Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Truth Publishing Company, Inc. and Pathfinder Communications Corporation 401(k) Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at year end) and the supplemental schedule of delinquent participant contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated July 9, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

Note 1. Plan Description

The following brief description of the Truth Publishing Company, Inc. and Pathfinder Communications Corporation 401(k) Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for more complete information.

General: The Plan is a defined-contribution 401(k) plan available to employees of Pathfinder Communications Corporation; Jam Communications, Inc.; Talking Stick Communications, LLC; Federated Digital Solutions, LLC; and Partnership Radio, LLC (collectively, the Companies). The Plan covers substantially all full-time employees of the Companies who are not a member of a collective bargaining agreement, a leased employee, or a non-resident alien. All full-time employees are eligible to participate in the Plan the first day of the month following their hire date if they are age 21 or older. Part-time employees, who work at least 1,000 hours in their first year of employment or any subsequent calendar year, are also eligible to participate if they are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year, participants may contribute up to the maximum percentage allowable, not to exceed the allocation limits allowed by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefits or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Companies, at the discretion of the Board of Directors, may make matching contributions to each participant's account. For the year ended December 31, 2021, the Companies contributed a discretionary matching contribution of 50% of the participant's qualified contributions to the Plan year up to 6% of deferrals, but limited to 3% of eligible compensation. There were no additional profit-sharing contributions during the year ended December 31, 2021. The Company contributions are invested into the various investment options in a manner consistent with participant contributions.

Participant accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Companies' contributions, if any, and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's account.

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their account is based upon years of continuous service. A participant is fully vested after six years of credited service.

Payment of benefits: On termination of service, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or equal monthly, quarterly or annual installments over a fixed reasonable period of time not to exceed the life expectancy of the participant or the joint life and last survivor expectancy of the participant or beneficiary. If the participant's account balance does not exceed \$1,000, the participant will receive a lump-sum distribution as soon as practicable following termination of employment. If the account balance is greater than \$1,000, but less than \$5,000, and the participant does not elect to receive the distribution directly, then the trustee will pay the distribution in a direct rollover to an individual retirement plan designated by the Plan administrator. Under certain circumstances, a participant may withdraw all or a portion of the employee contributions and the vested employer contributions while still employed. Benefit payments are recorded when paid.

Pathfinder Communications Corporation 401(k) Plan and Trust**

Notes to Financial Statements

Note 1. Plan Description (Continued)

Forfeitures: At December 31, 2021 and 2020 there was approximately \$700 and \$11,400, respectively, of forfeited non-vested accounts. These accounts can be used to reduce future employer contributions or to pay administrative fees. During the year ended December 31, 2021 discretionary employer matching contributions were reduced by approximately \$25,300 from the use of forfeited non-vested accounts.

Administration of Plan assets: Certain administrative functions are performed by officers or employees of the Companies. No such officer or employee receives compensation from the Plan.

Coronavirus Aid, Relief, and Economic Security Act (CARES Act): The Plan has implemented certain requirements allowed by the CARES Act and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which allows certain eligible individuals to receive coronavirus-related relief to suspend required minimum distributions and also includes a delay of the commencement date for required minimum distributions. The features within these acts were implemented during the year ended December 31, 2020, as required by the IRS. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment trustee. See below for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and uncertainties for investments: The Plan provides for various investment options. The underlying investments are exposed to various risks, such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' individual account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Fair value measurements: The framework for measuring fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

**Truth Publishing Company, Inc. and
Pathfinder Communications Corporation 401(k) Plan and Trust**

Notes to Financial Statements

Note 2. Significant Accounting Policies (Continued)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Registered investment companies: Valued at the quoted market price of the fund as reported on public exchanges.

Common collective trust fund: Valued based on the net asset value (NAV) of units of the common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Subsequent events: The Plan Sponsor has evaluated subsequent events for potential recognition and/or disclosure through July 27, 2022, the date the financial statements were available to be issued. The plan was amended subsequent to the year ended December 31, 2021, which allows participant loans effective February 21, 2022.

