REPORT OF INDEPENDENT AUDITORS

Administrative Committee of
Family Service of S.A. 401(K) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Family Service of S.A. 401(K) Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA (“ERISA Section 103(a)(3)(C)” audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the *Auditors’ Responsibilities for the Audit of the 2021 Financial Statements* section of our report.

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles (“GAAP”); and
- the certified investment information in the accompanying 2021 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with U.S. generally accepted auditing standards (“GAAS”). Our responsibilities under those standards are further described in the *Auditors’ Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – 2021 Supplementary Information Required by ERISA

The 2021 Supplementary Information is presented for purposes of additional analysis and is not a required part of the 2021 financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 financial statements. FAMILY SERVICE OF S.A. 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2021 and 2020

1. DESCRIPTION OF THE PLAN

The following description of the Family Service of S.A. 401(K) Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan covering certain classifications of employees of Family Service Association of San Antonio, Inc. (the “Company” or “Employer”) who have completed at least six months of service within the first year of employment and are at least 18 years of age. Participants are automatically enrolled in the Plan upon meeting eligibility requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Plan assets are held in trust and administered by Voya Retirement Insurance and Annuity Company (the “Trustee”). In 2020, the Plan adopted provisions of the CARES and SECURE Acts, which are summarized in Note 10.

Contributions – An eligible Participant may authorize the Company to withhold one percent up to eighty percent of eligible compensation not to exceed the annual limits established by the Internal Revenue Service (“IRS”). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at two percent of eligible compensation and their contributions invested in a designated balance fund until changed by the participant. The Company will increase participants’ deferral rate by 1% annually up to a maximum of 6%, unless the participant elects not to do so. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participant contributions are invested in accordance with investment directions provided to the Trustee by each participant.

Employer Contributions – The Employer shall make a safe harbor matching contribution equal to 100% of all participant contributions up to 3% of eligible compensation and then 50% of all participant contributions up to 5% of eligible compensation. In addition, the Plan Administrator, at its discretion, may make qualified non-elective contributions to eligible participants, allocated in proportion to their respective compensation. During the years ended December 31, 2021 and 2020, there were no non-elective contributions. Contributions are subject to certain IRS limitations.

Participant Accounts – Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s contributions and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant account balances or compensation, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. Participant accounts are invested in accordance with investment directions provided to the Trustee by each participant.

Vesting – Participants are immediately vested in their voluntary contributions plus actual earnings thereon, as well as all employer contributions and those earnings.

FAMILY SERVICE OF S.A. 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2021 and 2020

1. DESCRIPTION OF THE PLAN (continued)

Notes Receivable from Participants – Participant's may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and a participant may only have two receivables outstanding at any point in time. The loan interest rate is set at 1 percent above the prime rate, as defined. Principal and interest is paid ratably through regular payroll deductions.

Payment of Benefits – Upon termination of service, death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of his or her account. Absent election, participant balances less than \$5,000 as of the date of termination are distributed in accordance with the Plan provisions.

Withdrawals – Withdrawals during employment are permitted under certain circumstances. There are two types of withdrawals: hardship and non-hardship. A hardship withdrawal is available under limited circumstances, which the participant must document. A non-hardship withdrawal is available under certain circumstances, depending on the participant's age, length of Plan participation, and/or type of account or sub-account involved.

Forfeited Accounts – Forfeited balances of terminated participants' nonvested accounts are used to reduce future Company contributions or to pay Plan expenses. At December 31, 2021 and 2020, there was no forfeited nonvested account balances. During 2021 and 2020, no amounts were forfeited by participants who withdrew from the plan.

Administrative Expenses – Plan expenses are charged to the Plan. Fees associated with specific transactions (loans, distributions, etc.) and quarterly administrative fees are charged to the participant as incurred. All fees are deducted from the participant's account as those fees are assessed.

Plan Termination – Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan's financial statements are reported on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

FAMILY SERVICE OF S.A. 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2021 and 2020

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition – Investments, except fully benefit responsive investment contracts, are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 8 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fully benefit-responsive investment contracts are recorded at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits – Benefits are recorded when paid.

Funding Policy – It is the policy of the Plan's employer to deposit the participants' withheld contributions within the ERISA required time limit which is the earliest date the funds can be segregated from general assets.

Risks and Uncertainties – Financial instruments which potentially subject the Plan to concentrations of credit risk consist primarily of securities in which the Plan invests. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the near-term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Withdrawing Participant Obligations – Amounts allocated to withdrawing participants are claims that have been processed and approved for payment prior to year-end, but not paid as of that date. These amounts were not deemed material at December 31, 2021 and 2020.

FAMILY SERVICE OF S.A. 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2021 and 2020

3. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of or mutual funds managed by Voya Retirement Insurance and Annuity Company. Voya Retirement Insurance and Annuity Company is the Trustee as defined by the Plan and, therefore, these investments qualify as party-in-interest transactions. Fees paid by the Plan for the services provided by the trustee amounted to **\$47,838** for the year ended December 31, 2021. Various indirect investment expenses were paid to various investment managers from the participant investment earnings as described in Form 5500 Schedule C. In 2021, all other plan administrative fees were paid directly by the Plan Sponsor. Additionally, the Plan invested in a guaranteed stable value fund and certain mutual funds administered by the Trustee. These transactions are considered party-in-interest transactions due to the nature of the relationship between the Plan and the trustee. Notes receivable from participants also qualify as party-in-interest transactions.

4. INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified to the Plan Administrator that the listing of investments (stated at fair value), together with all other transactions related to those investments (including notes receivable from participants), are complete and accurate as of December 31, 2021 and 2020, and for the year ended December 31, 2021. No auditing procedures were performed with respect to this information, except for comparing such information certified by the trustee with the related information included in the financial statements and supplemental schedule.

