FIRST INTERNATIONAL TITLE, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
Years Ended December 31, 2021 and 2020

Note 1 - Description of Plan

The following description of the First International Title, Inc. 401(k) Plan (the "Plan"), effective January 1, 2013, provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all eligible employees of First International Title, Inc., Quality Research Services, Inc. and First Western Title Acquisition LLC (collectively the "Sponsor") who have six months of service and are at least twenty-one years old. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Funding Policy - Each year, participants may contribute up to the maximum percentage allowable, not to exceed the limits of code sections 401(k), 402(g), 404 and 415, as defined in the Plan document into a traditional and/or Roth account. Participants direct their account balance into various investments offered by the Plan and may also contribute amounts representing distributions from other qualified defined benefit or contribution plan rollovers. The employer matches 50% of contributions up to 4% of participants' compensation.

During the year ended December 31, 2021, employer contributions were \$317,927 consisting of amounts contributed by the Sponsor of \$289,621 and applied forfeited non vested account balances of \$28,306.

Participant Accounts and Vesting

Each participant's account is credited with the participant's contribution, the sponsor's contribution, and plan earnings. Plan earnings are credited to the participants' accounts based on the performance of the investments selected by each participant. Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Sponsor contributions vest as follows:

<u>Years of Service</u>	<u>Percentage Vested</u>
1	20%
2	40%
3	60%
4	80%
5	100%

A year of vesting service is at least 1,000 hours. All non-vested benefits are forfeited by participants should they terminate employment prior to becoming vested. At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$26,569 and \$25,791, respectively and amounts forfeited by

separated participants in 2021 were \$28,493. Such forfeitures are used by the Sponsor to offset administrative expenses or reduce future matching contributions to the Plan.

Plan Termination

The Sponsor can discontinue contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of termination, each participating employee shall become 100% vested in the Plan, and the assets shall be allocated among participating employees and beneficiaries in proportion to the employees' respective account balances.

Transfer From Related Party Plan

During 2021, related party employees were transferred to FIT and accordingly their 401(k) plan account balances in the amount of \$1,231 were transferred to the FIT plan. The transfer is included in the accompanying statement of changes in net assets available for benefits as an increase to net assets entitled *Transfer of net assets from related party plan*.

Payment of Benefits

Participants' vested account balances are payable upon retirement, disability, death, and approved hardship either (1) in a lump-sum amount equal to the value of the account balance, (2) in installment payments over a period of not more than the assumed life expectancy of the participant and beneficiary, if any, (3) by an account balance transfer to an individual retirement account or other qualified plan, or (4) any combination of the foregoing. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bears an interest rate ranging from 4.25% to 6.5% per annum, which is commensurate with local prevailing interest rates at the time of the loan as determined by the plan administrator. Principal and interest is paid ratably through regular payroll deductions. At December 31, 2021 and 2020, loans collateralized by participant accounts amounted to \$171,363 and \$101,159, respectively and interest income of \$6,424 was recognized on these loans during 2021.

Administrative Expenses

The compensation or fees of consultants, accountants, counsel and other specialists, as well as any other cost of administering the Plan, will be paid by the Plan unless paid by the Sponsor, at its discretion. All administrative expenses other than fees associated with investments for the year ended December 31, 2021 were paid by the Sponsor.

FIRST INTERNATIONAL TITLE, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
Years Ended December 31, 2021 and 2020

Note 2 - Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting using Financial Accounting Standards Board (FASB) Accounting Standard Codification (ASC) 105-10, *FASB Codification* (the "Codification"). The Codification is the single source of authoritative U.S. generally accepted accounting principles (GAAP).

ASU 2010-25 "*Reporting Loans to Participants by Defined Contribution Pension Plans*" requires that participant loans be classified as participant notes receivable which are to be segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income from participant loans was \$6,424 for the year ended December 31, 2021.

Investment Valuation and Income Recognition

Investments are reported at fair value. As described in note 4, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

In accordance with the policy of stating investments at fair value, the Plan presents in the statement of changes in net assets available for plan benefits, the net appreciation (depreciation) in the fair value of investments which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Benefit Payments

Benefits are recorded when paid.

