Independent Auditor's Report

Board of Directors
AVI Systems, Inc. Employee Stock Ownership Plan
Lenexa, Kansas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of AVI Systems, Inc. Employee Stock Ownership Plan (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in *Note 4* to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of AVI Systems, Inc. Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about AVI Systems, Inc. Employee Stock Ownership Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued or within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of AVI Systems, Inc. Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about AVI Systems, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, have been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or are derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or are derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or are derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of AVI Systems, Inc. Employee Stock Ownership Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated July 22, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations under ERISA.

AVI Systems, Inc. Employee Stock Ownership Plan

Notes to Financial Statements

December 31, 2021 and 2020

Note 1: Description of the Plan

General

The following description of the AVI Systems, Inc. Employee Stock Ownership Plan (Plan) provides only general information. Participants should refer to the Plan Document and *Summary Plan Description* for a more complete description of the Plan's provisions, which are available from the Plan Administrator.

The Plan was amended and operates, in relevant part, as a leveraged employee stock ownership plan (ESOP), and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (Code) and is subject to the applicable provisions of the *Employee Retirement Income Security Act of 1974*, as amended (ERISA). The Plan is a defined contribution plan sponsored by AVI Systems, Inc. (Company) for the benefit of its employees who have attained age 21. The Plan is administered by an ESOP Committee comprising up to three persons appointed by the Company's board of directors. Alerus Financial, N.A. is the Plan's trustee and custodian.

Unallocated and Allocated Shares

Notes payable issued to acquire ESOP shares (*Note 9*) are collateralized by the unallocated shares of common stock and are guaranteed by the Company. The lender has no rights against shares once they are allocated to participants in accordance with the terms of the ESOP. Accordingly, the financial statements of the Plan as of December 31, 2021 and 2020 and for the years then ended present separately the assets and liabilities and changes therein pertaining to:

- (A) The accounts of employees with vested rights in allocated common stock (Allocated)
- (B) Common stock not yet allocated to employees (Unallocated)

Eligibility

Employees of the Company and its participating subsidiaries are generally eligible to participate in the Plan when they are 21 years of age and qualify as an eligible employee as defined in the Plan Document. Participants who do not have at least 1,000 hours of service during such plan year or are not employed on the last working day of a plan year are generally not eligible for an allocation of discretionary profit sharing contribution, if any, for that year. Contributions are subject to certain limitations. Forfeitures are allocated among active participants based upon compensation.

Contributions

The Company is obligated to make contributions in cash to the Plan which, when aggregated with the Plan's dividends and interest earnings, equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its term loan.

AVI Systems, Inc. Employee Stock Ownership Plan

Notes to Financial Statements

December 31, 2021 and 2020

The Plan permits eligible employees through a salary deferral election to have the Company make annual contributions of a minimum 2 percent up to 75 percent of eligible compensation. Employee rollover contributions are also permitted. The Company may make discretionary matching contributions and other discretionary contributions to the Plan as determined by the Company's board of directors. For the years ended December 31, 2021 and 2020, the Company made matching contributions of 50 percent of the participants' deferrals up to 6 percent of compensation limits of \$142,800 and \$137,700 for 2021 and 2020, respectively. Matching contributions for the years ended December 31, 2021 and 2020 were \$1,541,291 and \$1,490,938, respectively. During 2021 and 2020, the Company elected to make discretionary quarterly profit sharing contributions equal to 25 percent of the consolidated quarterly net income before profit sharing contributions as reported on the Company's quarterly consolidated income statements. Profit sharing contributions for the years ended December 31, 2021 and 2020 were \$3,459,000 and \$3,503,000, respectively.

Participant Investment Account Options

Investment account options available include various mutual funds or a common collective trust fund. Each participant has the option of directing his/her contributions into any of the investment funds and may change the allocation daily. Company stock is not an investment option for employee elective deferrals.

The plan trustee directs the investment of matching, S-distributions and discretionary contributions.

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each plan year with an allocation of shares of the Company's common stock released by the Trustee from the unallocated account and forfeitures of terminated participants' nonvested accounts. Only those participants who are eligible employees of the Company as of the last day of the Plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation. Each participant's account is credited with the participant's contribution, the Company's contribution and plan earnings or account balances, as defined. The benefits to which a participant is entitled is provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in the Company's matching and discretionary contributions portion of their accounts plus earnings thereon is based on years of continuous service. Participants vest in the Plan Sponsor's contributions and earnings thereon at a rate of 20 percent for each year of service and become fully vested upon completing five years of service. The nonvested balance is forfeited upon termination of service. Forfeitures are allocated among active participants based upon compensation. Upon termination of employment due to normal retirement, disability or death, participants become fully vested in the employer contribution portions of their accounts.