Notes to Financial Statements

Note 3. Information Certified by Fidelity Management Trust Company (Fidelity)

The following is a summary of the plan's asset information as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included throughout the Plan's financial statements and ERISA-required supplemental schedules, obtained by management and agreed to or derived from information certified by Fidelity, the trustee of the Plan. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and ERISA-required supplemental schedules related to the following assets:

	2021	2020
Investments, at fair value:		
Registered investment companies	\$ 11,483,261	\$ 10,499,469
Common collective trust	348,389	326,269
	<u>\$ 11,831,650</u>	<u>\$ 10,825,738</u>

Fidelity also certified to the completeness and accuracy of net appreciation in fair value of investments of \$650,417 as well as \$999,318 of dividends and interest related to the aforementioned investments for the year ended December 31, 2021.

Note 4. Fair Value Measurements

The following table sets forth by level within the fair value hierarchy, the Plan's assets as of December 31, 2021 and 2020:

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

For investments in certain entities that calculate the NAV per share as the investment's fair value measurement, the following table provides an overview, by major category, of the nature and risks associated with such investments as well as whether it is probable those investments being sold at amounts different from their reported NAV per share based on redemption restrictions, if any.

Investment	Fair Value 2021	Fair Value 2020	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common collective trust fund	\$ 348,389	\$ 326,269	\$ -	Daily	1 Year

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2021, there were no significant transfers in or out of Level 3.

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

Note 6. Party-in-Interest and Related-Party Transactions

Certain Plan investments are managed by Fidelity. Fidelity performs services for the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Fidelity were approximately \$62,200 for the year ended December 31, 2021.

Note 7. Income Tax Status and Uncertain Tax Positions

Effective June 30, 2020, the Plan adopted a non-standardized form of a prototype plan sponsored by Fidelity Management & Research Co. (FMR LLC). The prototype plan provider has received an opinion letter from the IRS as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

The Plan's administrator has evaluated the Plan's tax positions and concluded that the Plan has maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state or local tax authorities for the years before 2018.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Truth Publishing Company, Inc. and Pathfinder Communications Corporation 401(k) Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at year end) and the supplemental schedule of delinquent participant contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated July 9, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

Note 1. Plan Description

The following brief description of the Truth Publishing Company, Inc. and Pathfinder Communications Corporation 401(k) Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for more complete information.

General: The Plan is a defined-contribution 401(k) plan available to employees of Pathfinder Communications Corporation; Jam Communications, Inc.; Talking Stick Communications, LLC; Federated Digital Solutions, LLC; and Partnership Radio, LLC (collectively, the Companies). The Plan covers substantially all full-time employees of the Companies who are not a member of a collective bargaining agreement, a leased employee, or a non-resident alien. All full-time employees are eligible to participate in the Plan the first day of the month following their hire date if they are age 21 or older. Part-time employees, who work at least 1,000 hours in their first year of employment or any subsequent calendar year, are also eligible to participate if they are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year, participants may contribute up to the maximum percentage allowable, not to exceed the allocation limits allowed by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefits or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Companies, at the discretion of the Board of Directors, may make matching contributions to each participant's account. For the year ended December 31, 2021, the Companies contributed a discretionary matching contribution of 50% of the participant's qualified contributions to the Plan year up to 6% of deferrals, but limited to 3% of eligible compensation. There were no additional profit-sharing contributions during the year ended December 31, 2021. The Company contributions are invested into the various investment options in a manner consistent with participant contributions.

Participant accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Companies' contributions, if any, and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's account.

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their account is based upon years of continuous service. A participant is fully vested after six years of credited service.

Payment of benefits: On termination of service, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or equal monthly, quarterly or annual installments over a fixed reasonable period of time not to exceed the life expectancy of the participant or the joint life and last survivor expectancy of the participant or beneficiary. If the participant's account balance does not exceed \$1,000, the participant will receive a lump-sum distribution as soon as practicable following termination of employment. If the account balance is greater than \$1,000, but less than \$5,000, and the participant does not elect to receive the distribution directly, then the trustee will pay the distribution in a direct rollover to an individual retirement plan designated by the Plan administrator. Under certain circumstances, a participant may withdraw all or a portion of the employee contributions and the vested employer contributions while still employed. Benefit payments are recorded when paid.

