Report of Independent Auditors

Nationstar Mortgage 401(k) Retirement Plan Investment Committee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Nationstar Mortgage 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes (collectively referred to as the “financial statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further

described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures

responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 (referred to as the "supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the financial statements of the Plan as of and for the year ended December 31, 2020. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the investment information certified by a qualified institution. In our report dated June 25, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on those financial statements, and (b) the form and content of the information included in those financial statements other than that derived from the certified investment information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Nationstar Mortgage 401(k) Retirement Plan
Notes to Financial Statements

1. Description of the Plan

The following description of the Nationstar Mortgage 401(k) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan was established on July 12, 2006, as a defined contribution retirement plan. The Plan covers current and former eligible employees of Nationstar Mortgage LLC (“Nationstar”) and its previously acquired companies as identified in the Plan document (collectively, the “Company”). Nationstar is a wholly-owned subsidiary of Mr. Cooper Group Inc. The Plan is administered by Nationstar Mortgage LLC through Nationstar Mortgage 401(k) Retirement Plan Investment Committee appointed by the Board of Directors of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). Benefits provided by the Plan are not insured or guaranteed by the Pension Benefit Guaranty Corporation code in Title IV of ERISA. Summary Plan documents are available at www.netbenefits.fidelity.com.

Eligibility

All employees, except residents of Puerto Rico, are eligible to participate in the Plan. Eligible employees may choose to make pre-tax contributions, after-tax contributions, or both, beginning on the employment commencement date.

Contributions

The Plan permits current employees to contribute up to 60% of their compensation pretax, as defined, subject to Internal Revenue Code (the “IRC”) limitations. The Plan provides for automatic enrollment at a rate of 3% of compensation, as defined by the Plan document, unless the employee declines to participate or elects another deferral percentage. For new employees who were automatically enrolled at a rate of 3% into the Plan, the Plan will automatically increase the employee’s contribution rate each year by 1%, capped at the 6% contribution rate unless the participant actively opts out of the auto-increase program.

The Plan also permits the employee to make voluntary, nondeductible, after-tax contributions to the Plan. The Company matches employee contributions in an amount equal to 100% of the first 2% of employee eligible compensation and 50% of the next 4% of employee eligible compensation. Profit-sharing contributions are made by the Company on a discretionary basis as determined by the Board of Directors of the Company. Discretionary profit-sharing contributions are allocated based on a non-integrated allocation formula in the ratio that each eligible active participant’s compensation bears to the total compensation paid to all eligible active participants for the Plan year. A participant shall only be entitled to receive the discretionary profit-sharing contribution if the participant is employed on the last day of the Plan year and earns at least 1,000 hours of service during the Plan year. No such contributions were made by the Company during the year ended December 31, 2021.

Participants can rollover all or part of an eligible rollover distribution received from an eligible retirement plan into the Plan. An eligible rollover includes any distribution from an eligible qualified plan under IRC Section 401(a), 403(a) annuity plan, 403(b) annuity contract and 457(b) maintained by a government employee and an individual retirement account or annuity.

Effective January 1, 2016, participants are permitted to contribute a portion or all of the deferred contributions to a Roth 401(k) account.

Nationstar Mortgage 401(k) Retirement Plan
Notes to Financial Statements

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) employer contributions and (b) Plan earnings or losses. The benefit to which a participant is vested can be withdrawn from the participant's vested account.

Participants direct the investment of their accounts into various registered investment company funds and a common/collective trust.

Vesting

Participants are immediately vested in their contributions plus actual earnings or losses thereon. A participant's vested interest in employer matching contributions and discretionary profit-sharing contributions prior to January 1, 2013 is based on 20% each year, with 100% vesting after five years of credited service. Any vested interest in employer matching contributions after January 1, 2013 is based on 20% match in the first year and 100% after the second year of credited service. Employer matching contributions and related earnings or losses vest at 100% upon two years of credited service. Employees of merged plans may be granted credit for prior employment term based on the terms of the acquisition or plan merger.

