INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Board of Trustees
Los Leones 401(k) Retirement Plan
San Antonio, Texas

Opinion

We have audited the financial statements of Los Leones 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Los Leones 401(k) Retirement Plan as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of as listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

LOS LEONES 401(k) RETIREMENT PLAN
Notes to Audited Financial Statements
December 31, 2021 and 2020

NOTE A – SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation: The audited financial statements are maintained on the accrual basis in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Recognition of Income: Investments are carried at fair value as determined by quoted prices, or by comparable assets in an active market. Gains and losses (realized and unrealized) included in changes in net assets are reported in net appreciation in fair value of investments in the statement of changes in net assets available for benefits. Dividends and interest are considered in the fair market value determination. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The basis of investments held by the Plan are adjusted annually to closing market value and unrealized gains and losses are recorded as part of this adjustment. Realized gains and losses on investments are computed using adjusted basis (beginning of year market value) on the first-in, first-out method. Security transaction expenses are considered in computing realized gains and losses on investments.

Benefit Payments: Benefits are recorded when paid.

Concentration of Credit Risks: Concentration of credit risk with respect to investments is reduced as a result of the diversity of the underlying investments.

Subsequent Events: Subsequent events have been evaluated by management through the date of the independent auditor's report. Material subsequent events, if any, are disclosed in a separate footnote to these financial statements.

New Accounting Pronouncements: Management is not aware of any new accounting pronouncements that have been released, and are not yet effective, which will have a significant impact to its financial position or results of operations in future periods.

NOTE B – DESCRIPTION OF PLAN

The following description of the Los Leones 401(k) Retirement Plan provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Los Leones 401(k) Retirement Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and covers substantially all employees of the Plan Sponsor who have six months of service and are of age seventeen and a half or older. Although it has not expressed the intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

LOS LEONES 401(k) RETIREMENT PLAN
Notes to Audited Financial Statements
December 31, 2021 and 2020

NOTE B – DESCRIPTION OF PLAN (continued)

Partial Plan Termination: During 2021, a partial termination of the Plan was declared due to reductions in workforce experienced by the Plan sponsor beginning March 2020, which resulted from government-imposed lockdowns and restrictions on interior dining. In accordance with Plan provisions, account balances of affected participants became 100% vested and those participants were provided options to rollover or withdraw their balances.

Significant Amendments Adopted in 2021: The plan was restated effective January 1, 2021 to comply with the requirements for Cycle 3, Pre-Approved Plans, pursuant to Revenue Procedure 2017-4. The restated plan reflects all legislative and regulatory changes passed before February 1, 2017. Plan amendments that were required subsequent to Revenue Procedure 2014-41 were retroactively adopted operationally by the enacted dates.

Significant Amendments Adopted in 2020: On March 18, 2020, the Board of Trustees of Los Leones 401(k) Retirement Plan adopted a corporate resolution to freeze the Plan due to COVID-19, thereby ending employee deferral contribution withholdings from participant paychecks and employer matching contributions as of that date.

On April 16, 2020, the Plan was amended to retroactively apply provisions of the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) that was enacted on March 27, 2020. Significant changes to the Plan include special distribution allowances and suspension of required minimum distributions for the period of January 1, 2020 through December 31, 2020.

Contributions: Each year participants may elect to contribute up to 75% of pretax annual compensation as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute (rollover) amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan Sponsor may elect to contribute a matching contribution or profit-sharing contribution, the amount of which is determined by the Plan Sponsor and allocated based on each participant's contributions. The Plan does not provide for participant directed investment options. Participants are not allowed to direct the investment of any contributions made or of matching contributions received. Participant and employer contributions are directed by the Plan Administrator (non-participant directed).

Participant Accounts: Each participant account is credited with the contributions made by the participant and allocations of (a) the Plan Sponsor's contributions and (b) Plan earnings (loss), and is charged with an allocation of administrative expenses. Allocations are based on participant contributions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions and employer matching contributions plus actual earnings thereon. Vesting in the Plan Sponsor's profit sharing contributions and actual earnings thereon is based on years of service following the Department of Labor guidelines.

