INDEPENDENT AUDITORS' REPORT

To the Trustees and Administrators of the Westbury Jeep Chrysler Dodge Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Westbury Jeep Chrysler Dodge Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021 and 2020, the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Westbury Jeep Chrysler Dodge Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2021 and 2020, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Westbury Jeep Chrysler Dodge Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Westbury Jeep Chrysler Dodge Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Westbury Jeep Chrysler Dodge Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Westbury Jeep Chrysler Dodge Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Sincerely,

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Westbury Jeep Chrysler Dodge Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – Westbury Jeep Chrysler Dodge Inc. (the Company) established the Plan to provide employees with a systematic means of saving and investing for the future. All employees of the Company who have attained the age of 18 are eligible for the Plan. The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Plan management determines the appropriateness of the Plan's investment offerings and monitors investment performances.

Contributions – Participants' may contribute from 1% to 75% of their compensation as defined in the Plan by means of payroll deductions, subject to certain discrimination tests prescribed by the Internal Revenue Code and other limitations specified in the Plan. Participants' elective deferrals in any taxable year may not exceed a dollar limit set by federal tax laws. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also choose to contribute funds from other qualified defined benefit or defined contribution plans into the Plan. The Plan also includes a Roth contribution feature. The Company may make discretionary contributions on behalf of eligible participants. During 2021 and 2020, the Company did not make any discretionary contributions to the Plan.

Participants' Accounts – Participants direct the investment of their balances into various investment options offered by the Plan. Each participant's account is credited with the participant's contributions and investment earnings (losses), and may be charged with an allocation of investment expenses. Allocations are based on participant earnings or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participants' vested account.

Vesting – Participants are immediately vested in their accounts attributable to salary deferrals and rollover contributions, plus actual earnings thereon. Vesting in profit sharing contributions and any qualified non-elective contributions that may be made by the Company are based upon years of continuous service as follows:

<u>Years of Service</u>	<u>Percent Vested</u>
1 year of service	0%
2 years of service	20%
3 years of service	40%
4 years of service	60%
5 years of service	80%
6 years of service	100%

See Independent Auditors' Report

Westbury Jeep Chrysler Dodge Inc. 401(k) Profit Sharing Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

Payment of Benefits – Upon termination of service due to death, disability or retirement, a participant or his/her beneficiary, if applicable, may elect to receive a lump-sum amount equal to the fair value of the participant's vested interest in his or her account or in monthly, quarterly, or annual installments over a period of not more than the assumed life expectancy of the participant or their beneficiary. Accounts with less than \$5,000 may only be distributed to the participant in a lump-sum payment. For termination of service for other reasons, a participant becomes eligible to receive the current value of their vested account in a lump-sum.

Notes Receivable from Participants – Participants may borrow from their accounts a minimum of \$500 up to a maximum amount equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participants' account and bear interest at a rate equal to two percentage points above the prime rate. A participant will be permitted to have only one loan outstanding at any time. Principal and interest are paid ratably through payroll deductions.

Forfeitures – If a participant terminates employment and is less than 100% vested in employer matching contributions, the participant will forfeit the non-vested portion of the account. These accounts may be used to reduce future employer contributions or pay Plan administrative expenses.

Plan Termination – Although it has not expressed any intent to do so, the Sponsor has the right, under terms of the Plan, to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting and in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The Plan follows accounting principles set forth in FASB Accounting Standards Codification (ASC) 962, *Plan Accounting – Defined Contribution Pension Plans*.

Notes Receivables from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2021, and 2020, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Use of Estimates in the Preparation of Financial Statements – The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates

See Independent Auditors' Report

December 31, 2021 and 2020

and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition – In accordance with FASB ASC 962, the Plan's investments are stated at fair value except for its investment in the Principal Fixed Income Guaranteed Option, which is valued at contract value. Recent amendments to ASC 962 designate contract value as the only required measure for fully benefit-responsive investment contracts, and eliminate fair value measurement and certain disclosures.

