Independent Auditor's Report

Pension Advisory Committee
Watlow Group 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Watlow Group 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of Form 5500, Schedule H, Part IV, Line 4i--Schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 4, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Watlow Group 401(k) Plan

Notes to Financial Statements

Note 1. Description of the Plan

The following description of Watlow Group 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan established for the benefit of full- or flex-time employees of Watlow Electric Manufacturing Company (the Company) who meet certain eligibility requirements. The Plan covers substantially all employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: Employees of the Company are eligible to participate in the Plan after 30 days of service.

Contributions: Participants may elect to defer a part of their salary and have the amount contributed to the Plan. The elective deferred amount may not be more than the lesser of (a) 100% of their compensation, (b) the maximum dollar limit allowed under requirements of the Internal Revenue Code (\$19,500 for 2021) or (c) such lesser amount as determined by discrimination tests for the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may choose to elect deferral contributions at any pay date during the Plan year. Rollover contributions to participants from another qualified plan are permitted as defined in the Plan. The Company may make discretionary matching contributions of employees' salary reduction amounts at a percentage to be determined by the Company. The Company made a safe harbor matching contribution in an amount equal to 100% of the first 3% of each participant's salary deferral and 50% of the next 2% of each participant's salary deferral in 2021. For the year ended December 31, 2021, the Company also made an additional contribution to participants, called the Component 2 Contribution, in the amount of \$6,196,177. This amount is based on operating profit targets, years of service, and is calculated based on a percentage of a participant's compensation. Participants may direct the investment of their contributions into various investment options offered by the Plan. Participants may change their investment options at any time pursuant to procedures established in the Plan document.

Participant accounts: Each participant's account is credited with the participant's elective and, if applicable, rollover contributions and allocations of (a) the Company's contributions, (b) administrative expenses and (c) Plan earnings. Allocations are based on the participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions and, if applicable, rollover contributions and safe harbor matching contributions, plus actual earnings thereon. Vesting in the Component 2 Contribution is based on a five-year graded scale, increasing 20% each year until reaching the maximum of 100% after five years.

Forfeitures: Forfeitures of nonvested participant balances may be used to pay administrative expenses, restore forfeitures of participants and former participants, or reduce future employer contributions. At December 31, 2021 and 2020, the amount of forfeited nonvested accounts was not significant. During 2021, forfeitures in the amount of \$73,928 were used to reduce employer contributions and \$45,000 were used to restore participant balances.

Notes to Financial Statements

Note 1. Description of the Plan (Continued)

Notes from participants: Participants may borrow from their fund accounts up to the lesser of \$50,000 or 50% of their vested account balance. The minimum loan amount is \$1,000 and, as of January 1, 2011, each participant is allowed a maximum of two loans. Loan terms are up to five years, or longer if for the purchase of a primary residence. The loans are secured by the balance in the participant's account, with interest at the prime rate plus 1.00%. During 2021, interest rates on outstanding loans ranged from 4.25% to 7.00%. Principal and interest are paid ratably through payroll deductions. During 2020, the Plan implemented certain Coronavirus Aid, Relief and Economic Security (CARES) Act provisions to allow for an increase in Plan loan amounts and deferral of loan payments.

Payment of benefits: Upon retirement or separation from service, the participant may elect to receive their account balance in a lump sum, in an annuity, or in installments over a specified period, as outlined in the Plan document. Before-tax contributions, Roth salary deferrals and the Company matching contribution may be withdrawn upon death, upon termination from the Company or upon reaching the age of 72. The Plan also provides for withdrawals of before-tax contributions, Roth salary deferrals and Company matching contributions in instances of serious financial hardship, withdrawals upon attainment of age 59½, as well as for withdrawals of after-tax contributions up to two times annually. During 2020, the Plan implemented certain CARES Act provisions to allow for special coronavirus-related distributions and a waiver of 2020 required minimum distributions.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Use of estimates in the preparation of financial statements: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Note 2. Summary of Significant Accounting Policies (Continued)

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Certain administrative functions applicable to the Plan are performed by officers or employees of the Company. No such officer receives compensation from the Plan. Certain other expenses may be paid by the Plan unless paid by the Company.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest.

