Report of Independent Auditors

The Plan Administrator of
Millennium Space Systems, Inc. 401(k) Plan

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Millennium Space Systems, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Millennium Space Systems, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Millennium Space Systems, Inc. 401(k) Plans ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for purpose of expressing an opinion on the effectiveness of Millennium Space Systems, Inc. 401(k) Plans internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Millennium Space Systems, Inc. 401(k) Plans ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4(i) – schedule of assets (held at end of year) as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

Millennium Space Systems, Inc. 401(k) Plan Notes to Financial Statements

Note 1 – Description of the Plan

The following description of the Millennium Space Systems, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution 401(k) plan covering all eligible employees of Millennium Space Systems, Inc. (the Company). Employees become eligible to participate as soon as administratively feasible. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Administration – John Hancock Life Insurance Company (John Hancock) is the custodian of the Plan.

Contributions – Contributions to the Plan are in the form of salary reductions which participants have elected to defer in lieu of current compensation. Participants may elect to contribute, subject to statutory limitations, up to 100% of their eligible compensation. Participants age 50 or older are allowed to make catch-up contributions. Participants may elect to change contribution percentages to be effective the next pay period after the request is received or as soon as administratively possible. The allocation of both their contributions and employer contributions to the funds may be changed at any time and become effective on the day of the change or the next business day based on the day and time the request for a change is made in relation to the stock market close of business. The Plan allows active employees to contribute to the Plan from pre-tax compensation, after-tax compensation, or a combination of both. The Plan also accepts certain rollover contributions.

Under the terms of the Plan and as determined by the Company's Board of Directors, the Company may make discretionary matching contributions and/or discretionary profit sharing contributions to the Plan for those employees who have completed at least 501 hours of service during the plan year and are employed by the Company on the last day of the plan year. During 2021, the Company elected to make employer matching contributions of 100% up to 4% of eligible compensation deferred by each participant. The Company did not make any profit sharing contributions to the Plan during 2021.

Participant accounts – Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, the Company's contributions, and allocations of Plan earnings (losses) from the funds in which the account is invested, and charged with an allocation of certain administrative and investment-related expenses and participant-specific charges, if applicable. Allocations are based on participant earnings, account balances or specific participant transactions, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Millennium Space Systems, Inc. 401(k) Plan

Notes to Financial Statements

Note 1 – Description of the Plan (continued)

Vesting – Participants are fully vested in their rollover and elective contributions including accumulated earnings. Participants are credited with a year of vesting service in each 12-month period in which at least 1,000 hours are worked. Any discretionary employer matching and profit sharing contributions and earnings thereon are vested according to the following schedule:

<u>Years of Service</u>	<u>Vested %</u>
Less than 1	0%
1	25%
2	50%
3	75%
4	100%

Forfeitures – Forfeitures are the non-vested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan and may be used to pay administrative expenses or reduce future employer matching or profit sharing contributions. As of December 31, 2021 and 2020, forfeited non-vested accounts totaled \$30,519 and \$28,865, respectively. During the year ended December 31, 2021, \$28,865 in forfeitures were used to reduce employer matching contributions.

Withdrawals – Participants may elect to withdraw all or a portion of the vested portion of their employer matching and profit sharing contribution accounts at any time on or after the day they attain age 59-1/2. If a participant is under age 59-1/2, withdrawals from pre-tax and Roth contribution accounts are subject to certain hardship rules as provided by the Plan. Withdrawals of rollover contributions can be made at any time.

Notes receivable from participants – Participants are permitted to borrow a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their total vested account balance at the time of the loan issuance and may have only one loan outstanding at any time. Loans may be further limited in accordance with Plan provisions. The interest rate on new loans is set when a new loan is issued based on prime plus 1% as reported by the Federal Reserve. Interest rates on outstanding loans ranged from 4.25% to 6.50% at December 31, 2021, with loans maturing at various dates through April 2041.

Benefit payments – Upon termination of service, a participant may elect to receive a lump sum amount or deferred payments equal to part or all of the vested balance in the participant's account, roll the account balance to another qualified plan or individual retirement account, or defer distribution until a later date (if the balance exceeds \$5,000).

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of estimates – The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and uncertainties – The Plan's investments are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the financial statements.

Valuation of investments and income recognition – The Plan's investments are stated at fair value. The Plan's custodian, John Hancock, certifies the fair value of all investments. If available, quoted market prices are used to value investments. Fair value of the financial instrument is the price that would be received to sell an asset or paid to transfer a liability (exit price) in an orderly transaction between market participants at the measurement date. Investments in the Plan are valued as follows:

- *Pooled separate accounts* – Units held in pooled separate accounts (PSAs) are valued using the net asset value (NAV) of the fund. The NAV is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. Redemptions may be made daily. There are no redemption restrictions for any of the Plan's PSAs.

The investment strategies for the PSAs with the largest December 31, 2021, balances in the Plan are as follows:

- ♦ 500 Index Fund – to achieve the approximate aggregate total return of the S&P 500 index
- ♦ Blue Chip Growth Fund – to provide long-term growth of capital
- ♦ John Hancock Multi-Index 2060 Preservation Portfolio – to seek a high total return through its target retirement date
- ♦ T. Rowe Price Science & Technology Fund – to achieve long-term capital appreciation
- ♦ Vanguard Value Index Fund – to seek long-term value through a buy and hold approach

Purchases and sales of securities are recorded on a trade date basis. Net appreciation or depreciation in fair value of investments consists of gains and losses on investments bought and sold as well as held during the year.

Notes to Financial Statements

Note 2 – Summary of Significant Accounting Policies (continued)

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits – Benefits are recorded when paid.

Expenses – Necessary and proper expenses of the Plan are paid from the Plan's assets, except for those expenses the Company is required by law or chooses to pay.

Subsequent events – The Plan has evaluated subsequent events through July 28, 2022, the date the financial statements were available to be issued.

Note 3 – Information Certified by the Custodian

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock, the custodian of the Plan, has certified to the completeness and accuracy of the following:

1. Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020
2. Investment income and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2021
3. Investments reflected on the schedule of assets (held at end of year)

Note 4 – Tax Status

The Plan is based on a prototype volume submitter defined contribution plan that received a favorable opinion letter dated March 31, 2014, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since the date of the opinion letter, however, the Plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes the Plan's tax-exempt status has not been affected, and no provision for income taxes has been included in the Plan's financial statements.

Notes to Financial Statements

Note 5 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time, subject to the provisions of ERISA. If the Plan is terminated, amounts allocated to a participant's account become fully vested.

Note 6 – Party-in-interest Transactions

The Plan invests in PSAs managed by John Hancock. Therefore, these transactions qualify as exempt party-in-interest transactions.