AVI Systems, Inc. Employee Stock Ownership Plan

Notes to Financial Statements

December 31, 2021 and 2020

Put Option

Under federal income tax regulations, the Company stock that is held by the Plan and its participants and is not readily tradable on an established market or is subject to trading limitations includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current appraised value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure the participant has the ability to ultimately obtain cash.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant shall receive a lump-sum distribution equal to the value of the participant's vested portion of his or her combined 401(k), non-stock matching and discretionary accounts. For termination of service for other reasons, a participant may receive the value of his or her 401(k) and non-stock match accounts as a lump-sum distribution after the participant's termination date. The vested interest in his or her Company match and discretionary (portion invested in Company stock) accounts shall be distributed in five equal annual installments as soon as possible after the annual valuation of the Company stock.

Vested participant account balances that fall below \$10,000 during the five-year installment period will be completely liquidated during the same year that they fall below this threshold.

At December 31, 2021 and 2020, plan assets include \$22,450,966 and \$22,335,363, respectively, allocated to accounts of terminated or retired participants who have elected to withdraw from the Plan but have not yet been paid.

Under the provisions of the Plan, the Company is obligated to repurchase participant shares, which have been distributed under the terms of the Plan if the shares are not publicly traded or if the shares are subject to trading limitations.

In April 2020, the Plan Sponsor (Company) implemented *Coronavirus Aid, Relief, and Economic Security Act* (CARES Act) provisions for coronavirus-related distributions (CRD). Through December 30, 2020, qualified participants are permitted to take a CRD of up to \$100,000 from the Plan. Participants who take a CRD have the option to have the distribution taxed over a three-year period, with the ability to recontribute up to the full amount of the distribution within three years and not be subject to federal income tax as a result. The Plan also waived minimum distribution requirements for any distribution required to be made in 2020.

AVI Systems, Inc. Employee Stock Ownership Plan

Notes to Financial Statements

December 31, 2021 and 2020

Notes Receivable from Participants

The Plan Document includes provisions authorizing loans from the Plan to active eligible participants. Loans are made to any eligible participant demonstrating a qualifying need. The minimum amount of a loan shall be \$1,000. The maximum amount of a participant's loans is determined by the available loan balance restricted to the lesser of \$50,000 or 50 percent of the participant's pre-tax contributions account balance. All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence) through payroll withholdings unless the participant is paying the loan in full. Loans are administered with a fixed rate of interest of 1 percent above the Prime Rate as published in the *Wall Street Journal* on the first business day of the month in which the loan is requested by the participant. Participants are allowed to have a maximum of two outstanding loans at any given time.

In April 2020, the Plan Sponsor (Company) adopted the *Coronavirus Aid, Relief, and Economic Security Act* (CARES Act) provisions for loan relief to 1) delay certain required loan repayments for one year and 2) increase loan limits to the lesser of \$50,000 or 100 percent of the participant's vested balance for coronavirus-related loans. The CARES Act provided for the increased loan limit for coronavirus-related loans issued from March 27, 2020 through September 22, 2020. The one-year suspension of loan repayments applies to qualified participants' loan payments due between March 27, 2020 and December 31, 2020. Following the suspension period, these loans will be re-amortized over the remaining period of the loans, plus the suspension period.

Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account with respect to any corporate matter which involved the voting of such shares with respect to the approval or disapproval of any corporate merger or consolidation, recapitalization, reclassification, liquidation, dissolution sale of substantially all assets or a trade or business, or such similar transaction. Each participant is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee is not permitted to vote any allocated share for which a participant has not given instructions.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. A participant may diversify up to a cumulative 25 percent over the first five years and an additional 25 percent in the sixth year of the shares allocated to his or her account.

AVI Systems, Inc. Employee Stock Ownership Plan

Notes to Financial Statements

December 31, 2021 and 2020

For distributions beginning January 1, 2012, the minimum annual periodic distribution amount shall be the lesser of \$10,000 or the participant's ESOP account balance. The funds must be invested among the investment funds designed by the participant with respect to his or her non-ESOP accounts, or if no designation exists, to the default fund designated by the Administrative Committee.

Forfeitures

Plan forfeitures are allocated to each participant's account based upon the relation of the participant's compensation to total compensation for the Plan year. Forfeitures of terminated nonvested account balances allocated to remaining participants during the years ended December 31, 2021 and 2020, totaled \$543,619 and \$195,067, respectively.

Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, the interest of each participant in the trust fund will be distributed to such participant or the participant's beneficiary at the time prescribed by the Plan terms and the Code.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. The Plan invests in investment contracts through a common collective trust fund. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets, changes in net assets and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

AVI Systems, Inc. Employee Stock Ownership Plan

Notes to Financial Statements

December 31, 2021 and 2020

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Quoted market prices, if available, are used to value mutual fund investments. At December 31, 2021 and 2020, the common stock of the Company was valued at fair value as determined by an independent appraisal.

The Plan's interest in the collective trust is valued based on information reported by the investment advisor using the audited financial statements of the collective trust at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

Plan Tax Status

The Plan obtained its latest determination letter on January 12, 2018, in which the Internal Revenue Service stated that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code and, therefore, not subject to tax. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Allocations

The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to: (a) the accounts of employees with vested rights in allocated common stock ("allocated") and (b) common stock not yet allocated to employees ("unallocated"), including shares that are committed to be released. Shares are released from collateral and become allocated generally in the period in which debt service is actually paid.

Revisions

Certain immaterial revisions have been made to the 2020 financial statements to present the share allocation for the year then ended. These revisions did not have a significant impact on the financial statement line items impacted.

AVI Systems, Inc. Employee Stock Ownership Plan

Notes to Financial Statements

December 31, 2021 and 2020

Note 3: Administration of Plan Assets

The Trustee of the Plan holds the Plan's assets, which consist principally of Company common shares.

Company contributions are held and managed by the Trustee, which invests cash received, interest and dividend income and makes distributions to participants. The Trustee also administers the payment of interest and principal on the loan, which is reimbursed to the Trustee through contributions as determined by the Company.

Note 4: Certification of Plan Trustee and Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Alerus Financial, N.A., a qualified institution, has certified the following investment information included in the accompanying financial statements and ERISA-required supplemental schedules are complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Investment income and interest income on notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2021 and 2020.
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2021 and the accompanying schedule of reportable transactions for the year ended December 31, 2021.

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedules.

Note 7: Disclosures About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. The hierarchy comprises three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

Recurring Measurements

The following tables present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2021 and 2020:

December 31, 2021

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2021 and 2020. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis. For assets classified within Level 3 of the fair value hierarchy, the process used to develop the reported fair value is described below.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. See the table below for inputs and valuation techniques used for Level 3 securities.

Unobservable (Level 3) Inputs

The following tables present qualitative information about unobservable inputs used in recurring Level 3 fair value measurements at December 31, 2021 and 2020.

	Fair Value at 12/31/21	Valuation Technique	Unobservable Inputs
Sponsor Company common shares	\$ 167,595,350	Discounted cash flow Public company guideline method Merger and method	Weighted average cost of capital Long-term revenue growth rate Long-term profit margins Revenue & EBITDA multiples Discount for lack of marketability Control premium

	Fair Value at 12/31/20	Valuation Technique	Unobservable Inputs
Sponsor Company common shares	\$ 138,999,900	Discounted cash flow Public company guideline method Merger and method	Weighted average cost of capital Long-term revenue growth rate Long-term profit margins Revenue & EBITDA multiples Discount for lack of marketability Control premium

The valuation process involves plan management's selection of an independent appraiser. Plan management accumulates the data for the appraiser from the financial statements of the Company. The appraiser prepares a preliminary report which plan management, along with the ESOP trustee, reviews in detail, discusses and approves.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 8: Investment Contract with Insurance Company

The Plan is party to a fully benefit-responsive investment contract with Wells Fargo Bank N.A. (Wells Fargo). Wells Fargo maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan.

The guaranteed investment contract is fully benefit-responsive; therefore, contract value is the relevant measurement. Contract value, as reported to the Plan, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan Documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Company or other Company events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 9: Line of Credit and Note Payable

During the plan years ended December 31, 2021 and 2020, the Company advanced cash totaling \$8,588,104 and \$5,870,746, respectively, to the Trust to cover the Plan's distribution obligations. These advances were an interest-free line of credit to the Plan. No collateral has been taken for this loan. The Plan Administrator believes that the loan complies with the requirements of Department of Labor Prohibited Transaction Class Exemption 80-26. The proceeds of the loan were used to fund cash distributions and diversifications of Company common stock for certain ESOP participants. The shares associated with participant distributions and diversifications were not reallocated to remaining participants in anticipation of converting the line of credit to a term loan with the Company.

