INDEPENDENT AUDITORS' REPORT

To the Inovalon, Inc. 401(k) Retirement Savings Plan
and its Participants:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed audit of the accompanying financial statements of Inovalon, Inc. 401(k) Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2021, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section —

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Inovalon, Inc. 401(k) Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Inovalon, Inc. 401(k) Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Inovalon, Inc. 401(k) Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Inovalon, Inc. 401(k) Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets held as of December 31, 2021 is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Inovalon, Inc. 401(k) Retirement Savings Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated July 26, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

INOVALON, INC. 401(k) RETIREMENT SAVINGS PLAN

Notes to the Financial Statements As of December 31, 2021 and 2020 and For the Year Ended December 31, 2021

1. DESCRIPTION OF THE PLAN

The following description of the Inovalon, Inc. 401(k) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the official Plan documents for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Inovalon, Inc. (Inovalon) effective January 1, 2007. The Plan covers substantially all employees of Inovalon, as defined by the Plan. The Plan also covers employees of Ability Network, Inc. and Avalere Health, LLC. On December 20, 2020, the Plan was amended and restated to exclude employees from the following employers for all contributions: ComplexCare Solutions, Inc., CCS Medical Practice, PLLC, SME Midwest S.C., SME Texas, P.A., SME Pacific P.C., SME Illinois P.C., SME Midwest P.C., SME South Carolina P.C., SME Connecticut P.C., SME Tennessee P.C., SME Virginia P.C., SME New Jersey P.C., ComplexCare Solutions, LLC, SME Medical Delaware P.A., SME Meininger Maryland P.C., SME Colorado P.C., SME Kentucky P.S.C., SME Grinman Nevada P.C., SME Indiana P.C., SME Utah P.C., SME Arizona P.C., SME Grinmand Arkansas P.A., SME West Virginia PLLC, SME Minnesota PLLC, and SME Idaho PLLC, SME Kansas P.A. and Complex Care Solutions Ops, LLC (collectively, the excluded employees). These excluded employees became eligible to participate in the ADP TotalSource Retirement Savings Multiple Employer Plan. In March 2021, their Plan account balances were transferred to the ADP TotalSource Retirement Savings Multiple Employer Plan. The transfer of assets totaled \$15,023,517. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On January 1, 2021, the Plan adopted provisions under the Further Consolidated Appropriations Act of 2020 ("the FCAA Act"), which was signed into law on December 20, 2019, containing multiple provisions impacting retirement plans. This Act included provisions of the Setting Every Community Up for Retirement Enhancement Act ("SECURE Act"), and Bipartisan American Miners Act ("BAMA Act"), which provides a comprehensive retirement package intended to expand and preserve retirement savings. Effective May 1, 2021, the Plan adopted the QBAD provision to allow distributions up to \$5,000 for the birth or adoption of a child.

All employees, with the exception of nonresident aliens, leased employees, employees performing services in Puerto Rico and employees covered by a collective bargaining agreement and as described above, are eligible to participate in the Plan. Eligible employees may enter the Plan on the first day of employment. The Plan was amended effective January 1, 2019 to reflect statutory changes of the Internal Revenue Code (the Code) Sections 401(k) and 401(m) 2019 Final Hardship Regulations. Effective January 1, 2020 the Plan was amended and restated to (1) increase the safe harbor matching formula to be 100% up to 5% of participant eligible compensation; and (2) add a contribution accelerator as prescribed in the Plan document.

INOVALON, INC. 401(k) RETIREMENT SAVINGS PLAN

Notes to the Financial Statements As of December 31, 2021 and 2020 and For the Year Ended December 31, 2021

1. DESCRIPTION OF THE PLAN – cont'd.

Participant Contributions

Participants may elect to defer up to 90% of their eligible annual compensation, as defined by the Plan, not to exceed the maximum allowable contribution under the Internal Revenue Code (the Code), which totaled \$19,500 for the year ended December 31, 2021. Participants who have attained age 50 before the end of the Plan year may make additional catch-up contributions, subject to limitations imposed by the Code, which totaled \$6,500 for the year ended December 31, 2021. Participants are permitted to make Roth elective contributions and bonus contributions to the Plan. Roth and bonus contributions are treated as elective contributions for all purposes under the Plan. A participant's Roth elective contributions are allocated to a separate account maintained for such contributions. Participants may also roll over funds into the Plan from other qualified plans.

