To the Plan Administrator
McLaren Employees' 403(b) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We were engaged to perform an audit of the financial statements of McLaren Employees' 403(b) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021 and the related statement of changes in net assets available for benefits for the year then ended and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2021 and for the year then ended stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Disclaimer of Opinion on the 2021 Financial Statements

We do not express an opinion on the accompanying 2021 financial statements of the Plan. Because of the significance of the matters described in the *Basis for Disclaimer of Opinion on the 2021 Financial Statements* section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion on the 2021 Financial Statements

As described in Note 3, the Plan has excluded from investments in the accompanying statement of net assets available for benefits certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the DOL Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded from the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity and custodial accounts and the related income and distributions are not determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements. The Plan has not maintained sufficient accounting records and supporting documents relating to these annuity and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficiently to determine the extent to which the financial statements may have been affected by these conditions.

Emphasis of Matter

As described in Note 8, effective June 30, 2021, approximately \$81,700,000 was transferred into the Plan.

To the Plan Administrator
McLaren Employees' 403(b) Retirement Plan

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or that become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the *Basis for Disclaimer of Opinion on the 2021 Financial Statements* section of our report, we were not able to obtain sufficient appropriate evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit.

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year as of December 31, 2021 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion on the 2021 Financial Statements* section, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution.

Further, the Plan has excluded from the 2020 financial statements certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded from the 2020 financial statements. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not determinable. Accounting principles generally accepted in the United States of America require that these accounts and related income and distributions be included in the financial statements. The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

To the Plan Administrator
McLaren Employees' 403(b) Retirement Plan

In our report dated July 13, 2021, we indicated that because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion, and, accordingly, we did not express an opinion on the Plan's 2020 financial statements.

Note 1 - Plan Description

The following description of McLaren Employees' 403(b) Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of McLaren Health Care Corporation (the "Corporation") and its participating subsidiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan provides for employee salary 403(b) contributions up to a maximum of 85 percent of annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code (IRC). Employees are eligible to begin employee deferral contributions on their date of employment. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Plan provides for employer matching contributions of 50 percent of the participant's deferred contribution, not to exceed 6 percent of the employee's compensation. The Plan also provides for employer fixed contributions of 2 to 5.5 percent of the participant's annual compensation, based on employee group. Employees become eligible for employer contributions after completing one year of service.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Corporation's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' account balances to reflect the effect of income or loss from the particular investment funds and expenses paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investment of their account balances into various investment options offered by the Plan.

Participant Notes Receivable

Participants may borrow from their accounts subject to certain maximum and minimum amounts prescribed in the Plan and in the Internal Revenue Code. Participant notes receivable are collateralized by the participant's account balance and bear interest at a market rate.

Vesting

Participants hired prior to January 1, 2014 are immediately 100 percent vested in employee and employer contributions and any income or loss thereon.

For participants hired on or after January 1, 2014, if employment is terminated prior to the early or normal retirement date for any reason other than the participant's death or permanent disability, the participant is entitled to an amount equal to his or her vested interest in the employer contributions determined in accordance with the following vesting schedule:

<u>Years of Service</u>	<u>Vesting Interest</u>
Less than 2	- %
2 or more	100

December 31, 2021 and 2020

Note 1 - Plan Description (Continued)

Payment of Benefits

Upon termination of service, a participant may elect to receive either a lump-sum amount, partial payments, periodic payments equal to the value of his or her account, or an annuity amount. If the participant's vested accrued benefit is equal to or less than \$5,000 at the time of the participant's termination from service, the amount will be distributed in a single payment. Certain amounts invested in the TIAA Traditional Annuity could not have been distributed in a lump sum; see the redemption restrictions below.

Redemption Restrictions

Certain contracts under the TIAA Traditional Annuity investment had limits on the ability of the participants to transfer or withdraw from the fund. Transfers from the Retirement Annuity (RA) and Transfer Payout Annuity (TPA) contracts must have been paid out in 10 annual installments. Withdrawals from the RA contract must have been paid out in 10 annual installments. The Retirement Annuity Minimum Distribution Option (RA MDO) contract allowed participants to take the required minimum distributions for the year. The remaining contracts under the TIAA Traditional Annuity investment did not have restrictions related to transfers and withdrawals.

