INDEPENDENT AUDITOR'S REPORT

Plan Administrator
Wampum Hardware Co.
Profit-Sharing 401(k) Plan
New Galilee, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of the Wampum Hardware Co. Profit-Sharing Plan 401(k) Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA (qualified institution).

Management has obtained a certification from the qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the 2021 financial statements related to assets held by and certified to by the qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedule Required by the ERISA

The supplemental schedule, schedule of assets held at end of year, as of December 31, 2021, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA.
- The information in the supplemental schedule related to assets held by and certified to by the qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by the institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated July 28, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and, accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA.

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following description of the Wampum Hardware Co. (Company or Plan Sponsor) Profit-Sharing 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions.

General and eligibility: The Plan is a defined contribution plan covering all full-time employees of the Company who have completed at least two consecutive months of service beginning on the employee's date of hire. Employees must have worked at least 1,000 hours, completed one year of service, and be employed at year end to be eligible to receive employer contributions. Employees who receive retirement benefits under a collective bargaining agreement are generally excluded. The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC) and similar state tax laws. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year participants may make salary deferral contributions of pre-tax or after-tax annual compensation, as defined in the Plan, up to the maximum amount allowable under the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Company makes a 3% safe-harbor contribution based on eligible compensation. The Company may also make discretionary profit-sharing contributions. For the year ended December 31, 2021, the Company made a discretionary contribution of 3% of eligible compensation. Participants may roll over amounts representing distributions from other qualified defined benefit or defined contribution plans. Contributions are subject to certain limitations.

Participant accounts: Each participant account is (a) credited with the participant's contributions, (b) credited with the Company's contributions, (c) credited (reduced) with an allocation of investment income (loss) and appreciation (depreciation) in the fair value of investments, (d) reduced by the participant's withdrawals, and (e) reduced by administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their deferral contributions and the Company's safe-harbor contributions plus actual earnings thereon. Participants become 100% vested in the Company's discretionary profit-sharing contributions and actual earnings thereon based on a six-year graded schedule. Additionally, participants become fully vested, regardless of vesting table, upon attainment of normal retirement age, upon retirement due to disability, upon death, or upon termination of the Plan.

Participant loans: Participant borrowings from their accounts are not permitted within the Plan.

Payment of benefits: On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, a direct rollover to another plan, a direct rollover to an Individual Retirement Account, or a qualified annuity. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Investment options: Upon enrollment in the Plan, a participant may direct contributions in various investment options in accordance with the Plan document. Participants may change their investment options daily.

Note 2. Significant Accounting Policies

The accounting policies followed by the Plan and the method of applying those policies which materially affect the determination of net assets available for benefits and changes in net assets available for benefits are as follows:

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

WAMPUM HARDWARE CO. PROFIT-SHARING 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains (losses) on investments bought and sold as well as held during the year.

Use of estimates: The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets available for Plan benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payments of benefits: Benefits are recorded when paid.

Subsequent events: In preparing these financial statements, the Plan Sponsor evaluated events that occurred through July 11, 2022, the date the financial statements were available to be issued, for potential recognition or disclosure.

Note 3. Information Certified by Trustee

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA for 2021 and 2020. Accordingly, Great-West Trust Company, LLC (Empower Retirement), the Trustee of the Plan, has certified to the completeness and accuracy of all investments reported on the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020, and the supplemental Schedule H, Part IV, Line 4i - schedule of assets held at end of year as of December 31, 2021, and the related investment activity reported on the statement of changes in net assets available for benefits for the year ended December 31, 2021.

Note 4. Investments and Fair Value Measurements

Authoritative guidance regarding *Fair Value Measurements* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I measurements) and the lowest priority to unobservable inputs (Level III measurements). The three levels of the fair value hierarchy under the authoritative guidance are described as follows:

Level I Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level II Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.

Level III Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

WAMPUM HARDWARE CO. PROFIT-SHARING 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 or 2020:

Registered investment accounts: Valued at the closing price reported in the active market in which the individual funds are traded.

Common/collective trust: Valued using the net asset value (NAV) as a practical expedient to estimate fair value provided by the Plan's Trustee. The NAV is based on the fair value of the underlying assets owned by the trust minus liabilities, and then divided by the number of shares outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's net assets at fair value as of December 31:

Assets at Fair Value as of December 31, 2021				
	Total	Level I	Level II	Level III
Investments in the fair value hierarchy:				
Registered investment accounts	\$ 35,325,809	\$ 35,325,809	\$ -	\$ -
Investments measured at net asset value (a):				
Common/collective trust	5,202,326	-	-	-
Total assets at fair value	\$ 40,528,135	\$ 35,325,809	\$ -	\$ -

Assets at Fair Value as of December 31, 2020				
	Total	Level I	Level II	Level III
Investments in the fair value hierarchy:				
Registered investment accounts	\$ 31,932,449	\$ 31,932,449	\$ -	\$ -
Investments measured at net asset value (a):				
Common/collective trust	5,317,272	-	-	-
Total assets at fair value	\$ 37,249,721	\$ 31,932,449	\$ -	\$ -

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented on the statements of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS

Investments Measured Using NAV per Share as Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value		Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
	2021	2020			
Common/collective trust - Stable Value Fund	<u>\$ 5,202,326</u>	<u>\$ 5,317,272</u>	N/A	Daily	Daily

Note 5. Related Party Transactions

Transactions with Empower Retirement and the Company qualify as party-in-interest. Fees paid by the Plan for the administrative services and/or investment management services amounted to \$1,967 for the year ended December 31, 2021. Such fees were paid with monthly revenue sharing from the Plan's assets that amounted to \$4,468 which resulted in other income in the amount of \$2,501 for the year ended December 31, 2021. Certain administrative functions are performed by officers or employees of the Company. No such officers or employees receive compensation from the Plan. Certain administrative fees were paid by the Company for which it was not reimbursed.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7. Tax Status - Prototype Plan

The Plan adopted a non-standardized form of a pre-approved profit sharing plan. The pre-approved plan has received an opinion letter from the Internal Revenue Service as to the pre-approved plan's qualified status, dated June 30, 2020. The pre-approved plan opinion letter has been relied upon by this Plan. The Plan has been amended and restated since receiving the opinion letter; however, the Plan Administrator believes that the Plan is designed and operated in compliance with the applicable requirements of the Internal Revenue Code.

U.S. GAAP require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the appropriate taxing authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Generally, tax returns for the years ended December 31, 2018, and thereafter remain subject to examination by the appropriate taxing authorities.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS

Note 9. Forfeitures

Forfeitures of non-vested employer discretionary contributions arising from employee terminations and withdrawals are used to pay Plan expenses, to offset future employer contributions, or are reallocated to Plan participants.

As of December 31, 2021 and 2020, forfeited nonvested accounts (forfeitures) totaled \$6,544 and \$14,977, respectively. For the year ended December 31, 2021, \$0 of forfeitures were used to offset the employer contribution receivable, \$0 were used to offset fees paid for administrative services and/or investment management services, and \$12,787 were reallocated to Plan participants.
