INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
the Midwest ATC Service 401(k) & Pension Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Midwest ATC Service 401(k) & Pension Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Midwest ATC Service 401(k) & Pension Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Midwest ATC Service 401(k) & Pension Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 financial statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Midwest ATC Service 401(k) & Pension Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Midwest ATC Service 401(k) & Pension Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of Assets Held at End of Year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

The 2020 financial statements of Midwest ATC Service 401(k) & Pension Plan were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Their report dated July 27, 2021, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and supplemental schedules, and (b) the form and content of the information included in the financial statements and supplemental schedules other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to the Financial Statements
December 31, 2021 and 2020

1. Description of Plan

The following description of the Midwest ATC Service 401(k) & Pension Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Midwest Air Traffic Control Service, Inc. (the "Company"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 100% of their pretax annual compensation, as defined in the Plan (subject to Internal Revenue Code limitations). Employees are able to participate in the Plan upon date of hire and without any age or period of service requirements. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additionally, participants aged 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions as defined in the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers 35 pooled separate accounts and a Stable Value Fund as investment options for participants.

The Company determines from year to year the amount to be contributed to the Plan. Effective April 2019, the Company contributed \$4.48 for each benefit hour less payment for medical benefits. Effective April 2020, the Company contributed \$4.54 for each benefit hour less payment for medical benefits. Effective July 2021, the Company contributed \$4.60 for each benefit hour less payment for medical benefits.

Participant Accounts

Each participant's account is credited with the participant's contribution, if any, investment earnings and losses, allocations of the Company's contribution, and charged with an allocation of administrative expenses. Participant accounts are segregated for purposes of determining the earnings and losses on the participant's investments. Expense allocations are based on account balances or as an equal dollar amount based on the number of participants in the Plan, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in all contributions and earnings credited to their account.

Participant Notes

Participants may borrow from their account balance a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the present value of the participant's vested interest in his account(s). The loans are secured by the balance in the participant's account and bear an interest rate ranging from 4.25 to 6.50%, which is commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through bi-weekly payroll deductions. Participant loans outstanding as of December 31, 2021 and 2020 were \$1,483,959 and \$1,836,460, respectively.

1. Description of Plan (Continued)

Payment of Benefits

On termination of service for any reason, participant's may elect to receive either a lump sum amount or installment payments based on their vested account balance.

Forfeitures

At December 31, 2021 and 2020, forfeited amounts of \$9,745 and \$34,269, respectively, were reported by the Plan's trustee. These amounts are to be used to offset future expenses of the Plan.

Expense Budget Account

During 2017 the Plan established an expense budget account for the purpose of paying plan expenses. The account is funded by Transamerica Life Insurance Company (Transamerica) through a 0.10% credit annually of the total assets under the group annuity contract. At December 31, 2021 and 2020, the expense budget account balance was \$184,034 and \$123,733, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Participant Notes Receivable

Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reported as distributions based on terms of the Plan document.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for fully benefit-responsive investments, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measurement attribute for fully benefit-responsive contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded as earned. Net appreciation or depreciation in the fair value of investments includes the Plan's gains or losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

3. Income Tax Status

The Internal Revenue Service has determined and informed Transamerica Retirement Solutions by a letter dated March 31, 2014, that the Volume Submitter Profit Sharing Plan with CODA is acceptable under section 401 of the Internal Revenue Code for use by employers for the benefit of their employees. The Plan has been amended since receiving the determination letter. The Plan administrator and the Plan's tax counsel believe that the plan is designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. The Plan is no longer subject to income tax examinations for the years prior to December 31, 2018.

4. Fair Value Measurements

ASC 820, *Fair Value Measurements*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs consist of entity specific or unobservable inputs and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in methodology used at December 31, 2021 and 2020.

Stable Value Fund - The assets in this account are maintained as general assets with Transamerica Life Insurance Company or Transamerica Financial Life Insurance Company (collectively, Transamerica), and are considered as invested in an insurance contract. There are no segregated or identifiable assets of Transamerica ascribed to the Stable Value Fund. The fund assets are also not available in an exchange or an active market. The assets are reported at contract value, which approximates fair value. These assets are readily redeemable by the Plan and are classified with Level 2 of the valuation hierarchy. See Note 7 for further detail.

