Independent Auditor's Report

To the Plan Trustees
401(k) Savings Plan and Trust of Universal Field Services, Inc.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of 401(k) Savings Plan and Trust of Universal Field Services, Inc., an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of 401(k) Savings Plan and Trust of Universal Field Services, Inc. and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about 401(k) Savings Plan and Trust of Universal Field Services, Inc.'s ability to continue as a going concern for one year subsequent to the date which the financial statements were available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of 401(k) Savings Plan and Trust of Universal Field Services, Inc.'s internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about 401(k) Savings Plan and Trust of Universal Field Services, Inc.'s ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of 401(k) Savings Plan and Trust of Universal Field Services, Inc.. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated July 22, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

December 31, 2021 and 2020

Note A – Description of the Plan

The following description of the 401(k) Savings Plan and Trust of Universal Field Services, Inc. (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

1. General

The Plan was established in July 1996 and is a defined contribution plan sponsored by Universal Field Services, Inc. and subsequently adopted by Universal Surveying and Mapping, LLC and Universal Aerial Ventures, LLC (collectively, the “Employer”). The purpose of the Plan is to provide retirement income to eligible employees through a program of voluntary tax-deferred contributions matched in part by supplemental participating employer contributions. All eligible employees can elect to have salary withheld and contributed to the Plan. The Employer matches a certain percentage of each employee’s withholdings and contributes it to the Plan. An employee becomes eligible to participate in the Plan on the first day of the month following two months of service with the Employer. The employee becomes eligible for Employer matching contributions on the first day of the Plan year or the first day of the 17th month of the Plan year coinciding with the completion of one year of service. Employees are credited one year of service if they have been credited with at least 1,000 hours at the end of their first 12 months of employment with the Employer. If an employee is not credited with 1,000 hours by the end of their first 12 months of employment, the employee will have completed a year of service at the end of any following Plan year during which the employee was credited with 1,000 hours of service.

During 2020, Plan management enacted a provision allowing participants to convert any amount of their non-Roth accounts in the Plan into an after-tax Roth account within the Plan. In addition, Plan management raised the required minimum distribution age to 72 for participants who reach age 70 ½ in 2020 or later in accordance with the Setting Every Community Up for Retirement Enhancement Act (the “SECURE” Act).

In March 2020, the Coronavirus Aid, Relief and Economic Security Act (the “CARES” Act) was enacted to provide economic relief to companies and individuals in response to the COVID-19 pandemic. Plans could voluntarily adopt these provisions by placing them in operation without amending the plan as long as the plan management makes the required amendments to plan documents before the last day of the first plan year beginning on or after January 1, 2022. Plan management adopted the following provisions of the CARES Act during 2020:

- Qualified individuals, as defined in the CARES Act, were permitted to take a coronavirus-related distribution of up to \$100,000 (not to exceed the participant’s vested account balance) from their retirement plan account on or before December 30, 2020, without a 10 percent early withdrawal penalty.

Notes to Financial Statements

December 31, 2021 and 2020

Note A – Description of the Plan – Continued

1. General – Continued

- Qualified individuals, as defined in the CARES Act, with an existing or new plan loan were permitted to suspend their loan repayments due between March 27, 2020, and December 31, 2020, for a period of one year. If payments are suspended for one year, an additional year will be added to the loan term. Loan interest will continued to accrue and remaining payments will be re-amortized over the longer period.
- Required minimum distributions were suspended for 2020.

The Plan was amended effective January 1, 2021, for changes in the individuals who serve as Plan trustees and to increase the maximum elective deferral contribution rate from 50 percent to 100 percent of compensation.

2. Participant Accounts and Investment Options

Each individual participant, and beneficiary if applicable, shall direct the Plan's investment custodian in writing, by online Internet access or by phone, to invest all of the assets in his/her account in one or more of the investment options.

Each participant's account is credited with the participant's contribution and allocations of (a) the Employer's contribution and (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

3. Benefits

An active participant's aggregate account balance will become non-forfeitable upon retirement, disability or death. A participant shall be entitled to a distribution of his/her vested interest upon termination of service for any reason.

