Independent Auditor's Report

To the Plan Administrator
dōTERRA 401(k) Plan
Pleasant Grove, Utah

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of dōTERRA 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions for the year ended December 31, 2021 and assets (held at end of year) as of December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedules agrees to, or are derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Notes to the Financial Statements

NOTE A - DESCRIPTION OF PLAN

The following description of the dōTERRA 401(k) Plan (“Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan, which commenced operations in 2013, is a defined contribution plan covering all eligible employees of dōTERRA International, LLC, dōTERRA Manufacturing, LLC, dōTERRA Inc., and Prime Meridian Health Clinics, LLC (collectively, the “Company” or “Plan Sponsor”), as defined in the Plan document. The Plan is designed to qualify under Sections 401(a) and 401(k) of the Internal Revenue Code (“IRC”) as amended and is subject to the provisions of the Employee Retirement Income Security Act of 1974 as amended (“ERISA”).

The Plan is designed to qualify as a “Safe Harbor” defined contribution 401(k) Plan. As a Safe Harbor Plan, the Company will provide a special Safe Harbor matching contribution to the Plan for those Participants who satisfy eligibility requirements. All Participants who are 21 years of age or older and have been employed for 90 days are eligible to participate.

The Company administers the Plan. The Administrative Committee is responsible for oversight of the Plan and has arranged for certain officers of the Company to serve as Trustees. The Administrative Committee determines the appropriateness of the Plan’s investment offering and monitors investment performance.

The Plan entered into a contract with Principal Life Insurance Company, and its affiliates (“Principal”), to act as record-keeper and custodian for the Plan. Principal holds the Plan’s assets, executes investment transactions, makes participant-directed payments, and other functions.

Contributions

Each year, participants may contribute up to 100% of annual eligible compensation on a pretax, or Roth after tax basis. Salary reduction contributions cannot exceed the maximum amount allowable under the IRC, which was \$19,500 for the year ended December 31, 2021. In addition, participants age 50 or older are able to make catch-up contributions equal to the maximum amount allowable under the IRC, which was \$6,500 for the year ended December 31, 2021. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. As a “Safe Harbor” matching contribution, the Company contributes 100% of the first 3% and 50% of the next 2% of eligible compensation that a participant contributes to the Plan.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of the Company’s contribution and Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. All employer related contributions immediately vest under the “Safe Harbor” provision.

Notes to the Financial Statements**

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Investment Options

Upon enrollment in the Plan, a participant may direct their contributions into any of the various investment funds offered by the Plan.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate published in the Wall Street Journal plus 1.00%. Interest rates on loans outstanding at December 31, 2021 range from 4.25% to 6.5%. Principal and interest are paid ratably through monthly payroll deductions on a level amortization basis over a term not exceeding five years, or ten years for loans used for the purchase of a primary residence.

Payment of Benefits

On termination of service with a vested account balance in excess of \$5,000, a participant may elect to receive the vested portion of their account balance as follows: 1) to receive as a lump-sum payment, as soon as is administratively feasible following termination, or 2) to receive a distribution in the form of a series of installment payments. On termination of service with a vested account balance less than \$5,000, a participant will be eligible to receive a distribution of their entire vested account balance in a lump sum as soon as it is administratively feasible.

Hardship distributions are available only for the purpose of meeting immediate and heavy financial needs in accordance with provisions specified in the Plan. Additional in-service distributions are available if certain criteria are met.

Forfeited Accounts

As of December 31, 2021, and 2020, and during the year ended December 31, 2021, forfeited non-vested accounts were \$0.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value, see Note E). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for a discussion of fair value measurements.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year, and reinvested capital gains.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan and are allocated to participant accounts. Any expenses paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable and requested distributions from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded. Due to participant employment terminations, fifteen participant loans were deemed to be in default during the year ended December 31, 2021, and as a result, the remaining balance of \$65,910 has been recorded as a benefit payment.