Note 3. Information Certified or Provided by the Custodians

The following is a summary of the Plan's asset information as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by Great-West Trust Company, LLC and Great-West Life & Annuity Insurance Company, the custodians of the Plan. The Plan Administrator has obtained certifications from the custodians that information provided to the Plan Administrator by the custodians related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

	December 31	
	2021	2020
Investments at fair value	\$ 285,405,351	\$ 256,426,768
Investments at contract value	31,123,870	35,269,665
	<u>\$ 316,529,221</u>	<u>\$ 291,696,433</u>
Notes receivable from participants	<u>\$ 4,395,036</u>	<u>\$ 4,923,497</u>

The custodians also certified to the completeness and accuracy of \$26,677,789 of net appreciation in fair value of investments, \$14,978,547 of interest and dividends related to the aforementioned investments, and \$241,238 of interest income on notes receivable from participants for the year ended December 31, 2021.

Note 4. Fair Value Measurements

Accounting Standards Codification (ASC) Topic 820, Fair Value Measurements and Disclosures, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Mutual funds are valued based on the closing price reported on the active market on which the individual securities are traded.

Guaranteed investment contracts: Guaranteed investment contracts are valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

Common/collective trusts: Common/collective trusts are valued based on the net asset value (NAV) of units of the common/collective trust. The NAV, as provided by the custodians, is used as a practical expedient to estimate fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient would not be used if it were determined to be probable that the fund will sell the investment for an amount different from the reported NAV. See Note 5 for additional information.

Watlow Group 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020:

	Investments at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 283,942,388	\$ -	\$ -	\$ 283,942,388
Total assets in the fair value hierarchy	<u>\$ 283,942,388</u>	<u>\$ -</u>	<u>\$ -</u>	<u>283,942,388</u>
Investments measured at net asset value (1)				<u>1,462,963</u>
				<u>\$ 285,405,351</u>
	Investments at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 254,115,892	\$ -	\$ -	\$ 254,115,892
Total assets in the fair value hierarchy	<u>\$ 254,115,892</u>	<u>\$ -</u>	<u>\$ -</u>	<u>254,115,892</u>
Investments measured at net asset value (1)				<u>2,310,876</u>
				<u>\$ 256,426,768</u>

(1) In accordance with ASC Subtopic 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

The Company evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2021, there were no transfers in or out of Level 3.

Note 5. Fair Value Measurements of Investments That Are Measured at Net Asset Value Per Share (or Its Equivalent) as a Practical Expedient

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using net asset value per share (or its equivalent) as a practical expedient as of December 31, 2021 and 2020:

Class	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2021	2020			
Common/collective trusts:					
Income fund (a)	\$ 1,462,963	\$ 2,310,876	\$ -	Daily	Daily

- (a) The investment seeks long-term capital appreciation and income, and includes a guaranteed income component. The fund invests 50% to 70% of its net assets in underlying funds that invest primarily in equity securities, and 30% to 50% of its net assets in underlying funds that invest primarily in fixed-income securities.

Note 6. Fully Benefit-Responsive Investment Contract

The Plan holds a traditional investment contract totaling \$31,123,870 and \$35,269,665 as of December 31, 2021 and 2020, respectively. This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to Plan participants. The crediting rate is based on a formula established by the contract issuer, but may not be less than 0%. The crediting rate is reviewed on a quarterly basis for resetting.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Such events include the following: (1) the Plan's failure to qualify under section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under section 501(a) of the Internal Revenue Code, (2) premature termination of the contract, (3) Plan termination or merger, (4) changes to the Plan's prohibition on competing investment options or (5) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that significantly affect the Plan's normal operations. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

Note 7. Tax Status

The Plan was issued a favorable opinion letter by the Internal Revenue Service on September 27, 2017, that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code. The Plan has been amended since receiving this determination. However, the Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Watlow Group 401(k) Plan

Notes to Financial Statements

Note 7. Tax Status (Continued)

Management has evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. The current and prior three years remain open and subject to examination by U.S. federal, state and local tax authorities.

Note 8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants would become 100% vested in their account balances.

Note 9. Party-in-Interest Transactions

Certain Plan investments are guaranteed investment contracts and common collective trusts managed by the custodians; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to the custodians for investment management and administrative services, as well as to other service providers related to the general administration of the Plan, amounted to \$420,898 for the year ended December 31, 2021, which is included on the statement of changes in net assets available for benefits. Certain administrative expenses of the Plan are paid by the Plan Sponsor and amounted to \$15,389 for the year ended December 31, 2021.

Note 10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 11. Subsequent Events

The Plan Administrator has evaluated events occurring subsequent to December 31, 2021, as to their potential impact to the financial statements through July 27, 2022, the date the financial statements were available to be issued.
