RHODE ISLAND BLOOD CENTER RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 2, 2021 (IN LIQUIDATION) AND DECEMBER 31, 2020 (IN LIQUIDATION)

1. DESCRIPTION OF THE PLAN

The following description of the Rhode Island Blood Center Retirement Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan was a defined contribution plan covering all eligible employees of the Rhode Island Blood Center (RIBC) with at least 1,000 hours of service. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective June 30, 2017, RIBC executed a Membership Transaction Agreement with New York Blood Center, Inc. (NYBC), a New York not-for-profit corporation, under which NYBC became the sole member of RIBC. Effective April 30, 2019, RIBC merged into NYBC with NYBC as the surviving organization. As a result, the Plan's sponsor was changed to NYBC.

CARES Act

On March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), which included several relief provisions available to certain eligible retirement plans and their participants. The CARES Act allowed qualifying individuals to seek tax-advantaged financial relief through distributions and loans up to 100% of the participant's vested account balance from their defined contribution plans. It also waived required minimum distributions for certain defined contribution plans during calendar year 2020, offering relief to retired and retirement-aged individuals who would otherwise be required to withdraw funds from retirement accounts that had likely diminished in value as a result of fluctuation in the market. The Plan implemented certain optional provisions of the CARES Act by allowing certain eligible individuals to receive coronavirus-related distributions.

Plan Termination

In October 2020, management of NYBC notified participants of its decision to terminate the Plan effective July 1, 2021 and to commence distributing the Plan's assets to participants in form of rollover contributions to another qualified plan, an individual retirement account (IRA), or a lump sum payment after such termination. On December 31, 2020, the Plan was frozen which prevented any additional participants from entering the plan as well as the accrual of any employer contributions after such date. Additionally, all participants became 100% vested in their accounts as of December 31, 2020.

See independent auditors' report.

RHODE ISLAND BLOOD CENTER RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 2, 2021 (IN LIQUIDATION) AND DECEMBER 31, 2020 (IN LIQUIDATION)

Contributions

Each year, RIBC had the option to contribute to the Plan, as its basic and/or additional contribution for the plan year, an amount or amounts which RIBC, in its sole discretion, may determine. The basic RIBC contribution was allocated to eligible participants as a percentage of compensation in accordance with the following schedule:

<u>Years of Benefit Service</u>	<u>Allocation Rate</u>
1 - 5	2%
6 - 10	3%
11 - 15	4%
16 or more	5%

Additional RIBC contributions for a plan year were allocated to eligible participants according to the ratio that each eligible participant's compensation bears to the total compensation of all eligible participants.

Participants directed the investment of the contributions into various investment options offered by the Plan with varying investment objectives and goals. The Plan offered various mutual funds and one common/collective trust as investment options for participants.

The Plan did not allow participant contributions, except for amounts representing rollover contributions from other qualified defined benefit or defined contribution plans.

Effective December 31, 2020, the Plan was frozen which prevented any additional participants entering the Plan. Additionally, no employer contributions were to be accrued after such date.

Participant Accounts

Each participant's account was credited with the participant's rollover contributions, if any, and allocations of (a) RIBC's contributions and (b) net plan earnings or net losses, and charged with an allocation of administrative expenses. Allocations were based on participant earnings, account balances, or specific transactions as defined in the plan agreement. The benefit to which a participant was entitled was the benefit that could have been provided from the participant's vested account.

See independent auditors' report.

RHODE ISLAND BLOOD CENTER RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 2, 2021 (IN LIQUIDATION) AND DECEMBER 31, 2020 (IN LIQUIDATION)

Vesting

Participants were immediately vested in their rollover contributions plus actual earnings thereon. Participants became 100% vested in RIBC's discretionary contributions plus actual earnings thereon after either attaining three years of credited service or a permanent disability, normal retirement or death, as defined in the plan agreement. On December 31, 2020, all participants became 100% vested in their accounts upon the Plan being frozen.

Notes Receivable from Participants

Participants had the option to borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The limitation was temporarily increased to 100% of the vested account balance by the CARES Act. Loans from all plans sponsored by RIBC were combined to determine the maximum available loan. The loans were secured by the participant's vested account balance which were commensurate with local prevailing rates as determined by the plan administrator. Loans had to be repaid over a period not to exceed five years unless the loan proceeds were used for the purchase of a primary residence, in which case a longer repayment period was allowed. Principal and interest were paid ratably through bi-weekly payroll deductions, or if a participant was terminated, through monthly payments.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant or their beneficiary had the option to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Participants had the option to make in-service withdrawals from their accounts upon written request to the plan administrator. Participants who have attained age 59 ½ could make a discretionary withdrawal from their eligible account balance, as defined in the plan agreement.

All participant account balances have been disbursed as of December 2, 2021.