Concentrations

At December 31, 2021 and 2020, respectively, one investment individually represented more than 10 percent of investments held. Refer to the Schedule of Assets (Held at End of Year) for a complete listing of investments held at December 31, 2021.

Recent Accounting Pronouncements

The Company has evaluated recent accounting pronouncements and believes none of them will have a significant impact on the Plan's financial statements.

NOTE C - CERTIFIED INVESTMENT INFORMATION

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under ERISA. Accordingly, Principal Life Insurance Company, a qualified institution, has certified the pooled separate accounts, and Principal Trust Company, a qualified institution, has certified the mutual funds, the guaranteed investment contract (Note E), and the common/collective trusts.

Notes to the Financial Statements**

NOTE C - CERTIFIED INVESTMENT INFORMATION (CONTINUED)

Furthermore, Principal Life Insurance Company and Principal Trust Company have certified the following information included in the accompanying financial statements and supplemental schedule as complete and accurate:

- Investments as reported in the Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020;
- Net investment income as reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021;
- Investment Information included in the Notes to the Financial Statements and in Schedule H, Line 4i - Schedule of Assets (Held at End of Year) - December 31, 2021.

The Plan's independent auditors did not perform any auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

NOTE D - FAIR VALUE MEASUREMENTS

Accounting Standards Codification ("ASC") 820, provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

dōTERRA 401(k) Plan
Notes to the Financial Statements

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trusts: Participation units in the common/collective trusts are valued using the NAV of units held. The NAV is based on the underlying investments held by the fund less its liability. There are no future commitments on any of the common/collective trusts.

Pooled Separate Accounts:

Principal MidCap Growth Separate Account Z: This Separate Account invests primarily in domestic stocks and is valued similarly to mutual funds, at the NAV, which is not publicly quoted but is available to current investors. Most of the security prices are obtained from a pricing service. The shares of stock held by the Plan are deemed to be actively traded.

Principal U.S. Property Separate Account Z: This Separate Account is also valued at the NAV and invests primarily in commercial real estate holdings rather than securities. Unlike public securities sold on an exchange, commercial real estate assets are usually sold in time-consuming, and often complex, transactions. Due to the nature of these transactions, this Separate Account may be subject to market conditions which may delay or prevent a sale.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets carried at fair value as of December 31, 2021 and 2020:

Assets at Fair Value

December 31, 2021	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 39,665,141	\$ -	\$ -	\$ 39,665,141

Mutual Funds	\$ 37,161,629	\$ -	\$ -	\$ 37,161,629
Pooled Separate Account	-	7,894	-	7,894
Total	\$ 37,161,629	\$ 7,894	\$ -	\$ 37,169,523

NOTE E - GUARANTEED INVESTMENT CONTRACT

The Plan has a guaranteed investment contract with Principal totaling \$5,461,109 and \$3,982,227 as of December 31, 2021 and 2020, respectively. Principal maintains participant contributions in a general account that is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula established by the contract issuer with a guaranteed minimum interest rate not to be less than 1%. The crediting rate may be reset no more frequently than daily. The crediting interest rate as of December 31, 2021 and 2020 was 1.55% and 1.60%, respectively, and is reset semiannually each June and December.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. This contract meets the fully benefit-responsive investment contract ("FBRIC"), criteria and therefore, is reported at contract value.

Contract value is the relevant measure for FBRICs because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

dōTERRA 401(k) Plan
Notes to the Financial Statements

NOTE E - GUARANTEED INVESTMENT CONTRACT (CONTINUED)

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer. No events are probable of occurring that might allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value.