The Plan has an automatic escalation feature whereby all participants with a salary deferral agreement on file from 1% to 10% will have deferrals increase by 1% per year up to a maximum of 10% on January 1 of each Plan year, unless a different election is made.

Company Matching Contributions

The Company has a safe harbor matching provision, whereby the Company will match 100% of an employee's first 5% in eligible earnings that the employee contributes each paycheck. The Company's employer matching contributions are invested in the same manner as those directed by the participant. During the year ended December 31, 2021, Company contributions totaled \$9,271,755.

Company Discretionary Contributions

The Plan allows for discretionary non-elective contributions. In order to be eligible for the discretionary non-elective contribution, participants must have completed 501 hours of service and be employed by the Company on the last day of the Plan year. Discretionary non-elective contributions are allocated to all eligible participants in proportion to their eligible compensation for the year. The Company did not make a discretionary non-elective contribution during the year ended December 31, 2021.

Participant Accounts

Each participant's account is participant-directed and contributions are credited with the investment options selected by each participant. Plan earnings, losses and administrative expenses are allocated to each participant's account based upon the balance in each account. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

Forfeitures

Forfeitures of the Company contributions are applied to reduce future Company contributions or to pay expenses of the Plan. The amount of forfeitures available for such reductions totaled \$19,225 and \$8,693 as of December 31, 2021 and 2020, respectively. During the year ended December 31, 2021, forfeitures used to pay Plan expenses totaled \$26,205.

INOVALON, INC. 401(k) RETIREMENT SAVINGS PLAN

Notes to the Financial Statements As of December 31, 2021 and 2020 and For the Year Ended December 31, 2021

1. DESCRIPTION OF THE PLAN – cont'd.

Notes Receivable from Participants

Participants may borrow up to 50% of their vested account balance, not to exceed \$50,000, without regard to the intended use of the funds. The minimum note amount is \$1,000 and a participant may have no more than one note outstanding at any given time. Notes are collateralized by the participant's vested account balance. Note repayments are to be made at least quarterly with interest based on interest rates comparable to those offered by financial institutions at the time of note origination. Notes for reasons other than the purchase of a primary residence are to be repaid within five years or less. Notes for the purchase of a primary residence are to be repaid within 10 years.

Payment of Benefits

Upon termination of service, death, disability, retirement, or attainment of age 59½, a participant (or their beneficiary, in the event of death) is entitled to a distribution of their vested account balance. Distributions from the Plan are payable in the form of a lump sum or in the event of retirement, installments over a period not to exceed their assumed life expectancy. Upon proof, to the satisfaction of the Plan administrator, of an immediate and heavy financial need, amounts contributed by the participant may be withdrawn for a hardship purpose. In-service withdrawals may be requested by a participant upon attainment of age 59½. Certain income tax penalties may apply to withdrawals or distributions prior to age 59½. Distributions and withdrawals are subject to the applicable provisions of the Plan agreement. As of December 31, 2021 and 2020, there were no net assets of the Plan allocated to participants who had elected to withdraw from the Plan but had not received such distributions prior to year-end.

Vesting

Participants are immediately vested in their contributions and Company contributions plus earnings thereon.

Plan Expenses

All administrative expenses are required to be paid by the Trustee and Custodian with assets of the Plan, unless paid by the Company, at its discretion. During the year ended December 31, 2021, the Company elected to pay a portion of the Plan's direct expenses. Expenses that are paid directly by the Company are excluded from the Plan's financial statements. Loan and distribution fees are paid by the Plan and its participants. Investment related expenses are included in net appreciation of fair value of investments.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

INOVALON, INC. 401(k) RETIREMENT SAVINGS PLAN

Notes to the Financial Statements As of December 31, 2021 and 2020 and For the Year Ended December 31, 2021

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – cont'd.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to net assets available for benefits and deductions from net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for investments in assets that are exposed to risks such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities may occur that materially affect participant account balances and amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. Interest income is recorded on the accrual basis. Delinquent notes are treated as distributions based on the terms of the Plan agreement.

