Sunbury Motor Company 401(k) Retirement Plan

Sunbury, Pennsylvania:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Sunbury Motor Company 401(k) Retirement Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Sunbury Motor Company 401(k) Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Sunbury Motor Company 401(k) Retirement Plan's ability to continue as a going concern within one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Sunbury Motor Company 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Sunbury Motor Company 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion on whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the 2021 financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other

records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Sunbury Motor Company 401(k) Retirement Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated July 26, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

SUNBURY MOTOR COMPANY 401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2021 AND 2020

1. DESCRIPTION OF THE PLAN:

The following description of Sunbury Motor Company 401(k) Retirement Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Sunbury Motor Company and Mertz Partnership (Companies). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Custodian

Effective September 15, 2020, the Plan changed its custodian and recordkeeper from Voya Retirement Insurance and Annuity Company (Voya) to Principal Life Insurance Company (Principal). Plan assets transferred to Principal were transferred into funds comparable to those offered by Voya. The conversion initiated a blackout period beginning September 15, 2020, and continued through October 11, 2020. During this period, funds could not be applied to the employee-selected funds with the custodian or withdrawn from the Plan until the custodian had time to accurately complete the conversion. During this period, employee contributions continued to be made through payroll deductions, and the contributions were deposited and invested during the blackout period. At the end of the blackout period, these funds were transferred to Principal and invested in funds, as requested by each participant.

Contributions

Each year participants in the Plan may contribute up to the maximum annual amount allowable by the Internal Revenue Code (IRC) of pretax or after-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Companies contribute a percentage of the participants' elective contribution which is established annually. In addition to these contributions, the Companies may, at the discretion of the Companies' management, make additional contributions to the Plan. Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan currently offers twenty-nine mutual funds, four pooled separate accounts and one guaranteed general account as investment options for participants. Contributions are subject to certain IRC limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Companies contributions, Plan earnings and forfeitures of terminated participants' nonvested accounts. Participants accounts are charged with administrative expenses that are paid by the Plan and reduced by distributions to participants. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. Any asset transfers from or to other retirement plans are also credited or charged to the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

SUNBURY MOTOR COMPANY 401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2021 AND 2020

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Companies contributions portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100% vested after three years of credited service.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments over a period not exceeding the life expectancy of the participant. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. In addition, the Plan allows for a hardship withdrawal if certain criteria are met.

Forfeited Accounts

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account, as defined by the Plan, represents a forfeiture. Forfeitures are used to pay plan expenses or to reduce future employer contributions. Forfeited nonvested accounts totaled \$577 and \$1,138 as of December 31, 2021 and 2020, respectively. During 2021, forfeited nonvested accounts of \$550 were used to pay Plan expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value and contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

SUNBURY MOTOR COMPANY 401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2021 AND 2020

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments, including payments to participants and direct rollovers to other retirement plan accounts, are recorded upon distribution.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Companies and are excluded from these financial statements. Fees related to custodial and record keeping services are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

3. INVESTMENT CONTRACT WITH INSURANCE COMPANY:

The Plan has a traditional investment contract with Principal for the years ended December 31, 2021 and 2020. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The following represents the traditional investment contract held by the Plan as of December 31, 2021 and 2020:

	<u>2021</u>	<u>2020</u>
Guaranteed General Account Contract	\$2,994,307	\$2,727,648

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula established by the contract issuer, but it may not be less than 1% or more than 3%. Such interest rates are reviewed on an annual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuers. Such events include plan termination, contract termination by the plan sponsor, and other withdrawals deemed to be plan sponsor directed as defined by the contract. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contracts permit the insurance company to terminate the agreement prior to the scheduled maturity date after five completed contract years and a 90 day written notice.

FOR THE YEARS ENDED DECEMBER 31, 2021 AND 2020

4. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2021 and 2020.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts: Valued at NAV as determined by Principal, the custodian, for the years ended December 31, 2021 and 2020.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

SUNBURY MOTOR COMPANY 401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2021 AND 2020

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2021 and 2020:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
December 31, 2021:				
Mutual funds	\$9,161,736		\$	\$ 9,161,736
Pooled separate accounts	<u> </u>	<u>\$1,472,248</u>	<u> </u>	<u>1,472,248</u>
Investments at fair value	<u>\$9,161,736</u>	<u>\$1,472,248</u>	<u>\$</u>	<u>\$10,633,984</u>
December 31, 2020:				
Mutual funds	\$8,314,751		\$	\$ 8,314,751
Pooled separate accounts	<u> </u>	<u>\$1,369,911</u>	<u> </u>	<u>1,369,911</u>
Investments at fair value	<u>\$8,314,751</u>	<u>\$1,369,911</u>	<u>\$</u>	<u>\$ 9,684,662</u>

5. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

6. TAX STATUS:

The Companies adopted a prototype non-standardized pre-approved profit sharing plan with CODA which received a favorable opinion letter dated June 30, 2020 from the IRS which stated that the non-standardized pre-approved profit sharing plan with CODA was acceptable under section 401 of the IRC for use by employers for the benefit of their employees. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

In March 2020, the World Health Organization declared the outbreak and ongoing coronavirus disease (COVID-19) a pandemic. The situation continues to evolve with

SUNBURY MOTOR COMPANY 401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2021 AND 2020

direct and indirect economic impacts. COVID-19 has contributed to significant declines and volatility in financial markets. As such, the Plan saw relative volatility in the market value of securities held during 2020 and 2021.

8. INFORMATION CERTIFIED BY CUSTODIANS (UNAUDITED):

At December 31, 2021 and 2020, the Plan's investments were held by Principal, the custodian of the Plan. The following is a summary of the Plan's financial statements based on information certified by Principal as complete and accurate in accordance with Section 2520.103-8 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

The investments at December 31, 2021 and 2020, as reported by Principal, is summarized as follows:

	<u>2021</u>	<u>2020</u>
Investments	\$13,628,291	\$12,412,310

The related investment activity of investments for the year ended December 31, 2021, as reported by Principal, is summarized below:

Net appreciation in fair value of investments	\$1,049,194
Interest and dividends	161,027

Principal also certified information included in the supplemental schedule of assets (held at end of year) as of December 31, 2021.

9. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS:

Plan investments are managed by Principal, the custodian, as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. These transactions qualify as party-in-interest transactions and are denoted as such on the supplemental schedule of assets held at end of year.

Principal provides recordkeeping services to the Plan. Fees paid by the Plan for recordkeeping services to Principal amounted to \$53,415, for the year ended December 31, 2021.

Valley Forge Pension Management, Inc. provides certain administrative services to the Plan. Fees paid by the Plan for administrative services amounted to \$540 for the year ended December 31, 2021.

Sunbury Motor Company, the plan sponsor, charges an annual maintenance fee to terminated plan participants with certain vested account balances. Fees paid by the Plan for maintenance fees amounted to \$650 for the year ended December 31, 2021.

The Companies pay directly any other fees related to the Plan's operations.

10. PLAN AMENDMENT:

Effective January 1, 2021, the Plan was restated to comply with the required IRS third six-year cycle plan Post-PPA restatement and adopt provisions of Setting Every Community Up for Retirement Enhancement Act. The restated Plan also changed trustees.

11. SUBSEQUENT EVENTS:

Subsequent events have been evaluated through June 27, 2022, which is the date the financial statements were available to be issued.