NOTE F - PARTY-IN-INTEREST TRANSACTIONS

Principal, custodian of the Plan, manages certain plan investments. Administrative fees of \$226,882 were paid from the Plan to Principal during the year ended December 31, 2021. Principal may also receive other indirect fees. Certain employees of the Company provide administrative services to the Plan. Employees are not paid by the Plan for their services. As of December 31, 2021 and 2020, there were 117 and 95 outstanding participant loans totaling \$861,298, and \$589,009, respectively. The above transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investments, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

dōTERRA 401(k) Plan
Notes to the Financial Statements

NOTE G - RISKS AND UNCERTAINTIES (CONTINUED)

On January 30, 2020, the World Health Organization (“WHO”) announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the “COVID-19 outbreak”) and the risks to the international community as the virus spread globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

While the current state of the COVID-19 outbreak appears to be under control, the US attempts to return to a more stable economic environment. The pandemic has been followed by the presence of higher interest rates, high inflation, and uncertainty regarding the current conflict between Russia and Ukraine. The Company considers the known disruptions caused by the present risks to be temporary, though it is uncertain what the full magnitude that these known disruptions will have on the economy and the Company’s financial condition, liquidity, and future results of operations. Management is actively monitoring the impact of the global situation on its financial condition, liquidity, operations, suppliers, industry, and workforce. The Company is not able to fully estimate the effects these events will have on Plan assets, or its ability to continue to fund the Plan for fiscal year 2022.

NOTE H - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE I - TAX STATUS

The IRS has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator and the Plan’s tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE J - LATE REMITTANCES

The Plan Sponsor was delinquent in remitting participant contributions to the Plan during the years ended December 31, 2019, 2018, 2017, and 2016 in aggregate amounts of \$15,486, \$378, \$118,630, and \$7,760, respectively. As these remittances were remitted on a date later than that required by the Department of Labor's Rules and Regulations, they are reported on the attached Schedule H, Line 4a - Schedule of Delinquent Participant Contributions.

The Company corrected these amounts during the 2020, 2018, 2017, and 2016 Plan years, respectively. The lost earnings were fully corrected under the Voluntary Fiduciary Correction Program ("VFCP") on December 30, 2021.

NOTE K - UNCORRECTED ERRORS

The Plan Sponsor was delinquent in remitting contributions to the Plan during the year ended December 31, 2019 in aggregate of \$24,928, which had yet to be remitted to the Plan as of December 31, 2020. Aggregate uncorrected errors are comprised of the following:

	<u>2021</u>	<u>2020</u>
Participant contributions	\$ -	\$ 15,486
Employer contributions (Note L)	-	9,442
Total contributions due to the plan	<u>\$ -</u>	<u>\$ 24,928</u>

The Company corrected these errors during the year ended December 31, 2021.

NOTE L - EMPLOYER CONTRIBUTIONS RECEIVABLE

Employer contributions receivable as of December 31, 2021 and 2020 are comprised of the following:

	<u>2021</u>	<u>2020</u>
Safe harbor employer match true-up contributions	\$ 51,101	\$ 92,438
Unremitted employer contributions (Note K)	-	9,442
Total employer contributions receivable	<u>\$ 51,101</u>	<u>\$ 101,880</u>

NOTE M - SUBSEQUENT EVENTS

The Company has evaluated subsequent events through July 27, 2022, which is the date the Plan financial statements were available to be issued, to determine if there are any subsequent events that provide additional information about conditions that existed at the financial position date.

Effective March 1, 2022, the Plan was amended and restated in its entirety due to regulatory requirements. The Plan adopted a plan document, which received an opinion letter from the IRS dated June 30, 2020, stating that the form of the plan document is qualified under Section 401 of the IRC, and therefore, is tax exempt. There were no significant changes to plan provisions as a part of the restatement.

In February 2022, Russian troops invaded Ukraine. The ongoing military campaign has led to significant casualties, dislocation of the population and damage to infrastructure. In response, multiple countries, including the United States, have imposed economic sanctions on Russia. A growing number of companies have announced voluntary actions to curtail business activities with Russia.

The impact of the conflict in Ukraine continues to evolve as of the date of this report. The Company is actively monitoring this volatile situation. Given the uncertainty of the severity and duration of the conflict, the long-term impact on Plan assets and the Company's ability to continue to fund the Plan cannot be reasonably estimated at this time.
