Independent Auditors' Report

To The Trustees of
Bowl New England, Inc. 401(k) Profit Sharing Plan
Colchester, Vermont

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Bowl New England, Inc. 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for plan benefits as of December 31, 2021, and the related statement of changes in net assets available for plan benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Bowl New England, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt Bowl New England, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness Bowl New England, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt Bowl New England, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter — Report on the 2020 Financial Statements

We were engaged to audit the statement of net assets available for plan benefits of the Plan as of December 31, 2020 and the related statement of changes in net assets available for plan benefits for the year then ended. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Our audit report, dated July 30, 2021, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient, appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Bowl New England, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2021 and 2020

(1) Description of Plan

The following description of the Bowl New England, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

- (a) General - The Plan is a defined contribution plan established by Bowl New England, Inc. (the "Company") on June 1, 1985. Employees who have completed 1 hour of service and who have attained the age of 18 are eligible to participate in the Plan. Participation is voluntary. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).
- (b) Contributions - Each year, participants may contribute any amount of pretax annual compensation, as defined in the Plan, subject to limits set by the Internal Revenue Service. The Company may also contribute a discretionary matching contribution equal to a percentage of participants' deferrals. This amount is determined annually, and in both 2021 and 2020, the Company's discretionary match was equal to 100% of the first 7.5% of eligible compensation that a participant contributes to the Plan.
- (c) Participant Accounts - Each participant's account is credited with the participant's contributions and allocations of the Company's contribution and Plan earnings. Earnings are allocated to participant accounts based on relative account balances.
- (d) Vesting - Participants are immediately vested in their contributions and earnings thereon. Participant's vested interest in their account derived from employer contributions shall be based on the following vesting schedule:
 - 20% after two years of service
 - 40% after three years of service
 - 60% after four years of service
 - 80% after five years of service
 - 100% after six years of service
- (e) Forfeitures - Forfeitures represent amounts which could not be paid to terminated participants due to failure to meet vesting requirements. Forfeitures are used to reduce the Company's contributions or offset Plan expenses. Forfeitures of \$32,913 and \$32,389 were used during plan years 2021 and 2020, respectively. Available forfeitures at December 31, 2021 and 2020 were \$18,843 and \$19,144, respectively.
- (f) Investment Options - Upon enrollment in the Plan, a participant may direct contributions in any of the investment fund options offered by the Plan.
- (g) Notes Receivable - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50 percent of their account balance or \$50,000 reduced by the participant's largest outstanding loan balance during the year. Loan transactions are treated as a transfer to (from) the investment fund from (to) participant loans. Loan terms generally range from 1-5 years. The loans are secured by the balance in the participant's account and bear interest at a fixed rate, as determined by local prevailing rates. Principal and interest is paid ratably through payroll deductions.

Notes to Financial Statements

December 31, 2021 and 2020

Description of Plan (continued)

- (h) Hardship Withdrawals - Participants may receive hardship withdrawals for reasons of financial hardship.
- (i) Payment of Benefits - Participants are entitled to receive a lump-sum benefit equal to 100 percent of their accrued benefit upon reaching retirement, death, or disability. The accrued benefit includes the sum of the value of the participant's employee savings account and the value of the vested portion of the related Company matching account. These values include the proportionate share of any income, expenses, or gains and losses attributable to the investment of Plan assets.

(2) Summary of Significant Accounting Policies

- (a) Basis of Accounting - The financial statements of the Plan are prepared using the accrual basis of accounting.
- (b) Investments - Mutual funds are reported at their December 31, 2021 and 2020 quoted fair values in active markets. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

- (c) Cash Equivalents - The Plan considers cash equivalents to be short-term, highly liquid investments, with maturities of less than three months at the time of purchase. These cash equivalents are carried at cost, which approximates market value.
- (d) Notes Receivable - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.
- (e) Administrative Expenses - All administrative expenses are paid directly by the Company, except for investment fees and certain recordkeeping fees.
- (f) Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.
- (g) Risks and Uncertainties - The Plan utilizes various investment instruments. Investment securities in general are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Summary of Significant Accounting Policies (continued)

(h) Payment of Benefits - Benefits are recorded when paid.

(i) Subsequent Events - The Plan evaluated subsequent events through July 22, 2022, the date the Plan's financial statements were available to be issued.

(3) Plan Amendment and Termination

Although the Company has not expressed any intention to terminate the Plan, it may do so at any time. Under the provisions of the Plan, if the Plan is terminated, the accounts of all participants will become non-forfeitable and the Plan trustee will distribute the Plan's assets to the Plan participants.

Additionally, the Company may amend the Plan at any time without the consent of any participant or beneficiary, provided that no amendment deprives any participant of the participant's non-forfeitable accrued benefit.

(4) Information Certified by the Plan's Custodian

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the auditors not to perform any auditing procedures with respect to the information certified by the custodian of the Plan, except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule. The plan administrator has obtained a certification from the custodian that the information provided to the plan administrator by the custodian is complete and accurate.

(5) Fair Value Measurements

Accounting principles generally accepted in the United States of America establish a framework for measuring fair value. That framework provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Bowl New England, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2021 and 2020

Fair Value Measurements (continued)

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC.

Money market funds: Valued at cost.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

	Assets at Fair Value as of December 31, 2021			
	(Level 1)	(Level 2)	(Level 3)	Total

Total	<u>\$ 8,060,079</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 8,060,079</u>

(6) Income Taxes

A determination letter was received on March 31, 2014, indicating that the Plan, as a prototype non-standardized plan, is acceptable under Section 401 of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

(7) Withdrawing Participants

All participants who have withdrawn from the Plan and requested their benefits have been paid as of December 31, 2021.

(8) Related Parties

The Plan has a number of service providers. Such parties are considered parties-in-interest under ERISA.