AVI Systems, Inc. Employee Stock Ownership Plan

Notes to Financial Statements

December 31, 2021 and 2020

Effective December 31, 2021, the Plan converted the line of credit to a \$8,588,104 term loan agreement with the Company. The agreement provides for the loan to be repaid over 30 years and bears interest at 1.74 percent. The loan is collateralized by a pledge on 96,593 shares of the Company, at a per share price of \$88.91. The unallocated shares resulting from certain 2021 participant distributions and diversifications serve as collateral for the loan.

Effective December 31, 2020, the Plan converted the line of credit to a \$5,476,393 term loan agreement with the Company. The agreement provides for the loan to be repaid over 30 years and bears interest at 1.31 percent. The loan is collateralized by a pledge on 74,266 shares of the Company, at a per share price of \$73.74. The unallocated shares resulting from certain 2020 participant distributions and diversifications serve as collateral for the loan.

Effective December 31, 2019, the Plan converted a line of credit to a \$7,565,997 term loan agreement with the Company. The agreement provides for the loan to be repaid over 30 years and bears interest at 2.09 percent. The loan is collateralized by a pledge on 95,712 shares of the Company, at a per share price of \$79.05. The unallocated shares resulting from certain 2019 participant distributions and diversifications serve as collateral for the loan.

Effective December 31, 2018, the Plan converted a line of credit to a \$7,084,860 term loan agreement with the Company. The agreement provides for the loan to be repaid over 30 years and bears interest at 3.31 percent. The loan is collateralized by a pledge on 99,660 shares of the Company, at a per share price of \$71.09. The unallocated shares resulting from certain 2018 participant distributions and diversifications serve as collateral for the loan.

Shares are released from collateral and allocated to participants as payments of principal and interest are made. The number of shares released in any year is the number of shares held as collateral times the ratio of the current year payments divided by the total of this year's payments, plus all future years' principal and interest payments. Shares totaling 8,988 and 6,512 were released and allocated related to all loan repayments during 2021 and 2020, respectively.

The following table presents the outstanding notes payable balance as of December 31, 2021 and 2020 by loan tranche:

	2021	2020
2018 Loan Tranche	\$ 6,645,877	\$ 6,796,995
2019 Loan Tranche	7,194,380	7,382,110

Thereafter	<u>23,983,854</u>
	<u><u>\$ 27,748,896</u></u>

Note 10: Related-Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association or relatives of such persons.

The Plan uses certain Company S-distributions to invest in the common stock of the Company held by participants in the Plan who have terminated their employment with the Company.

The Plan invests in Company common stock and has indebtedness guaranteed by the Company.

The Plan has a number of service providers. Such providers are parties in interest under ERISA. Fees for trust and management services paid by the Plan to the Trustee were \$209,239 and \$134,694 for the years ended December 31, 2021 and 2020, respectively.

The Company provides certain administrative services at no cost to the Plan.

Note 11: Nonexempt Transactions

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets, but no later than the 15th business day of the month following the month in which the participant contributions are withheld by the employer. While the Company remitted all employee contributions to the Plan, contributions of \$6,873 were not remitted within the required time period for the year ended December 31, 2020.

Notes to Financial Statements

December 31, 2021 and 2020

Note 12: Tax Status

The Plan obtained its latest determination letter on January 12, 2018, in which the Internal Revenue Service stated that the Plan (and related trust), as then designed, were in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan (and related trust) are currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Note 13: Plan Amendment

Effective January 1, 2020, the Plan was amended to allow diversification proceeds based on elections made during the Annual Election Period to be invested within 90 days after the last day of the Annual Election Period among the investment funds designated by participations with respect to Non-ESOP Accounts. The diversification proceeds based on elections made during the 2020 Extended Election Period will be invested no later than December 31, 2020.

Effective October 1, 2020, the Plan was amended to include any available benefit credit offered to employees who opt-out of participation in the Employer sponsored group health plan in the definition of compensation.

Effective January 1, 2020, the Plan was amended for CARES Act loans and language, as well as other COVID-related language such as coronavirus-related distributions.

Note 14: Risks and Uncertainties

The Plan primarily invests in Company common stock, which is exposed to various risks, such as interest rate, market and credit risks as well as valuation assumptions based on earnings, cash flows and/or other such techniques. Due to the level of risk associated with such investment securities and the level of uncertainty related to changes in the value of such investments, it is at least reasonably possible that changes in risk in the near term could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Note 15: Subsequent Events

Subsequent events have been evaluated through July 21, 2022, which is the date the financial statements were available to be issued.

Subsequent to year-end, the Company approved a new 80-26 loan to advance funds to the ESOP in the amount of \$9,982,738.