**Truth Publishing Company, Inc. and
Pathfinder Communications Corporation 401(k) Plan and Trust**

Notes to Financial Statements

Note 1. Plan Description (Continued)

Forfeitures: At December 31, 2021 and 2020 there was approximately \$700 and \$11,400, respectively, of forfeited non-vested accounts. These accounts can be used to reduce future employer contributions or to pay administrative fees. During the year ended December 31, 2021 discretionary employer matching contributions were reduced by approximately \$25,300 from the use of forfeited non-vested accounts.

Administration of Plan assets: Certain administrative functions are performed by officers or employees of the Companies. No such officer or employee receives compensation from the Plan.

Coronavirus Aid, Relief, and Economic Security Act (CARES Act): The Plan has implemented certain requirements allowed by the CARES Act and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which allows certain eligible individuals to receive coronavirus-related relief to suspend required minimum distributions and also includes a delay of the commencement date for required minimum distributions. The features within these acts were implemented during the year ended December 31, 2020, as required by the IRS. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment trustee. See below for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and uncertainties for investments: The Plan provides for various investment options. The underlying investments are exposed to various risks, such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' individual account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Fair value measurements: The framework for measuring fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

**Truth Publishing Company, Inc. and
Pathfinder Communications Corporation 401(k) Plan and Trust**

Notes to Financial Statements

Note 2. Significant Accounting Policies (Continued)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Registered investment companies: Valued at the quoted market price of the fund as reported on public exchanges.

Common collective trust fund: Valued based on the net asset value (NAV) of units of the common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Subsequent events: The Plan Sponsor has evaluated subsequent events for potential recognition and/or disclosure through July 27, 2022, the date the financial statements were available to be issued. The plan was amended subsequent to the year ended December 31, 2021, which allows participant loans effective February 21, 2022.

Notes to Financial Statements

Note 3. Information Certified by Fidelity Management Trust Company (Fidelity)

The following is a summary of the plan's asset information as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included throughout the Plan's financial statements and ERISA-required supplemental schedules, obtained by management and agreed to or derived from information certified by Fidelity, the trustee of the Plan. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and ERISA-required supplemental schedules related to the following assets:

	2021	2020
Investments, at fair value:		
Registered investment companies	\$ 11,483,261	\$ 10,499,469
Common collective trust	348,389	326,269
	<u>\$ 11,831,650</u>	<u>\$ 10,825,738</u>

Fidelity also certified to the completeness and accuracy of net appreciation in fair value of investments of \$650,417 as well as \$999,318 of dividends and interest related to the aforementioned investments for the year ended December 31, 2021.

Note 4. Fair Value Measurements

The following table sets forth by level within the fair value hierarchy, the Plan's assets as of December 31, 2021 and 2020:

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 11,483,261	\$ -	\$ -	\$ 11,483,261
Investments measured at NAV				348,389
				<u>\$ 11,831,650</u>
Assets at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 10,499,469	\$ -	\$ -	\$ 10,499,469
Investments measured at NAV				326,269
				<u>\$ 10,825,738</u>

**Truth Publishing Company, Inc. and
Pathfinder Communications Corporation 401(k) Plan and Trust**

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

For investments in certain entities that calculate the NAV per share as the investment's fair value measurement, the following table provides an overview, by major category, of the nature and risks associated with such investments as well as whether it is probable those investments being sold at amounts different from their reported NAV per share based on redemption restrictions, if any.

Investment	Fair Value 2021	Fair Value 2020	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common collective trust fund	\$ 348,389	\$ 326,269	\$ -	Daily	1 Year

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2021, there were no significant transfers in or out of Level 3.

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

Note 6. Party-in-Interest and Related-Party Transactions

Certain Plan investments are managed by Fidelity. Fidelity performs services for the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Fidelity were approximately \$62,200 for the year ended December 31, 2021.

Note 7. Income Tax Status and Uncertain Tax Positions

Effective June 30, 2020, the Plan adopted a non-standardized form of a prototype plan sponsored by Fidelity Management & Research Co. (FMR LLC). The prototype plan provider has received an opinion letter from the IRS as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

The Plan's administrator has evaluated the Plan's tax positions and concluded that the Plan has maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state or local tax authorities for the years before 2018.

401(k) Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Truth Publishing Company, Inc. and Pathfinder Communications Corporation 401(k) Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at year end) and the supplemental schedule of delinquent participant contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated July 9, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

Note 1. Plan Description

The following brief description of the Truth Publishing Company, Inc. and Pathfinder Communications Corporation 401(k) Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for more complete information.