Forfeitures

Forfeitures are available to either reduce employer contributions or pay Plan administrative expenses. As of December 31, 2021 and 2020, the forfeiture balance was \$2,939,584 and \$976,195, respectively. Forfeitures used to reduce employer contributions or to pay Plan administrative expenses for the year ended December 31, 2021 totaled \$1,192,808.

Notes Receivable from Participants

Notes receivable from participants represent participant loans. Active employee participants may borrow up to 50% of the vested portion of their accounts, subject to a \$50,000 maximum. Notes receivable are collateralized by participant accounts and are repayable to the Plan within 5 years or up to 10 years in the case of a loan used for the purpose of obtaining a principal residence. Interest is based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances at the time the loan was taken. Collection of principal and interest payments is primarily achieved through payroll deductions.

Effective January 1, 2016, participants applying for a loan may only have one general purpose loan and one home loan outstanding at a time. Participants are required to pay off the particular type of loan before taking another one of that type.

Distributions to Participants

Distribution of a participant's account balance is permitted upon termination of employment due to death, normal, early or disability retirement, or other termination of employment. In the event of termination of employment of any participant for any reason other than retirement, death, or disability, a participant shall, subject to further provisions of the Plan, be entitled to receive the vested portion of his or her account balance. A participant may also receive a distribution prior to termination of employment to satisfy a financial hardship meeting the requirements of the IRC or upon attainment of age 59½. Distributions to participants are paid as a lump sum or as a direct rollover into another retirement savings account.

Administrative Expenses

Certain administrative expenses of the Plan may be paid by the Company at its discretion. Remaining administrative expenses may be paid from forfeited contributions (if any) or from the trust fund balances.

Plan Termination

The Company intends to continue the Plan indefinitely but reserves the right to amend or terminate the Plan subject to the provisions of ERISA. The Plan provides that, in the event of Plan termination, participants will become fully vested in employer contributions, and the method of distribution of assets will be in accordance with the provisions of ERISA.

2. Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting. The preparation of financial statements is in conformity with accounting principles generally accepted in the United States ("GAAP"). Distributions to participants are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates that affect the amounts reported in the financial statements, accompanying notes, and ERISA-required supplemental schedule. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a distribution is recorded.

Valuation of Investments and Income Recognition

The registered investment company shares are valued at fair value based on published market prices held by the Plan at year-end. The Plan invests in a common/collective trust (Fidelity Managed Income Portfolio ("MIP")) for which the fair value of the MIP is based on net asset value as determined by the issuer. The objective of MIP is to preserve capital and achieve a competitive level of income over time. In addition, it strives to maintain a \$1 per unit price, but cannot assure it will do so. Although individual investment contracts within the portfolio represent credit obligations of the issuer, units of the portfolio are neither guaranteed by Fidelity Management Trust Company or the plan sponsor, nor are they insured by the Federal Deposit Insurance Corporation or any other state or federal agency.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded as earned. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Participant-directed redemptions have no restrictions; however, the Plan is required to provide a one-year redemption notice to liquidate its share of the MIP.

Nationstar Mortgage 401(k) Retirement Plan
Notes to Financial Statements

3. Investments

The Plan assets are invested in available investment options as directed by participants. A separate account is established for each participant who makes contributions to the Plan. The value of the account is updated each business day to reflect contributions, exchanges of investment options, investment earnings, withdrawals and loan repayments.

All investment information disclosed in the accompanying financial statements, notes to financial statements, ERISA-required supplemental schedule, including investments held and notes receivable from participants, at December 31, 2021 and 2020, net appreciation in fair value of investments, interest income on notes receivable from participants, and interest and dividend income for the year ended December 31, 2021, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

4. Fair Value Measurements

The Plan follows accounting guidance set forth under Accounting Standard Codification 820, *Fair Value Measurement* ("ASC 820"), which provides a definition of fair value, establishes a framework for measuring fair value, and requires expanded disclosures about fair value measurements. The standard applies when GAAP requires or allows assets or liabilities to be measured at fair value and, therefore, does not expand the use of fair value in any new circumstance.

