Independent Auditor's Report

To the Plan Administrator and Participants in the
P3I Incorporated 401(k) Plan :

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of the P3I Incorporated 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits (modified cash basis) as of December 31, 2021, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2021, and the related notes to the financial statements (2021 Financial Statements.)

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the P3I Incorporated 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2021 financial statements. .

Emphasis of Matter-Basis of Accounting on the 2021 Financial Statements

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedules are prepared on the modified cash basis of accounting, which is a basis of accounting other

than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the P3I Incorporated 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards (GAAS) will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards (GAAS), we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the P3I Incorporated 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the P3I Incorporated 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements in accordance with the modified cash basis of accounting described in Note 2.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedules Required by ERISA

The 2021 supplemental schedules (modified cash basis) as listed in the accompany index, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules (modified cash basis), other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards (GAAS). For information included in the supplemental schedules (modified cash basis) that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules (modified cash basis), we evaluated whether the supplemental schedules (modified cash basis), other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules (modified cash basis), other than the information in the supplemental schedules (modified cash basis) that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules (modified cash basis) related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the P3I Incorporated 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated March 13, 2022 we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 - Description of the Plan

The following is a brief description of the P3I Incorporated 401(k) Plan (the “Plan”) provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan was established effective January 1, 2005. The Plan is a defined contribution 401(k) safe harbor Plan structured under the provisions of Section 401(k) of Internal Revenue Code (the “code”) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The basic Plan document has been amended and restated to be in compliance with changes required under ERISA. P3I, Inc. (the “Company”), acts as the Plan administrator, and controls and manages the operation and administration of the Plan. Two current employees of the Company and the Reliance Trust Company act as the Plan’s trustees. The Plan is a “prototype Plan” sponsored by the Massachusetts Mutual Life Insurance Company (Mass Mutual) which currently serves as the Plan’s record-keeper and custodian. Investments are offered through the Mass Mutual Retirement Services (MMRS) which is a division of Massachusetts Mutual Life Insurance Company. American Fiduciary Corporation (AFC Pensions Inc.) acts as the Plan’s third party administrator.

A Merger Transfer Agreement was signed between by the Plan sponsor of the P3I Incorporated Profit Sharing Plan and the P3I Incorporated 401(k) Plan in 2019. Under this agreement, all of the participant account balances in the P3I Incorporated Profit Sharing plan were transferred to the P3I Incorporated 401(k) Plan in 2020.

Eligibility

All employees of P3I Inc. (except union employees and certain nonresident aliens) who have completed one day of service and have attained age 21 are eligible to participate in the Plan. To be eligible for the discretionary profit sharing contribution, one year of service (defined as 1,000 hours) must first be performed, and the participant must be employed on the last day of the Plan year.

Contributions

Eligible employees may elect to make both pretax and post tax contributions to the Plan subject to certain limits determined by law and the Plan document. Federal and state income taxes are deferred on an individual participant’s contributions of up to an indexed maximum amount. Participants who turn age 50 or older in the current calendar year may elect to make an additional pretax contribution, or catch up contribution, to the Plan, not to exceed the amount allowable under current income tax regulations. Participants may also contribute amounts representing distributions from other qualified benefit Plans. Such amounts are included in the statements of changes in net assets available for benefits as rollover contributions.

Company Contributions

The Company’s “safe harbor matching contribution” is equal to salary deferrals up to 3% of each participant’s contributions plus ½ of salary deferrals between 3% and 5% of compensation for each pay period. The employer may also make a “discretionary profit sharing contribution” each year for employees who complete a required period of service during the Plan year and are actively employed on the last day of the Plan year. During the year ending December 31, 2021 and 2020, the company made no discretionary profit sharing contributions to the plan.

P3I Incorporated 401(k) Plan
Years Ending December 31, 2021 and 2020
Notes to the Financial Statements

Note 1 - Description of the Plan (continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts. The loans are secured by the balance in the participants' account and bear interest as determined reasonable by the Plan administrator based on the prevailing interest rates charged by persons in the business of lending money for loans, which would be made under similar circumstances. Principal and interest are paid ratably through payroll deductions. Loan terms range from one to five years, however, terms may exceed five years for the purchase of a primary residence.

Vesting

Participants are immediately fully vested in their elective contributions, company safe harbor matching contributions and company discretionary profit sharing contributions plus actual earnings thereon.