General: The Plan is a defined-contribution 401(k) plan available to employees of Pathfinder Communications Corporation; Jam Communications, Inc.; Talking Stick Communications, LLC; Federated Digital Solutions, LLC; and Partnership Radio, LLC (collectively, the Companies). The Plan covers substantially all full-time employees of the Companies who are not a member of a collective bargaining agreement, a leased employee, or a non-resident alien. All full-time employees are eligible to participate in the Plan the first day of the month following their hire date if they are age 21 or older. Part-time employees, who work at least 1,000 hours in their first year of employment or any subsequent calendar year, are also eligible to participate if they are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year, participants may contribute up to the maximum percentage allowable, not to exceed the allocation limits allowed by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefits or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Companies, at the discretion of the Board of Directors, may make matching contributions to each participant's account. For the year ended December 31, 2021, the Companies contributed a discretionary matching contribution of 50% of the participant's qualified contributions to the Plan year up to 6% of deferrals, but limited to 3% of eligible compensation. There were no additional profit-sharing contributions during the year ended December 31, 2021. The Company contributions are invested into the various investment options in a manner consistent with participant contributions.

Participant accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Companies' contributions, if any, and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's account.

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their account is based upon years of continuous service. A participant is fully vested after six years of credited service.

Payment of benefits: On termination of service, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or equal monthly, quarterly or annual installments over a fixed reasonable period of time not to exceed the life expectancy of the participant or the joint life and last survivor expectancy of the participant or beneficiary. If the participant's account balance does not exceed \$1,000, the participant will receive a lump-sum distribution as soon as practicable following termination of employment. If the account balance is greater than \$1,000, but less than \$5,000, and the participant does not elect to receive the distribution directly, then the trustee will pay the distribution in a direct rollover to an individual retirement plan designated by the Plan administrator. Under certain circumstances, a participant may withdraw all or a portion of the employee contributions and the vested employer contributions while still employed. Benefit payments are recorded when paid.

Pathfinder Communications Corporation 401(k) Plan and Trust**

Notes to Financial Statements

Note 1. Plan Description (Continued)

Forfeitures: At December 31, 2021 and 2020 there was approximately \$700 and \$11,400, respectively, of forfeited non-vested accounts. These accounts can be used to reduce future employer contributions or to pay administrative fees. During the year ended December 31, 2021 discretionary employer matching contributions were reduced by approximately \$25,300 from the use of forfeited non-vested accounts.

Administration of Plan assets: Certain administrative functions are performed by officers or employees of the Companies. No such officer or employee receives compensation from the Plan.

Coronavirus Aid, Relief, and Economic Security Act (CARES Act): The Plan has implemented certain requirements allowed by the CARES Act and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which allows certain eligible individuals to receive coronavirus-related relief to suspend required minimum distributions and also includes a delay of the commencement date for required minimum distributions. The features within these acts were implemented during the year ended December 31, 2020, as required by the IRS. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment trustee. See below for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and uncertainties for investments: The Plan provides for various investment options. The underlying investments are exposed to various risks, such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' individual account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Fair value measurements: The framework for measuring fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

**Truth Publishing Company, Inc. and
Pathfinder Communications Corporation 401(k) Plan and Trust**

Notes to Financial Statements

Note 2. Significant Accounting Policies (Continued)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Registered investment companies: Valued at the quoted market price of the fund as reported on public exchanges.

Common collective trust fund: Valued based on the net asset value (NAV) of units of the common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Subsequent events: The Plan Sponsor has evaluated subsequent events for potential recognition and/or disclosure through July 27, 2022, the date the financial statements were available to be issued. The plan was amended subsequent to the year ended December 31, 2021, which allows participant loans effective February 21, 2022.

