S.A.), (the custodian of the Plan).

Note 4. Investments and Fair Value Measurements

The Plan measures on a recurring basis its investments at fair value in accordance with Financial Accounting Standards Board (FASB) codification *Fair Value Measurement*, which provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy are as follows:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that are accessible to the Plan. These generally provide the most reliable evidence and are used to measure fair value whenever available. |
|---------|--|

**D. G. YUENGLING & SON, INC. 401(k)
SAVINGS & PROFIT SHARING PLAN**

NOTES TO FINANCIAL STATEMENTS

Note 4. Investments and Fair Value Measurements (Continued)

- | | |
|---------|---|
| Level 2 | Inputs to the valuation methodology include significant inputs, other than Level 1 inputs, that are observable either directly or indirectly for substantially the full term of the asset through corroboration with observable market data. Level 2 inputs include quoted prices for similar assets in active markets, quoted market prices in markets that are not active for identical or similar assets, and other observable inputs. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The inputs or methodology used for valuing investments are not an indication of the risk associated with investing in those securities.

The Plan's investments are held by John Hancock Life Insurance Company (U.S.A.) in pooled separate accounts and in a guaranteed interest account. The following is a description of valuation methodologies used for assets at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Pooled separate accounts: Units of participation in pooled separate accounts are reported at the accumulated value of units held by the Plan at year-end, as reported to the Plan by the insurance company. The accumulated unit value is determined by John Hancock Life Insurance Company (U.S.A.) and is based on the net asset value of shares in the underlying fund, the fund's dividends and the contract's separate account charges. Pooled separate accounts are stated at fair value as determined by observable Level 1 inputs. While some pooled separate accounts may have publicly quoted pricing inputs (Level 1), the account values of separate accounts are not publicly quoted and are therefore classified as Level 2 investments.

Guaranteed interest account: The insurance Company's guaranteed interest account consists of an investment in the general assets of John Hancock Life Insurance Company and is stated at contract value, which approximates fair value. Contract value represents contributions made under the contract plus earnings, less participant withdrawals and administrative expenses. Fair value is based on a formula that incorporates prevailing interest rates. Inputs used to determine the fair value of the general account are considered to be Level 2.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain investments or financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Investments and Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Investments at Fair Value as of December 31, 2021

	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 57,437,630	\$ -	\$ 57,437,630
Guaranteed interest account	-	213,388	-	213,388
Total investments, at fair value	\$ -	\$ 57,651,018	\$ -	\$ 57,651,018

Investments at Fair Value as of December 31, 2020

	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 48,889,750	\$ -	\$ 48,889,750
Guaranteed interest account	-	409,266	-	409,266
Total investments, at fair value	\$ -	\$ 49,299,016	\$ -	\$ 49,299,016

Note 5. Investment Contract with Insurance Company

The Plan has entered into a group annuity contract with John Hancock which provides for investments in various pooled separate accounts and a guaranteed interest account. The pooled separate accounts consist of multiple investment funds with diverse investment objectives. The guaranteed interest account guarantees the return of principal plus compound interest earned over the selected term of three years. New contributions each year earn the current interest rate published at the beginning of the month of contribution. A dollar-weighted composite rate of interest is computed at the end of each contribution year, which is used to compute earnings for the remainder of the guaranteed term. Withdrawals from the guaranteed interest account prior to end of the guarantee period are subject to a market value adjustment. Contract value represents the aggregate of all contributions, interest earned, less administrative fees and participant withdrawals. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

As described in Note 2, the guaranteed interest account is not fully benefit-responsive. Transfers from a participant's guaranteed accounts to pooled separate accounts are subject to certain restrictions.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Corporation had the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their entire account.

Note 7. Tax Status

The Plan has adopted a defined contribution volume submitter profit sharing plan with CODA sponsored by the Paragon Alliance Group, LLC. The volume submitter plan received a favorable opinion letter dated June 30, 2020, from the Internal Revenue Service indicating the Plan is designed in accordance with the applicable sections of the Internal Revenue Code (IRC). The volume submitter plan opinion letter has been relied upon by this Plan. The volume submitter plan has been amended since receiving the opinion letter; however, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America, require plan management to evaluate tax positions taken by the Plan and recognize a tax liability, if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Related Party Transactions

Plan investments include shares of pooled separate accounts and a guaranteed interest account managed by John Hancock Life Insurance Company (U.S.A.). John Hancock Life Insurance Company (U.S.A.) is the Custodian of the Plan, and therefore, these transactions qualify as party-in-interest transactions.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks could occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits.
