Report on the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of MidCountry Bank 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of MidCountry Bank 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about MidCountry Bank 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of MidCountry Bank 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about MidCountry Bank 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of MidCountry Bank 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated June 4, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

MidCountry Bank 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS AS OF DECEMBER 31, 2021 AND 2020

1. DESCRIPTION OF THE PLAN

The following description of MidCountry Bank 401(k) Plan (the Plan) is provided for general information purposes only. More complete information regarding the Plan's provisions may be found in the plan agreement.

General — The Plan is a participant-directed, defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan covers substantially all employees of MidCountry Bank and Subsidiaries (the Company) who have completed at least one month of service and are age eighteen or older.

Contributions — Each year, participants may contribute a portion of their annual eligible compensation, as defined in the Plan document, and subject to certain Internal Revenue Service (IRS) limitations. Participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5 percent of eligible compensation and their contributions invested in a target retirement date fund until changed by the participant. The automatic deferral feature also provides a one percent annual increase in the percentage deferred, which is ultimately capped at eight percent.

Participants are eligible for matching contributions made by the Company equal to a percentage of participants' salary deferral contributions, as defined in the Plan document. The Company makes safe harbor matching contributions equal to 100 percent of the first 3 percent and 50 percent on the next 2 percent of eligible compensation that participants contributed to the Plan. In addition, the Company may make additional discretionary matching contributions. Each year, the Company, at its sole discretion, may also make a non-elective discretionary contribution to the Plan, which, if made, would be allocated among eligible participants. Allocation conditions to share in the non-elective discretionary contribution to the Plan requires active employment on the last day of the Plan year, which is waived for employees who terminated upon death, disability, or attainment of age 55 by their termination date. The Company made a discretionary profit sharing contribution of \$101,558 and \$103,084 for the years ended December 31, 2021 and 2020, respectively.

Participant accounts — Each participant's account is credited with the participant's contributions, Company contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting — Participants are fully vested in their own contributions, rollover contributions, the Company's safe harbor matching contributions, and earnings thereon. Participants vest in the Company's discretionary non-elective contribution and related earnings as follows:

Years of Service	Percent Vested
0-1 Year	0%
2 Years	25%
3 Years	50%
4 Years	75%
5 Years	100%

Notes receivable from participants — Participants may borrow from their account balances an amount not to exceed the lesser of \$50,000 (less adjustments as required by the IRS) or 50 percent of their vested account balance. The minimum loan amount is \$1,000. The notes receivable are secured by the balance in the participant's account and participants may have only one loan outstanding at any time. The interest rate charged on amounts borrowed is equal to the prime rate, as defined, plus 1 percent at the loan origination date. Principal and interest is paid ratably through payroll deductions.

Payment of benefits — Upon termination of service, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or other installment options as provided by the Plan. All fully vested balances are available for distribution after the participant reaches the age of 55.

Hardship distributions are permitted upon demonstration of financial hardship.

Forfeitures — Forfeitures may be used to pay Plan expenses or to reduce future employer contributions.

Forfeitures of \$5,267 were used to offset employer contributions from 2021, which were funded in 2022. Forfeitures of \$8,995 were used to offset employer contributions from 2020, which were funded in 2021. Forfeitures of \$9,119 were used to offset employer contributions from 2020, which were funded in 2020. Forfeitures of \$26,917 were used to offset employer contributions from 2019, which were funded in 2020.

As of December 31, 2021 and 2020, forfeited nonvested accounts totaled \$1,786 and \$7,632, respectively.

Impact of Recent Regulatory Guidance — In the first quarter of 2020, the World Health Organization declared the spread of Coronavirus Disease (COVID-19) a worldwide pandemic. The COVID-19 pandemic is having significant effects on global markets, supply chains, businesses, and communities. Specific to the Plan, COVID-19 impacted market valuations and participant account balances, and may continue to impact these and other aspects going forward. However, the full impact of COVID-19 is unknown and cannot be reasonably estimated as these events are still developing.

In 2020, the Plan adopted provisions of the SECURE Act, which allows retirees to delay taking required minimum distributions until age 72, and the CARES Act, which provides relief for participants impacted by COVID-19 by increasing the amount that participants may borrow from their account balances to an amount not to exceed \$100,000 or 100% of their vested account balance through September 22, 2020, providing a distribution right up to \$100,000 (not to exceed a participant's account balance) through December 2020 that is subject to special tax relief, and allowing participants to suspend loan payments between March 27, 2020 through December 30, 2020 for up to one year.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting — The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates — The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (generally accepted accounting principles) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities as of the date of the financial statements and the reported changes therein during the reporting period, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition — Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the Plan's investment advisors and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants — Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses have been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits — Benefit payments are recorded when paid.

Expenses — Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and other distributions to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments. Certain professional services fees are paid from the Plan's assets and charged to participants' accounts based on a pro-rata basis of their individual account balance to the Plan as a whole.