Notes to Financial Statements

December 31, 2021 and 2020

Note A – Description of the Plan – Continued

4. Vesting

Participants are 100 percent vested at all times in their salary deferral account balance. Vesting in the Employer's contributions is based on years of service. Participants will be 100 percent vested in employer matching and non-elective contributions after six years of service as indicated in the following table.

<u>Years of vesting service</u>	<u>Vesting percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

5. Funding Policy

The Employer makes a contribution to the Plan after each pay period. The Employer matched 25 percent of employee deferrals up to 6 percent. The Employer remits the total amount of employee's withholdings and the Employer-matching amount. The Employer temporarily suspended match contributions effective August 15, 2020, in response to business effects from the pandemic. The Employer made no matching contributions during 2021. The Employer resumed making matching contributions and increased the match to 25 percent of employee deferrals up to 8 percent during 2022.

As of the end of the Plan year, the Employer also may contribute on behalf of each participant a discretionary "year-end" matching contribution to be announced by the Board. No discretionary matching contribution was made for the Plan year ended December 31, 2021.

Note A – Description of the Plan – Continued

5. Funding Policy - Continued

During June 2014, the Plan's trustees entered into an agreement with the Plan custodian to establish a Plan Expense Reduction Account (PERA). Amounts credited to the PERA represent a reduction of 0.14 percent on asset-based costs. Amounts are credited with respect to each one-year period commencing on the first day of the first month following the date the PERA was established, and each anniversary thereafter, to be calculated monthly based on applicable investment assets determined as of the close of each applicable calendar month following the date of establishment of the PERA, and are credited monthly after the close of such calendar month. The credit will only be made when the Plan's applicable investment assets are equal to or greater than \$12,000,000 at the end of each month. The Plan's trustee has the option to use the credits to pay Plan expenses for services obtained from third parties or to allocate the credits to participants' accounts. During 2021, \$20,159 in credits were used to pay third-party fees for services provided to the Plan. These amounts are included in administrative expenses in the statement of changes in net assets available for benefits. Credits of \$12,217 and \$3,559 were available to the Plan at December 31, 2021 and 2020, respectively. Based on regulatory guidance and consistency with presentation of the credits in Form 5500, Plan management has elected to recognize such credits as noninterest-bearing cash as of December 31, 2021 and 2020, respectively.

During 2021, the Plan's custodian allocated \$26,850 in credits to Plan participants. The credits represent an adjustment to amounts deducted from participant accounts for recordkeeping services. The credits are included as a reduction in administrative expenses in the statement of changes in net assets available for benefits.

6. Loans to Participants

Upon approval by the Plan administrator, participants may borrow funds from the Plan. Each loan shall be for a minimum of \$1,000 and shall not exceed the lesser of \$50,000 or 50 percent of the participant's non-forfeitable account balance. Each loan is secured by the participant's vested aggregate account balance and bears interest at rates ranging from 3.25 to 7.5 percent. Interest rates are equal to the WSJ Prime Rate plus 2 percent after the January 1, 2016, Plan amendment and restatement. Loan payments are made by semi-monthly deductions from the participant's taxable compensation. Loans to participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document. During 2020, Plan management adopted certain provisions of the CARES Act related to loans to qualified individuals as defined by the CARES Act (see Note A.1).

Notes to Financial Statements

December 31, 2021 and 2020

Note A – Description of the Plan – Continued

7. Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Hardship distributions are available to participants and are subject to account balance limitations and specified eligibility requirements. During 2020, Plan management expanded its hardship option to allow hardship distributions for participants that experienced a financial loss due to the COVID-19 pandemic. Also during 2020, Plan management adopted certain provisions of the CARES Act related to distributions made to qualified individuals as defined by the CARES Act (see Note A.1).

