Plan Administrator and Plan Participants
Schnipke Engraving 401(k) Profit Sharing Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Schnipke Engraving 401(k) Profit Sharing Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise of the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4(i) – schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated June 29, 2021 we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

Note 1—Description of the Plan

The following description of the Schnipke Engraving 401(k) Profit Sharing Plan and Trust (the Plan) is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provision.

General

The Plan is a defined contribution plan established for the sole purpose of providing retirement benefits to all employees of Schnipke Engraving Company, Inc. (the Company) who have attained the age of twenty-one and completed at least six months of service as defined in the Great-West Trust Company Defined Contribution Prototype Plan Basic Plan Document #11. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Plan Amendments

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable laws and Internal Revenue Service (IRS) guidance.

Contributions

Each year, participants may contribute up to IRS maximum limits of pre-tax annual compensation to a traditional 401(k) or after-tax annual compensation to a Roth 401(k), as defined in the plan document. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company contributes a maximum of 4% of employee wages by matching 100% of the first 3% percent plus 50% of employee contributions over 3% up to 5%. The matching Company contribution is invested as directed by the participants. Additional discretionary profit sharing amounts may be contributed at the option of the Board of Directors of the Company and are also invested as directed by the participants. Participants may share in the additional discretionary profit sharing amounts provided they have completed six months of service (minimum of 1,000 hours) and are actively employed on the last day of the plan year. Contributions are subject to certain limitations. The Company did not make a discretionary profit sharing contribution for 2021.

Participants' accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions, (b) Plan earnings, and (c) forfeitures of terminated participants' nonvested discretionary accounts. Allocations are based on participant earnings or account balances, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

SCHNIPKE ENGRAVING 401(K) PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS- CONTINUED
December 31, 2021 and 2020

Note 1—Description of the Plan—continued

Notes receivable from participants

Participants may borrow from their fund accounts an amount not to exceed \$50,000 or 50% of their vested account balance, whichever is less. Only one outstanding note receivable is permitted at any time and the note receivable prepayment schedule can be no longer than 60 months or 15 years if used for the purchase of a principal residence or for less than \$1,000. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 5.25% to 8.00%, which is commensurate with local prevailing rates. The notes receivable are secured by the balance in the participants' account.

Pursuant to the CARES Act, Plan participants could request a delay of note repayments for repayments that occurred between March 27, 2020 and December 31, 2020 for one year. The participant's note would be re-amortized and include any interest accrued during the period of delay. The ability to request a delay in note repayments under the CARES Act ceased as of December 31, 2020.

Payment of benefits

In the event of retirement, attainment of age 59 ½, death, termination, total and permanent disability, or other severance of employment, participants are entitled to receive an amount equal to the value of the vested interest in their accounts. Payment of benefits may be taken in a lump sum distribution, in installments or as an annuity. In the event of hardship, as defined in the plan agreement, participants may take a distribution from their accounts in an amount necessary to satisfy the financial need, subject to certain tax withholdings.

If a participant's balance is less than \$5,000 and a distribution election is not made at time of termination, the full value of the account will be distributed in a single lump-sum, either directly to the participant if the balance does not exceed \$1,000, or to an individual retirement account if the balance is between \$1,000 and \$5,000 within a reasonable period of time.

Pursuant to the CARES Act, participants who were currently receiving required minimum distributions were offered the option to waive their 2020 distribution and participants who were due to receive the first required distribution in 2020 had their distribution automatically waived. Additionally, the CARES Act permitted Plan participants to request up to \$100,000 in coronavirus-related distributions, with repayment terms of up to three years. The ability to request special waivers with respect to required minimum distributions and coronavirus-related distributions under the CARES Act ceased as of December 31, 2020.

Vesting

Participants are always 100% vested in their contributions, employer matching contributions, and any earnings (losses) thereon. Participants become vested in the Company's discretionary profit-sharing contributions plus earnings (losses) over a six year-period as described below:

Forfeitures

Forfeited amounts attributable to the Company matching portion of a participant's account will be applied to reduce the Company matching contribution for the Plan year in which such forfeitures occur. Forfeited amounts attributable to the Company discretionary profit sharing portion of a participant's account will be reallocated to all participants based on compensation, as defined in the plan agreement. Forfeited non-vested amounts totaled \$619 and \$550 at December 31, 2021 and 2020, respectively. The Plan used \$32 to reduce the Company's matching contributions during the year ended December 31, 2021.

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan provisions to discontinue its contributions at any time and to amend, modify, or terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their account balance.

Note 2–Summary of significant accounting policies

Basis of accounting

The Plan maintains its records on the accrual basis, whereby income is recognized when earned and expenses are recognized when the obligations are incurred.

Investment valuation and income recognition

The Plan's investments are stated at fair value with the exception of the insurance company general account (fully benefit-responsive investment), which is valued at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly fashion between market participants at the measurement date. See Note 4 for further discussion and disclosure related to fair value measurements. Contract value is the relevant measure for fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the Plan.