Forfeitures

Plan participants who terminate their employment with RIBC prior to serving three years of credited service forfeit the entirety of non-vested RIBC contributions. At December 2, 2021, there were no forfeited nonvested accounts. At December 31, 2020, forfeited

nonvested accounts totaled approximately \$7,500. These accounts were used to reduce administrative expenses of the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements as of December 2, 2021 and December 31, 2020 and for the period ended December 2, 2021, have been prepared on the liquidation basis, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). This basis of accounting is considered appropriate when, among other things, liquidation of an entity is probable and the net realizable value is determinable. Under the liquidation basis of accounting, assets are stated at their estimated net realized cash value and liabilities are stated at their anticipated settlement amounts. The estimated net realizable cash value for investments as of December 31, 2020 would be fair value or contract value. There were no material changes to the 2021 and 2020 financial statements as a result of the change under the liquidation basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determined the Plan's valuation policies utilizing information provided by the investment advisors, trustees, and insurance company. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

See independent auditors' report.

RHODE ISLAND BLOOD CENTER RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 2, 2021 (IN LIQUIDATION) AND DECEMBER 31, 2020 (IN LIQUIDATION)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 2, 2021 or December 31, 2020. Delinquent participant loans are recorded as distributions on the basis of the terms of the plan agreement.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by RIBC and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through July 11, 2022, which is the date the financial statements were available to be issued.

3. PLAN TERMINATION

In October 2020, management of NYBC notified participants of its decision to terminate the Plan. As part of the termination, on December 31, 2020, the Plan was frozen which prevented any additional participants from entering the plan as well as the accrual of any employer contributions after such date. On June 28, 2021, an amendment was filed to terminate the Plan as of July 1, 2021. All documents necessary to effectuate the termination of the Plan have been executed. Each affected participant has received the value of his or her account in accordance with the plan agreement. Furthermore, all participants became 100% vested in their accounts as of December 31, 2020. After July 1, 2021, the participants were required to elect the form in which they wish to receive their distribution. Participants could choose either a rollover contribution to a qualified plan, an IRA or a lump sum payment. If terminated participants did not make a selection by August 15, 2021, the Plan had the option to set up an IRA on the participant's behalf.

See independent auditors' report.

For active participants that did not make an election, their balance was rolled over to the New York Blood Center 403(b) Plan. The final distributions from the Plan were made on December 2, 2021.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology that are unobservable and significant to the fair value methodology.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2020. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and

Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust: A Stable Value Fund that is composed primarily of group annuity contracts of Metropolitan Life Insurance Company that is valued daily at the net asset value of units of the collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the Stable Value Fund, the issuer reserves the right to require 60 days notification in order to ensure that securities liquidations will be carried out in an orderly business manner. (Further information regarding the common/collective trust may be obtained from its audited financial statements.)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 2, 2021 and December 31, 2020:

	Quoted Prices in Active Markets (Level 1)	Other Observable Inputs (Level 2)	Unobservable Inputs (Level 3)	Measured at Net Asset Value (a)	Total
2021					
Investments:					
Mutual funds	\$ -	\$ -	\$ -	\$ -	\$ -
Common/collective trusts	-	-	-	-	-
Total investments at fair value	\$ -	\$ -	\$ -	\$ -	\$ -

Total investments at fair value	\$ 9,496,764	\$ -	\$ -	\$ 961,122	\$ 10,457,886

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 2, 2021 and December 31, 2020. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

5. TRANSACTIONS WITH PARTIES-IN-INTEREST

Parties-in-interest are defined under the Department of Labor (DOL) Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. For the period ended December 2, 2021, the Plan's transactions with parties-in-interest consisted of fees paid by the Plan to the Trustee for recordkeeping and trust services of approximately \$27,000.

Certain employees and officers of RIBC, who are participants in the Plan, perform administrative services to the Plan at no cost to the Plan.

6. TAX STATUS

The Internal Revenue Service (IRS) has determined and informed RIBC by a letter dated July 6, 2011, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore, believe that the Plan is qualified and the related trust is tax-exempt. Therefore, a provision for income taxes has not been included in the accompanying financial statements.

RHODE ISLAND BLOOD CENTER RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 2, 2021 (IN LIQUIDATION) AND DECEMBER 31, 2020 (IN LIQUIDATION)

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS or the DOL. The Plan is subject to routine audits by the IRS and DOL, however, there are currently no audits for any tax periods in progress.

7. PLAN FINANCIAL INFORMATION CERTIFIED BY THE TRUSTEE

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements, including investments and notes receivable from participants held at December 2, 2021 and December 31, 2020, and net appreciation in fair value of investments and interest and dividend income, and interest income on notes receivable from participants for the period January 1, 2021 through December 2, 2021, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Hand Benefits & Trust Company.
