Independent Auditors' Report

To the Participants and Plan Administrator of
Zuckerman Spaeder LLP 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Zuckerman Spaeder LLP 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for twelve months from July 20, 2022.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedules Required by ERISA

The supplemental schedule, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), as of and for the year ended December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated July 22, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Zuckerman Spaeder LLP 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2021 and 2020

1. Description of the Plan

Zuckerman Spaeder LLP (the Partnership or Plan Administrator) established the Zuckerman Spaeder LLP 401(k) Profit Sharing Plan (the Plan), a defined contribution plan. The following description provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of the Partnership who have attained the age of 20. Eligible employees who complete three months of service are eligible to participate in the elective salary deferral portion of the Plan. Eligible employees who complete one year of service are eligible to participate in the employer match and profit sharing portions of the Plan. Participants must complete 1,000 hours of service and be employed on the last day of the plan year to be eligible for the profit sharing contribution. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each pay period, the Partnership contributes to the Plan on a pre-tax basis a 401(k) salary deferral amount elected by each participant. Participants also may contribute Roth 401(k) contributions on an after-tax basis. Participants may elect to contribute up to 100% of pre-tax and/or after-tax annual compensation, as defined by the Plan, in an amount not to exceed limits established by the Internal Revenue Service (IRS). Participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contributions, up to \$6,500 for each of the years ended December 31, 2021 and 2020. Each year, the Partnership may make a discretionary profit sharing contribution to the Plan on behalf of eligible participants, in an amount equal to a percentage of each participant's compensation as determined by the Partnership. Participants do not have to make a salary deferral election in order to receive the employer profit sharing contribution. For the years ended December 31, 2021 and 2020, the profit sharing contribution before application of forfeitures totaled \$1,998,714 and \$2,002,430, respectively. Available forfeitures totaling \$18,242 and \$7,256 were applied to reduce the profit sharing contribution for the years ended December 31, 2021 and 2020, respectively. The Partnership may also make a discretionary matching contribution to the Plan on behalf of eligible participants, in an amount equal to a uniform percentage of each eligible participant's salary deferral. The Partnership elected not to make a discretionary matching contribution for the years ended December 31, 2021 and 2020. If the Plan is determined to be top-heavy, the Partnership is required to make a contribution to any employee not eligible for a profit sharing contribution at the end of the plan year and is not considered to be a highly compensated employee as defined by the Internal Revenue Code (IRC). The Plan was not top-heavy during 2021.

Effective January 1, 2018, the Plan was amended to include an automatic salary deferral feature, whereby all newly eligible participants automatically contribute 6% of their compensation, unless they elect otherwise.

Participant Accounts

Each participant's account is credited with (a) any elective deferrals, voluntary, rollover, or transfer contributions made by the participant, (b) any Partnership contribution and (c) the participant's proportionate share of any investment earnings and losses, realized or unrealized and charged with any withdrawals or payments and administrative expenses.

Vesting

A participant always has a 100% vested and non-forfeitable interest in his or her elective deferrals, rollover contributions and transfer contributions plus the earnings thereon. A participant is 100% vested in employer contributions after three years of service.

Distribution of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installments. Participants are entitled to receive their distribution as soon as administratively feasible following the termination of employment. In-service distributions are permitted for participants who have attained age 59½. Participants experiencing financial hardship may withdraw a portion of his or her account balance as defined in the plan agreement.

Account balances of \$5,000 or less are automatically distributed upon severance of employment into an individual retirement account (IRA), unless the participant elects otherwise.

Forfeited Accounts

At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$18,242 and \$7,297, respectively.

Investment Options

Participants may elect to direct elective deferrals and employer contributions made on their behalf into a selection of investments offered through the Plan's custodian, Capital Bank and Trust Company (the Custodian).

