Independent Auditor's Report

Plan Administrator
Noblis, Inc. Tax Sheltered Annuity Plan
Reston, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of the Noblis, Inc. Tax Sheltered Annuity Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA ("ERISA Section 103(a)(3)(C) audit"). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matters described in the *Basis for Disclaimer of Opinion* section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

Prior to January 1, 2009, records were maintained at a contract, not a plan level; therefore, management has not maintained, and TIAA and CREF did not provide sufficient accounting records and supporting documentation relating to certain annuity contracts and custodial accounts issued to current and former employees, and supporting documentation is not adequate to assure the completeness and accuracy of the amounts included in the financial statements. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the financial statements have been affected by these conditions.

BDO USA, LLP, a Delaware limited liability partnership, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP"), and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America ("GAAS") and to issue an auditor's report. However, because of the matter described in the *Basis for Disclaimer of Opinion* section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule (Schedule H, Line 4i - Schedule of Assets (Held at End of Year)) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the *Basis for Disclaimer of Opinion* section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

1. Description of the Plan

The following brief description of Noblis, Inc. Tax Sheltered Annuity Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

The Plan is a defined contribution plan covering substantially all employees of Noblis, Inc. and Noblis ESI, LLC, ("Noblis" or the "Company") except leased employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Employees become eligible to participate in the Plan as follows:

- Regular employees scheduled to work at least 20 hours per week are eligible to participate upon date of hire.

- Nonregular employees scheduled to work less than 20 hours per week or those classified as temporary, on-call, or summer employees are eligible upon completion of one consecutive year of service in which they are credited with 1,000 hours of service. Participation commences with the first payroll period following the date on which the eligibility requirements are met.

- All employees (excluding leased employees) are eligible to contribute to the E-3 Contributions (as defined below).

- Upon reaching 1,000 hours in one computation period (as defined by the Plan), part-time and on-call employees are required to participate in the E-1 Contributions (as defined below).

As a result of the acquisition of McKean Defense Group, LLC by the Plan Sponsor, the Plan was amended effective December 31, 2021, to allow the employees of Noblis MSD, LLC (formerly McKean Defense Group, LLC), and Mikros Systems, LLC to participate in the Plan effective January 1, 2022. The Plan was also amended to allow the employees of Inductive Minds, L.L.C. to participate in the Plan effective December 31, 2021.

Contributions

Participants are required to make pre-tax contributions equal to 3% of each eligible employee's base salary for each payroll period ("E-1 Contributions"). Participants may elect to defer an additional percentage of their base salary ("E-2 or E-3 Contributions"). Participants who have attained age 50 before the end of the Plan year may also make catch-up contributions (included in "E-2 or E-3 Contributions, as applicable"). The Plan allows participants to choose between before tax contributions or after tax ("Roth") contributions for the E-2 and E-3 Contributions. Noblis will make a dollar-for-dollar matching contribution equal to the E-2 Contributions made by the participant for the same payroll period, not to exceed 6% of the participant's base salary for that payroll period ("N-2 Contributions") for those employees hired prior to January 1, 2020. For those employees hired on or after January 1, 2020, Noblis will make a 50-cents-on-the-dollar matching contribution of the participant's E-2 Contributions made by the participant for the same payroll period, not to exceed 3% of the participant's base salary for that payroll period (also referred to as

"N-2 Contributions"). N-2 contributions will not be made with respect to E-3 contributions. Participants may also contribute amounts representing distributions from other qualified individual retirement accounts or annuities, as defined ("E-4 Contributions" or "rollover contributions"). Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant accounts

Each participant's account is credited with the participant's contribution, including amounts rolled over from other qualified plans, Noblis' contribution, and allocations of investment earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Vesting in the Plan is dependent upon a participant's date of hire and employee status.

Participants who were hired prior to January 1, 2010, are 100% vested in all contributions to their account including the participants deferral contributions, the Company's contributions, and any investment earnings on those contributions.

Participants who were hired on or after January 1, 2010, and were actively employed with the Company on January 1, 2015 or were rehired or hired by the Company after January 1, 2015, are 100% vested in all contributions and related earnings to their account.

Participants who were hired after January 1, 2010, but separated from service prior to January 1, 2015 and were never subsequently rehired within a 5 year reinstatement period, are subject to the following vesting schedule for the Company's contributions:

Years of Vesting Service - Vested Percent:

Less than 1 – 0%
1 - 20%
2 - 40%
3 - 60%
4 - 80%
5 - 100%

Investment options

Participants have the option to direct participant and employer contributions to:

- Fidelity Management Trust Company ("Fidelity")

  Participants may elect to have contributions allocated among different mutual funds, an investment contract with an insurance company, and money market funds under this asset manager. The mutual funds invest in common stock, preferred stock, bonds and other specific securities. The investment contract with an insurance company option include Metropolitan Life Insurance Company ("MetLife") funds which provide a fixed rate of return.