Recently Issued Accounting Pronouncements

In July 2019, the AICPA Auditing Standards Board (ASB) issued AICPA Statement on Auditing Standards No. 136, *Forming an Opinion and Reporting on Financial Statements of Employee Benefit Plans Subject to ERISA* ("SAS No. 136"). This new standard prescribes certain new performance requirements for ERISA plan financial statement audits and changes the form and content of the related auditor's report to improve audit quality and enhance the communicative value and transparency of the auditor's report. It includes new requirements in all phases of an audit of ERISA plan financial statements including engagement acceptance, risk assessment and response,

communication with those charged with governance, performance procedures, and reporting. SAS No. 136 is effective for audits of ERISA plan financial statements for periods ending on or after December 15, 2020.

Estimates

The preparation of financial statements, in conformity with generally accepted accounting principles, requires management to make estimates and assumptions that affect the reported amounts and disclosures of assets and liabilities at the date of the financial statements, as well as the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for investment options in various mutual funds and an investment contract with an insurance company. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to the changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

Tax Status

The Sponsor has established, and intends to maintain, the Plan as a qualified plan under IRC Section 401 which provides for exemptions from federal income taxation. According to the Plan's latest determination letter, the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Company, as Plan Sponsor, has indicated that it will take the necessary steps to maintain the Plan's qualified status.

Note 3 - Information Certified by Custodian

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian, Reliance Trust Company has certified that the following information related to investments included in the accompanying financial statements and supplemental schedule are complete and accurate. The following table summarizes the information included in the Plan's financial

statements, which was prepared by the custodian of the Plan, for the years ended December 31, 2021 and 2020, and furnished to the Plan administrator.

Investment income:		
Net appreciation in fair value	\$ 277,510	
Investment fund interest and dividend income	\$ 620,428	

Note 4 – Fair Value Measurement

In accordance with the accounting standards for fair value measurements for those assets and liabilities that are measured at fair value on a recurring basis, the Plan has categorized its applicable financial instruments into required fair value hierarchy. The fair value hierarchy gives the highest priority to quoted prices on active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). If the inputs used to measure the financial instruments fall within different levels of the hierarchy, the categorization is based on the lowest level input that is significant to the fair value measurement of the instrument.

Applicable financial assets and liabilities are categorized based on the inputs to the valuation techniques as follows:

Level 1 – Inputs based on quoted prices (unadjusted) in active markets for identical assets or liabilities accessible at the measurement date.

Level 2 – Inputs based on quoted prices in markets that are not active or model inputs that are observable, either directly or indirectly, for substantially the full term of the asset or liability, such as quoted prices for similar assets or liabilities in active markets.

Level 3 – Unobservable inputs for the asset or liability including the reporting entity's own assumptions in determining the fair value measurement.

The following table summarizes the Plan's assets measured at fair value on a recurring basis:

	<u>2021</u>	<u>2020</u>
Mutual funds (Level 1)	\$ 7,782,954	\$ 6,200,996
Common and collective trusts (Level 2)	<u>198,176</u>	<u>225,045</u>
Total	<u>\$ 7,981,130</u>	<u>\$ 6,426,041</u>

FIRST INTERNATIONAL TITLE, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
Years Ended December 31, 2021 and 2020

Mutual funds are Level 1 investments valued at the net asset value of shares held by the Plan at year-end, which represents quoted prices in an active market. Common and collective trusts are pooled funds which can be redeemed at a stated quoted price on a specific measurement date and are therefore considered Level 2 investments.

Note 5 – Party-in-Interest and Prohibited Transactions

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries and trustees or employees of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. Therefore fees paid to Reliance Trust, the trustee and custodian and participant loan activity are considered party-in-interest transactions, which are exempt from the prohibited transaction rules.

Note 6 – Investment Contract with Insurance Company

The Plan entered into a benefit-responsive investment contract with Reliance Trust the “Custodian”. The Custodians maintain the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contracts were \$198,176 and \$225,045 at December 31, 2021 and 2020, respectively. The average yields earned by the Contract with an adjustment to reflect the actual interest rates credited to participants for the year ended December 31, 2021 was 2.32%. This represents the annualized earnings credited to participants in the Contract divided by the fair value of the Contract at December 31, 2021.

Note 8 – Subsequent Events

In accordance with FASB ASC 855, *Subsequent Events*, the Plan has evaluated all subsequent events requiring recognition and disclosure in the financial statements through July 26, 2022, the date the financial statements were available to be issued. The Plan has determined that there are no material events that would require recognition or disclosure in the financial statements.
