Report of Independent Auditors

To the Plan Administrator and Participants
TSD 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of the TSD 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with the ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- The amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Opinion on the 2021 Financial Statements (continued)

- The information in the accompanying 2021 Financial Statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the TSD 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the TSD 401(k) Plan's ability to continue as a going concern for one year after the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the TSD 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the TSD 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements (continued)

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the TSD 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 21, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion of the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

TSD 401(k) Plan

Notes to Financial Statements

December 31, 2021

1. Description of Plan

The following description of the TSD 401(k) Plan (the Plan) provides only general information. Participants should refer to the Summary Plan Description and the Plan document for a more complete description of the Plan's provisions.

General

The Plan, established January 1, 1991 and restated March 2, 2021, is a defined contribution plan covering all eligible employees of TSD Rental, LLC, as defined in the plan document (Company and Plan Sponsor) who have attained the age of 21 and complete one month of service. Once eligible, employees enter the plan the first of each plan year quarter. Eligible employees exclude collectively bargained employees, non-resident aliens and students.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute from 1% to 100% of their respective pretax annual compensation, subject to limitations established by the Plan and the Internal Revenue Service. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Plan permits Roth elective deferrals. Roth elective deferrals are treated in the same manner as participant elective deferrals, except that Roth elective deferrals are not "pre-tax" deferrals as defined in the Internal Revenue Code (Code).

The Plan also includes an automatic enrollment feature. Individuals hired by the Company who do not affirmatively elect not to participate are automatically enrolled in the Plan and will have their compensation reduced by 3% and invested in investments as specified by the participant or the default investment funds, as described in the Plan.

The Company may also elect to provide a discretionary matching contribution. For each of the years ended December 31, 2021 and 2020, the Company made discretionary matching contributions equal to 25% of 10% of each participant's eligible deferred compensation or 2.5%, respectively.

The Company may also elect to provide a non-elective contribution. For the years ended December 31, 2021 and 2020, the Company made no non-elective contribution.

TSD 401(k) Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Participants Accounts

Each participant's account is credited with the participant's contribution, Company contributions, if any, and a pro rata allocation of the Fund's investment gains or losses. The benefit to which a participant is entitled is the vested portion from the participant's account.

Forfeitures

The available forfeited non-vested employer contributions were \$-0- and \$1,400 at December 31, 2021 and 2020, respectively. These amounts, if any, are used to reduce future employer contributions. Forfeitures used to reduce employer contributions during the years ended December 31, 2021 and 2020 amounted to \$48,830 and \$17,160, respectively.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, is based on years of continuous service. A participant is 20% vested after two years of credited service, 40% after three years, 60% after four years, 80% after five years, and is 100% vested after the completion of six years of credited service.

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. A participant must have a balance of \$2,000 to be eligible for a loan. Loan terms must not exceed five years unless for the purchase of a primary residence for which the loan can extend to fifteen years. The loans are secured by the balance in the participant's account and bear interest at a rate equal to 1% above the current prime rate. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service, or upon death, disability or retirement, a participant or beneficiary, once requested, will receive a lump-sum amount equal to the vested value of his or her account.

Financial hardship withdrawals may also be made in accordance with the plan documents.

TSD 401(k) Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its discretionary contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their accounts.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for the fully benefit-responsive insurance company general account product, which is reported at contract value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for the management of investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, certain management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

TSD 401(k) Plan

Notes to Financial Statements (continued)

2. Summary of Accounting Policies (continued)

Administrative Expenses

An annual asset-based fee of 35 basis points is assessed in quarterly installments, based upon an average daily balance. These fees are related to recordkeeper expenses, and a suspense account (ERISA Budget Account) credited at a rate of 20 basis points per annum. This account can be used to cover plan expenses, such as auditing, legal and consultant fees. These amounts are not available to reduce Company contributions, and any excess revenue sharing above the 35 basis points is annually allocated to participant accounts. For the years ended December 31, 2021 and 2020, the amount of excess revenue added to the net credit account above the recordkeeping fee was \$24,910 and \$20,075, respectively.