The following is a reconciliation of the changes in net assets available for benefits per the financial statements for the year ended December 31, 2021 to Schedule H of Form 5500:

Employer's prior year contribution receivable recorded on the Form 5500	<u>11,545</u>

6. INCOME TAX STATUS

The Plan obtained its latest determination letter in June 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter, the Plan Administrator and Trustee believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

U.S. generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2018.

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2021 and 2020

7. FIDELITY BOND

The Plan was covered by a fidelity bond for both years ended December 31, 2021 and 2020, which was within the prescribed limits as set forth by the ERISA.

8. FAIR VALUE OF FINANCIAL INSTRUMENTS

Accounting Standards Codification 820 (“ASC 820”), “*Fair Value Measurements and Disclosures*”, provides the framework for measuring fair value for financial assets and liabilities. The Plan does not have any nonfinancial assets or liabilities. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 Inputs – Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the plan has the ability to access.

Level 2 Inputs – Inputs to the valuation methodology are other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability (for example, interest rates, volatilities, prepayment speeds, loss severities, credit risks and default rates) or inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 Inputs – Significant unobservable inputs that reflect an entity’s own assumptions that market participants would use in pricing the assets or liabilities.

A description of the valuation methodologies used for assets and liabilities measured at fair value, as well as the general classification of such instruments pursuant to the valuation hierarchy, is set forth below. The Plan Trustee determines fair value based on quoted market prices, where available. If quoted prices are not available, fair value is estimated based upon other observable inputs. The Plan Trustee uses unobservable inputs when observable inputs are not available. Adjustments may be made to reflect the assumptions that market participants would use in pricing the asset or liability.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

8. FAIR VALUE OF FINANCIAL INSTRUMENTS (continued)

The following table presents information about the Plan's assets measured at fair value on a recurring basis and indicates the fair value hierarchy of the inputs utilized to determine those fair values:

	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs	Total Fair Value
December 31, 2021				
Mutual funds	<u>\$ 5,429,819</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 5,429,819</u>
Total investments at fair value	<u>\$ 5,429,819</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 5,429,819</u>
December 31, 2020				
Mutual funds	<u>\$ 4,430,470</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 4,430,470</u>
Total investments at fair value	<u>\$ 4,430,470</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 4,430,470</u>

9. STABLE VALUE FUND – FULLY BENEFIT RESPONSIVE INVESTMENT CONTRACT

The Plan offers as an investment option a benefit-responsive stable value fund with Voya Retirement Insurance and Annuity Company. Voya Retirement Insurance and Annuity Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The stable value option fund ("SVF") issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The SVF contract seeks to provide safeguarding of principal value. The SVF guarantees a minimum rate of interest, and may credit interest that exceeds the guaranteed minimum rate. Daily credited interest becomes part of principal and the investment increases through compound interest. Contract charges may reduce the return. The SVF is not guaranteed by the FDIC or any other government agency.

Contract value, as reported to the Voya Retirement Insurance and Annuity Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The contract value for the stable value fund – investment contracts at December 31, 2021 and 2020 totaled **\$67,025** and \$59,353, respectively. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

FAMILY SERVICE OF S.A. 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2021 and 2020

9. STABLE VALUE FUND – FULLY BENEFIT RESPONSIVE INVESTMENT CONTRACT (continued)

Although plan participants generally may withdraw assets from the SVF without restrictions, a hold period at the contract level in the event of a full contract discontinuance or partial contract discontinuance maybe imposed. Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe any events which would limit the Plan's ability to transact at contract value with participants are probable. The SVF does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

10. CARES AND SECURE ACTS

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security Act ("CARES Act") was enacted. The CARES Act provided immediate and temporary relief for eligible retirement plans and their participants who were adversely impacted by the coronavirus disease 2019 ("COVID-19") pandemic. During 2020, the Plan adopted the provisions of the CARES Act to allow these participants to: take coronavirus-related distributions and loans, penalty-free, up to \$100,000, and up to 100% of the vested account balance; defer loan repayments until December 31, 2020; and temporarily suspend required minimum distributions. The Plan operationally adopted certain participant loan and withdrawal provisions of the CARES Act that were effective for portions of the 2020 Plan Year in order to provide relief to participants affected by COVID-19. To comply with the CARES Act, the Plan will be amended on or before December 31, 2022, or such later date as the Secretary of the Treasury may prescribe, to reflect the changes made to the Plan.

On December 20, 2019, the Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE Act") was enacted and was effective beginning on January 1, 2020. The SECURE Act provisions included, among other things: an increase in the age limit for required minimum distributions from 70½ to 72; removed the requirement to have a six-month suspension period on Elective Deferrals (and after-tax contributions) following a hardship distribution; and allowing various electronic communications. The Plan operationally has adopted the required provisions of the SECURE Act that are effective beginning with the 2020 Plan Year. To comply with the SECURE Act, the Plan will be amended on or before December 31, 2022, or such later date as the Secretary of the Treasury may prescribe, to reflect the changes made to the Plan.

FAMILY SERVICE OF S.A. 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2021 and 2020

11. SUBSEQUENT EVENTS

The Plan Sponsor has performed a review of subsequent events through July 26, 2022 which is the date the financial statements were available for issuance, and concludes there were no other events or transactions occurring during this period that required recognition or disclosure in the financial statements except as noted below. Any events occurring after this date have not been factored into the financial statements being presented.

Effective April 1, 2022, participants automatically enrolled into the Plan upon meeting eligibility requirements will be enrolled at a deferral rate of 3%.
