FGF, LLC 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the FGF, LLC 401(k) Plan (the Plan) provides only general information. Therefore, participants should refer to the Plan agreement or Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by FGF, LLC (the Company or Plan Sponsor) for its employees. The Plan is designed to comply with the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), and the Internal Revenue Code (IRC).

Eligibility

All employees of the Company who have completed at least one year of service and who are age 18 or older are eligible to participate in the Plan.

Participant Contributions

Participants may elect to contribute up to 100% of their annual compensation as defined in the Plan, subject to the maximum dollar amount allowable under the IRC. Participant contributions may be designated as pretax or after-tax Roth contributions, subject to IRC limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to IRC limits. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Employer Contributions

The Company makes a discretionary matching contribution equal to 100 percent of participant's elective deferrals that do not exceed 3 percent of eligible compensation plus 50 percent of the amount of the participants elective deferrals that exceed 3 percent of eligible participant compensation but do not exceed 5 percent of participant's eligible compensation. The discretionary matching contribution totaled \$166,078 for the year ended December 31, 2019.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company contributions and earnings or losses and may be charged with certain administrative expenses. Plan earnings or losses are applied to a participant's account balance based on the investment experience of the funds held and the number of shares owned in each fund by the participant.

Vesting

Participants are immediately vested in their voluntary contributions and employer contributions plus actual earnings or losses thereon.

FGF, LLC 401(k) Plan

Notes to Financial Statements

Payment of Benefits

The benefit to which a participant is entitled equals the value of the participant's vested interest in his or her account. Upon termination of service including death, disability, or retirement, a participant may elect to receive a lump-sum payment equal to the vested portion of his or her account. Upon termination of employment, vested account balances of less than \$5,000 will be rolled over to an individual retirement account if withdrawal of the funds is not initiated by the participant. Account balances less than \$1,000 are distributed to participants as a lump sum distribution.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a menu of options including, mutual funds and a stable value fund.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to the lesser of \$50,000 or 50% of their vested account balance. Participants may have only one loan outstanding at a time. The loans are secured by the balance in the participant's account and bear interest at a rate set by the Plan administrator, ranging from 5.25% to 6.50%. Any loan must be repaid within five years unless otherwise approved. Principal and interest are paid ratably through payroll deductions.

Administrative Expenses

All administrative fees charged to the Plan are paid by the participants and are presented as administrative expenses in the statement of changes in net assets available for benefits.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP). The Plan's financial statements and schedules have been prepared in compliance with ERISA.

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates. Significant items subject to such estimates and assumptions include the fair value of investments.

FGF, LLC 401(k) Plan

Notes to Financial Statements

Cash

From time to time, the Plan holds funds in non-interest-bearing cash accounts related to investment or participant transactions in process. At December 31, 2019 and 2018, \$43,290 and \$56,444, respectively, were held in cash related to unsettled brokerage transactions. These amounts are excluded from investments on the statements of net assets available for benefits and are not reported on the supplemental Schedule H, line 4i - Schedule of Assets (Held at End of Year).

Investment Valuation and Income Recognition

Investments mutual funds are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor determines the Plan's valuation policies utilizing information provided by the custodian. See Note 3 for discussion of fair value measurements.

Most investments of the Plan are reported at fair value. However, fully benefit-responsive investment contracts held by the Plan are reported at contract value as it represents the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in such investment contracts through its group annuity contract.

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses for investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and benefit payment is recorded.

Payment of Benefits

Benefits paid to participants are recorded as a reduction of net assets available for benefits when paid.

3. Fair Value Measurements

The accounting standards establish a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. The hierarchy places the highest priority on unadjusted quoted marked prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

FGF, LLC 401(k) Plan

Notes to Financial Statements

Level 2: Significant other observable inputs other than Level 1 inputs such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following are descriptions of the valuation methods and assumptions used by the Plan to estimate the fair value of its investments:

Mutual funds: The fair value of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (level 1 inputs).

The following tables present the Plan's fair value hierarchy by asset class for those assets measured at fair value:

<i>December 31, 2019</i>		<i>Investments at Fair Value Measurements</i>			
	Level 1	Level 2	Level 3	Total	
Mutual funds	\$ 2,881,185	\$ -	\$ -	\$ 2,881,185	
Total investments at fair value				\$ 2,881,185	

<i>December 31, 2018</i>		<i>Investments at Fair Value Measurements</i>			
	Level 1	Level 2	Level 3	Total	
Mutual funds	\$ 1,988,886	\$ -	\$ -	\$ 1,988,886	
Total investments at fair value				\$ 1,988,886	

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

4. Investment in Stable Value Fund

The Plan has a stable value fund. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. The balance in the contract was \$15,548 and \$10,280 at December 31, 2019 and 2018, respectively. Contract value is the relevant measure for the fully benefit investment contracts because this is the amount received by the participant if they were to initiate permitted transactions under the terms of the Plan.

FGF, LLC 401(k) Plan

Notes to Financial Statements

Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. As a traditional investment contract, the Plan owns only the contract itself.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than zero percent. The credit rating is reviewed on a quarterly basis for resetting. The contract does not have a maturity date.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent upon the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include, but are not limited to the Plan's failure to qualify under Section 401(a) of the Internal Revenue Code ("IRC") or the failure of the trust to be tax-exempt under section 501(a) of the IRC; premature termination of the contract; Plan terminations or merger; changes to the Plan's prohibition or competing investment options; and bankruptcy of the Plan Sponsor or other events of the Sponsor, such as divestitures, that significantly affect the Plan's normal operations.

5. Information Certified by the Custodian (Unaudited)

The Plan administrator has elected the method of annual reporting permitted by Regulation 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Matrix Trust Company, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental schedules.

The custodian has certified that the following data included in the accompanying financial statements is complete and accurate:

<i>December 31,</i>	2019	2018
Cash	\$ 43,290	\$ 56,444
Investments, at fair value	2,881,185	1,998,886
Investments, at contract value	15,548	10,280

	\$ 3,046,553	\$ 2,187,151

FGF, LLC 401(k) Plan
Notes to Financial Statements

<i>Year ended December 31,</i>	2019
Investment income	
Net appreciation in fair value of investments	\$ 384,043
Interest and dividends	95,461
Total investment income	479,504
Interest income on notes receivable from participants	3,806
	\$ 483,310

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.

7. Tax Status of the Plan

The Company adopted the Volume Submitter Profit Sharing Plan with CODA (Volume Submitter Plan) sponsored by Pen-Cal Administrators, Inc (Recordkeeper). Pen-Cal Administrators, Inc. received an opinion letter from the IRS dated September 30, 2014, which states that the Volume Submitter Plan document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. Although the Plan has been amended since the date of the opinion letter, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

US GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Parties-In-Interest

Parties-in-interest are defined under DOL Regulations as any fiduciary of the Plan, any party rendering services to the Plan, the Company, and certain others. As such, transactions conducted by the Custodian and Recordkeeper, and their affiliates qualify as party-in-interest transactions.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

FGF, LLC 401(k) Plan
Notes to Financial Statements

10. Subsequent Events

The Plan administrator evaluated events or transactions that occurred after December 31, 2019, and through June 1, 2022, the date the financial statements were available to be issued.