ASC 820 emphasizes that fair value is a market-based measurement, not an entity-specific measurement. Therefore, a fair value measurement should be determined based on the assumptions that market participants would use in pricing the asset or liability. As a basis for considering market participant assumptions in fair value measurements, ASC 820 establishes a three-tiered fair value hierarchy based on the level of observable inputs used in the measurement of fair value. Level 1 represents quoted prices for identical assets or liabilities in an active market, Level 2 represents values using inputs other than quoted prices included within Level 1, and Level 3 represents estimated values based on significant unobservable inputs. In addition, ASC 820 requires an entity to consider all aspects of nonperformance risk, including its own credit standing, when measuring the fair value of a liability. Related disclosures are segregated for assets and liabilities measured at fair value based on the level used within the hierarchy to determine their fair values.

The following describes the methodologies used by the Plan in determining fair values:

Registered investment companies – Registered investment companies represent investments in mutual funds that are registered under the Investment Company Act of 1940. These mutual funds pool the capital of its investors and acquire stocks, bonds, short-term money market instruments, and/or other securities. The mutual funds, which are a separate legal entity from the investment adviser, issue dollar-denominated units representing an interest in its pool of securities. The units can be redeemed for a proportionate share of the current value of the fund's assets. As these funds are valued at the quoted net asset value per unit which is based on the fair value of the underlying assets and liabilities held by the fund, the investments in registered investment companies are classified as Level 1 in the fair value disclosures.

Nationstar Mortgage 401(k) Retirement Plan
Notes to Financial Statements

Common/collective trust – The common/collective trust investment represents a trust for the collective investment and reinvestment of assets contributed from employee benefit plans maintained by more than one plan sponsor. The common/collective trust is designed to deliver safety and stability by preserving principal and accumulating earnings. The trust invests in guaranteed investment contracts and synthetic investment contracts. Participant-directed redemptions have no restrictions; however, the Plan is required to provide a one-year redemption notice to liquidate its entire share in the fund. These investments are valued based on the contractual terms of the underlying investment contracts. The net asset value of the unit of the common/collective trust is determined by the issuer. The Plan classifies the investment as an investment measured at net asset value as a practical expedient for fair value, therefore, the investment is not categorized in the fair value hierarchy.

The following table sets forth the fair value hierarchy level of the Plan's assets carried at fair value:

	Recurring Fair Value Measurements			
	Level 1	Level 2	Level 3	Total
December 31, 2021				
Investments measured at fair value:				
Registered investment companies	\$ 538,044,826	\$ —	\$ —	\$ 538,044,826
Investment measured at net asset value:				
Common/collective trust				15,298,846
Total investments				<u>\$ 553,343,672</u>
December 31, 2020				
Investments measured at fair value:				
Registered investment companies	\$ 443,357,423	\$ —	\$ —	\$ 443,357,423
Investment measured at net asset value:				
Common/collective trust				15,732,734
Total investments				<u>\$ 459,090,157</u>

5. Risks and Uncertainties

Investments in the Plan are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

6. Related-Party and Party-in-Interest Transactions

Certain Plan investments in registered investment companies and the MIP are managed by an affiliate of the trustee. These transactions qualify as party-in-interest transactions. All of these transactions are exempt from the prohibited transaction rules.

Nationstar Mortgage 401(k) Retirement Plan
Notes to Financial Statements

7. Income Tax Status

The underlying pre-approved plan has received an opinion letter from the Internal Revenue Service (“IRS”) dated June 30, 2020, stating that the form of the plan is qualified under Section 401 of the IRC and, therefore, the related trust is tax-exempt. The plan administrator has determined that it is eligible to, and has chosen to, rely on the current IRS pre-approved opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator has indicated that it will take the necessary steps, if any, to bring the Plan’s operations into compliance with the Code.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Subsequent Events

The Plan’s management has evaluated subsequent events through June 29, 2022, the date the financial statements were available to be issued.

On May 1, 2022, the Company completed the Asset Purchase Agreement with Community Loan Servicing, LLC (“CLS”) under which the Company will assume the servicing of certain residential mortgage loans. In addition, approximately 540 CLS employees will join the Company. Participants who were employees of CLS will have the option to receive a full distribution or initiate a rollover to the Plan after the closing of the transaction. The assets to be rolled over to the Plan for those CLS employees totaled approximately \$2.9 million.

