Independent Auditors' Report

Plan Administrator
Metro East Industries Retirement Savings Plan
Fairview Heights, Illinois

Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit For The 2021 Financial Statements

We have performed an audit of the financial statements of Metro East Industries Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion On The 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities For The Audit Of The 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis For Opinion On The 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities For The Audit Of The 2021 Financial Statements section of our report. We are required to be independent of Metro East Industries Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities Of Management For The 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Metro East Industries Retirement Savings Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities For The Audit Of The 2021 Financial Statements

Except as described in the Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit For The 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Metro East Industries Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Metro East Industries Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter

2021 Supplemental Schedule Required By ERISA

The supplemental schedule of assets held at end of year as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report On The 2020 Financial Statements

We were engaged to audit the statement of net assets available for benefits of Metro East Industries Retirement Savings Plan as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended. As permitted by 29 CFR 2520.103-8 of the Department Of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report, dated July 21, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department Of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

METRO EAST INDUSTRIES RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 And 2020

1. Description Of The Plan

The following description of the Metro East Industries Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan, which has been adopted by Metro East Industries, Inc. (the Company), is a defined contribution profit sharing plan that includes a 401(k) provision. The Plan covers all employees of the Company who have one year of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Participants may defer between 1% and 50% of eligible compensation, subject to Internal Revenue Code (IRC) limitations. Participants age 50 or older are eligible to make additional catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). The Plan provides for Company discretionary matching contributions, which are made at the discretion of the Board of Directors. The Company matched 34% of participants' contributions to the Plan in 2021 and 2020.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions and an allocation of the Plan's earnings. The allocation of earnings is determined by the earnings of the participant's investment selection based on each participant's account balance, as defined in the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Notes Receivable From Participants

A participant may borrow from the Plan. Notes are issued in any amount of \$1,000 or more, but less than 50% of the participant's vested account balance. In no event can the participant borrow more than \$50,000. Notes are for a period not exceeding five years unless used to acquire a principal residence. The length of repayment for a loan related to a principal residence shall coincide with the commercial residence lending agreement. Notes bear interest at an agreed-upon percentage based on prevailing market rates. Participants may only have one loan outstanding at any time. Principal and interest are paid ratably through payroll deductions.

METRO EAST INDUSTRIES RETIREMENT SAVINGS PLAN

Notes To Financial Statements *(Continued)*

The participant notes receivable are secured by participants' vested account balances. The notes bear interest at 5% per year and are due at various dates through December 2026.

Pursuant to the Coronavirus Aid, Relief, and Economic Security (CARES) Act enacted in March 2020, Plan participants could request a delay of note repayments for repayments that occurred between March 27, 2020 and December 31, 2020. If a delay was granted, the participant's note was reamortized and included any interest accrued during the period of delay. The ability to request a delay in note repayments under the CARES Act ceased as of December 31, 2020. In addition, the limit on notes receivable was increased to the lesser of \$100,000 or 100% of the participant's vested account balance. The increased loan limit was available for 180 days after the enactment of the CARES Act.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of service. A participant is partially vested after two years of credited service and 100% vested after five years of credited service.

Forfeitures

Forfeitures may be used to offset administrative expenses or to reduce matching contributions after the forfeiture is determined. Forfeitures used to offset administrative expenses amounted to \$6,388 and \$146 for the years ended December 31, 2021 and 2020, respectively. There were \$169 of forfeitures available at December 31, 2021. There were no forfeitures available at December 31, 2020.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions in any of several investment options offered by Principal Life Insurance Company (Principal).

Administrative Expenses

Significant administrative expenses are paid by the Company.

Payment Of Benefits

Upon termination of service, death, disability, or attaining age 59-1/2, a participant may make withdrawals from his or her salary deferral account. A participant may withdraw part of his or her salary deferral contributions for financial hardship reasons.

METRO EAST INDUSTRIES RETIREMENT SAVINGS PLAN

Notes To Financial Statements *(Continued)*

The normal form of retirement benefit is a lump sum rollover or cash distribution. Qualified optional forms of benefit include various annuities.

In the event that the vested portion of the participant's account has never exceeded \$5,000, the balance shall be distributed in a lump sum as soon as administratively feasible.

The Plan also permits participants to request up to \$100,000 in coronavirus- related distributions, with repayment terms of up to three years, in accordance with the CARES Act. The ability to request coronavirus-related distributions under the CARES Act ceased as of December 31, 2020.

2. Summary Of Significant Accounting Policies

Basis Of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates And Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Risks And Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Investment Valuation And Income Recognition

Investments in the flexible investment group annuity contract with Principal are reported at fair value. Fair value is the price that would be received to sell an asset or to pay a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information by the investment custodians and insurance company. See Note 4 for discussion on fair value measurements.

METRO EAST INDUSTRIES RETIREMENT SAVINGS PLAN

Notes To Financial Statements *(Continued)*

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Net change in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Investment contracts held by a defined contribution plan are generally reported at contract value except for those contracts that are non-fully benefit-responsive. In that instance, these contracts are required to be reported at fair value.

The Plan's investment in Principal's guaranteed interest accounts are not fully benefit-responsive investment contracts and are reported at fair value in the statement of net assets available for benefits.

Notes Receivable From Participants

Notes receivable from participants are measured at the unpaid principal balance plus accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan Agreement.