Payment of Benefits

Participants may withdraw amounts equal to the total value of their pretax and post tax contributions or vested Company contribution accounts after the age of 59 ½ or in the event of financial hardship or need. Upon termination after vesting, attainment of age 65 (normal retirement date), death or permanent disability, distributions may be made as described in the Plan document.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Company's matching contribution, and allocations of (1) Company discretionary contributions (if any) and (2) Plan earnings and is charged with an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants direct the investment of their contributions and Company matching contributions into various investment options offered by the Plan. The Plan currently offers various pooled separate investment accounts (PSIA), and a guaranteed interest account with Mass Mutual.

Note 2 - Summary of significant accounting policies

Basis of Accounting

The financial statements are prepared under the modified cash basis of accounting which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under the modified cash basis of accounting, revenue and related assets are recognized when received rather than when earned and expenses are recognized when paid rather than when obligations are incurred. Accordingly, the financial statements are not intended to present the net assets and changes in net assets of the Plan in conformity with accounting principles generally accepted in the United States of America.

Year End

The Plan utilizes a December 31 calendar year end.

Notes to the Financial Statements

Note 2 - Summary of significant accounting policies (continued)

Use of Estimates

The preparation of the Plan's financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value except those investments that are fully benefit responsive which are stated at contract value. Fair value is the price that would be received to sell an asset or would be paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Pooled separate investment accounts and stable value asset account are valued at quoted redemption values that represent the net asset values (NAV) of units held at year-end. The net asset value is used as a practical expedient to estimate fair value. See Note 6 for further discussion and disclosures related to fair value measurements.

Investment earnings are composed of interest, dividends and realized and unrealized gains and losses on investments. Interest income and dividends are recorded when received. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year. Purchases and sales of securities are recorded on a trade date basis. Interest income and dividends are recorded when received.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid. Amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid were not material at December 31, 2021 and 2020, respectively.

Subsequent Events

For the year-ended December 31, 2021, the Company evaluated subsequent events for potential recognition and disclosure through July 31, 2022, the date of the financial statement issuance. As a result of the spread of the COVID-19 coronavirus, economic uncertainties have arisen which could negatively impact investment income and other plan transactions. Other financial impact could occur though such potential impact is unknown at this time.

Administration of Plan Assets

The Company administers the Plan and has entered into an agreement with the Massachusetts Mutual Life Insurance Company to serve as the record keeper and custodian of the Plan. AFC Pensions acts as the Plan's third party administrator. The Reliance Trust Company acts as the Plan's trustee. Officers or employees of the Company perform certain administrative functions. No such officer or employee receives compensation from the Plan. Administrative expenses are paid by either Plan or the Company, as provided by the Plan document. In addition, the Company also provides certain administrative services to the Plan at no cost to the Plan.

Recent Accounting Pronouncements

In August 2018, the FASB issued ASU No. 2018-13, "Fair Value Measurement (Topic 820): Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement." This new guidance removes certain disclosure requirements related to the fair value hierarchy, modifies existing disclosure requirements related to measurement uncertainty and adds new disclosure requirements. This guidance was effective for the Plan beginning on January 1, 2020 and did not have a material impact on the Plan's Financial Statements.

Note 3- Information Certified by the Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee, the Reliance Trust Company has supplied the Plan's administrator with a certification as to the completeness and accuracy of all information regarding investment assets, notes receivable from participants, investment transactions and investment income (loss) presented in the accompanying Statements of Net Assets Available for Benefits (modified cash basis) as of December 31, 2021 and 2020, the Statement of Changes in Net Assets Available for Benefits (modified cash basis) for the year ended December 31, 2021, and the Supplemental Schedules of Assets Held at End of Year (modified cash basis) as of December 31, 2021 and 2020.

Note 4-Related Party and Party in Interest Transactions

The Plan invests in pooled separate investment accounts (PSIA) and a guaranteed interest account with the Massachusetts Mutual Life Insurance Company. The Mass Mutual Retirement Services (MMRS) also acts as the Plan's custodian and record keeper. Therefore, transactions for these services constitute related party-in-interest transactions. Fees incurred for these services totaled \$80,788 for the year ending December 31, 2021. The Plan allows for transactions with certain other parties who may perform services or have fiduciary responsibilities to the Plan, including the Plan Sponsor, therefore, all transactions with these entities qualify as party-in-interest transactions. AFC Pensions, Inc. acts as the Plan's third party administrator. Direct and indirect fees incurred for these services totaled \$13,451 for the year ending December 31, 2021. Other fees incurred by the Plan for the investment related expense may be included in net appreciation/depreciation in fair value of investments. The Plan sponsor pays directly any other fees related to the Plan's operation.

Note 5- Plan Termination

While the Company has not expressed any intent to terminate the Plan, it has the right so do so, subject to the restrictions set forth in ERISA. In the event such discontinuance results in the termination of the Plan, participants will become fully vested in their accounts and such accounts will be distributed in accordance with the Plan document.