Report of Independent Auditors

Nationstar Mortgage 401(k) Retirement Plan Investment Committee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Nationstar Mortgage 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes (collectively referred to as the “financial statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further

described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures

responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 (referred to as the "supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the financial statements of the Plan as of and for the year ended December 31, 2020. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the investment information certified by a qualified institution. In our report dated June 25, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on those financial statements, and (b) the form and content of the information included in those financial statements other than that derived from the certified investment information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

1. Description of the Plan

The following description of the Nationstar Mortgage 401(k) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan was established on July 12, 2006, as a defined contribution retirement plan. The Plan covers current and former eligible employees of Nationstar Mortgage LLC (“Nationstar”) and its previously acquired companies as identified in the Plan document (collectively, the “Company”). Nationstar is a wholly-owned subsidiary of Mr. Cooper Group Inc. The Plan is administered by Nationstar Mortgage LLC through Nationstar Mortgage 401(k) Retirement Plan Investment Committee appointed by the Board of Directors of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). Benefits provided by the Plan are not insured or guaranteed by the Pension Benefit Guaranty Corporation code in Title IV of ERISA. Summary Plan documents are available at www.netbenefits.fidelity.com.

Eligibility

All employees, except residents of Puerto Rico, are eligible to participate in the Plan. Eligible employees may choose to make pre-tax contributions, after-tax contributions, or both, beginning on the employment commencement date.

Contributions

The Plan permits current employees to contribute up to 60% of their compensation pretax, as defined, subject to Internal Revenue Code (the “IRC”) limitations. The Plan provides for automatic enrollment at a rate of 3% of compensation, as defined by the Plan document, unless the employee declines to participate or elects another deferral percentage. For new employees who were automatically enrolled at a rate of 3% into the Plan, the Plan will automatically increase the employee’s contribution rate each year by 1%, capped at the 6% contribution rate unless the participant actively opts out of the auto-increase program.

The Plan also permits the employee to make voluntary, nondeductible, after-tax contributions to the Plan. The Company matches employee contributions in an amount equal to 100% of the first 2% of employee eligible compensation and 50% of the next 4% of employee eligible compensation. Profit-sharing contributions are made by the Company on a discretionary basis as determined by the Board of Directors of the Company. Discretionary profit-sharing contributions are allocated based on a non-integrated allocation formula in the ratio that each eligible active participant’s compensation bears to the total compensation paid to all eligible active participants for the Plan year. A participant shall only be entitled to receive the discretionary profit-sharing contribution if the participant is employed on the last day of the Plan year and earns at least 1,000 hours of service during the Plan year. No such contributions were made by the Company during the year ended December 31, 2021.

Participants can rollover all or part of an eligible rollover distribution received from an eligible retirement plan into the Plan. An eligible rollover includes any distribution from an eligible qualified plan under IRC Section 401(a), 403(a) annuity plan, 403(b) annuity contract and 457(b) maintained by a government employee and an individual retirement account or annuity.

Effective January 1, 2016, participants are permitted to contribute a portion or all of the deferred contributions to a Roth 401(k) account.

Nationstar Mortgage 401(k) Retirement Plan
Notes to Financial Statements

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) employer contributions and (b) Plan earnings or losses. The benefit to which a participant is vested can be withdrawn from the participant's vested account.

Participants direct the investment of their accounts into various registered investment company funds and a common/collective trust.

Vesting

Participants are immediately vested in their contributions plus actual earnings or losses thereon. A participant's vested interest in employer matching contributions and discretionary profit-sharing contributions prior to January 1, 2013 is based on 20% each year, with 100% vesting after five years of credited service. Any vested interest in employer matching contributions after January 1, 2013 is based on 20% match in the first year and 100% after the second year of credited service. Employer matching contributions and related earnings or losses vest at 100% upon two years of credited service. Employees of merged plans may be granted credit for prior employment term based on the terms of the acquisition or plan merger.

Forfeitures

Forfeitures are available to either reduce employer contributions or pay Plan administrative expenses. As of December 31, 2021 and 2020, the forfeiture balance was \$2,939,584 and \$976,195, respectively. Forfeitures used to reduce employer contributions or to pay Plan administrative expenses for the year ended December 31, 2021 totaled \$1,192,808.