Mutual funds held by the Plan are valued at fair value based on the daily closing price as reported by the funds. Mutual funds are open-ended and are registered with the Securities and Exchange Commission. These mutual funds are required to publish their daily net asset value (NAV) and to transact at that price. The common/collective trusts are valued at the NAV of units held by the Plan. The NAV, as provided by the trustees, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Pooled separate accounts are reported at the fair value of the underlying investments comprising the accounts as reported to the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

During the year ended December 31, 2021, the Plan's investments, including net gains and losses on investments sold during the year, increased in fair value by \$2,030,834. All investments are participant directed.

Payment of Benefits – Benefits are recorded when paid.

Plan Administration Costs – The Plan's expenses are paid by either the Plan or the Sponsor as provided by the Plan document. Expenses that are paid directly by the sponsor are excluded from these statements. Expenses paid by the Plan are charged directly against participant individual accounts as incurred.

Subsequent Events – Management has evaluated, for potential recognition or disclosure in the financial statements, subsequent events that have occurred through July 28, 2022, which is the date that the financial statements were available to be issued.

NOTE 3 – INFORMATION PREPARED AND CERTIFIED BY THE PLAN TRUSTEE

The Plan Administrator has elected the method of compliance permitted by ERISA Section 103(a)(3)(C). As permitted under such election, no independent auditing procedures were performed with respect to the information certified as complete and accurate by the Plan's trustee. The Plan trustee has certified its statement of accounts as of December 31, 2021 and 2020 and for the year ended December 31, 2021. The statement of accounts includes

NOTES TO FINANCIAL STATEMENTS

beginning and ending balances of investments held, notes receivable from participants, and detail of transactions during the period, including investment earnings and interest income on notes receivable from participants.

NOTE 4 – INCOME TAX STATUS

The Plan obtained its latest determination letter on April 10, 2014, in which the Internal Revenue Service stated the Plan, as then designed, was in compliance with the applicable requirements under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan has been amended since receiving the determination letter. Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

NOTE 5 – FAIR VALUE MEASUREMENTS

Fair value accounting guidance establishes a framework for measuring fair value, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plans have the ability to access.
- Level 2** Inputs to the valuation methodology other than quoted prices included in Level 1 are observable for the asset or liability, each directly or indirectly, and include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability; and

See Independent Auditors' Report

December 31, 2021 and 2020

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2021 and 2020. The methods described above could produce a fair value calculation that is not indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan administrator believes these valuation methods are appropriate, the use of different methodologies or assumptions could result in different fair value measurements at the reporting date.

Below is a description of the valuation methodologies used for assets measured at fair value.

Common and collective trusts (CCTs) – Investments in CCTs are valued at NAV of units of a bank collective trust. NAV is a readily determinable fair value and is the basis for current transactions. The unit value of each of these funds is determined on a daily basis, and units are issued and redeemed at their unit value. Net investment income and realized and unrealized gains and losses on investments are not distributed to participants but are reflected in the unit value. Were the Plan to initiate a full redemption of a CCT, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Pooled separate accounts – Valued at fair value based on NAV of observable market price of the underlying assets within that account, less liabilities.

Registered investment company funds – Valued at the daily closing price as reported by the fund, these funds held by the Plan are registered with the SEC, must publish their NAV and transact at that price, and are deemed to be actively traded.

The fair value measurements for the Plan's investments at December 31, 2021 and 2020:

NOTE 6 – CONTRACT WITH INSURANCE COMPANY

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract (GIC) with Principal Trust Company (PTC). PTC maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The GIC issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than zero percent. Such interest rates are reviewed on a semi-annual basis for resetting. The GIC does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Because the GIC is fully benefit-responsive, contract value is the relevant measure for the GIC. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract value of the investment contract at December 31, 2021 was \$2,882,496 and at December 31, 2020 was \$3,286,789. The Plan's ability to receive amounts due is dependent on the issuer's ability to meet financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income

See Independent Auditors' Report

December 31, 2021 and 2020

taxes or any required prohibited transaction exemption under ERISA. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Such events include (1) a breach of material obligation under the contract, (2) a material misrepresentation, or (3) a material amendment to the agreement without the consent of the issuer.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds by the Plan custodian as defined by the Plan. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. Also, participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as loans receivable from participants in the statement of net assets available for benefits. These transactions are exempt party-in-interest transactions under ERISA.
