INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
JHT 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of JHT 401(k) Plan ("the plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section,

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and is derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the plan. As permitted by 29 CFR 2520.013-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated July 20, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information, was presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

JHT 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Participating employers - The JHT 401(k) Plan ("the plan") includes the following participating employers, collectively referred to as the "employer", that are related entities.

Johnson Health Tech North America, Inc. (JHT)
Johnson Health Tech Retail, Inc.
JHTNA Manufacturing, LLC
2nd Wind Exercise Equipment, Inc.
Johnson Health Tech Trading Inc. (JHTT)

Method of accounting - The plan follows the accrual method of accounting wherein additions and deductions are reflected in the period earned or incurred.

Accounting estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Subsequent events - The financial statements include management's evaluation of the events and transactions occurring subsequent to December 31, 2021 through July 21, 2022, which is the date the financial statements were available to be issued.

Risks and uncertainties - The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Key parties of the plan - JHT is the plan sponsor and plan administrator. Voya Retirement Insurance and Annuity Company ("Voya") is the investment agent that maintains participant records and is the custodian of plan assets. Newport Group, Inc. is the third party administrator that performs various compliance tests as tax counsel. Tactical Financial Group is the plan's investment advisor. An employee of the plan sponsor is trustee.

Investments - The plan sponsor determines the investments available to plan participants. The participants allocate their contributions and transfer existing balances among the available investment options. Participants should refer to the investment account summaries and prospectuses for more information.

At the end of each business day, Voya determines the fair value of the investments and allocates the fair value to the participants. The net appreciation (depreciation) in the fair values of investments bought, sold and held during the years is reflected in the statements of changes in net assets available for benefits.

Fair value measurements - GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical investments (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described as follows.

- Level 1 - Valuation is based upon quoted prices in active markets for identical investments.
- Level 2 - Valuation is based upon other significant observable inputs (including quoted prices for similar investments).
- Level 3 - Valuation is based upon significant unobservable inputs (including the plan's assumptions in determining the fair value of investments).

Following is a description of the valuation methodologies used for investments measured at fair value.

Pooled separate accounts - The pooled separate accounts are valued at the net asset value ("NAV") or equivalent based on units of the pooled separate accounts. The NAV, as certified by Voya, is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held by the pooled separate account less its liabilities. This practical expedient is not used when it is determined to be probable that the pooled separate account will sell the investment for an amount different than the reported NAV.

The plan administrator determines by level, within the fair value hierarchy, the plan's investments at fair value as set forth below.

Investments at fair value as of December 31, 2021				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Total assets in the fair value hierarchy	\$ -	\$ -	\$ -	\$ -
Investments measured at NAV (a)				57,948,575
Total investments at fair value				<u>\$57,948,575</u>
Investments at fair value as of December 31, 2020				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Total assets in the fair value hierarchy	\$ -	\$ -	\$ -	\$ -
Investments measured at NAV (a)				49,361,858
Total investments at fair value				<u>\$49,361,858</u>

- (a) In accordance with GAAP, certain investments that are measured at NAV (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the above table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2021 and 2020. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the plan.

- (a) The objective of these funds is to provide for capital appreciation and/or income consistent with the risk and return of the fund type, as described above. These funds utilize various U.S. and foreign equity market segments to accomplish their objectives.
- (b) The objective of these funds is to provide capital appreciation and current income using a risk profile that is consistent with the target date of the funds.
- (c) The objective of this fund is to provide capital appreciation and current income using investments in real estate investment trusts and real estate companies.

Investments at contract value - The plan has a fully benefit-responsive guaranteed investment contract through an annuity contract issued by Voya. Voya maintains the contributions in a general account. The guaranteed investment contract issuer is contractually obligated to repay the principal and a guaranteed minimum interest rate ("GMIR") for the life of the contract. The contract also provides two declared interest rates; a current rate, determined at least monthly, and a guaranteed minimum floor rate, determined at least annually. The guaranteed minimum floor rate may change after a defined period, but it will never be lower than the 1% GMIR that applies for the life of the contract. The average yield earned by the fund was 1% during 2021 and 2020.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the plan. Contract value, as reported to the plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal of all or a portion of the investment at contract value at any time. Voya has the option to limit participant transfers from this investment within the plan, however, Voya has never exercised this option so it does not have practical effect.

The contract does not have a maturity date and there are no contract provisions that require a distribution at contract value at any specified time. The plan sponsor can request a lump sum distribution with a market value adjustment or an installment payout, at contract value, over a period of years. The contract will continue in full force until all assets have been distributed or no further payments are due.

The plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events might limit the ability of the plan to transact at contract value with the issuer. As of the date the financial statements are available to be issued, the plan administrator is not aware of any events that might limit the ability of the plan to transact at contract value with the contract issuer and that would also limit the ability of the plan to transact at contract value with the participants.

2. DESCRIPTION OF PLAN

The following description of the plan provides only general information. Participants should refer to the plan agreement for a more complete description of the plan's provisions.

General - The plan was established on January 1, 2005 as a defined contribution plan with a 401(k) salary deferral arrangement. The plan was restated effective January 1, 2015 to comply with all current legal and regulatory requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments.