Notes Receivable from Participants

Notes receivable from participants represent participant loans. Active employee participants may borrow up to 50% of the vested portion of their accounts, subject to a \$50,000 maximum. Notes receivable are collateralized by participant accounts and are repayable to the Plan within 5 years or up to 10 years in the case of a loan used for the purpose of obtaining a principal residence. Interest is based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances at the time the loan was taken. Collection of principal and interest payments is primarily achieved through payroll deductions.

Effective January 1, 2016, participants applying for a loan may only have one general purpose loan and one home loan outstanding at a time. Participants are required to pay off the particular type of loan before taking another one of that type.

Distributions to Participants

Distribution of a participant's account balance is permitted upon termination of employment due to death, normal, early or disability retirement, or other termination of employment. In the event of termination of employment of any participant for any reason other than retirement, death, or disability, a participant shall, subject to further provisions of the Plan, be entitled to receive the vested portion of his or her account balance. A participant may also receive a distribution prior to termination of employment to satisfy a financial hardship meeting the requirements of the IRC or upon attainment of age 59½. Distributions to participants are paid as a lump sum or as a direct rollover into another retirement savings account.

Administrative Expenses

Certain administrative expenses of the Plan may be paid by the Company at its discretion. Remaining administrative expenses may be paid from forfeited contributions (if any) or from the trust fund balances.

Plan Termination

The Company intends to continue the Plan indefinitely but reserves the right to amend or terminate the Plan subject to the provisions of ERISA. The Plan provides that, in the event of Plan termination, participants will become fully vested in employer contributions, and the method of distribution of assets will be in accordance with the provisions of ERISA.

2. Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting. The preparation of financial statements is in conformity with accounting principles generally accepted in the United States ("GAAP"). Distributions to participants are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates that affect the amounts reported in the financial statements, accompanying notes, and ERISA-required supplemental schedule. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a distribution is recorded.

Valuation of Investments and Income Recognition

The registered investment company shares are valued at fair value based on published market prices held by the Plan at year-end. The Plan invests in a common/collective trust (Fidelity Managed Income Portfolio ("MIP")) for which the fair value of the MIP is based on net asset value as determined by the issuer. The objective of MIP is to preserve capital and achieve a competitive level of income over time. In addition, it strives to maintain a \$1 per unit price, but cannot assure it will do so. Although individual investment contracts within the portfolio represent credit obligations of the issuer, units of the portfolio are neither guaranteed by Fidelity Management Trust Company or the plan sponsor, nor are they insured by the Federal Deposit Insurance Corporation or any other state or federal agency.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded as earned. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Participant-directed redemptions have no restrictions; however, the Plan is required to provide a one-year redemption notice to liquidate its share of the MIP.

Nationstar Mortgage 401(k) Retirement Plan
Notes to Financial Statements

3. Investments

The Plan assets are invested in available investment options as directed by participants. A separate account is established for each participant who makes contributions to the Plan. The value of the account is updated each business day to reflect contributions, exchanges of investment options, investment earnings, withdrawals and loan repayments.

All investment information disclosed in the accompanying financial statements, notes to financial statements, ERISA-required supplemental schedule, including investments held and notes receivable from participants, at December 31, 2021 and 2020, net appreciation in fair value of investments, interest income on notes receivable from participants, and interest and dividend income for the year ended December 31, 2021, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

4. Fair Value Measurements

The Plan follows accounting guidance set forth under Accounting Standard Codification 820, *Fair Value Measurement* ("ASC 820"), which provides a definition of fair value, establishes a framework for measuring fair value, and requires expanded disclosures about fair value measurements. The standard applies when GAAP requires or allows assets or liabilities to be measured at fair value and, therefore, does not expand the use of fair value in any new circumstance.