8. Administrative Expenses

Costs and expenses of administering the Plan may be paid from Plan assets. Administration expenses of \$15,264 for the year ended December 31, 2021, consisted of \$5,790 and \$36,324 in certain contract administration and third-party administration fees, respectively, net of \$26,850 in credits allocated to Plan participants by the Plan's custodian (see Note A.5).

9. Forfeited Accounts

During 2021, forfeitures of \$16,164 were used to certain plan expenses. Forfeitures of \$12,921 and \$6,636 were held as interest-bearing cash as of December 31, 2021 and 2020, respectively. The forfeitures will be used to reduce future Employer matching contributions.

Note B – Summary of Significant Accounting Policies

1. Financial Statement Presentation

The accompanying financial statements have been prepared on an accrual basis in conformity with accounting principles generally accepted in the United States of America.

2. Investment Valuation and Income Recognition

Investments available for benefits are comprised of investments in John Hancock pooled separate accounts at December 31, 2021 and 2020, offered through a group annuity contract as investment options under the Plan and are stated at fair value.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Note B – Summary of Significant Accounting Policies – Continued

3. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

4. Subsequent Events

Management has evaluated subsequent events through July 27, 2022, the date which the financial statements were available to be issued.

The Plan was restated effective January 1, 2022, in compliance with regulatory requirements. The restatement includes existing Plan provisions, defining the allocation of matching contributions on a pay period basis, and permitting termination distributions for participants under the age of 55 after three consecutive months of termination.

Note C – Information Prepared and Certified by the Custodian

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and loans receivable from participants held at December 31, 2021 and 2020, and net appreciation in the fair value of investments and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by John Hancock Life Insurance Company (U.S.A.), the custodian of the Plan.

Note D – Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Employer contributions.

Note E – Fair Value Measurements

Accounting Standards Codification (ASC) Topic 820 provides a definition of fair value which focuses on an exit price rather than an entry price, establishes a framework for measuring fair value which emphasizes that fair value is a market-based measurement, not an entity-specific measurement, and requires expanded disclosures about fair value measurements. In accordance with FASB ASC 820-10, the Plan may use valuation techniques consistent with the market, income and cost approaches to measure fair value.

Notes to Financial Statements

December 31, 2021 and 2020

Note E – Fair Value Measurements – Continued

As a basis for considering market participant assumptions in fair value measurements, ASC Topic 820 establishes a fair value hierarchy, which prioritizes the inputs used in measuring fair values. The hierarchy gives the highest priority to Level 1 measurements and the lowest priority to Level 3 measurements. The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date.

Level 2: Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies.

Level 3: Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

Following is a description of the valuation methodologies used by the Plan for assets measured at fair value. In accordance with ASU No. 2015-07, the Plan's investments in pooled separate accounts for which the practical expedient is used to measure fair value at net asset value ("NAV") are removed from the fair value hierarchy.

At December 31, 2021 and 2020, the Plan's investments held by the custodian consisted of pooled separate accounts. With the exception of the John Hancock Stable Value Fund, each pooled separate account holds shares of a single underlying mutual fund and whose value is based on net asset value of the mutual fund held by the pooled separate account at year-end.

The net asset values of each underlying mutual fund are quoted in an active market. The fair value of each pooled separate account held by the Plan is expressed as a total unit value and is determined on a daily basis.

Because of the reinvestment of dividends received from the underlying mutual funds and administrative fees paid by the pooled separate accounts, the price per unit of each pooled separate account does not equal the price per share of the respective underlying mutual fund, and the number of units of each pooled separate account does not equal the number of shares held of its respective underlying mutual fund; however, the total dollars in each pooled separate account net of other liabilities equals the dollar amount of shares held of the underlying mutual fund.

The pooled separate account's net asset per share value (as provided by the custodian of the Plan) is not publicly quoted in active markets, but is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the pooled separate account will sell the investment for an amount different than the reported NAV.