Fair Value Measurement

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, defines fair value and establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

INOVALON, INC. 401(k) RETIREMENT SAVINGS PLAN

Notes to the Financial Statements As of December 31, 2021 and 2020 and For the Year Ended December 31, 2021

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – cont'd.

Fair Value Measurement – cont'd.

The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Interests in registered investment companies: Valued at the closing price reported in the active market in which the funds are traded.

Interests in common/collective trusts: Valued at the fair value based on the net asset value as determined by the issuer.

Interest in insurance company general account: Valued at the fair value based on the net asset value as determined by the issuer.

Interests in pooled separate accounts: Valued at the fair value based on the net asset value as determined by the issuer.

INOVALON, INC. 401(k) RETIREMENT SAVINGS PLAN

Notes to the Financial Statements As of December 31, 2021 and 2020 and For the Year Ended December 31, 2021

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – cont'd.

Fair Value Measurement – cont'd.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used as of December 31, 2021 and 2020.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Interests in registered investment companies	\$ 34,537,456	\$ -	\$ -	\$ 34,537,456

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – cont'd.

Fair Value Measurement – cont'd.

(*) In accordance with ASC 820-10, certain investments that were measured at net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table presents the Plan's investments, at fair value, which are estimated using the net asset value per share practical expedient as of December 31,:

	2021		2020		Redemption Frequency	Redemption Notice Period	Unfunded Commitments
Common/collective trusts	\$ 22,014,978	(a)	\$ 18,022,063	(a)	Daily	Daily	n/a
Insurance company general account	\$ 8,630,536	(b)	\$ 7,886,507	(b)	Daily	Daily	n/a
Pooled separate accounts	\$ 131,783,107	(c)	\$ 124,628,657	(c)	Daily	Daily	n/a

- (a) These funds invest in a variety of investment contracts and instruments, including equity funds. Investments may be redeemed at the unit value on the transaction date.
- (b) This fund invests in high-quality bonds with short to intermediate-term maturities and insurance contracts.
- (c) These funds invest in other pooled investment vehicles (underlying funds), including target date funds. The underlying funds will, in turn, invest in a combination of stocks, bonds and non-traditional asset classes (commodities and real estate).

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan evaluated for disclosure any subsequent events through July 26, 2022, the date the financial statements were available to be issued and determined there were no material events that warrant disclosure, except as disclosed in Note 7.

3. INVESTMENTS

All investment data contained in the accompanying financial statements and supplemental schedule, including assets held at December 31, 2021 and 2020, interest and dividend income and net realized and unrealized appreciation in fair value of investments for the year ended December 31, 2021 was obtained or derived from the information supplied to the Plan administrator and certified as complete and accurate by Prudential Bank and Trust, FSB, the Trustee of the Plan, and Prudential Retirement Insurance and Annuity Company, the Custodian of the Plan.

INOVALON, INC. 401(k) RETIREMENT SAVINGS PLAN

Notes to the Financial Statements As of December 31, 2021 and 2020 and For the Year Ended December 31, 2021

4. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Trustee and Custodian for the Plan. The Plan loans funds to its participants according to the applicable provisions of the Plan agreement. The Company provides the Plan with certain accounting and administrative services for which no fees are charged. All such transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

6. INCOME TAX STATUS

The Plan adopted a standardized prototype plan with a deferral arrangement which received an opinion letter from the Internal Revenue Service dated April 29, 2014, stating that the Plan is qualified under Section 401(a) of the Code and therefore, the related trust is exempt from taxation. Subsequent to the issuance of the opinion letter, the Plan has been amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

ASC 740, *Income Taxes*, prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return as well as guidance on de-recognition, classification, interest and penalties and financial statement reporting disclosures. For these benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. As the Plan is tax exempt and has no unrelated business income, the provisions of ASC 740 do not have an impact on the Plan's financial statements. The Plan recognizes interest and penalties accrued on any unrecognized tax exposures as a component of income tax expense. The Plan does not have any amounts accrued related to interest and penalties as of December 31, 2021 and 2020.

The Plan is subject to routine audits by the IRS and Department of Labor; however, there are currently no audits for any periods in progress.

