Report of Independent Auditors

The Plan Administrator of
Aurora Flight Sciences Corporation 401(k) Plan

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Aurora Flight Sciences Corporation 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Aurora Flight Sciences Corporation 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Aurora Flight Sciences Corporation 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for purpose of expressing an opinion on the effectiveness of Aurora Flight Sciences Corporation 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Aurora Flight Sciences Corporation 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4(i) – schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or are derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Aurora Flight Sciences Corporation 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated July 22, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Aurora Flight Sciences Corporation 401(k) Plan Notes to Financial Statements

Note 1 – Description of the Plan

The following description of the Aurora Flight Sciences Corporation 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution 401(k) plan covering all eligible non-union employees of Aurora Flight Sciences Corporation and Aurora Flight Sciences of West Virginia, Inc. (collectively referred to as the Company), who have attained the age of 21 and completed one month of continuous service. The Plan includes an auto-enrollment provision for newly-eligible employees unless they affirmatively elect not to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Administration – State Street Bank and Trust Company (State Street) is the custodian of the Plan.

Contributions – Contributions to the Plan are in the form of salary reductions which participants have elected to defer in lieu of current compensation. Participants may elect to contribute, subject to statutory limitations, up to 100% of their eligible compensation. Participants age 50 or older are allowed to make catch-up contributions. Participants may elect to change contribution percentages to be effective the beginning of the next pay period after the request is received or as soon as administratively possible. The allocation of both their contributions and employer contributions to the funds may be changed at any time and become effective on the day of the change or the next business day based on the day and time the request for a change is made in relation to the stock market close of business. The Plan allows active employees to contribute to the Plan from pre-tax compensation, after-tax compensation, or a combination of both. The Plan also accepts certain rollover contributions.

Under the terms of the Plan, the Company makes safe harbor matching contributions to the Plan equal to 100% of the first 5% of each eligible participant's eligible compensation. In addition, the Company may make discretionary matching or profit sharing contributions as determined by the Company's Board of Directors. For the year ended December 31, 2021, no discretionary contributions were made.

Participant accounts – Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, the Company's contributions, and allocations of Plan earnings (losses) from the funds in which the account is invested, and charged with an allocation of certain administrative and investment-related expenses and participant-specific charges, if applicable. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Aurora Flight Sciences Corporation 401(k) Plan

Notes to Financial Statements

Note 1 – Description of the Plan (continued)

Vesting – Participants are fully vested in their rollover, elective and safe harbor matching contributions allocated to their account, including accumulated earnings. Discretionary contributions allocated to participant accounts are vested according to the following schedule:

<u>Years of Service</u>	<u>Vested %</u>
Less than 1	0%
1	33%
2	66%
3	100%

Participants are also fully vested upon the attainment of retirement age, death or disability.

Forfeitures – Forfeitures are the non-vested portions of a participant's account that are lost upon termination of employment. Forfeitures occur when a participant receives a distribution of his or her entire vested account or, if the participant does not receive a distribution, after five consecutive one year breaks in service. Forfeitures are retained in the Plan and may be used to reduce future Company contributions or pay administrative expenses. As of December 31, 2021 and 2020, forfeited non-vested accounts totaled \$0 and \$19, respectively. During the year ended December 31, 2021, \$19 in forfeitures were used to offset employer contributions.

Withdrawals – Withdrawals of after-tax and rollover contributions can be made at any time. Participants may elect to withdraw all or a portion of their pre-tax contribution and safe harbor matching contribution accounts, and the vested portion of their discretionary contribution accounts at any time on or after the day they attain age 59-1/2. If a participant is under age 59-1/2, withdrawals from pre-tax contribution accounts are subject to certain hardship rules as provided by the Plan. If a participant takes a hardship withdrawal, the participant's salary deferrals are suspended for six months from the date of the hardship withdrawal. Vested discretionary contributions may be fully withdrawn upon termination of employment.

Notes receivable from participants – Participants are permitted to borrow a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their total vested account balance at the time of the loan issuance and may have only one loan outstanding at any time. Loans may be further limited in accordance with Plan provisions. The interest rate on new loans is set every month based on the prime rate published by Reuters as of the close of business on the last business day of the calendar month immediately preceding the date of the loan. Interest rates on outstanding loans ranged from 5.25% to 7.50% at December 31, 2021, with loans maturing at various dates through December 2036.