Note E – Fair Value Measurements – Continued

The John Hancock Stable Value Fund pooled separate account is invested solely in the John Hancock Stable Value Fund Collective Investment Trust, which invests primarily in diversified fixed income funds and separately managed bond accounts run by internal and external sub-managers selected by John Hancock and in book value stabilizing agreements offered by state or federally regulated financial institutions. John Hancock reports the John Hancock Stable Value Fund at fair value. Fair value is calculated as the number of units of the sub-account held on a particular date, multiplied by the unit value published by the Trust on that date, and generally is the value that would be paid out for participant-initiated benefit withdrawals.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

		Quoted prices in active markets for identical assets (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)	Funds measured at NAV (1)
	2021				
Pooled separate accounts	\$ 20,817,755	\$ -	\$ -	\$ -	\$ 20,817,755
Interest-bearing cash	12,921	12,921	-	-	-
Investments, at fair value	\$ 20,830,676	\$ 12,921	\$ -	\$ -	\$ 20,817,755

		Quoted prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Funds Measured at NAV (1)
	2020				
Pooled separate accounts	\$ 20,621,243	\$ -	\$ -	\$ -	\$ 20,621,243
Interest-bearing cash	6,636	6,636	-	-	-
Investments, at fair value	\$ 20,627,879	\$ 6,636	\$ -	\$ -	\$ 20,621,243

- (1) In accordance with Subtopic 820-10, pooled separate accounts that were measured at net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy table presented above. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Note E – Fair Value Measurements – Continued

The following table summarizes investments measured at fair value based on the NAV practical expedient per share as of December 31, 2021 and 2020, respectively.

Fair value at December 31,	2021	2020
Target risk	\$ 9,754,330	\$ 9,951,564
Growth	3,477,291	1,948,420
Target date	3,417,552	3,555,418
Aggressive growth	2,673,652	3,857,175
Income	679,106	528,872
Conservative (Stable value)	486,257	549,047
Growth & income	329,567	230,747
	<u>\$ 20,817,755</u>	<u>\$ 20,621,243</u>

Participant sales and purchase transactions may occur daily subject to short-term trading policies of the Plan's custodian. Participant withdrawals from the Plan's Stable Value pooled separate account may be subject to a delay of up to seven days to maintain adequate liquidity or up to 30 days to avoid an adverse impact on the trust. Withdrawals for purposes other than normal benefit payments or investment option transfers, such as mergers and plan terminations among others, are processed no later than within 12 months. No redemption notice period is required for the Plan's other investments in pooled separate accounts.

The nature, risk and investment objectives of the investments described above, for which fair value is estimated at NAV, can be found in the Plan's participant enrollment literature.

Note F – Tax Status

The Trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code and, accordingly, the Trust's net investment income is exempt from income taxes. The Plan adopted the Plan's third-party administrator's standardized prototype for a profit sharing plan with cash or deferred arrangement. The Plan's third-party administrator received a favorable opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014, in which the IRS stated that the form of standardized Plan was acceptable under Section 401 of the Internal Revenue Code for use by employers for the benefit of their employees. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that, more likely than not, would not be sustained upon examination by the IRS.

Notes to Financial Statements

December 31, 2021 and 2020

Note F – Tax Status – Continued

The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note G – Related Party and Parties-in-Interest Transactions

Certain Plan investments are units of pooled separate accounts managed by John Hancock Life Insurance Company (U.S.A.). Fees paid by participants for investment management and certain recordkeeping services are included as a reduction of the return earned on each fund. John Hancock Life Insurance Company (U.S.A.) is the custodian of the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Certain other third-party administrator fees related to the administration of the Plan were paid by the Plan as described in Note A.5. Certain administrative functions of the Plan are performed by officers or employees of the Company; no such officer or employee receives compensation from the Plan.

Note H – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. In addition, the World Health Organization declared COVID-19 a pandemic in March 2020. The ongoing COVID-19 pandemic and resulting global disruptions have caused significant economic uncertainty and volatility in the financial markets. The impact on the Plan will depend on the duration and extent of the continued spread of the outbreak and other further developments in response to COVID-19. The future impact of the COVID-19 pandemic on the Plan cannot be reasonably estimated at this time. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