Participants may also elect to invest in other mutual funds and money market funds via transfers to a self-directed brokerage account.

- Teachers Insurance and Annuity Association ("TIAA") and College Retirement Equities Fund ("CREF"), collectively, TIAA and CREF.

  Effective July 1, 2007, participants are no longer allowed to direct contributions to TIAA and CREF. However, participants may continue to transfer existing balances among several variable annuity contract accounts, a pooled separate account, and a fixed annuity contract under this asset manager. Investment options include the TIAA Real Estate Account, TIAA Traditional Annuity Account and the CREF Stock, Money Market, Bond Market, Social Choice, Inflation-Linked Bond, Global Equities, Growth, and Equity Index Accounts (collectively, "CREF Accounts").

Notes receivable from participants

Participants may borrow from their Fidelity fund accounts up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance, whichever is less, except for amounts borrowed under the CARES Act. Loan terms range from 1-5 years or longer (up to 10 years) if the loan proceeds are used to purchase a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate fixed at one-quarter (0.25%) percent greater than the prevailing prime commercial rate at the date the loan is made. Principal and interest are paid monthly through automatic deductions from the participant's bank account.

Effective January 1, 2022, the Plan's loan policy was amended to allow for a maximum of one loan outstanding at a time and the minimum loan amount is set at $1,000. Participants may only have a maximum of one loan outstanding between both the Noblis, Inc. Qualified Retirement Plan and this Plan. Participants who held more than one loan prior to execution of this amendment continue to repay their existing loans in accordance with the terms of their original loan agreements.

Participant loans are considered to be in default when a missed payment is not made up by the end of the following quarter. When a default occurs, the outstanding loan balance plus any accrued interest is deemed distributed and recorded as benefits paid to participants in the statement of changes in net assets available for benefits.

Plan loans

Effective May 1, 2008, new loans are no longer permitted through TIAA and CREF.

Payment of benefits

Upon termination of service, retirement at age 65, death, or permanent disability, a participant may elect to receive a distribution of his or her vested account balance, subject to the terms of the funding vehicles. Distributions of the Plan benefits may be made by lump-sum, annuity or installment payments under options described in the Plan.

In addition, participants may elect in-service withdrawals of their account balances after reaching age 59½, and hardship distributions are permitted from a participant's E-2 or E-3 contributions, and rollover contribution account balances if certain conditions are met, including the relief provisions under the CARES Act.

The Plan also provides for minimum required distributions per the Internal Revenue Code ("IRC").

Forfeited accounts

At December 31, 2021 and 2020, forfeited accounts totaled $6,502 and $6,483, respectively. Forfeited accounts may be utilized to reduce employer contributions. There were no forfeitures used to reduce employer contributions during the year ended December 31, 2021.

Administrative expenses

Fidelity and TIAA fees have been waived by Fidelity and TIAA, except for certain fees related to short-term transactions effected by Plan participants. Investment expenses are charged to participants' accounts as a reduction of the return earned on each investment option and are presented net of appreciation in the fair value of investments on the statement of changes in net assets available for benefits.

Effective April 1, 2019, the Plan began incurring recordkeeping fees equal to 5 basis points of total Plan assets. Recordkeeping fees are subject to offsets as defined in the recordkeeping agreement between Noblis and Fidelity. Any remaining balances after the application of the offsets are billed to Noblis on a quarterly basis and payable to Fidelity. Noblis has directed Fidelity to apply the fee on a per capita basis and to assess on participant accounts with balances greater than $2,500.

Other administrative expenses of the Plan are paid by Noblis and excluded from these financial statements.

Effective January 1, 2021, the Plan changed its recordkeeping fees to equal $71 per participant across all Noblis employee benefit plans per year, billed and payable quarterly. Recordkeeping fees are subject to offsets as defined in the recordkeeping agreement between Noblis and Fidelity. Any remaining balances after the application of the offsets are billed to Noblis on a quarterly basis and payable to Fidelity. Noblis has directed Fidelity to apply the fee on a per capita basis and to assess on participant accounts with balances greater than $0. Noblis will also assess an administrative fee to participants to cover plan-related expenses on a quarterly basis.