Notes to Financial Statements

Note 3. Information Certified by Fidelity Management Trust Company (Fidelity)

The following is a summary of the plan's asset information as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included throughout the Plan's financial statements and ERISA-required supplemental schedules, obtained by management and agreed to or derived from information certified by Fidelity, the trustee of the Plan. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and ERISA-required supplemental schedules related to the following assets:

	2021	2020
Investments, at fair value:		
Registered investment companies	\$ 11,483,261	\$ 10,499,469
Common collective trust	348,389	326,269
	<u>\$ 11,831,650</u>	<u>\$ 10,825,738</u>

Fidelity also certified to the completeness and accuracy of net appreciation in fair value of investments of \$650,417 as well as \$999,318 of dividends and interest related to the aforementioned investments for the year ended December 31, 2021.

Note 4. Fair Value Measurements

The following table sets forth by level within the fair value hierarchy, the Plan's assets as of December 31, 2021 and 2020:

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 11,483,261	\$ -	\$ -	\$ 11,483,261
Investments measured at NAV				348,389
				<u>\$ 11,831,650</u>
Assets at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 10,499,469	\$ -	\$ -	\$ 10,499,469
Investments measured at NAV				326,269
				<u>\$ 10,825,738</u>

**Truth Publishing Company, Inc. and
Pathfinder Communications Corporation 401(k) Plan and Trust**

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

For investments in certain entities that calculate the NAV per share as the investment's fair value measurement, the following table provides an overview, by major category, of the nature and risks associated with such investments as well as whether it is probable those investments being sold at amounts different from their reported NAV per share based on redemption restrictions, if any.

Investment	Fair Value 2021	Fair Value 2020	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common collective trust fund	\$ 348,389	\$ 326,269	\$ -	Daily	1 Year

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2021, there were no significant transfers in or out of Level 3.

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

Note 6. Party-in-Interest and Related-Party Transactions

Certain Plan investments are managed by Fidelity. Fidelity performs services for the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Fidelity were approximately \$62,200 for the year ended December 31, 2021.

Note 7. Income Tax Status and Uncertain Tax Positions

Effective June 30, 2020, the Plan adopted a non-standardized form of a prototype plan sponsored by Fidelity Management & Research Co. (FMR LLC). The prototype plan provider has received an opinion letter from the IRS as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

The Plan's administrator has evaluated the Plan's tax positions and concluded that the Plan has maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state or local tax authorities for the years before 2018.

401(k) Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Truth Publishing Company, Inc. and Pathfinder Communications Corporation 401(k) Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at year end) and the supplemental schedule of delinquent participant contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated July 9, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

Note 1. Plan Description

The following brief description of the Truth Publishing Company, Inc. and Pathfinder Communications Corporation 401(k) Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for more complete information.

General: The Plan is a defined-contribution 401(k) plan available to employees of Pathfinder Communications Corporation; Jam Communications, Inc.; Talking Stick Communications, LLC; Federated Digital Solutions, LLC; and Partnership Radio, LLC (collectively, the Companies). The Plan covers substantially all full-time employees of the Companies who are not a member of a collective bargaining agreement, a leased employee, or a non-resident alien. All full-time employees are eligible to participate in the Plan the first day of the month following their hire date if they are age 21 or older. Part-time employees, who work at least 1,000 hours in their first year of employment or any subsequent calendar year, are also eligible to participate if they are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year, participants may contribute up to the maximum percentage allowable, not to exceed the allocation limits allowed by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefits or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Companies, at the discretion of the Board of Directors, may make matching contributions to each participant's account. For the year ended December 31, 2021, the Companies contributed a discretionary matching contribution of 50% of the participant's qualified contributions to the Plan year up to 6% of deferrals, but limited to 3% of eligible compensation. There were no additional profit-sharing contributions during the year ended December 31, 2021. The Company contributions are invested into the various investment options in a manner consistent with participant contributions.

Participant accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Companies' contributions, if any, and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's account.

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their account is based upon years of continuous service. A participant is fully vested after six years of credited service.

Payment of benefits: On termination of service, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or equal monthly, quarterly or annual installments over a fixed reasonable period of time not to exceed the life expectancy of the participant or the joint life and last survivor expectancy of the participant or beneficiary. If the participant's account balance does not exceed \$1,000, the participant will receive a lump-sum distribution as soon as practicable following termination of employment. If the account balance is greater than \$1,000, but less than \$5,000, and the participant does not elect to receive the distribution directly, then the trustee will pay the distribution in a direct rollover to an individual retirement plan designated by the Plan administrator. Under certain circumstances, a participant may withdraw all or a portion of the employee contributions and the vested employer contributions while still employed. Benefit payments are recorded when paid.