Benefit payments – On termination of service, if the vested value of a participant's account exceeds \$5,000, the participant may elect to receive either a lump sum amount or substantially equal payments for a specified term, to roll the account balance to another company's qualified plan or an individual retirement account, or defer distribution until a later date. If the vested value of a participant's account is \$5,000 or less, the entire vested balance in their account will be automatically distributed in a single lump sum payment.

Aurora Flight Sciences Corporation 401(k) Plan Notes to Financial Statements

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of estimates – The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and uncertainties – The Plan's investments are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the financial statements.

Valuation of investments and income recognition – The Plan's investments are stated at fair value. The Plan's custodian, State Street, certifies the fair value of all investments. If available, quoted market prices are used to value investments. Fair value of the financial instrument is the price that would be received to sell an asset or paid to transfer a liability (exit price) in an orderly transaction between market participants at the measurement date. Investments in the Plan are valued as follows:

Mutual funds – The Plan's investments in mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end as quoted in an active market.

Collective trust fund – Units held in the collective trust fund are valued using the NAV practical expedient of the collective trust fund as reported by the fund manager. The NAV practical expedient is based on the fair value of the underlying assets owned by the collective trust fund, minus its liabilities, and then divided by the number of units outstanding.

Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis of accounting. Net appreciation or depreciation in fair value of investments consists of gains and losses on investments bought and sold as well as held during the year.

Cash – Cash is valued at cost.

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Aurora Flight Sciences Corporation 401(k) Plan

Notes to Financial Statements

Note 2 – Summary of Significant Accounting Policies (continued)

Payment of benefits – Benefits are recorded when paid.

Expenses – Necessary and proper expenses of the Plan are paid from the Plan's assets, except for those expenses the Company is required by law or chooses to pay.

Subsequent events – The Plan has evaluated subsequent events through July 28, 2022, the date the financial statements were available to be issued.

Note 3 – Fair Value Measurements

Accounting Standards Codification (ASC) 820 established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 – Values are based on unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities. An active market is a market in which transactions for the asset or liability occur with sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2 – Values are based on (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in non-active markets; or (c) valuation models whose inputs are observable, directly or indirectly, for substantially the full term of the asset or liability.

Level 3 – Values are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement.

The methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Aurora Flight Sciences Corporation 401(k) Plan

Notes to Financial Statements

Note 3 – Fair Value Measurements (continued)

The following tables set forth by level within the fair value hierarchy a summary of the Plan's investments by general types of assets measured at fair value on a recurring basis at December 31, 2021 and 2020. As required by ASC 820, assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

	Quoted Prices in Active Markets for Identical Asset (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Balance as of December 31, 2021
Mutual funds	\$ 115,310,428	\$ -	\$ -	\$ 115,310,428
Collective trust fund, at NAV practical expedient				657,201
Investments, at fair value				<u>\$ 115,967,629</u>
	Quoted Prices in Active Markets for Identical Asset (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Balance as of December 31, 2020
Mutual funds	\$ 94,107,576	\$ -	\$ -	\$ 94,107,576
Collective trust fund, at NAV practical expedient				957,530
Investments, at fair value				<u>\$ 95,065,106</u>

Note 4 – Information Certified by the Custodian

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street, the custodian of the Plan, has certified the completeness and accuracy of the following:

- Investments at fair value, cash and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020
- Investment income and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2021
- Investments reflected on the schedule of assets (held at end of year)

Aurora Flight Sciences Corporation 401(k) Plan

Notes to Financial Statements

Note 5 – Tax Status

The Plan is based on a prototype defined contribution profit sharing plan that received a favorable opinion letter dated June 30, 2020, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since the date of the opinion letter, however, the Plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes the Plan's tax-exempt status has not been affected, and no provision for income taxes has been included in the Plan's financial statements.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time, subject to the provisions of ERISA. If the Plan is terminated, amounts allocated to a participant's account become fully vested.

Note 7 – Party-in-interest Transactions

The Plan invests in a Transamerica Retirement Solutions collective trust fund, which is affiliated with Transamerica, the Plan's record keeper. Therefore, these transactions qualify as exempt party-in-interest transactions.