Note 6 – Fair Value Measurements

FASB ASC 820, Fair Value Measurement Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements)

P3I Incorporated 401(k) Plan
Years Ending December 31, 2021 and 2020
Notes to the Financial Statements

Note 6 – Fair Value Measurements (continued)

The three-tier fair value hierarchy under FASB ASC 820 is described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has ability to access.
- Level 2: Inputs to the valuation methodology include:
- o Quoted prices for similar assets or liabilities in active markets;
 - o Quoted prices for identical or similar assets or liabilities in inactive markets;
 - o Inputs other than quoted prices that are observable for the asset or liability;
 - o Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the level 2 input must be observed for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Pooled separate investment accounts: Investments held in a pooled separate investment account are valued at the net asset value (NAV) or equivalent based on units in the pooled separate investment account. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held in the pooled separate investment account less its liabilities. The practical expedient is not used when it is determined to be probable that the pooled separate investment account will sell the investment for an amount different than the reported NAV.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair values as of December 31, 2021 and 2020.

Assets at Fair Value as of December 31, 2021

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Pooled separate investment accounts*	<u>\$-</u>	<u>\$-</u>	<u>\$-</u>	<u>\$17,403,613</u>
Total investments at fair value	<u>\$-</u>	<u>\$-</u>	<u>\$-</u>	<u>\$17,403,613</u>

Assets at Fair Value as of December 31, 2020

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Pooled separate investment accounts*	<u>\$-</u>	<u>\$-</u>	<u>\$-</u>	<u>\$17,964,423</u>
Total investments at fair value	<u>\$-</u>	<u>\$-</u>	<u>\$-</u>	<u>\$17,964,423</u>

Management evaluates the significance of various inputs to assess the appropriate classification of the Plan's investments within the fair value hierarchy. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period. Management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total

net assets available for benefits. For the years ended December 31, 2021 and 2020, there were no significant transfers in or out of Level 1, 2 or 3.

* In accordance with fair value measurement guidance, certain investments that are measured at fair value using net asset value (NAV) per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statement of Net Assets Available for Benefits (modified cash basis).

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using net asset value per share (or its practical expedient) as of December 31, 2021 and 2020:

Note 7- Group Annuity Contract-Guaranteed Interest Account

The Plan participates in the Mass Mutual Guaranteed Interest Account. The Guaranteed Interest Account is a fully benefit-responsive investment and is reported at contract value in the Statements of Net Assets Available for Benefits (modified cash basis). The Statement of Changes in Net Assets Available for Benefits (modified cash basis) is also prepared on a contract value basis. Benefit responsiveness is defined as the extent to which a contract's terms and the Plan permit or require participant-initiated withdrawals at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The fully benefit-responsive investment contract with Massachusetts Mutual Life Insurance Company (MassMutual) is a general account evergreen group annuity contract. MassMutual maintains the contributions in a general account. Specific securities within the general account are not attributed to the investment contract with the Plan. The Plan owns a series of guarantees that are embedded in the insurance contract. The contractual guarantees are backed up by the full faith and credit of MassMutual, the contract issuer. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. MassMutual is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer and includes such factors as the investment-year method experience of the underlying contract or pool, projected levels of cash flows within the current interest rate environment, and the projected maturity of the underlying investments. Such interest rates are reviewed on a semiannual basis for resetting. The average earnings yield and average credit rate for 2021 was 1.75%.

The Guaranteed Interest Account is provided through a group annuity contract. This contract does not allow the insurance company to terminate the agreement prior to a breach of the contract terms by the investor. The Plan may terminate the contract on the contract anniversary date with 90 days prior notice.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (i) amendments to the plan documents (including complete or partial plan termination or merger with another plan); (ii) changes to the Plan's prohibition on competing investment

Note 7- Group Annuity Contract-Guaranteed Interest Account (continued)

options or deletion of equity wash provisions; (iii) bankruptcy of the Sponsor or other Sponsor event (e.g., divestitures or spin-offs of a subsidiary) that causes a significant withdrawal from the Plan; or (iv) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Note 8 – Risks and Uncertainties

The Plan invests in various securities, including various pooled separate accounts and a a guaranteed interest account. Investment securities, in general, are exposed to various risks such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the Statements of Net Assets Available for Benefits (modified cash basis).

Note 9- Tax Status of the Plan

The IRS has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax exempt. Therefore, no provision for income taxes is included in the Plan's financial statements.

The modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America, requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 10-Reconciliation of Form 5500 to the Financial Statements