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future employer contributions.

Termination

While it has not expressed any intent to do so, the Corporation has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan document and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Party-in-interest Transactions

Various administrative fees are paid directly by the plan sponsor, McLaren Health Care Corporation, on behalf of the Plan.

Additionally, the Plan invests in certain investments managed by Great-West Life & Annuity Insurance Company (GWLA), Massachusetts Mutual Life Insurance Company (MassMutual), The Lincoln National Life Insurance Company (Lincoln), Equitable Life Insurance Company (Equitable) (formerly known as AXA Equitable Life Insurance Company), and Teachers Insurance and Annuity Association (TIAA) and College Retirement Equities Fund (CREF) (collectively, TIAA-CREF). GWLA, MassMutual, Lincoln, Equitable, and TIAA-CREF are service providers of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

December 31, 2021 and 2020

Note 2 - Summary of Significant Accounting Policies

Investment Valuation

The Plan's investments are stated at fair value except as noted below.

The TIAA Traditional Annuity is a guaranteed annuity contract issued by Teachers Insurance and Annuity Association that invests in the general assets of TIAA. TIAA considers the following subcontracts to be non-benefit responsive: Retirement Annuity, Interest Payment (IP), and Transfer Payout Annuity. TIAA considers the following subcontracts to be benefit responsive: Supplemental Retirement Annuity (SRA) and Group Supplemental Retirement Annuity (GSRA). The non-benefit-responsive portion of these contracts is recorded at fair value. Since there are no specific securities in TIAA's general account related to these contracts, contract value is the best estimate of fair value for the non-benefit-responsive portion of this contract. Contract value represents principal invested, plus interest earned, less any withdrawals. The benefit-responsive portion of these contracts and other fully benefit-responsive unallocated contracts are valued at contract value. Contract value represents principal invested, plus interest earned, less any withdrawals.

The MassMutual Capital Preservation Account (CPA), AXA Guaranteed Interest Account (GIA), and Lincoln Fixed Account (FA) are unallocated insurance contracts with MassMutual, Equitable, and Lincoln, respectively. The CPA, GIA, and FA are valued at contract value. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

The pooled separate accounts and registered investment companies are valued at net asset value per share (NAV) or its equivalent of the funds, which is based on the fair value of the funds' underlying assets. There were no redemption restrictions or unfunded commitments on these investments.

All other investments are valued based on quoted market prices. See Note 6 for additional information.

Benefit Payments

Benefits are recorded when paid. There were benefit payments requested but not paid (due to redemption restrictions) totaling \$4,334,327 and \$4,738,881 as of December 31, 2021 and 2020, respectively.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including July 22, 2022, which is the date the financial statements were available to be issued.

December 31, 2021 and 2020

Note 3 - Excluded Investments

The Plan has excluded from investments in the accompanying statement of net assets available for benefits as of December 31, 2021 and 2020 and statement of changes in net assets available for benefits for the years then ended certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity and custodial accounts and the related income and distributions are not determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements.

Note 4 - Unaudited Information

MassMutual, Reliance Trust Company (Reliance), Lincoln, Equitable, and TIAA-CREF hold certain of the Plan's investments and participant notes receivable and execute certain related transactions as of and for the years ended December 31, 2021 and 2020. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by MassMutual; Reliance; Great-West Life & Annuity Insurance Company (Great-West), on behalf of MassMutual; Lincoln; Equitable; and TIAA-CREF.

The Plan has excluded certain assets from the statement of net assets available for benefits at December 31, 2021 and 2020 and the statement of changes in net assets available for benefits for the years then ended (see Note 3).