Effective January 1, 2022, the Plan changed its recordkeeping fees to equal $69 per participant across all Noblis employee benefit plans per year, billed and payable quarterly.

Revenue share

Revenue sharing amounts for investments that generate such amounts for Fidelity are returned to the Plan and are used to pay for Plan expenses. Effective January 1, 2021, revenue sharing amounts for investments will be distributed to those participants investing in mutual funds that generate the revenue sharing on a pro-rata basis.

2. Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of estimates

The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Annual reporting requirements and accounting records

On November 16, 2007, the Department of Labor published Form 5500 revisions and related final regulations generally effective for plan years beginning on or after January 1, 2009, which, among other things, changed the annual reporting requirements for IRC Section 403(b) plans covered by ERISA. The form revisions and final regulations eliminated special limited reporting for 403(b) plans. Under the new annual reporting rules, beginning with their Form 5500 filing for the 2009 plan year, "large" ERISA-covered 403(b) plans (generally plans with 100 or more participants) are required to file audited financial statements with their Form 5500. Pursuant to these new rules, the year beginning January 1, 2009 was the first year the Plan had been subject to a financial statement audit. Prior to January 1, 2009, the Plan sponsor and TIAA and CREF were not required to, and did not maintain records at a plan level. Neither the Plan sponsor nor TIAA and CREF have been able to produce sufficient historical accounting records and supporting documents relating to certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009. As a result, the completeness and the accuracy of the annuity and custodial accounts, related investment income and distributions related to these accounts, if any, could not be determined.

Investment valuation and income recognition

The Plan's investments are stated at fair value except for the Plan's direct investment in fully benefit-responsive investment contracts ("FBRIC's"). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustees.

The Plan's fully benefit-responsive investment contract with TIAA (Note 5) and MetLife (Note 6) is valued at contract value. Contract value equals accumulated cash contributions and interest credited to the Plan's contracts, less distributions.

The Plan's shares of mutual funds and the money market fund are valued at quoted market prices which represent the Net Asset Value ("NAV") of shares held by the Plan at each year end. Contract value equals the accumulated cash contributions and interest credited to the Plan's contracts.

The Plan's investments in variable annuity contracts (registered investment companies held as variable annuity contracts), CREF Accounts, consist of eight investment portfolios: the Stock, Global Equities, Growth, Equity Index, Bond Market, Inflation-Linked Bond, Social Choice and Money Market Accounts (collectively, the "CREF Accounts"). CREF accounts are traded on the NASDAQ Stock Market ("NASDAQ"). For all CREF Accounts (other than the Money Market Account), investments in securities are recorded at their estimated fair value as described below. Investments held by the Money Market Account are recorded at amortized cost, which approximates fair value. The amortized cost of an instrument is determined by valuing it at its original cost and thereafter accreting or amortizing any discount or premium to its face value at a constant rate until maturity. CREF Accounts are valued as follows:

- *Exchange-traded equity securities, common and preferred stock*: Equity securities listed or traded on a national market or exchange are valued based on their sale price at the official close of business of such market or exchange on the valuation date, or if there is no official close of business, the latest sale price, or at the mean of the latest available bid and asked prices if no sale is reported. Foreign equity securities are valued at the last sale price or official closing price reported on the exchange where traded and converted to U.S. dollars at the prevailing rates of exchange on the date of valuation. For events affecting the value of foreign securities between the time when the exchange on which they are traded closes and the time when the CREF Accounts' net assets are calculated, such securities will be valued at fair value in accordance with procedures adopted by the Board.

- *Debt securities:* Debt securities, including equity-linked notes, will generally be valued using prices provided by a pricing service that may employ various indications of value including but not limited to broker-dealer quotations. Certain debt securities, other than money market instruments, are valued based on the most recent bid price or the equivalent quoted yield for such securities (or those of comparable maturity, quality and type).

- *Investments in registered investment companies:* These investments are valued at their NAV on the valuation date.

- *Inflation-Linked Bond:* Valued based on Level 2 inputs.

The Plan's investment in the non-fully benefit-responsive ("NFBR") fixed annuity contract is composed entirely of the TIAA Traditional Annuity and is reported at fair value, which approximates contract value. Fair value is determined using a discounted cash flow model. The contract value equals the accumulated cash contributions and interest credited to the Plan's contracts, less withdrawals. The TIAA Traditional Annuity is available for sale or transfer on any securities exchange. The fixed annuity account is subject to various restrictions. See Note 5.