Payment of Benefits: On termination of service a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Written consent is required before vested interest over \$5,000 can be distributed. Absent participant instructions, at Plan Sponsor's discretion, participants who have terminated and have plan balances less than \$1,000 can receive a distribution directly or have their balance rolled into an Individual Retirement Account (IRA). Absent participant instructions, balances between \$1,000 and \$5,000 will be rolled into an IRA by the Plan Sponsor. In the event the plan terminates and the participant fails to make an election for distribution, the Plan Administrator will automatically rollover the entire vested amount to an IRA. The Plan allows for in-service distributions upon reaching age 59 ½. Hardship withdrawals are available subject to certain limitations.

NOTE B – DESCRIPTION OF PLAN (continued)

Forfeited Accounts: Participant forfeitures of non-vested balances may be used to reduce administrative expenses of the Plan or reduce future employer contributions. Forfeited non-vested accounts totaled \$13,980 at December 31, 2021 and \$11,968 at December 31, 2020. The balance of unallocated forfeitures at December 31, 2021 and 2020 were \$3,651 and \$11,968, respectively.

Administrative Expenses: Administrative expenses may be paid by either the Plan Sponsor or the Plan, as provided in the Plan document. Expenses paid by the Plan are recorded in the accompanying statements of changes in net assets available for benefits. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Participant distribution fees are paid by the participant receiving the distribution. Fees paid by the Plan for administrative expenses totaled \$62,273 in 2021 and \$67,969 in 2020.

NOTE C – INCOME TAX STATUS

The Plan is governed by a volume submitter standardized profit-sharing plan document developed by Sungard Business Systems LLC. The Plan received a favorable opinion letter from the Internal Revenue Service on June 30, 2020 which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore believe that the Plan is qualified, and the related trust is tax-exempt. The Plan Administrator is not aware of any tax positions that would have a significant impact on its financial position. Its federal tax returns for the last four years remain subject to examination.

NOTE D – FAIR VALUE MEASUREMENTS

In accordance with U.S. generally accepted accounting principles, the Plan utilizes a fair value hierarchy that prioritizes the inputs for the valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets
 - quoted prices for identical or similar assets or liabilities in inactive markets
 - inputs other than quoted prices that are observable for the asset or liability
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means
 - if the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value:

Investments measured at fair value	<u>\$ 4,576,961</u>	<u>\$ 1,088,570</u>	<u>\$ -</u>	<u>\$ 5,665,531</u>

There have been no changes in methodologies used during 2021 and 2020, nor transfers between levels. Following is a description of the valuation methodologies used for assets measured at fair value:

Common and other stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Municipal and corporate bonds: Valued based on matrix pricing on similar bonds with the same rating.

Money market and exchange traded funds: Valued at the net asset value (NAV) at the closing price reported by the fund.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE E – TRANSACTIONS WITH PARTIES-IN-INTEREST

The Plan pays for most of the trustee, recordkeeping and investment management fees. Some fees are applied by the Plan's custodian, Fidelity Investments, and Captrust, the Plan's investment advisor as a reduction to net appreciation in the fair value of the investments, unless paid by the Plan Sponsor in accordance with the service agreement. Also, certain investments in the Plan are directly managed by Captrust. Therefore, transactions with these parties qualify as party-in-interest transactions. Fees paid for legal, accounting and other services rendered by parties-in-interest were based on customary and reasonable rates for such services. The Plan's administrative expenses are paid either by the Plan or the Plan Sponsor as allowed for in the Plan document.

NOTE F – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

c What duration measure was used to calculate line 19(b)?

☐ Effective duration ☐ Macaulay duration ☐ Modified duration ☐ Other (specify): _____

20 PBGC missed contribution reporting requirements. If this is a multiemployer plan or a single-employer plan that is not covered by PBGC, skip line 20.

a Is the amount of unpaid minimum required contributions for all years from Schedule SB (Form 5500) line 40 greater than zero? ☐ Yes ☐ No

b If line 20a is "Yes," has PBGC been notified as required by ERISA sections 4043(c)(5) and/or 303(k)(4)? Check the applicable box:

☐ Yes.

☐ No. Reporting was waived under 29 CFR 4043.25(c)(2) because contributions equal to or exceeding the unpaid minimum required contribution were made by the 30th day after the due date.

☐ No. The 30-day period referenced in 29 CFR 4043.25(c)(2) has not yet ended, and the sponsor intends to make a contribution equal to or exceeding the unpaid minimum required contribution by the 30th day after the due date.

☐ No. Other. Provide explanation _____