Notes to Financial Statements

Note 1. Plan Description (Continued)

Forfeitures: At December 31, 2021 and 2020 there was approximately \$700 and \$11,400, respectively, of forfeited non-vested accounts. These accounts can be used to reduce future employer contributions or to pay administrative fees. During the year ended December 31, 2021 discretionary employer matching contributions were reduced by approximately \$25,300 from the use of forfeited non-vested accounts.

Administration of Plan assets: Certain administrative functions are performed by officers or employees of the Companies. No such officer or employee receives compensation from the Plan.

Coronavirus Aid, Relief, and Economic Security Act (CARES Act): The Plan has implemented certain requirements allowed by the CARES Act and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which allows certain eligible individuals to receive coronavirus-related relief to suspend required minimum distributions and also includes a delay of the commencement date for required minimum distributions. The features within these acts were implemented during the year ended December 31, 2020, as required by the IRS. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment trustee. See below for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and uncertainties for investments: The Plan provides for various investment options. The underlying investments are exposed to various risks, such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' individual account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Fair value measurements: The framework for measuring fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

**Truth Publishing Company, Inc. and
Pathfinder Communications Corporation 401(k) Plan and Trust**

Notes to Financial Statements

Note 2. Significant Accounting Policies (Continued)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Registered investment companies: Valued at the quoted market price of the fund as reported on public exchanges.

Common collective trust fund: Valued based on the net asset value (NAV) of units of the common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Subsequent events: The Plan Sponsor has evaluated subsequent events for potential recognition and/or disclosure through July 27, 2022, the date the financial statements were available to be issued. The plan was amended subsequent to the year ended December 31, 2021, which allows participant loans effective February 21, 2022.

Notes to Financial Statements

Note 3. Information Certified by Fidelity Management Trust Company (Fidelity)

The following is a summary of the plan's asset information as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included throughout the Plan's financial statements and ERISA-required supplemental schedules, obtained by management and agreed to or derived from information certified by Fidelity, the trustee of the Plan. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and ERISA-required supplemental schedules related to the following assets:

	2021	2020
Investments, at fair value:		
Registered investment companies	\$ 11,483,261	\$ 10,499,469
Common collective trust	348,389	326,269
	<u>\$ 11,831,650</u>	<u>\$ 10,825,738</u>

Fidelity also certified to the completeness and accuracy of net appreciation in fair value of investments of \$650,417 as well as \$999,318 of dividends and interest related to the aforementioned investments for the year ended December 31, 2021.

Note 4. Fair Value Measurements

The following table sets forth by level within the fair value hierarchy, the Plan's assets as of December 31, 2021 and 2020:

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 11,483,261	\$ -	\$ -	\$ 11,483,261
Investments measured at NAV				348,389
				<u>\$ 11,831,650</u>
Assets at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 10,499,469	\$ -	\$ -	\$ 10,499,469
Investments measured at NAV				326,269
				<u>\$ 10,825,738</u>

**Truth Publishing Company, Inc. and
Pathfinder Communications Corporation 401(k) Plan and Trust**

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

For investments in certain entities that calculate the NAV per share as the investment's fair value measurement, the following table provides an overview, by major category, of the nature and risks associated with such investments as well as whether it is probable those investments being sold at amounts different from their reported NAV per share based on redemption restrictions, if any.

Investment	Fair Value 2021	Fair Value 2020	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common collective trust fund	\$ 348,389	\$ 326,269	\$ -	Daily	1 Year

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2021, there were no significant transfers in or out of Level 3.

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

Note 6. Party-in-Interest and Related-Party Transactions

Certain Plan investments are managed by Fidelity. Fidelity performs services for the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Fidelity were approximately \$62,200 for the year ended December 31, 2021.

Note 7. Income Tax Status and Uncertain Tax Positions

Effective June 30, 2020, the Plan adopted a non-standardized form of a prototype plan sponsored by Fidelity Management & Research Co. (FMR LLC). The prototype plan provider has received an opinion letter from the IRS as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

The Plan's administrator has evaluated the Plan's tax positions and concluded that the Plan has maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state or local tax authorities for the years before 2018.