Net appreciation or depreciation in fair value of investments is reflected in the statement of changes in net assets available for benefits and includes realized gains and losses on investments bought and sold and the change in appreciation from one period to the next. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

SCHNIPKE ENGRAVING 401(K) PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS- CONTINUED
December 31, 2021 and 2020

Note 2—Summary of significant accounting policies—continued

Notes receivable from participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Notes receivable from participants are written off and reclassified as distributions when deemed uncollectable.

Contributions

Employee salary deferrals and Company contributions are included in income during the period the related salary is earned.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

The Company pays the administrative expenses of the Plan, unless the expenses relate to specific investment directions of the participant. Fees related to the administration of notes receivable from participants and payments of benefits are charged directly to the participant's account and are included in administrative expenses. Administrative expenses that were paid by the Company were excluded from these financial statements.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Subsequent events

The Plan has evaluated subsequent events through July 20, 2022, the date the financial statements were available to be issued, and has determined there are no subsequent events that require disclosure.

Note 3—Investments

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants as of December 31, 2021 and 2020, and net realized and unrealized appreciation in fair value of investments, interest, dividends and interest income on notes receivable from participants for the year ended December 31, 2021, were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC (Great-West), as of December 31, 2021 and 2020 and for the year ended December 31, 2021 in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information has not been examined by independent auditors.

Note 4—Fair value measurements

Except for the Plan's fully benefit-responsive investment, the Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification Topic, Fair Value Measurement, are described as follows:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include:

- a. Quoted prices for similar assets or liabilities in active markets;
- b. Quoted prices for identical or similar assets or liabilities in inactive markets;
- c. Inputs other than quoted prices that are observable for the asset or liability;
- d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 4—Fair value measurements—continued

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. At December 31, 2021 and 2020 there were no assets classified as Level 3.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds—valued at the quoted market price on an active market held by the Plan at the end of the year. Mutual funds held by the Plan are open end mutual funds that are registered with the Securities and Exchange Commission.

Common/Collective Trust Funds—valued daily based on the net asset value of the shares determined by the underlying securities. The net asset value, as provided by the trustee, is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Variable annuity funds—unit values are calculated daily by the annuity provider according to the methods described in the annuity contract.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies and assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets that are measured at fair value.

Total investment assets at fair value	<u>\$ 30,102,616</u>			

(a) In accordance with Subtopic 820-10, certain investments that were measured at the net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The common/collective trust funds have no unfunded commitments, have a daily redemption frequency and requires a 1-day redemption period. The common/collective trust funds' fair value is \$9,981,332 and \$9,299,682 at December 31, 2021 and 2020, respectively.

The Plan holds certain common/collective trust funds which are not direct-filing entities. The fair value of these funds was \$7,678,260 and \$7,006,640, as of at December 31, 2021 and 2020, respectively. These common/collective trust funds comprise of target-date investments, which primarily seek a high total return through its' target retirement date, with a greater focus on income beyond the target date. It invests in underlying bonds, domestic and foreign equity, fixed-income and target allocation funds according to an asset allocation strategy designed for investors having a retirement investment goal close to the year in the fund's name.

Note 5—Fully benefit-responsive investment contract with insurance company

The Plan has a fully benefit-responsive investment contract with Great-West. Great-West maintains the contributions in a general account. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by Great-West. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The fully benefit-responsive investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The credit interest rate is based on the Composite Crediting Rate. Such interest rates are reviewed on a semi-annual basis for resetting. The crediting interest rate and the yield for the fixed annuity contract was 1.85% and 1.98% as of December 31, 2021 and 2020, respectively.

As described in Note 2, because the investment contracts are fully benefit-responsive, contract value is the relevant measure attributable for that portion of the net assets available for benefits attributable to the fully benefit-responsive investment contract.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contracts at December 31, 2021 and 2020 was \$1,403,454 and \$1,599,094, respectively.

Certain events limit the Plan's ability to transact at contract value with Great-West. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on completing investment options or deletion of equity wash provisions, (c) bankruptcy of the Company or other Company events (for example, divestitures or spin-offs of a subsidiary) that causes a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 6—Related party transactions

The trustee provides plan administration services to the Plan, which are paid directly by the Plan. Therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the administration services are deducted directly from participant accounts. There have been no known prohibited transactions with a party in interest. The Plan made direct payments to the trustee in the amount of \$110,215 during 2021.

Notes receivable from participants also qualify as party-in-interest transactions. Notes receivable from participants totaled \$437,083 and \$545,622 as of December 31, 2021 and 2020, respectfully. Interest received on notes receivable from participants totaled \$31,037 for the year ended December 31, 2021.

Note 7–Federal income tax status

The Plan is designed based on a prototype plan established by the Great-West. The IRS has provided an opinion to Great-West by letter dated March 31, 2014, that the prototype plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC).

Although the Plan has not requested a letter of determination from the IRS, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8–Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
