Independent Auditor's Report

To the Plan Administrator
Hemenway & Barnes 401(k) Plan
Boston, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Hemenway & Barnes 401(k) Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C), which compromise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (“investment information”) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (“qualified institution”), provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor’s Responsibilities for the Audit of the 2021 Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (“GAAP”); and
- The certified investment information in the accompanying 2021 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the *Auditor’s Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the 2021 Financial Statements

Except as described in *the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit;
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements;

LEE AND CROWLEY

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed;
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements; and
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — 2021 Supplemental Schedule Required by ERISA

The 2021 supplemental schedule of Form 5500 – Schedule H, Part IV, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to, or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA; and
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Report on the 2020 Financial Statements

We were engaged to audit the statement of net assets available for benefits of the Plan as of December 31, 2020. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Our audit report, dated July 26, 2021, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Hemenway & Barnes 401(k) Plan

Notes to Financial Statements

1. Description of Plan

The following description of the Hemenway & Barnes 401(k) Plan, (the “Plan”) provides only general information about the Plan’s provisions. Hemenway & Barnes LLP (the “Partnership”) is the plan sponsor. Hemenway Trust Company LLC is an affiliated entity under the common control of the Partnership, which adopted the Plan in 2010. Participants should refer to the plan document and summary plan description for a more complete description of the Plan’s provisions, copies of which may be obtained from the plan sponsor.

General

The Plan is a defined contribution plan covering substantially all employees of the Partnership and Hemenway Trust Company LLC after attaining 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. The plan administrator is responsible for oversight of the Plan. The Plan’s Investment Committee determined the appropriateness of the Plan’s investment offerings, monitors investment performance, and reports to the plan administrator.

In response to the COVID-19 pandemic, on March 27, 2020, the Coronavirus Aid, Relief and Economic Security (“CARES”) Act was signed into law. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. During the year ended December 31, 2020, Plan management evaluated the relief provisions available to participants under the CARES Act, and implemented the provision that allows coronavirus distributions up to \$100,000 during 2020 and the provision that suspends minimum distributions for the year ended December 31, 2020. These relief provisions were not permitted in 2021.

Contributions

Eligible participants may make pre-tax elective contributions and Roth 401(k) contributions of up to 60 percent of eligible compensation as defined by the Plan, subject to certain Internal Revenue Service (“IRS”) limitations after completing six months of service. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may contribute amounts representing rollover distributions from other qualified defined benefit or defined contribution plans, as defined by the Plan. Participants direct the investment of their contributions into various options offered by the Plan. The Plan currently offers mutual funds, a common/collective trust, and self-directed brokerage accounts through which participants are able to invest in a variety of securities, including stocks and mutual funds. The Partnership may make matching contributions and discretionary employer contributions to eligible participants who have one year of service and at least 1,000 hours of service. Employer matching contributions to the Plan are equal to 50 percent of the amount of the eligible participant’s elective deferrals, not to exceed 4 percent of the participant’s eligible compensations with an end of year true-up calculation. Employer discretionary contributions are either a dollar amount or a percentage of compensation which is determined by the Partnership annually. There were \$322,346 and \$1,124,145 of employer matching and employer discretionary contributions, respectively, paid for the year ended December 31, 2021.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and partnership contributions, as well as plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Hemenway & Barnes 401(k) Plan

Notes to Financial Statements

Vesting

Participants are vested immediately in their contributions and employer matching contributions, plus actual earnings thereon. Discretionary employer contributions are subject to vesting. For purposes of determining vesting of discretionary employer contributions made under the Plan, all years of service with the Partnership are included in determining the participant's vested interest. A participant's discretionary employer contributions is fully vested after six years of credited service with the Partnership in accordance with the following schedule:

Years of Service	Percent Vested
Six years	100%
Five years	80%
Four years	60%
Three years	40%
Two years	20%
One year	0%

Notes Receivable from Participants

A participant may borrow from their vested account balance subject to the administrative rules of the Plan. Any note receivable will not be approved to a participant in the amount which exceeds 50 percent of their account balance. The minimum note receivable amount is \$1,000 and the maximum note receivable amount is \$50,000, reduced by the excess of the participant's highest outstanding participant note receivable balance during the 12-month period ending on the date of the note receivable over the participant's current outstanding participant note receivable balance on the date of the loan. A participant may not have more than two notes outstanding at a time. Notes receivable are permitted for any reasonable purpose and loan refinancing is not permitted. All notes receivable will be considered a directed investment from the account of the participant maintained under the Plan. As such, all payments of principal and interest made by the participant will be credited only to the account of such participant. Certain direct fees are charged to the participant to set up and maintain the note.

The notes receivable bear interest at a fixed rate determined by the plan administrator (the Wall Street Journal prime rate plus 2 percent), which was 5.25 percent at December 31, 2021 and 2020. Note receivable terms may range up to five years, unless the note receivable qualifies as a home loan. A home loan is a loan used to acquire a dwelling unit which, within a reasonable time, the participant will use as a principal residence. A home loan may be repaid over a period not exceeding 10 years.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant, or a participant's beneficiary in the case of death, may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump sum or in periodic installments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Participants are eligible for in service distributions for participant deferral accounts after attaining the age of 59 1/2. Certain participants are required by law to receive minimum distributions by April 1 of the year following the year they turn 72.