Note 5 - Tax Status

The Internal Revenue Service (IRS) is not currently accepting applications for individual 403(b) plan determination letters. The plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable requirements of Internal Revenue Code Section 403(b). Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 6 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

The Plan has excluded certain assets from the statement of net assets available for benefits at December 31, 2021 and 2020 (see Note 3).

The following tables present information about the Plan's included assets measured at fair value on a recurring basis at December 31, 2021 and 2020.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Note 6 - Fair Value Measurements (Continued)

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

- (5) This class represents investments in an actively managed registered investment company that invests primarily in money markets, with the object of providing high current income consistent with the preservation of capital and the maintenance of liquidity.

Note 7 - Investment Contracts

MassMutual, Equitable, and Lincoln

The Plan has benefit-responsive investment contracts with MassMutual, Equitable, and Lincoln. MassMutual maintains the contributions to the unallocated insurance contract account in a market value separate account investment option with a general investment account guarantee. Equitable maintains contributions to the unallocated insurance contract account in its general account. Lincoln maintains contributions to the unallocated insurance contract account in its fixed account. All insurance contract accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. For the MassMutual contract, interest crediting rates are reviewed on a quarterly basis for resetting. For the Equitable and Lincoln contracts, interest crediting rates are reviewed on a semiannual basis for resetting. The rate is declared monthly, with interest credited on a daily basis at an annual effective rate. When establishing interest crediting rates for these products, MassMutual, Equitable, and Lincoln consider many factors, including current economic and market conditions, the general interest rate environment, and both the expected and actual experience of a reference portfolio within the issuer's general account. Each contract is subject to a minimum rate under the respective contracts, varying from a maximum of 3.00 percent and a minimum of 1.00 percent.

TIAA-CREF

Based on the terms of the contracts, a portion of the TIAA Traditional Annuity is considered benefit responsive. The benefit-responsive portion totaled \$2,897,656 and \$3,012,222 at December 31, 2021 and 2020, respectively. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Interest is credited on contract balances using a vintages approach. Under this methodology, TIAA groups the dollars it receives over defined time periods into vintages and determines a crediting rate for the applicable vintage. Interest crediting rates are determined during the accumulation phase of the applicable declaration year. When establishing interest crediting rates for this product, TIAA considers many factors, including the net investment earnings rate of the TIAA assets supporting that vintage, administrative expenses during the time period, and required contingency reserves. The minimum crediting rate for the SRA and GSRA benefit-responsive contracts is generally 3.00 percent, but in some recent contracts it is between 1.00 percent and 3.00 percent.

December 31, 2021 and 2020

Note 7 - Investment Contracts (Continued)

Generally, there are no events that could limit the ability of the Plan to transact at contract value paid within 90 days or, in rare circumstances, contract value paid over time. There are no events that allow the issuer to terminate the contract and that require the plan sponsor to settle an amount different than contract value paid either within 90 days or over time.

As described in Note 2, because the contract is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets attributable to these investment contracts. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

Note 8 - Plan Merger

The St. Luke's Hospital Retirement Savings Plan, was merged with the Plan effective June 30, 2021. Accordingly, assets of approximately \$81,700,000 were transferred into the Plan during 2021.

Schedule C Soft Dollar Compensation Eligible Indirect Compensation (“EIC”) Statement

Mutual fund investments with a retirement plan (whether held directly or indirectly through a separate investment account) can have soft dollar arrangements pursuant to which the investment advisor or sub-advisor of the mutual fund (and/or its affiliates) may direct trades to certain brokers in exchange for research and other services. The Securities and Exchange Act of 1934 contains guidance regarding the use of soft dollar arrangements.

For plans that invest directly or indirectly in the MassMutual Funds, soft dollar compensation is disclosed on the Schedule C and the Schedule C Formula Description and/or EIC Statement Description Attachment. For all other mutual funds, a Schedule C Soft Dollar Compensation Disclosure Attachment is provided and should be filed along with the Form 5500.

For additional information regarding soft dollar compensation, refer to the respective mutual fund’s Statement of Additional Information (“SAI”) for details regarding brokerage allocation and other practices.
