Independent Auditor's Report

July 28, 2022

Fiduciary Committee
Powell Industries, Inc. Employees Incentive Savings Plan
Houston, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of the Powell Industries, Inc. Employees Incentive Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, which raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions and maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

July 28, 2022

Powell Industries, Inc. Employees Incentive Savings Plan

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, which raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2021 and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Powell Industries, Inc. Employees Incentive Savings Plan

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Fiduciary Committee instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated July 1, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

POWELL INDUSTRIES, INC. EMPLOYEES INCENTIVE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

Note 1 - Plan Description

The following description of the Powell Industries, Inc. Employees Incentive Savings Plan (the Plan) is provided for general information only. Participants should refer to the plan document for more complete information.

General

The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan was established December 12, 1960, and has since been amended and restated.

Plan Administration

The Plan is administered by a committee (the Fiduciary Committee) which consists of one or more employees appointed by the board of directors of Powell Industries, Inc. (the Company). An employee of the Company is appointed to serve as the plan administrator.

Fidelity Management Trust Company (Fidelity) is the Plan's trustee.

Eligibility and Contributions

Eligible employees are immediately eligible to participate in the Plan and may elect to contribute, by payroll deduction, between 1% and 75% of their compensation, as defined in the plan document. In addition, eligible employees who have attained age 50 before the close of the plan year are eligible to make catch-up contributions subject to limitations of the Internal Revenue Code (IRC).

Eligible employees automatically begin deferring 2% of compensation, as defined, unless otherwise instructed by the employee. Eligible employees will have their deferral percentage increased by 1% each year up to a maximum of 15%, unless otherwise instructed by the employee. Participants automatically enrolled in the last six months of the Plan year will not have their deferral increased until the second January following the date of their auto enrollment.

The Company contributes an amount equal to 50% of the participant's contribution, including catch-up contributions, not to exceed 6% of the participant's compensation, as defined.

The Company may also contribute additional amounts as determined by the board of directors. These discretionary contributions may be in the form of a profit-sharing contribution or matching contribution. There were no discretionary contributions for the year ended December 31, 2021.

POWELL INDUSTRIES, INC. EMPLOYEES INCENTIVE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2021 and 2020

Participant Accounts

Participants designate how employee contributions and Company matching contributions will be invested among available investment options. Contributions are no longer permitted to be invested in the Powell Industries, Inc. common stock fund; however, participants may elect at any time to transfer all or a portion of their Powell Industries, Inc. common stock to any of the other investment options offered by the Plan. Separate accounts are maintained for each participant. Investment income or loss is allocated daily to participants based on their respective balances in the funds.

Voting Rights Attributable to Powell Industries, Inc. Common Stock

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the trustee prior to the time that such rights are to be exercised. The Fiduciary Committee directs the trustee to vote allocated shares for which no voting instructions are received from participants.

Notes Receivable from Participants

Participants may borrow from their fund accounts to the extent that loans issued are no less than \$1,000, with a maximum value limited to the lesser of \$50,000 or one-half of the participant's vested balance. Loans made pursuant to the plan document bear a reasonable rate of interest which is commensurate with prevailing rates offered by commercial lending institutions at the date of issuance. The loans are generally repaid through payroll deductions. A participant may have a maximum of two loans outstanding at any time, or three loans outstanding provided one is for the purchase of a principal residence. Loan terms are limited to five years unless for the purchase of a principal residence, which can extend the loan period to ten years.

Vesting

Participants are always 100% vested in their contributions, contributions made by the Company, and accumulated earnings thereon.

Forfeitures

Forfeitures may be used to pay administrative expenses or reduce employer matching contributions. As of December 31, 2021 and 2020, there was approximately \$2,329 and \$20,900, respectively, of available forfeitures. During 2021, there was approximately \$25,000 utilized to pay administrative expenses and no forfeitures were used to reduce employer matching contributions.

Benefit Payments

Upon termination of service, death, or disability, a participant's vested balance may be received by the participant as a fixed period installment option, a fixed payment installment option, or a lump-sum payment. If a participant's vested account balance is greater than \$5,000, the participant may choose to leave their vested balance in the Plan and defer distribution until a future date. Upon termination, participants with a vested account balance of \$1,000 or less shall receive an automatic lump sum distribution from the Plan. For participants who terminate with a vested account balance of more than \$1,000 but less than \$5,000, Fidelity shall make a direct rollover into an individual retirement account. As a general rule, distributions are made in cash; however, payment of accounts invested in Company common stock may be made in the form of Company common stock at the participant's election.

Under certain circumstances, participants may withdraw the value of their account while still employed for reasons of financial hardship, upon the attainment of age 59½ and for other such reasons. Upon withdrawal from the Plan or termination of employment, participants may be subject to income taxes on contributions and income earned.

Note 2 - Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes realized gains or losses on investments sold during the year as well as the unrealized gains or losses on the investments held at the end of the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest, with no allowance for credit losses as the notes are collateralized by the participants' account balances. Interest income is recorded on the accrual basis. In general, notes receivable from participants are considered in default in the calendar quarter following the quarter in which no payment is made, and such defaults are accounted for as distributions based upon the terms of the plan document.

See independent auditor's report.

Benefit Payments

Benefits paid to participants or beneficiaries are recorded when paid.