The Plan's investment in the TIAA Real Estate Account ("REA") (a pooled separate account) is principally derived from the market value of the underlying real estate holdings or other real estate-related investments. These shares are valued at quoted market prices which represent the NAV of shares held by the Plan at each year end. The NAV of shares are published on NASDAQ. Underlying holdings are primarily valued using independent appraisals or independent pricing sources. Although the underlying assets of the fund cannot be quickly sold and converted to liquid assets, the TIAA general account provides the fund with a liquidity guarantee whereby TIAA ensures that the fund has funds available to meet participant redemptions, transfer or cash withdrawal requests. The unit value of the fund is calculated daily and available to Plan Administrator's and client investors on TIAA and CREF's website. Transfers out of the REA are limited to one per calendar quarter.

The Plan's investments in the self-directed brokerage account are reported at fair value. These investments are shares of mutual funds or money market funds as described above.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value measurement at the reporting date.

The Plan Administrator performs on-going due diligence of the funds which includes reviewing and comparing to the Fidelity Fund Report and the TIAA and CREF Annual Report. There were no changes in valuation techniques noted for 2021 and 2020.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Interest is recorded on an accrual basis and dividends are recorded on the ex-dividend date.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are reclassified as distributions based upon the terms of the Plan document, unless the loan repayment was deferred under the CARES act.

Payment of benefits

Benefits are recorded when paid.

3. Certified Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor (DOL)'s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity and TIAA and CREF have certified that the following information included in the financial statements and ERISA-required supplemental schedule is complete and accurate:

December 31,	2021	2020
Mutual funds	$ 363,037,596	$ 299,847,747
Self-directed brokerage account	26,850,366	26,252,061
Guaranteed fixed annuity contracts	12,775,579	13,312,958
Variable annuity contracts	11,843,142	11,167,266
Money market fund	9,468,364	10,091,863
Investment contracts with insurance company	6,783,888	6,718,152
Pooled separate account	1,953,279	1,713,472
	$ 432,712,214	$ 369,103,519
Notes receivable from participants	$ 2,138,406	$ 1,916,735

Year Ended December 31, 2021	
Investment income:	
Net appreciation in fair value of investments	$ 48,468,615
Interest and dividends	12,224,636
Interest income on notes receivable from participants	$ 89,861

The Plan's independent auditor's did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and ERISA-required supplemental schedule.

4. Fair Value Measurements

Accounting Standards Codification ("ASC") 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value and maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring the use of observable inputs when available. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following table sets forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

	Assets at Fair Value as of December 31, 2021

Change in fair value – level 3 investment

During the year ended December 31, 2021, there were no purchases in the TIAA Traditional Annuity NFBR and TIAA Real Estate Account. Total net transfers amounted to $694 and $8,580 relating to participant directed transactions, respectively. Transfers in totaled $375,372 and $13,747 and transfers out totaled $374,678 and $5,167 for the TIAA Traditional Annuity NFBR and TIAA Real Estate Account, respectively, for the year ended December 31, 2021.

During the year ended December 31, 2020, there were no purchases in the TIAA Traditional Annuity NFBR and TIAA Real Estate Account. Total net transfers amounted to $139,699 and $56,171 relating to participant directed transactions, respectively. Transfers in totaled $391,377 and $58,155 and

transfers out totaled $531,076 and $114,326 for the TIAA Traditional Annuity NFBR and TIAA Real Estate Account, respectively, for the year ended December 31, 2021.

5. TIAA Traditional Annuity

The TIAA Traditional Annuity is a guaranteed fixed annuity contract available as an investment option to Plan participants. Each contract is fully and unconditionally guaranteed by TIAA. The Traditional Annuity is offered through a variety of contract types, including Retirement Annuities ("RA"), Group Retirement Annuities ("GRA"), and Retirement Choice ("RC") contracts which are non-benefit responsive, as well as fully benefit-responsive Supplemental Retirement Annuities ("SRA"), Group Supplemental Retirement Annuities ("GSRA"), and Retirement Choice Plus ("RCP") contracts. The type of contract through which a participant invests in the TIAA Traditional Annuity determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional amounts paid, the degree of liquidity of the participant's account, and the options for receiving income upon retirement.