7. SUBSEQUENT EVENTS

On July 21, 2021, Empower Retirement and Prudential announced they entered into a definitive agreement for Empower to acquire Prudential's full service retirement business. The transaction closed on April 4, 2022. There are no anticipated immediate impacts to the Plan or Plan participants.

INDEPENDENT AUDITORS' REPORT

To the Inovalon, Inc. 401(k) Retirement Savings Plan
and its Participants:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed audit of the accompanying financial statements of Inovalon, Inc. 401(k) Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2021, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section —

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Inovalon, Inc. 401(k) Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Inovalon, Inc. 401(k) Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Inovalon, Inc. 401(k) Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Inovalon, Inc. 401(k) Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets held as of December 31, 2021 is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Inovalon, Inc. 401(k) Retirement Savings Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated July 26, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

INOVALON, INC. 401(k) RETIREMENT SAVINGS PLAN

Notes to the Financial Statements As of December 31, 2021 and 2020 and For the Year Ended December 31, 2021

1. DESCRIPTION OF THE PLAN

The following description of the Inovalon, Inc. 401(k) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the official Plan documents for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Inovalon, Inc. (Inovalon) effective January 1, 2007. The Plan covers substantially all employees of Inovalon, as defined by the Plan. The Plan also covers employees of Ability Network, Inc. and Avalere Health, LLC. On December 20, 2020, the Plan was amended and restated to exclude employees from the following employers for all contributions: ComplexCare Solutions, Inc., CCS Medical Practice, PLLC, SME Midwest S.C., SME Texas, P.A., SME Pacific P.C., SME Illinois P.C., SME Midwest P.C., SME South Carolina P.C., SME Connecticut P.C., SME Tennessee P.C., SME Virginia P.C., SME New Jersey P.C., ComplexCare Solutions, LLC, SME Medical Delaware P.A., SME Meininger Maryland P.C., SME Colorado P.C., SME Kentucky P.S.C., SME Grinman Nevada P.C., SME Indiana P.C., SME Utah P.C., SME Arizona P.C., SME Grinmand Arkansas P.A., SME West Virginia PLLC, SME Minnesota PLLC, and SME Idaho PLLC, SME Kansas P.A. and Complex Care Solutions Ops, LLC (collectively, the excluded employees). These excluded employees became eligible to participate in the ADP TotalSource Retirement Savings Multiple Employer Plan. In March 2021, their Plan account balances were transferred to the ADP TotalSource Retirement Savings Multiple Employer Plan. The transfer of assets totaled \$15,023,517. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On January 1, 2021, the Plan adopted provisions under the Further Consolidated Appropriations Act of 2020 ("the FCAA Act"), which was signed into law on December 20, 2019, containing multiple provisions impacting retirement plans. This Act included provisions of the Setting Every Community Up for Retirement Enhancement Act ("SECURE Act"), and Bipartisan American Miners Act ("BAMA Act"), which provides a comprehensive retirement package intended to expand and preserve retirement savings. Effective May 1, 2021, the Plan adopted the QBAD provision to allow distributions up to \$5,000 for the birth or adoption of a child.

All employees, with the exception of nonresident aliens, leased employees, employees performing services in Puerto Rico and employees covered by a collective bargaining agreement and as described above, are eligible to participate in the Plan. Eligible employees may enter the Plan on the first day of employment. The Plan was amended effective January 1, 2019 to reflect statutory changes of the Internal Revenue Code (the Code) Sections 401(k) and 401(m) 2019 Final Hardship Regulations. Effective January 1, 2020 the Plan was amended and restated to (1) increase the safe harbor matching formula to be 100% up to 5% of participant eligible compensation; and (2) add a contribution accelerator as prescribed in the Plan document.

INOVALON, INC. 401(k) RETIREMENT SAVINGS PLAN

Notes to the Financial Statements As of December 31, 2021 and 2020 and For the Year Ended December 31, 2021

1. DESCRIPTION OF THE PLAN – cont'd.

Participant Contributions

Participants may elect to defer up to 90% of their eligible annual compensation, as defined by the Plan, not to exceed the maximum allowable contribution under the Internal Revenue Code (the Code), which totaled \$19,500 for the year ended December 31, 2021. Participants who have attained age 50 before the end of the Plan year may make additional catch-up contributions, subject to limitations imposed by the Code, which totaled \$6,500 for the year ended December 31, 2021. Participants are permitted to make Roth elective contributions and bonus contributions to the Plan. Roth and bonus contributions are treated as elective contributions for all purposes under the Plan. A participant's Roth elective contributions are allocated to a separate account maintained for such contributions. Participants may also roll over funds into the Plan from other qualified plans.

