Report of Independent Auditors

The Plan Administrator
The Crawford Group

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Enterprise Holdings Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes (collectively referred to as the “financial statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedule of Assets (held at end of year) as of December 31, 2021, (referred to as the “supplemental schedule”), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor’s Report on the 2020 Financial Statements

We were engaged to audit the financial statements of the Plan, which comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended. As permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures

with respect to the investment information certified by a qualified institution. In our report dated July 15, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on those financial statements, and (b) the form and content of the information included in those financial statements other than that derived from the certified investment information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Enterprise Holdings Retirement Savings Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Enterprise Holdings Retirement Savings Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the plan document and Summary Plan Description for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all eligible employees of The Crawford Group, Inc. (“Crawford” or the “Company”), including its domestic subsidiaries.

The Plan contains a 401(k) component and a profit sharing component. The Plan’s 401(k) assets and profit sharing assets are held by Fidelity Management Trust Company (“Fidelity”), the trustee for the Plan.

The Plan is a defined contribution plan that is subject to certain provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). All employees not covered by any other plan to which the Company contributes are eligible to participate upon meeting the eligibility requirements of the Plan.

401(k) Participation/Contributions

Employees of Crawford and participating U.S. subsidiaries are eligible to participate in the Plan on the first day of the month, following two months of employment, with the exception of employees classified as seasonal or temporary, contract workers and certain other employee classifications. Employees covered by a collective bargaining agreement that allows participation in the Plan are eligible to participate in the 401(k) portion of the Plan after completing six months of service.

The Plan provides for before-tax 401(k) or post-tax Roth contributions. Participants can designate how their contributions are allocated between the before-tax 401(k) or post-tax Roth investment options and corresponding tax treatment of each option. The Plan also allows for rollovers into the Plan from other tax qualified plans or accounts. In addition to salary deferrals and employer matching contributions, there may be an annual profit sharing contribution, if so declared by the Crawford Board of Directors.

Participation by eligible employees is voluntary. The total number of employees eligible to participate in the Plan was 59,568 and 60,935 at December 31, 2021 and 2020, respectively. Participants can contribute from 1% to 100% of their annual pay, including base salary or wages, overtime, bonuses, and commissions, up to the maximum amount set by the Internal Revenue Service (the “IRS”). Participants age 50 or older during the calendar year can make additional catch-up contributions. The current maximum annual catch-up contribution is \$6,500. Investments in the Plan are all participant-directed.

Contributions may be allocated between the available funds in multiples of 1%. Participants may elect to change the allocation of their investments among the various investment options in the Plan. Allocations among investment options must be in increments of no less than 1% and the sum total must equal 100%.

All amounts contributed by employees are fully vested and are nonforfeitable at all times.

Employer Matching Contributions

The Company matches 100% of participants’ contributions to their 401(k) accounts, up to 3% of eligible compensation each pay period, subject to a maximum annual benefit per participant. For those employees covered by a collective bargaining agreement that allows participation in the Plan, the Company matches 50% of the participants’ contributions, after one year of service, up to 4% of eligible compensation each pay period.

Enterprise Holdings Retirement Savings Plan
Notes to Financial Statements

1. Description of the Plan (continued)

Participant Loans

The Plan allows participants to borrow from their accounts an amount not to exceed the lesser of (a) \$50,000; (b) \$50,000 reduced by the highest outstanding loan balance, if any, from the Plan during the one-year period ending on the day before the date on which the new loan was made (the former loan must also be paid off before a new loan can be approved); or (c) 50% of the total value of the participant's eligible account balance. The interest rate charged on these loans reflects current market interest rates and fluctuates based on changes in the prime rate quoted by Reuters plus 1%. Interest rates ranged from 4.25% to 9.25% on loans outstanding at December 31, 2021. The period of repayment can range from 1 to 15 years. Participant loans in default at the end of the calendar quarter following the calendar quarter in which the repayments were discontinued are deemed a distribution to the participant. Loan repayments are made by payroll deductions each pay period. Interest paid on the loan is credited to the participant's account.

CARES Act Provisions

In March 2020, the World Health Organization declared a pandemic resulting from the COVID-19 viral disease ("COVID-19"). The Coronavirus Aid, Relief, and Economic Security Act (CARES Act), enacted on March 27, 2020, provided relief to financial pressures experienced by health care institutions, businesses, local governments and individuals. Relief to individuals was, in part, provided through expanded withdrawal and loan rights in qualified retirement plans. A plan amendment was executed during the plan year to adopt certain provisions of the CARES Act, including amended provisions for loans and coronavirus-related distributions. A qualified individual could make an election any time through the 2020 plan year to withdraw up to \$100,000 from the vested individual account.