Payment Of Benefits

Benefits are recorded when paid.

Subsequent Events

Management has evaluated subsequent events through the date the financial statements are available for issue, which is the date of the Independent Auditors' Report.

3. Certified Financial Information

Certain information related to investments and investment income disclosed in the accompanying financial statements and supplemental schedule, as of and for the years then ended December 31, 2021 and 2020, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Principal, the Trustee. This information has not been audited by the Plan's independent auditors.

METRO EAST INDUSTRIES RETIREMENT SAVINGS PLAN

Notes To Financial Statements (*Continued*)

Accordingly, as permitted by CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the following assets as of December 31:

	<u>2021</u>	<u>2020</u>
Investments	\$ 24,319,682	\$ 21,195,429

The Trustee also certified to the completeness and accuracy related to the following investment income and interest income for years ended December 31:

	<u>2021</u>	<u>2020</u>
Net change in fair value of pooled separate accounts	\$ 3,952,432	\$ 2,602,864
Net change in fair value of guaranteed interest account	(13,440)	14,413
Interest income - guaranteed interest account	44,442	21,602

4. Fair Value Measurements

The Plan utilizes a framework for measuring fair value. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability; |

METRO EAST INDUSTRIES RETIREMENT SAVINGS PLAN

Notes To Financial Statements (*Continued*)

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments measured at fair value:

Pooled Separate Accounts

Valued at net asset value (NAV) of units held by the Plan at year end. The NAV, as provided by Principal, is used as a practical expedient to estimate fair value. The NAV is determined by dividing the net assets, at fair value, of the fund by the number of units outstanding on the day of valuation. Pooled separate accounts are comprised, primarily, of shares of mutual funds that are traded on an active market. There are no unfunded commitments related to these investments and the investments are redeemable daily at the adjusted NAV under agreements with the insurance company. However, it is possible that the redemption rights may be restricted or eliminated in the future. All of the pooled separate accounts held by the Plan file an annual report on Form 5500 as a direct filing entity.

METRO EAST INDUSTRIES RETIREMENT SAVINGS PLAN

Notes To Financial Statements *(Continued)*

Guaranteed Interest Account

The Principal Guaranteed Interest Account (GIA) cannot be sold to a third-party, thus, the only option to exit the GIA is to withdraw the funds prior to maturity. The fair value is the discontinuance value, which is the amount the participant would receive if they transfer or surrender their funds out of the guaranteed interest account prior to maturity. The fair value of the GIA is computed using a combination of the current interest rates based on remaining investment terms at the reporting date, as well as the interest rate on account. If the applicable interest rate is greater than the interest rate on the account, the fair value is the contract value reduced by a percentage. This percentage is equal to the difference between the applicable interest rate and the interest rate on the account, multiplied by the years (including fractional years) until the maturity date. If the applicable interest rate is equal to or less than the interest rate on the account, the fair value is equal to the contract value.

The following table provides information about significant unobservable inputs related to the Plan's investment in the GIA at December 31, 2021 and 2020, respectively.

December 31, 2021				
Type	Fair Value	Valuation Technique	Significant Unobservable Inputs	Rate Or Range Of Rates
Guaranteed Interest	\$ 1,866,280	Assumed proceeds at discontinuation	Composite	
			Guaranteed Rate	.25% - 2.61%
			Current rate at December 31, 2021	.88% - 1.66%
December 31, 2020				
Type	Fair Value	Valuation Technique	Significant Unobservable Inputs	Rate Or Range Of Rates
Guaranteed Interest	\$ 1,874,076	Assumed proceeds at discontinuation	Composite	
			Guaranteed Rate	0.19% - 1.96%
			Current rate at December 31, 2020	.61% - .75%

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes To Financial Statements *(Continued)*

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020:

	December 31, 2021			
	Level 1	Level 2	Level 3	Total
Guaranteed interest account				
Short-term fixed income	\$ —	\$ —	\$ 1,866,280	\$ 1,866,280
Investments measured at net asset value per share (a)				22,453,402
Total investments at fair value				\$ 24,319,682

	December 31, 2020			
	Level 1	Level 2	Level 3	Total
Guaranteed interest account				
Short-term fixed income	\$ —	\$ —	\$ 1,874,076	\$ 1,874,076
Investments measured at net asset value per share (a)				19,321,353
Total investments at fair value				\$ 21,195,429

- (a) Certain investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. Tax Status

The Plan has adopted a nonstandardized prototype document. The prototype sponsor has received an opinion letter from the Internal Revenue Service (the IRS) dated March 31, 2014, which indicates that the prototype form is in compliance with applicable requirements of the IRC. The Company has not applied for a determination letter with respect to the Plan's qualification due to subsequent Plan amendments. However, the Plan Sponsor believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Effective February 18, 2022, the Plan was restated with a pre-approved defined contribution plan document sponsored by Principal Life Insurance Company. Principal Life Insurance Company received an updated opinion letter from the IRS dated June 30, 2020.

7. Transactions With Parties In Interest

Plan investments are managed by the Trustee. In addition, at December 31, 2021 and 2020, the Plan had notes receivables from participants. Certain fees for administration of the Plan are paid by the Plan through agreements with various service providers. These fees are based on customary and reasonable fees. These transactions qualify as exempt parties in interest transactions under ERISA.