ASC 820 emphasizes that fair value is a market-based measurement, not an entity-specific measurement. Therefore, a fair value measurement should be determined based on the assumptions that market participants would use in pricing the asset or liability. As a basis for considering market participant assumptions in fair value measurements, ASC 820 establishes a three-tiered fair value hierarchy based on the level of observable inputs used in the measurement of fair value. Level 1 represents quoted prices for identical assets or liabilities in an active market, Level 2 represents values using inputs other than quoted prices included within Level 1, and Level 3 represents estimated values based on significant unobservable inputs. In addition, ASC 820 requires an entity to consider all aspects of nonperformance risk, including its own credit standing, when measuring the fair value of a liability. Related disclosures are segregated for assets and liabilities measured at fair value based on the level used within the hierarchy to determine their fair values.

The following describes the methodologies used by the Plan in determining fair values:

Registered investment companies – Registered investment companies represent investments in mutual funds that are registered under the Investment Company Act of 1940. These mutual funds pool the capital of its investors and acquire stocks, bonds, short-term money market instruments, and/or other securities. The mutual funds, which are a separate legal entity from the investment adviser, issue dollar-denominated units representing an interest in its pool of securities. The units can be redeemed for a proportionate share of the current value of the fund's assets. As these funds are valued at the quoted net asset value per unit which is based on the fair value of the underlying assets and liabilities held by the fund, the investments in registered investment companies are classified as Level 1 in the fair value disclosures.

Nationstar Mortgage 401(k) Retirement Plan
Notes to Financial Statements

Common/collective trust – The common/collective trust investment represents a trust for the collective investment and reinvestment of assets contributed from employee benefit plans maintained by more than one plan sponsor. The common/collective trust is designed to deliver safety and stability by preserving principal and accumulating earnings. The trust invests in guaranteed investment contracts and synthetic investment contracts. Participant-directed redemptions have no restrictions; however, the Plan is required to provide a one-year redemption notice to liquidate its entire share in the fund. These investments are valued based on the contractual terms of the underlying investment contracts. The net asset value of the unit of the common/collective trust is determined by the issuer. The Plan classifies the investment as an investment measured at net asset value as a practical expedient for fair value, therefore, the investment is not categorized in the fair value hierarchy.

The following table sets forth the fair value hierarchy level of the Plan's assets carried at fair value:

	Recurring Fair Value Measurements			
	Level 1	Level 2	Level 3	Total
December 31, 2021				
Investments measured at fair value:				
Registered investment companies	\$ 538,044,826	\$ —	\$ —	\$ 538,044,826
Investment measured at net asset value:				
Common/collective trust				15,298,846
Total investments				<u>\$ 553,343,672</u>
December 31, 2020				
Investments measured at fair value:				
Registered investment companies	\$ 443,357,423	\$ —	\$ —	\$ 443,357,423
Investment measured at net asset value:				
Common/collective trust				15,732,734
Total investments				<u>\$ 459,090,157</u>

5. Risks and Uncertainties

Investments in the Plan are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

6. Related-Party and Party-in-Interest Transactions

Certain Plan investments in registered investment companies and the MIP are managed by an affiliate of the trustee. These transactions qualify as party-in-interest transactions. All of these transactions are exempt from the prohibited transaction rules.

Nationstar Mortgage 401(k) Retirement Plan
Notes to Financial Statements

7. Income Tax Status

The underlying pre-approved plan has received an opinion letter from the Internal Revenue Service (“IRS”) dated June 30, 2020, stating that the form of the plan is qualified under Section 401 of the IRC and, therefore, the related trust is tax-exempt. The plan administrator has determined that it is eligible to, and has chosen to, rely on the current IRS pre-approved opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator has indicated that it will take the necessary steps, if any, to bring the Plan’s operations into compliance with the Code.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Subsequent Events

The Plan’s management has evaluated subsequent events through June 29, 2022, the date the financial statements were available to be issued.

On May 1, 2022, the Company completed the Asset Purchase Agreement with Community Loan Servicing, LLC (“CLS”) under which the Company will assume the servicing of certain residential mortgage loans. In addition, approximately 540 CLS employees will join the Company. Participants who were employees of CLS will have the option to receive a full distribution or initiate a rollover to the Plan after the closing of the transaction. The assets to be rolled over to the Plan for those CLS employees totaled approximately \$2.9 million.