Effective April 2020 through the end of 2020, the number of participant loans allowed increased from one to two, allowing for the addition of any coronavirus-related distributions. Individuals meeting certain criteria related to the impact of COVID-19 on their personal situation could qualify for a coronavirus-related distribution. For participants that qualify, the maximum loan limit increased to the lesser of \$100,000 or 100% of their vested account balance. This type of distribution was available through December 31, 2020 with the increased limits applying from March 27, 2020 through September 23, 2020, with the first payment date deferred until January 2021. Participants meeting the criteria for coronavirus-related distributions could delay loan payments on existing loans from March 27, 2020 through December 31, 2020. Loan payments began again in January 2021 on a re-amortized loan which includes the accumulated deferred interest. The 10% early distribution tax that normally applies to distributions taken before the age of 59 ½ was waived for these distributions.

Profit Sharing Contributions and Benefits

In addition to the employer 401(k) match, the Company may determine, at its sole discretion, that it will make a contribution to the Plan. Participants are eligible for profit sharing contributions following one year of continuous service and must have at least 1,000 hours of service in their anniversary year, in the plan year in which the first anniversary occurs or in a subsequent plan year. Those participating subject to a collective bargaining agreement are not eligible for profit sharing.

Although past contributions do not guarantee future funding, the Company has historically contributed 5% of its respective pre-tax income or the maximum amounts deductible for federal income tax purposes towards retirement plan contributions. The Company retirement plan contributions are based on fiscal year earnings for its most recent fiscal year ended July 31. After it is determined what percentage of pre-tax profits will be set aside for the retirement plan contribution, 401(k) matching contributions, and certain Plan expenses for that fiscal year are deducted to arrive at the profit sharing contribution for that plan year.

All of the profit sharing fund assets are held by Fidelity and all assets are considered participant directed investments.

Profit sharing contributions are allocated to participant accounts based on participants' eligible compensation to the extent the participant meets minimum service requirements and is employed as of the end of the plan year.

1. Description of the Plan (continued)

Vesting

Vesting, as it relates to Company 401(k) matching and profit sharing contributions, is based on years of service, with a participant becoming fully vested after six years of service. Those participating subject to a collective bargaining agreement are immediately vested in Company 401(k) matching contributions.

Participants terminating before fully vesting who choose to take a distribution (rather than leaving their balance in the Plan) forfeit the non-vested portion of their accounts. However, if a participant who was partially vested at the time of leaving the Company takes a distribution from the Plan and is rehired within five years, that person is reinstated, and the amount previously forfeited is restored provided the participant restores his/her previously vested balance back into the Plan. Participants terminating before fully vesting who opt to leave their balance in the Plan do not forfeit the non-vested portion of their accounts until a five-year break in service has occurred, at which point the forfeited amounts are allocated to remaining participants. Related to the plan years ended December 31, 2021 and 2020, non-vested balances forfeited and allocated to remaining participants totaled \$27,987,039 and \$25,379,056, respectively.

Profit sharing contributions and forfeited account balances are allocated to eligible participant accounts based only on participants' eligible compensation to the extent the participant meets minimum service requirements and is employed as of the end of the plan year.

If a participant's employment relationship with the Company ends due to becoming permanently disabled, death or the participant has reached the age of 65 and it has been five years since becoming eligible for the Plan, the participant is entitled to the full value of his/her account regardless of his/her vesting service. If the vested portion of a participant's account is \$1,000 or less, he/she must take a full distribution from the Plan after terminating employment. If the vested portion of a participant's account is greater than \$1,000, the participant may choose to receive his/her vested balance in a lump-sum payment or leave the balance in the Plan. Effective January 1, 2020, if a participant chooses to leave his/her vested balance in the Plan, he/she is required by government regulations to begin taking minimum distributions by April 1 of the calendar year following the calendar year in which he/she turns 72. All minimum required distributions were cancelled for the plan year ended December 31, 2020.

Hardship Withdrawals

Effective January 1, 2020, a participant may take a hardship withdrawal from the Plan when expenses and losses are incurred due to a natural disaster declared by the Federal Emergency Management Agency (FEMA). Additionally, the number of hardship withdrawals allowed per calendar year was limited to three.

Plan Termination

Although Crawford has not expressed any intent to do so, it may terminate the Plan at any time, subject to the provisions of the collective bargaining agreements and/or ERISA. In the event of plan termination, participants will be completely vested in their accounts.

Enterprise Holdings Retirement Savings Plan
Notes to Financial Statements

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are reported on an accrual basis.

Valuation of Investments

The investments of the Plan are reported at fair value. The fair value of the financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Mutual funds, exchange-traded funds and common/collective trusts represent investments with various investment managers. Shares held in mutual funds and exchange-traded funds traded on national securities exchanges are valued at the net asset value as of December 31, 2021 and 2020. The value of common/collective trusts are measured at the published net asset value.

The short-term investment fund consists of interest-bearing investments. Such amounts are recorded at cost, plus accrued interest.

Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought then sold, as well as, held for sale during the year.