The Plan has an automatic escalation feature whereby all participants with a salary deferral agreement on file from 1% to 10% will have deferrals increase by 1% per year up to a maximum of 10% on January 1 of each Plan year, unless a different election is made.

Company Matching Contributions

The Company has a safe harbor matching provision, whereby the Company will match 100% of an employee's first 5% in eligible earnings that the employee contributes each paycheck. The Company's employer matching contributions are invested in the same manner as those directed by the participant. During the year ended December 31, 2021, Company contributions totaled \$9,271,755.

Company Discretionary Contributions

The Plan allows for discretionary non-elective contributions. In order to be eligible for the discretionary non-elective contribution, participants must have completed 501 hours of service and be employed by the Company on the last day of the Plan year. Discretionary non-elective contributions are allocated to all eligible participants in proportion to their eligible compensation for the year. The Company did not make a discretionary non-elective contribution during the year ended December 31, 2021.

Participant Accounts

Each participant's account is participant-directed and contributions are credited with the investment options selected by each participant. Plan earnings, losses and administrative expenses are allocated to each participant's account based upon the balance in each account. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

Forfeitures

Forfeitures of the Company contributions are applied to reduce future Company contributions or to pay expenses of the Plan. The amount of forfeitures available for such reductions totaled \$19,225 and \$8,693 as of December 31, 2021 and 2020, respectively. During the year ended December 31, 2021, forfeitures used to pay Plan expenses totaled \$26,205.

Notes to the Financial Statements As of December 31, 2021 and 2020 and For the Year Ended December 31, 2021

1. DESCRIPTION OF THE PLAN – cont'd.

Notes Receivable from Participants

Participants may borrow up to 50% of their vested account balance, not to exceed \$50,000, without regard to the intended use of the funds. The minimum note amount is \$1,000 and a participant may have no more than one note outstanding at any given time. Notes are collateralized by the participant's vested account balance. Note repayments are to be made at least quarterly with interest based on interest rates comparable to those offered by financial institutions at the time of note origination. Notes for reasons other than the purchase of a primary residence are to be repaid within five years or less. Notes for the purchase of a primary residence are to be repaid within 10 years.

Payment of Benefits

Upon termination of service, death, disability, retirement, or attainment of age 59½, a participant (or their beneficiary, in the event of death) is entitled to a distribution of their vested account balance. Distributions from the Plan are payable in the form of a lump sum or in the event of retirement, installments over a period not to exceed their assumed life expectancy. Upon proof, to the satisfaction of the Plan administrator, of an immediate and heavy financial need, amounts contributed by the participant may be withdrawn for a hardship purpose. In-service withdrawals may be requested by a participant upon attainment of age 59½. Certain income tax penalties may apply to withdrawals or distributions prior to age 59½. Distributions and withdrawals are subject to the applicable provisions of the Plan agreement. As of December 31, 2021 and 2020, there were no net assets of the Plan allocated to participants who had elected to withdraw from the Plan but had not received such distributions prior to year-end.

Vesting

Participants are immediately vested in their contributions and Company contributions plus earnings thereon.

Plan Expenses

All administrative expenses are required to be paid by the Trustee and Custodian with assets of the Plan, unless paid by the Company, at its discretion. During the year ended December 31, 2021, the Company elected to pay a portion of the Plan's direct expenses. Expenses that are paid directly by the Company are excluded from the Plan's financial statements. Loan and distribution fees are paid by the Plan and its participants. Investment related expenses are included in net appreciation of fair value of investments.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

INOVALON, INC. 401(k) RETIREMENT SAVINGS PLAN

Notes to the Financial Statements As of December 31, 2021 and 2020 and For the Year Ended December 31, 2021

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – cont'd.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to net assets available for benefits and deductions from net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for investments in assets that are exposed to risks such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities may occur that materially affect participant account balances and amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. Interest income is recorded on the accrual basis. Delinquent notes are treated as distributions based on the terms of the Plan agreement.