When participants choose to allocate a portion of their retirement savings to the TIAA Traditional Annuity during the accumulation phase of the contract, their contributions purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The participant's principal, plus a specified minimum rate of interest, are guaranteed by TIAA's claims-paying ability. The TIAA Traditional Annuity also provides the potential for additional interest if declared by TIAA's Board of Trustees. Additional interest, when declared, remains in effect for the declaration year, which begins each March 1 for accumulating annuities, and January 1 for lifetime payout annuities. Additional interest is not guaranteed for future years. Together, the guaranteed minimum and additional amounts make up the crediting interest rate. The guaranteed interest rate is 3.00% for all premiums remitted since 1979 under all accumulating contracts with the exception of RC and RCP contracts. The Plan does not invest in any RC or RCP contracts. For accumulating RA contracts, the average crediting interest rates were 3.70% and 3.00% as of December 31, 2021 and 2020, respectively. For accumulating SRA and GSRA contracts, the crediting interest rates were 3.00% as of December 31, 2021 and 2020, respectively.

The TIAA Traditional Annuity holdings within RA, GRA and RC contracts have liquidity restrictions and are therefore, non-benefit responsive. The RA contract does not allow lump-sum cash withdrawals, and transfers must be spread over a period of 10 annual installments. With the GRA contracts, lump sum withdrawals are available within 120 days of termination of employment and are subject to a surrender charge. All other withdrawals and transfers from GRA contracts must be spread over 10 annual installments (five annual installments for withdrawals after termination of employment). Participant withdrawals and transfers from the TIAA Traditional Annuity in RC contracts must be taken in 84 monthly installments, except that a lump-sum distribution is available, if permitted under the plan, in the 120-day period following termination of employment, subject to a surrender charge.

The TIAA Traditional Annuity within the SRA, GSRA, and RCP contracts have no liquidity restrictions and are benefit responsive. When a participant's accumulation in the TIAA Traditional Annuity is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the statement of changes in net assets available for benefits.

6. MetLife Fixed Account

The MetLife Fixed Account ("the Fixed Account") is a guaranteed fixed income annuity contract available as an investment option to Plan participants. Funds are held in the general account of MetLife and are subject to the claims-paying ability of the insurance company. The MetLife Fixed Account is fully benefit-responsive.

The contract value equals the accumulated cash contributions and interest credited to the contract, less any withdrawals. These contracts are credited an interest rate, which generally renews annually. There is no specific formula used to credit the new or renewal interest rates, and the interest rates are not tied to the performance of a set of assets. The interest rates are credited based upon a number of factors, including, but not limited to, the level of net investment income that the company can earn on its newly purchased general account assets, the absolute level of interest rates, the shape of the yield curve, how interest rates have moved since the inception of the contract, and interest rates on alternative investments. Each of the contracts has a minimum guaranteed interest rate, which varies based upon the contract in question, and year of issue, but is not less than 3.0%. The crediting rates was 3.00% as of December 31, 2021 and 2020.

The Fixed Account provides for the payment of certain withdrawals and exchanges at contract value. No restrictions or surrender charges will apply to the amount participants withdraw as a result of retirement, death, disability, unforeseen hardship, separation from service, attainment of age 65, or a full withdrawal paid annually over four years. However, partial withdrawals or exchanges by a participant in excess of 20% of his account balance may be subject to a surrender charge of up to 4% of the amount of the excess withdrawal or exchange. In addition, the Fixed Account is subject to certain other restrictions. For example, withdrawals due to certain plan sponsor initiated events such as layoffs, early retirement windows, spin-offs, sale of a division, facility closings, plan terminations, partial plan terminations, and changes in laws or regulations may be paid at an amount other than contract value. Plan management believes the occurrence of such Plan sponsor initiated events is not probable.

7. Income Tax Status

The Plan has adopted a volume submitter 403(b) plan sponsored by Fidelity Workplace Services, LLC. On August 7, 2017, the IRS issued a determination letter which stated that the Plan is designed in accordance with applicable sections of the IRC. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for Plan participants under Section 403(b). The Plan Administrator believes that the Plan is currently designed and operating in accordance with the applicable requirements of Section 403(b) of the IRC and, therefore, believes that the Plan is qualified and the related accounts are tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Related Party Transactions and Party-in-Interest Transactions

Certain Plan investments are in funds and accounts that are managed by Fidelity or their subsidiaries and affiliates and TIAA and CREF. Participant loan and distribution processing fees are paid to Fidelity by participants. The Plan paid for third party administrator fees, investment advisory, and plan audit fees which qualify as party-in-interest transactions. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. Certain management fees in the form of an expense ratio charged to each investment option are paid by the Plan and deducted from earnings on investments. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

9. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

10. Risks and Uncertainties

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

11. Subsequent Events

The Plan evaluated subsequent events through July 28, 2022, the date the financial statements were available to be issued. Except as described in Note 1 related to the change in notes receivable from participants policy and the change to administrative expenses, the Plan Administrator is not aware of any subsequent events which would require recognition or disclosure in the financial statements.