Pooled separate accounts – These assets are not available in an exchange or an active market, however, as a practical expedient, the fair value is determined based on the Net Asset Value (NAV) of the underlying assets as traded in an exchange or active market. As part of the adoption of ASU 2015-07, the pooled separate accounts are measured at fair value using the NAV per share as a practical expedient and have not been classified under the fair value hierarchy.

4. Fair Value Measurements (continued)

Below are the Plan's financial instruments carried at fair value on a recurring basis by the fair value hierarchy levels as of December 31:

	<u>Fair Value</u>	Significant Other Observable Inputs (Level 2)	<u>Other (a)</u>
December 31, 2021:			
Stable Value Fund			
General Account	\$ 8,856,071	\$ 8,856,071	\$ -
Pooled Separate Accounts	54,073,825	-	54,073,825
	<u>\$ 62,929,896</u>	<u>\$ 8,856,071</u>	<u>\$ 54,073,825</u>
December 31, 2020:			
Stable Value Fund			
General Account	\$ 9,928,606	\$ 9,928,606	\$ -
Pooled Separate Accounts	51,744,175	-	51,744,175
	<u>\$ 61,672,781</u>	<u>\$ 9,928,606</u>	<u>\$ 51,744,175</u>

(a) In accordance with Subtopic 820-10 certain investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2021 and 2020, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2021	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Pooled separate accounts	\$ 54,073,825	None	Daily	Daily
December 31, 2020	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period

5. Investments

During the years ended December 31, 2021 and 2020, the Plan's investments in pooled separate accounts (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$4,622,433 and \$10,097,620, respectively.

6. Information Prepared and Certified by the Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Transamerica Life Insurance Company has certified that the following data included in the accompanying 2021 and 2020 financial statements and supplemental schedule is complete and accurate with respect to investments and notes receivable from participants:

	2021	2020
Pooled separate accounts at fair value	\$ 54,073,825	\$ 51,744,175
Stable value fund at contract value	8,856,071	9,928,606
Participant notes receivable	1,483,959	1,838,460
Net appreciation in fair value of investments	4,622,433	10,097,620
Interest credited - Stable value fund	129,724	147,321
Interest income on notes receivable from participants	79,434	101,521

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information, certified by the plan's trustee, to the related information included in the financial statements and supplemental schedule.

7. Investment Contract

The Plan has a fully benefit-responsive investment contract (the Stable Value Fund) with Transamerica Life Insurance Company. Transamerica maintains the contributions in a general account. The contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The Stable Value Fund is not considered a Guaranteed Investment Contract (GIC) and there is no stated minimum or maximum interest rate. The participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Transamerica's Stable Value Fund investment has no stated maturity. Interest rates are reset bi-annually as of the beginning of January and July, during which a new interest rate is applied daily to the total outstanding balance of the investment. For the years ended December 31, 2021 and 2020, the average return on the Stable Value Fund was 1.45% and 1.55%, respectively. The investment contract is considered a deposit liability with no defined maturities and is fairly valued at contract value.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Notes to the Financial Statements

December 31, 2021 and 2020

7. Investment Contract (continued)

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that would also limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle for an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

8. Party in Interest Transactions

Certain Plan investments are managed by Transamerica. Transamerica is the trustee and recordkeeper for the Plan and, therefore these transactions qualify as party in interest transactions. Fees paid by the Plan to Transamerica for administrative expenses for the years ended December 31, 2021 and 2020 amounted to \$83,096 and \$37,926, respectively.

9. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the net assets would be distributed to Plan participants based on their account balances.

10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

11. Administrative Expenses

Some expenses of maintaining the Plan, such as accounting and audit fees, fidelity bond and fiduciary liability insurance premiums, are paid by the Company.

Notes to the Financial Statements

December 31, 2021 and 2020

12. Uncertainties

In March of 2020, the World Health Organization declared the outbreak of a novel coronavirus (COVID-19) as a pandemic which continues to spread throughout the United States. The Plan is closely monitoring the situation and the potential impact to its investments. In particular, the Plan is monitoring its investment portfolio and its liquidity to minimize the impact of global market declines. The Plan's December 31, 2021 and 2020 financial statements do not include adjustments to fair value that may result from any declines. The ultimate effect of the COVID-19 pandemic on the Plan's financial statements is not currently determinable.

13. Subsequent Events

The Plan has evaluated subsequent events through July 22, 2022, the date the financial statements were available to be issued. There were no subsequent events identified that would require adjustment or disclosure to the financial statements.