CARES Act

On March 27, 2020, the Coronavirus Aid Relief and Economic Security Act (CARES Act) was signed into law. This aid package was designed to help the economy from the effects of the coronavirus pandemic, several of the provisions of CARES Act affected employee benefit plans. The provisions of the CARES Act were optional. During 2020, the Plan opted into the following provisions of the CARES Act:

- Hardship distributions - Qualified plan participants were permitted to take a coronavirus-related distribution of up to \$100,000 from the Plan without a 10% early withdrawal penalty. Eligible distributions were permitted to be taken until December 30, 2020. Distributions may be repaid within three years or a participant may elect these distributions to be included in taxable income on a pro rata basis over three years.
- Required minimum distributions (RMDs) - A temporary waiver of required minimum distributions rules permitted participants to suspend their RMDs for 2020 for participants that turned 70½ in 2019 and 72 in 2020.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Refer to Note 3 for details on inputs, valuation techniques and fair value measurement level within the fair value hierarchy.

Net appreciation (depreciation) of investments included in the accompanying Statements of Changes in Net Assets Available for Benefits includes realized gains or losses from the sale of investments, unrealized appreciation or (depreciation) in the fair value of investments and certain investment fees. Net unrealized appreciation or (depreciation) in the fair value of investments represents the net change in the fair value of the investments held during the period. The net realized gains or losses on the sale of investments represent the difference between the sale proceeds and the fair value of the investment as of the beginning of the period or the cost of the investment if purchased during the year. Fees netted against net appreciation (depreciation) of investments represent fees charged by the Custodian and sponsoring mutual fund companies for services provided in connection with recordkeeping and investment management.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain recordkeeping and investment management fees are paid by the Plan. Other expenses of maintaining the Plan are paid by the Partnership.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses and the disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through July 20, 2022, the date the accompanying financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted market prices for identical assets in active markets that the Plan has the ability to access.

Zuckerman Spaeder LLP 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2021 and 2020

Level 2 - Observable market based inputs or inputs that are corroborated by market data. Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Significant inputs that are unobservable and not corroborated by market data.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan Administrator is responsible for the determination of fair value. Accordingly, the Plan Administrator performs periodic analysis on the prices received from the pricing services used to determine whether the prices are reasonable estimates of fair value. As a result of these reviews, the Plan Administrator has not historically adjusted the prices obtained from the pricing services. The methods described below may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 94,999,496	\$ -	\$ -	\$ 94,999,496
Total assets at fair value	<u>\$ 94,999,496</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 94,999,496</u>
Assets at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 81,344,276	\$ -	\$ -	\$ 81,344,276
Total assets at fair value	<u>\$ 81,344,276</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 81,344,276</u>

The following is a description of the methodologies used in valuing investments at fair value. There have been no changes to the methodologies used at December 31, 2021 and 2020.

Mutual funds are based on quoted market prices of the shares held by the Plan at year end. Accordingly, these fair value measurements are classified as having used Level 1 inputs.

4. Information Certified by Custodian

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2021 and 2020. Accordingly, the Custodian of the Plan has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020 and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2021, and the related investment activity reported in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2021 and 2020.

5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying Statements of Net Assets Available for Benefits.

The following table presents investments that represent 10% or more of the Plan's net assets at December 31, 2021 and 2020:

	<u>2021</u>	<u>2020</u>
Investments at fair value		
Mutual funds:		
American Funds Growth Fund of America R6	18 %	18 %
American Funds Washington Mutual R6	14	12

6. Plan Termination

Although it has not expressed any intent to do so, the Partnership has the right under the Plan to terminate the Plan by delivering written notice to the Custodian, subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts and the value of the interest of all participants and beneficiaries shall be determined and distributed to them in a lump sum.

7. Tax Status

The plan document is a volume submitter plan that the IRS pre-approved on March 31, 2014. Because the Plan does not deviate from the pre-approved language, the Plan Administrator may rely on the advisory letter the IRS issued to Coastal Pension Services, LLC approving the Plan's design. The Plan has been amended since the date of this advisory letter; however, the Plan Administrator believes that the Plan is currently being operated and has been operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt. No provision for income taxes has been included in the Plan's financial statements.

8. Related-Party and Party-In-Interest Transactions

Certain plan investments are shares of mutual funds managed by an affiliate of the Custodian and, therefore, these transactions qualify as party-in-interest transactions; however, they are exempt from prohibited transaction rules under ERISA.