3. TRUSTEE CERTIFICATIONS

The following is a summary of the Plan's asset information as of December 31, 2021 and 2020 and for the years then ended, included throughout the Plan's financial statements and supplemental schedule, which was prepared by or derived from information provided by the trustee and insurance company and furnished to the plan administrator. The plan administrator has obtained certifications from the trustee and insurance company that the information provided to the plan administrator by the trustee and insurance company related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the Plan's independent auditors not to

perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets and related income:

	2021	2020
Investments at fair value:		
Mutual funds	\$ 23,133,418	\$ 21,969,037
Investments at contract value		
Guaranteed interest fund	1,103,452	1,397,896
Notes receivable from participants	176,825	119,247
 Total	 <u>\$ 24,413,696</u>	 <u>\$ 23,486,180</u>

The trustee and insurance company also certified to the completeness and accuracy of \$1,756,951 and 1,990,105 of appreciation in the fair value of investments, \$1,670,566 and 702,682 of interest and dividends, and \$7,429 and 10,622 of interest income on notes receivable from participants for the years ended December 31, 2021 and 2020, respectfully.

4. FAIR VALUE MEASUREMENTS

Under generally accepted accounting principles, fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The Plan determines the fair values of its financial instruments based on the fair value hierarchy established by generally accepted accounting principles, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. This hierarchy is based on whether the valuation inputs are observable or unobservable and the levels are as follows:

Level 1 — Valuation is based upon quoted prices for identical assets or liabilities traded in active markets that the Plan has the ability to access.

Level 2 — Valuation is based upon quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability, and model-based valuation techniques for which all significant assumptions are observable in the market.

Level 3 — Valuation is based on unobservable inputs for the asset or liability that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021.

Mutual funds — Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are

required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2021 and 2020:

	Input Levels for Fair Value Measurements			
	Level 1	Level 2	Level 3	Total
2021				
Mutual funds	\$ 23,133,418	\$ -	\$ -	\$ 23,133,418
Total investments at fair value	<u>\$ 23,133,418</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 23,133,418</u>
2020				
Mutual funds	\$ 21,969,037	\$ -	\$ -	\$ 21,969,037
Total investments at fair value	<u>\$ 21,969,037</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 21,969,037</u>

There were no transfers between levels during the years ended December 31, 2021 and 2020.

5. GUARANTEED INVESTMENT CONTRACT

The Plan invests in the Great-West Guaranteed Interest Fund (GWGIF), which is a guaranteed investment contract. The GWGIF is a benefit-responsive contract entered into with Great-West Trust Company, LLC and Great-West Life & Annuity Insurance Company (collectively, Great-West). Great-West maintains the contributions in a general account. The account is credited with contributions made plus earnings, and charged for participant withdrawals and administrative expenses. Great-West is contractually obligated to repay the principal and interest at a specified rate that is guaranteed to the Plan. The crediting rate is based on a formula established by Great-West but may not be less than 0 percent. The crediting rate is reviewed on at least a quarterly basis for resetting.

The GWGIF is valued at contract value for presentation in the Plan's net assets available for benefits. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to benefit-responsive investment contracts, because contract value is the amount that participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract has a termination fee should the Plan discontinue without proper notification as prescribed in the contract. Currently, Plan management believes that the occurrence of an event that would cause the Plan to transact at less than contract value is not probable. There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

6. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain plan investments are shares of mutual funds managed by Great-West Trust Company, the trustee of the Plan. These transactions qualify as party-in-interest transactions. Fees incurred and paid directly by the Plan for investment management and record keeping services were \$36,568 and \$35,467 for the years ended December 31, 2021 and 2020, respectively.

Global Retirement Partners, LLC provides investment advisory services to the Plan. These services qualify as party-in-interest transactions. Fees incurred and paid directly by the Plan for investment

advisory services were \$38,410 and 36,003, for the years ended December 31, 2021 and 2020, respectively.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer discretionary non-elective contributions, and participants shall receive amounts equal to their respective account balances.

The Plan has determined that a partial Plan termination occurred in 2020 and 2019 as a result of the Company exiting the operations of its Consumer Banking Division in 2019, which included the involuntary termination of all personnel within this division, in addition to other involuntary terminations occurring during 2020 and 2019. In May 2020, the Plan determined that a second partial Plan termination for the calendar year of 2020 occurred due to an organizational restructure resulting in involuntary terminations. All affected Plan participants were fully vested in their accounts upon termination of employment.

8. TAX STATUS

The Company has adopted the Plan based on a prototype plan document sponsored by Great-West Trust Company. Great-West Trust Company has received an opinion letter from the IRS that states that the form of the prototype plan is acceptable under Section 401 of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to the Plan itself. While the Plan cannot rely on the IRS opinion letter, the Company and the plan administrator believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits.

10. SUBSEQUENT EVENTS

The Company evaluated any events or transactions occurring after December 31, 2021, through July 27, 2022, the date the Plan financial statements were issued. No subsequent events which would impact the Plan financial statements were noted.