Administrative Expenses

At the option of the plan administrator, expenses related to the administration of the Plan may be paid by the Company or by the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Fiduciary Committee to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

The Plan provides for investment in various investment securities. Investment securities, in general, are exposed to certain risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and amounts reported in the financial statements.

Subsequent Events

The Fiduciary Committee evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through July 28, 2022, which is the date the financial statements were available to be issued.

Note 3 - Information Certified by Plan's Trustee

The Fiduciary Committee has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Fiduciary Committee has obtained a certification from Fidelity that all of the information provided is complete and accurate as of December 31, 2021 and 2020 and for the year ended December 31, 2021. Information included in the financial statements and the related notes to the financial statements as to investments, notes receivable from participants, investment income, interest income on notes receivable from participants, and all the related information in the supplemental schedule of assets (held at end of year) is presented in reliance solely upon this certification.

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements, the accompanying notes, and the supplemental schedule.

See independent auditor's report.

Note 4 - Fair Value Measurements

GAAP provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds and Powell Industries, Inc. Common Stock: These investments are valued daily based upon quoted market prices.

Common/Collective Trust Fund: This fund is valued at its net asset value (NAV) as reported by the issuer based on quoted market prices of the underlying investments, when available. The NAV is used as a practical expedient to estimate fair value. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Investment measured at NAV (practical expedient)				<u>23,214,369</u>
Total investments at fair value				<u>\$ 208,545,012</u>

The following information is provided for the investment that uses NAV as a practical expedient as of December 31, 2021 and 2020:

The estimated fair value of the Morley Stable Value Fund as of December 31, 2021 and 2020 is \$21,075,925 and \$23,214,369, respectively. Individual participant redemptions for benefit payments or transfers to another non-competing fund are generally permitted without restriction but may take up to 30 days. Participant-directed transfers to competing investment options, if any, must be held for 90 days before transfer to a competing fund. A twelve-month advance written notice is required for any plan-sponsor directed withdrawals, such as partial or complete plan terminations, terminating the fund as an investment option, etc. The issuer of the fund, at its sole discretion, may choose to disburse the funds in less than twelve months if it determines that such a disbursement is in the best interest of the investment as a whole.

As of December 31, 2021 and 2020, there were no unfunded commitments.

Note 5 - Related-Party Transactions and Party-in-Interest Transactions

Certain plan investments are shares of the Company's common stock. Additionally, the Plan offers mutual funds issued by an affiliate of Fidelity. These transactions qualify as party-in-interest transactions and are covered by an exemption from the "prohibited transaction" provisions of ERISA and the IRC.

Fidelity provides certain administrative services to the Plan pursuant to a service agreement between the Company and Fidelity. Fidelity receives revenue from certain Fidelity and non-Fidelity investment products held by the Plan as prescribed in the service agreement. This revenue is used to offset certain amounts owed to Fidelity for its administrative services to the Plan. If the revenue received by Fidelity exceeds the amount owed to them by the Plan, then the excess is remitted to the Plan on a quarterly basis. Such amounts may be used by the Plan to offset plan-related expenses or allocated to the accounts of participants. The balance held by the Plan in their revenue credit account as of December 31, 2021 and 2020 was approximately \$43,700 and \$27,300, respectively. For the year ended December 31, 2021, approximately \$56,000 of the excess revenue was offset to pay plan-related administrative expenses and no amounts were allocated to participant accounts.

Note 6 - Nonexempt Transaction

As disclosed in the supplemental schedule of delinquent participant contributions, there was an unintentional delay in remitting participant contributions to the Plan in the amount of \$42. The untimely remittance including lost earnings were remitted to the Plan prior to December 31, 2021.

Note 7 - Federal Income Tax

Prior to March 23, 2021, the volume submitter plan adopted by the Plan received an advisory letter from the Internal Revenue Service (IRS) dated March 31, 2014, stating that it was in compliance with the applicable requirements of the IRC. Effective March 23, 2021, the Plan was amended and restated via its adoption of a pre-approved plan. The pre-approved plan received an opinion letter from the IRS dated June 30, 2020, stating that it was in compliance with the applicable requirements of the IRC. The volume submitter plan and the pre-approved plan have both been amended since receiving their IRS letters; however, the plan administrator believes that the Plan continues to be designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

See independent auditor's report.

Note 9 - Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements at December 31, 2021 and 2020 to the net assets per the Form 5500:

	<u>2021</u>	<u>2020</u>
Net Assets Available for Benefits per the Financial Statements	\$ 237,708,062	\$ 214,898,962
Accumulated deemed loan distributions	<u>(63,954)</u>	<u>(66,552)</u>
Net Assets per the Form 5500	<u>\$ 237,644,108</u>	<u>\$ 214,832,410</u>

A deemed loan distribution is defined as a loan defaulted and distributed for income tax purposes, but not for financial statement purposes, as the participant is in default at year end but has not had a distributable event for Plan purposes.

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements for the year ended December 31, 2021, to the net income per the Form 5500:

Net Increase in Net Assets Available for Benefits per the Financial Statements	\$ 22,809,100
Change in deemed loan distribution balance	<u>2,598</u>
Net Income per the Form 5500	<u>\$ 22,811,698</u>