Fair Value Measurement

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, defines fair value and establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

INOVALON, INC. 401(k) RETIREMENT SAVINGS PLAN

Notes to the Financial Statements As of December 31, 2021 and 2020 and For the Year Ended December 31, 2021

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – cont'd.

Fair Value Measurement – cont'd.

The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Interests in registered investment companies: Valued at the closing price reported in the active market in which the funds are traded.

Interests in common/collective trusts: Valued at the fair value based on the net asset value as determined by the issuer.

Interest in insurance company general account: Valued at the fair value based on the net asset value as determined by the issuer.

Interests in pooled separate accounts: Valued at the fair value based on the net asset value as determined by the issuer.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – cont'd.

Fair Value Measurement – cont'd.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used as of December 31, 2021 and 2020.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021:

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – cont'd.

Fair Value Measurement – cont'd.

(*) In accordance with ASC 820-10, certain investments that were measured at net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table presents the Plan's investments, at fair value, which are estimated using the net asset value per share practical expedient as of December 31,:

	2021		2020		Redemption Frequency	Redemption Notice Period	Unfunded Commitments
Common/collective trusts	\$ 22,014,978	(a)	\$ 18,022,063	(a)	Daily	Daily	n/a
Insurance company general account	\$ 8,630,536	(b)	\$ 7,886,507	(b)	Daily	Daily	n/a
Pooled separate accounts	\$ 131,783,107	(c)	\$ 124,628,657	(c)	Daily	Daily	n/a

- (a) These funds invest in a variety of investment contracts and instruments, including equity funds. Investments may be redeemed at the unit value on the transaction date.
- (b) This fund invests in high-quality bonds with short to intermediate-term maturities and insurance contracts.
- (c) These funds invest in other pooled investment vehicles (underlying funds), including target date funds. The underlying funds will, in turn, invest in a combination of stocks, bonds and non-traditional asset classes (commodities and real estate).

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan evaluated for disclosure any subsequent events through July 26, 2022, the date the financial statements were available to be issued and determined there were no material events that warrant disclosure, except as disclosed in Note 7.

3. INVESTMENTS

All investment data contained in the accompanying financial statements and supplemental schedule, including assets held at December 31, 2021 and 2020, interest and dividend income and net realized and unrealized appreciation in fair value of investments for the year ended December 31, 2021 was obtained or derived from the information supplied to the Plan administrator and certified as complete and accurate by Prudential Bank and Trust, FSB, the Trustee of the Plan, and Prudential Retirement Insurance and Annuity Company, the Custodian of the Plan.

Notes to the Financial Statements As of December 31, 2021 and 2020 and For the Year Ended December 31, 2021

4. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Trustee and Custodian for the Plan. The Plan loans funds to its participants according to the applicable provisions of the Plan agreement. The Company provides the Plan with certain accounting and administrative services for which no fees are charged. All such transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

6. INCOME TAX STATUS

The Plan adopted a standardized prototype plan with a deferral arrangement which received an opinion letter from the Internal Revenue Service dated April 29, 2014, stating that the Plan is qualified under Section 401(a) of the Code and therefore, the related trust is exempt from taxation. Subsequent to the issuance of the opinion letter, the Plan has been amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

ASC 740, *Income Taxes*, prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return as well as guidance on de-recognition, classification, interest and penalties and financial statement reporting disclosures. For these benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. As the Plan is tax exempt and has no unrelated business income, the provisions of ASC 740 do not have an impact on the Plan's financial statements. The Plan recognizes interest and penalties accrued on any unrecognized tax exposures as a component of income tax expense. The Plan does not have any amounts accrued related to interest and penalties as of December 31, 2021 and 2020.

The Plan is subject to routine audits by the IRS and Department of Labor; however, there are currently no audits for any periods in progress.

7. SUBSEQUENT EVENTS

On July 21, 2021, Empower Retirement and Prudential announced they entered into a definitive agreement for Empower to acquire Prudential's full service retirement business. The transaction closed on April 4, 2022. There are no anticipated immediate impacts to the Plan or Plan participants.