The amount available in the ERISA Budget account at December 31, 2021 and 2020 is \$12,325 and \$20,250, respectively. During the years ended December 31, 2021 and 2020, \$24,000 and \$15,000 was used from the ERISA Budget account to offset plan expenses.

Certain other expenses such as participant loan processing fees and other specific participant fees are also deducted directly from participant accounts. The total amounts deducted from participant accounts in 2021 and 2020 amounted to \$44,136 and \$34,721, respectively.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Reclassification

Certain 2020 financial statement amounts related to revenue credits (other income) have been reclassified to conform with the 2021 financial statement presentation. Revenue credits received have been netted against plan expenses in accordance with FASB ASC 606, Revenue from Contracts with Customers.

TSD 401(k) Plan

Notes to Financial Statements (continued)

3. Investments

All investment information and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2021 and 2020, and net appreciation (depreciation) in fair value of mutual funds, dividends, interest income and interest income on notes receivable from participants for the years then ended, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by Great-West Trust Company LLC and Great-West Life & Annuity Insurance Company, the custodians of the Plan.

4. Fair Value Measurements

The fair value framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below.

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in markets that are not active
- Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

TSD 401(k) Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety. The following is a description of the valuation methodologies used by the Plan. There have been no changes in the valuation methodologies at December 31, 2021 and 2020.

Mutual funds are valued daily at the closing price per share, as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

All mutual fund investments held December 31, 2021 and 2020 are Level 1 within the fair value hierarchy.

5. Investment Contract

The Plan investments include the *Key Guaranteed Portfolio Fund*, an offering through Great-West Life & Annuity Company. Contributions to this investment are fully guaranteed by Great-West's general account assets. This investment meets the fully benefit responsive investment criteria and therefore is reported at contract value. Contract value is the relative measure for fully benefit-responsive investments because this is the amount received by participants if they were to initiate permitted transactions under the investment. Contract value, as reported by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

The effective annual interest rate will never be less than 0%. No restrictions are placed on participants with respect to transfers in and out of this fund. Should the Plan Sponsor terminate the group annuity contract, Great-West reserves the right to defer payment of the amounts in the Key Guaranteed Portfolio Fund of up to twelve months from the notice of contribution cessation. Interest rates are established each calendar quarter. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable. The average investment return was .90% and 1.04% for the years ended December 31, 2021 and 2020, respectively.

TSD 401(k) Plan

Notes to Financial Statements (continued)

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

On January 30, 2020, the World Health Organization (WHO) announced a global health emergency stemming from a new strain of coronavirus that was spreading globally (COVID-19 pandemic). On March 11, 2020, the WHO classified the outbreak as a pandemic, triggering volatility in financial markets and a significant impact on the global economy. As a result, the Plan's investment portfolio experienced significant fluctuations in fair value during the year ended December 31, 2021. However, because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. The Company continues to monitor the ongoing impact of the COVID-19 Pandemic.

7. Income Tax Status

The Plan has adopted the non-standardized pre-approved profit-sharing plan of Great-West Trust Company. The non-standardized pre-approved profit-sharing plan sponsor received an advisory letter from the IRS dated June 30, 2020 in which the Internal Revenue Service stated that the form of the non-standardized pre-approved profit sharing plan was in compliance with the applicable requirements of the Internal Revenue Code (Code). The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

Accounting standards require recording uncertain income tax positions that exist in the Plan's financial statements. Plan management has determined there are no uncertain tax positions and believes there is no adjustment or disclosure required in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

TSD 401(k) Plan

Notes to Financial Statements (continued)

8. Parties-In-Interest

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, notes receivable from participants and the management of investments held by the custodian are considered party-in-interest transactions.

Plan investments include shares of mutual funds managed by Great-West Trust Company, LLC. Great-West is the Plan custodian, and therefore, these transactions qualify as party-in-interest transactions. These investments and transactions are considered to be party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

9. Subsequent Events

The Company has evaluated all subsequent events through July 26, 2022, the date the financial statements were available to be issued. During this period, there have been no material events that would require recognition in the financial statements or disclosures to the financial statements.