Eligibility - Employees are eligible to make elective deferral contributions and receive employer matching contributions immediately on the first day of employment. For purposes of employer profit sharing contributions, if any, an employee must be employed on the last day of the year to which the contribution relates. This requirement is waived upon death, disability or attainment of the normal retirement age during the year to which the contribution relates.

Contributions - Contributions to the plan can be made in the following ways:

- a. Employee elective deferral contributions - Employees may contribute a percentage of their annual wages subject to certain limitations. Employees can modify their election percentage quarterly, and revoke an election anytime. The plan also permits Roth 401(k) contributions.
- b. Employee rollover contributions - Employees may make rollover contributions from other qualified plans.
- c. Employer discretionary matching contributions - The employer may make matching contribution equal to a discretionary percentage, as determined by the employer, of the employee's elective deferral contribution. For JHT and JHTT employees, the maximum amount eligible for matching is 6% of the employee's compensation, and the current discretionary matching percentage is 50%. For JHTNA Manufacturing, LLC employees, the maximum amount eligible for matching is 5% of the employee's compensation, and the current discretionary matching percentage is 10%. There is no matching contribution for Johnson Health Tech Retail, Inc. and 2nd Wind Exercise Equipment, Inc. employees. The matching contributions were funded coinciding with each pay period.
- d. Employer discretionary profit sharing contributions - The employer may make discretionary profit sharing contributions. There were no profit sharing contributions in 2021 or 2020.

Participant accounts - Contributions are remitted to the investment agent who invests them in accordance with the investment options selected by the participant. The value of the investments is adjusted daily to reflect the earnings plus the fair value appreciation (depreciation) during the period. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting - Participants are 100% vested in their contributions and related earnings. Employer contributions and related earnings become vested on the schedule set forth below.

<u>Years of service</u>	<u>Percentage</u>
1	25%
2	50
3	100

A year of service is defined as having worked 1,000 hours in that year. Upon death or disability, participants become 100% vested.

Payment of benefits - Lump sum and partial benefit payments shall be made upon death, disability or retirement. Upon termination, participants have the option to be paid their vested account balance. In addition, hardship withdrawals are permitted in certain circumstances and in-service withdrawals can commence upon attaining the age of 59 ½.

Administrative fees - Certain administrative fees of the plan are paid by the employer. Certain other administrative fees are paid by the plan from plan assets and recorded as administrative expenses in the accompanying financial statements. Such expenses include participant directed charges for loan and distribution fees and investment management services. There were no nonparticipant directed charges paid by the plan in 2021 and 2020.

Forfeitures - Forfeitures are used to reduce the amount of the employer's future matching contributions or to pay plan expenses. No forfeitures were used in 2021. Forfeitures of \$17,000 were used in 2020 to reduce employer discretionary matching contributions. Net assets available for benefits include \$42,000 and \$8,000 of unapplied forfeitures as of December 31, 2021 and 2020.

Note receivable from participant - Participant loans are not permitted under the plan.

3. RELATED PARTY TRANSACTIONS

The plan's investment offerings are managed by Voya. Voya is the investment agent as defined by the plan and, therefore, these transactions qualify as party-in-interest transactions. Direct fees paid to Voya by the plan, included as a component of administrative expenses in the accompanying financial statements, were insignificant in 2021 and 2020. In addition, Voya provides certain administrative services to the plan pursuant to a service agreement between the plan sponsor and Voya. Voya receives indirect compensation from mutual fund service providers for services Voya provides to the funds. This indirect compensation is used to offset certain amounts that would otherwise be owed by the plan to Voya for its administrative services to the plan. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

4. TERMINATION OF PLAN

Although it has not expressed any intent to do so, the employer has the right to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. Upon either full or partial termination of the plan, employer contributions and related earnings become 100% vested.

5. INCOME TAX STATUS

Prior to January 1, 2022, the plan was operating under a plan prototype, the Verisight, Inc. Defined Contribution Volume Submitter Plan and Trust that received a favorable opinion letter on March 31, 2014. Effective January 1, 2022, the plan adopted the Newport Group, Inc. Defined Contribution Volume Submitter Plan and Trust that received a favorable opinion on June 30, 2020. There were no functional changes to the plan in connection with this adoption. The letters provided by the Internal Revenue Service stated that the plans, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). As a result, the plan administrator has not obtained a separate Internal Revenue Service opinion letter for the plan. The plan administrator and tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires plan management to evaluate tax positions taken by the plan and recognize tax liabilities (or assets) for any uncertain tax positions taken by the plan that more likely than not would not be sustained upon examination by the applicable authorities. Plan management analyzed the requirements for accounting for such uncertain tax positions and determined the plan was not required to recognize any tax liabilities (or assets) related to uncertain tax positions taken as of December 31, 2021 and 2020. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress.

6. INFORMATION CERTIFIED BY INVESTMENT AGENT

Management has obtained certifications from Voya, a qualified institution under the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, that state the following information with respect to assets held for investment of the plan is complete and accurate.

- a. Pooled separate accounts and the fair values of such as of December 31, 2021 and 2020;
- b. Guaranteed investment contract and the contract value of such as of December 31, 2021 and 2020;
- c. Interest income and the net appreciation (depreciation) in fair values of investments during 2021 and 2020;
- d. Contributions to, withdrawals from, purchases, sales and interfund transfers between accounts during 2021 and 2020.