Hemenway & Barnes 401(k) Plan

Notes to Financial Statements

Hardship Withdrawals

A hardship withdrawal may be authorized by the Partnership in the amount up to 100 percent of the participant's contributions. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the IRS, and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

Forfeited Accounts

At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$6 and \$27,345, respectively. These accounts are first used to reduce plan expenses and any forfeitures that remain shall be used to offset future employer discretionary contributions and future employer matching contributions. Plan expenses were reduced by \$80,829 from forfeited non-vested accounts for the year ended December 31, 2021.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, the custodian, and the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. Delinquent notes receivable are reclassified as distributions based upon terms of the plan document.

Hemenway & Barnes 401(k) Plan

Notes to Financial Statements

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid directly by the Partnership. The Partnership pays certain professional fees and other expenses related to the Plan; therefore, such expenses are not included in the accompanying financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. The Plan maintains an expense reimbursement account from which to pay certain expenses of the Plan. The Plan paid \$0 in administrative expenses from the expense reimbursement account. The balance of the expense reimbursement account as of December 31, 2021 and 2020 was immaterial.

Subsequent Events

The Plan has evaluated subsequent events through July 26, 2022, the date the financial statements were available to be issued.

3. Certified Investments

The plan administrator has elected the method of compliance permitted by Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Alerus Financial N.A. ("Alerus"), the trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020, the supplemental schedule, Form 5500 - Schedule H, Part IV, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2021, and the related investment activity reflected on the statement of changes in net assets available for benefits for the year ended December 31, 2021. The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

FASB ASC Topic 820, *Fair Value Measurement*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and

Hemenway & Barnes 401(k) Plan

Notes to Financial Statements

- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to their fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2021 and 2020.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Exchange-Traded Funds

Exchange-traded funds are valued at the daily closing price of the fund. Exchange-traded funds operate similar to mutual funds in that they experience no price change throughout the day as they are bought and sold at the closing market price.

Common/Collective Trust

Units of a bank collective trust are reported at NAV. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure the securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

<i>Investments at fair value as of December 31, 2021</i>	Level 1	Total
Mutual funds	\$ 56,282,920	\$ 56,282,920
Self-directed brokerage accounts (3)	1,190,950	1,190,950
Common/collective trust funds at NAV (1)(2)	-	345,390
Total Investments at Fair Value	\$ 57,473,870	\$ 57,819,260

Hemenway & Barnes 401(k) Plan

Notes to Financial Statements

<i>Investments at fair value as of December 31, 2020</i>	Level 1	Total
Mutual funds	\$ 50,277,827	\$ 50,277,827
Self-directed brokerage accounts (3)	1,099,086	1,099,086
Common/collective trust funds at NAV (1)(2)	-	720,098
Total Investments at Fair Value	\$ 51,376,913	\$ 52,097,011

- (1) Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.
- (2) The common/collective trust is invested in Wells Fargo Stable Return Fund C. The objective of the fund is to provide investors with a moderate level of stable income without principal volatility. No unfunded commitments exist as of December 31, 2021. Redemption can occur daily subject to certain restrictions or at the discretion of the investment advisor.
- (3) Self-directed brokerage accounts are invested in cash, mutual funds, and exchange-traded funds.

5. Related-Party Transactions and Party-in-Interest Transactions

All plan investments are in the custody of Alerus, the trustee of the Plan as of December 31, 2021; therefore, any transactions between Alerus and the Plan qualify as party-in-interest transactions. The Plan made direct payments to Alerus totaling \$33,994, which are included in administrative expenses during the year ended December 31, 2021.

All plan investments are managed by iCapital, LLC, an investment advisor; therefore, any transactions between the Plan and iCapital, LLC qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA. Fees incurred by the Plan for investment advisory services were \$106,178, which are included in administrative expenses during the year ended December 31, 2021.

Total administrative expenses paid by the Plan during the year ended December 31, 2021, were \$140,172. The Partnership pays directly any other fees related to the Plan's operations. The Plan extends notes receivable to participants which are also considered parties-in-interest transactions

6. Plan Termination

Although it has not expressed any intent to do so, the Partnership has the right under the Plan to discontinue its contributions at any time to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer discretionary contributions.

Hemenway & Barnes 401(k) Plan

Notes to Financial Statements

7. Tax Status

The IRS has determined and informed the Partnership by a letter dated October 6, 2016, that the Plan and the related trust are designed in accordance with applicable sections of the Internal Revenue Code (“IRC”). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan’s tax counsel believed the Plan is designed, and is currently being operated, in compliance with applicable requirements of the IRC and therefore, believe that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal and state taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported on the statements of net assets available for benefits.

On January 30, 2020, the World Health Organization (“WHO”) announced an international public health emergency related to the COVID-19 outbreak. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally. The extent to which the COVID-19 pandemic impacts the Plan’s participants, financial condition and changes in the fair value of its investments, will depend on future developments, which are highly uncertain and cannot be predicted with confidence, such as the ultimate geographic spread of the virus, the duration of the outbreak, governmental regulations and restrictions, travel restrictions and actions to contain the outbreak or treat its impact.

9. Subsequent Events

Effective January 1, 2022, the Plan was restated from a customized plan to a pre-approved standard plan. As part of the restatement, certain provisions of the Plan were amended. Under the amended Plan, new participants will be automatically enrolled in the Plan at a deferral rate of 3%, upon eligibility. In addition, participants are eligible to contribute to the Plan after attaining 21 years of age and completing two months of services. The amended Plan also provides for a safe harbor non-elective 3% contribution.