Purchases and sales of the investments within the Plan are reflected on a trade-date basis.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus accrued interest. Interest income on notes receivable from participants is recorded as earned. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses are recorded. If a participant ceases to make loan repayments and the plan administrator determines that the participant loan is a deemed distribution, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

Trustee and investment management fees are paid by the Plan, and some fees are paid by the participant. Other costs of administration of the Plan are paid by Crawford and are not reflected in the financial statements.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements, supplemental schedule and accompanying notes. Actual results could differ from those estimates.

Recently Adopted Accounting Pronouncements

In July 2018, the Financial Accounting Standards Board ("FASB") issued guidance which, among other things, amends an illustrative example of a fair value hierarchy disclosure to indicate that a certain type of investment should not always be considered to be eligible to use the net asset value per share practical expedient. Also, it further clarifies that an entity should evaluate whether a readily determinable fair value exists or whether its investments qualify for net asset value per share practical expedient in accordance with ASC 820, Fair Value Measurement. Adoption of the amended guidance, which is to be applied prospectively, affects the fair value disclosures, but does not change the fair value measurement of the investments. The guidance is effective for fiscal years beginning after December 15, 2019. Upon adoption of this standard, it was determined that the common/collective trusts have a readily determinable fair value and are now classified as Level 1 investments within the Fair Value Measurements disclosure.

2. Summary of Significant Accounting Policies (continued)

Recently Adopted Accounting Pronouncements (continued)

In August 2018, the FASB issued guidance that eliminates, amends and adds disclosure requirements to ASC 820, Fair Value Measurement. Specifically, this guidance allows the removal of certain disclosures regarding transfers between Level 1 and Level 2 investments, requires a modification to disclosures of investments that are valued at the net asset value and requires additional information related to the valuation of Level 3 investments. The guidance is effective for fiscal years beginning after December 15, 2019. Certain requirements of the standard should be applied prospectively, while others are required to be adopted retrospectively. The adoption of this standard did not impact the Plan's financial statements.

3. Investments

Certain investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held, notes receivable from participants, net appreciation in fair value of investments, investment income (consisting of interest and dividends), interest income on notes receivable from participants and administrative expenses as of and for the years ended December 31, 2021 and 2020, was obtained or derived from information supplied to the Plan's administrator and certified as complete and accurate by Fidelity.

The Plan's investments at fair value on December 31 were as follows:

<u>Description</u>	<u>2021</u>	<u>2020</u>
Mutual funds and exchange-traded funds	\$ 1,456,412,956	\$ 1,793,073,763
Common/collective trusts	<u>3,513,630,414</u>	<u>2,577,815,386</u>
Investments, at fair value	<u>\$ 4,970,043,370</u>	<u>\$ 4,370,889,149</u>

4. Fair Value Measurements

The Plan Sponsor uses a three-level fair value hierarchy that categorizes assets and liabilities measured at fair value based on the observability of the inputs utilized in the valuation. These levels include: Level 1, inputs are quoted prices in active markets for identical assets or liabilities; Level 2, inputs other than quoted prices included in Level 1 that are directly or indirectly observable through market-corroborated inputs; and Level 3, inputs are unobservable, or observable but cannot be market-corroborated, requiring the Plan Sponsor to make assumptions about pricing by market participants. There were no Level 2 or Level 3 investments in the Plan as of December 31, 2021 and 2020. Transfers between levels, if any, are recorded as of the date the transfer occurred. There were no transfers between levels during 2021 or 2020.

The following tables set forth by level within the fair value hierarchy Plan investment assets and liabilities at fair value. Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Investment Assets at Fair Value as of December 31, 2021		
	<u>Level 1</u>	<u>Total</u>
Mutual funds and exchange-traded funds	\$ 1,456,412,956	\$ 1,456,412,956

4. Fair Value Measurements (continued)

	Investment Assets at Fair Value as of December 31, 2020	
	<u>Level 1</u>	<u>Total</u>
Mutual funds and exchange-traded funds	\$ 1,793,073,763	\$ 1,793,073,763
Common/collective trusts	<u>2,577,815,386</u>	<u>2,577,815,386</u>
Total assets at fair value	<u>\$ 4,370,889,149</u>	<u>\$ 4,370,889,149</u>

5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

6. Income Taxes

The Plan has received a determination letter from the IRS dated November 3, 2014, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and therefore, the related trust is exempt from taxation. Subsequent to the receipt of the determination letter, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and therefore, believes the Plan, as amended, is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Related-Party and Parties-in-Interest

The Plan engages in investment transactions with funds managed by Fidelity. Fidelity is the trustee of the Plan assets and is the Plan's record-keeper. Therefore, these transactions qualify as party-in-interest transactions.

Fidelity has represented that there were no non-exempt party-in-interest transactions, no obligations or leases in default, and no commitments to purchase or sell investment assets or to repurchase investment assets previously sold during the year ended December 31, 2021, relating to assets maintained by Fidelity.

8. Subsequent Events

In preparing the accompanying financial statements, management has reviewed subsequent events that have occurred after December 31, 2021 through July 15, 2022, the date the financial statements were issued. The Plan noted no reportable subsequent events.
